THE VOICE OF UNIVERSITY CITY

# TRADITION OF LITERARY EXCELLENCE AWARD WINNER PATRICIA C. MCKISSACK'S PASSING IS MOURNED

In April 2017, the firmament of children's literature lost one of its brightest stars. Patricia C. McKissack who, with her husband Frederick, wrote more than 100 children's books, died at the age of 72. McKissack had been honored at last fall's Lit in the Lou Book Festival with the 2016 Tradition of Literary Excellence Award. The award is funded by the Municipal Commission on Arts & Letters of University City to celebrate prominent writers who have lived in the St. Louis area and contributed to the region's rich literary history.

A native of Smyrna, Tennessee, McKissack spent a good portion of her childhood in Kirkwood, Missouri. In 1965, she and her husband moved to the Skinker DeBaliviere neighborhood. When they launched their writing careers in the early eighties, much of the research for their books was conducted, according to McKissack, in the University City Public Library. McKissack, who was African American, was inspired to write in response to what she found to be a lack of diversity in children's literature, particularly regarding the African American experience.

McKissack's work was highly acclaimed, and she leaves a rich legacy of fictional and nonfictional creations. Among her most well-known books are: *Goin' Someplace Special*, a Coretta Scott King Award winner; *The Honest-to-Goodness Truth*; *Let My People Go*, recipient of the NAACP Image Award; *The Dark-Thirty*, a Newbery Honor Book and Coretta Scott King Award winner; and *Mirandy*.

## "THE TIMES THEY ARE A-CHANGIN'">\*

There is an old saying that only death and taxes are a certainty, and change is a constant fact of life. Over the last couple of years, U. Citians have voted repeatedly and resoundingly for a change in the policies and behaviors of the recent past. That change has arrived.

Three key officials were replaced. The Council appointed former Police Chief Charles Adams as our Interim City Manager, LaRette Reese as our Interim City Clerk, and Mr. Adams appointed former City Attorney and our current Special Council, John Mulligan as the City Attorney.

We are currently in the process of a national search for a new City Manager. Council promised that citizen participation would be sought. A community engagement meeting contributed to defining the profile of the next City Manager, who will help lead University City into the future.

Council's approach has changed. The FY2018 budget returns attention to the condition of our streets and sidewalks without going to our dwindling reserves. The City is seriously considering a proposed redevelopment project on Olive that will not only increase revenues but could spur additional redevelopment and jobs on Olive. We are also focusing on public safety, making sure that the Police and Fire Departments have adequate staffing and equipment. The issues that we will be addressing in the near future are how to handle a new Police Facility and whether and how we could bring our Emergency Ambulance Service back in-house.

Not all proposed changes are changes we can embrace. MSD proposed building two 3-story sewage-holding tanks in the heart of a Ward 3 residential neighborhood - visible from the surrounding neighborhoods and Olive. Information on the project was intentionally withheld from the Council - and the public - until late May of this year. While this proposal presents an unwelcome assault on our City and its residents, we intend to address this and all challenges, openly, with the community.

First Amendment rights are once again protected in University City. "Transparency" and "citizen engagement" are not just buzz words, but will be our course of action.

Yes, "the times they are a-changin'."\*

# THE LOOP IS NOW A GREEN DINING DISTRICT

Green Dining Districts are commercial areas where at least 25% of the locally owned restaurants are Green Dining Alliance (GDA) certified, meaning they:

- Recycle
- Refuse to use styrofoam to-go containers
- Phase in energy efficient lighting and equipment
- Conserve water through smart strategies
- Try to purchase goods locally when possible

Since November 2015, the number of GDA members in the Loop has soared from zero to 12 members, with more signing up each month. The first to join was Meshuggah Café, whose enthusiasm and support for the program gained attention from other future members.

Green Dining Alliance certified businesses include:

Salt + Smoke, Blueberry Hill, Fitz's, Three Kings Public House, Mission Taco Joint, The Melting Pot, Peacock Loop Diner, Eclipse Restaurant, Meshuggah Café, Pin-Up Bowl, Snarf's and Piccione Pastry.

Sustainability is almost always an effort in collaboration. Without the help and effort of business owners, employees, community leaders, and local civic leaders, The Loop might never have become a Green Dining District. Come see the changes for yourself!

## STAYING SAFE AND SECURE

The University City Police Department (UCPD) just completed another Citizens Police Academy (CPA) on May 16, following four weekly classes presented by several police leaders focusing on numerous policies and operations of the department. Another CPA class is being scheduled for this fall at the new but temporary police headquarters. University City residents are

encouraged to sign up for this course which is designed to demonstrate how our Police Department works. It is an eye-opening experience that will give participants a new and deep appreciation for the excellent, sometimes dangerous, and thorough job our officers perform every day. Sign up by contacting Capt. Lemons at the headquarters, online at [flemons@ucitymo.org](mailto:flemons@ucitymo.org), or calling him at 314.505.8661.

University City Police Department has started a Volunteer Police Chaplain program to aid both citizens as well as police officers when a serious crime or accident occurs in University City. The Chaplains must be associated with a University City congregation. There are several more requirements which can be accessed online at the police section of the University City website ([www.ucitymo.org](http://www.ucitymo.org)) or by contacting Capt. Lemons. Several clergy members have already begun with the program and others are welcome to apply.

Remember the Out of Town Notification system operated by the UCPD. You can arrange for increased police observation of your home or business by contacting dispatch at 314.725.2211 or completing an online application found on the PD section of the website.

Report a crime or any suspicious activity, even anonymously, by calling 911 for emergencies, or 314.725.2211 for non-emergencies.
