Voice vote on the motion to approve carried unanimously.

**G. SWEARING IN TO BOARDS & COMMISSIONS**

**H. CITIZEN PARTICIPATION (Total of 15 minutes allowed)**

**Aren Ginsberg, 430 West Point Court, University City, MO**

Ms. Ginsberg stated last week a U City resident was threatened with fines for feeding fixed feral cats. In response, the U City Trap, Neuter, Vaccine & Return (TNR) volunteers would respectfully like to share this Petition signed by more than 600 cat advocates in support of a Protective TNR Ordinance for U City. Unfortunately, the feeding, sheltering, and veterinary care of fixed feral cats by compassionate neighbors is not protected under the current Municipal Code. So today, these folks risk expensive fines and their neutered and vaccinated cats are in danger of euthanasia.

Ms. Ginsberg stated U City's TNR was formed in October of 2018, and since that time volunteers have successfully,

- Trapped, neutered, and vaccinated more than 50 community cats;
- Partnered with local rescue groups;
- Found furr-ever homes for 12 U City strays, and
- Shared the *ICMA's Guide to Managing Community Cats*, along with dozens of articles to show how TNR effectively stabilizes and reduces feral cat populations

Her belief is that TNR addresses neighborhood safety concerns and has effectively saved taxpayer dollars. Therefore, she would respectfully ask U City to adopt a Protective TNR Ordinance.

**Donna McGhee, 7584 Melrose, University City, MO**

Ms. McGhee stated in addition to the constant debris created by the huge Sycamore Tree that extends across her property line, recently, two "*widow-maker*" branches fell down on her driveway. In forestry terms "*widow-maker*" refers to detached or broken limbs that can create hazardous conditions, including fatalities to forestry workers, neighbors, property, and pets. She stated while she is appreciative of Mr. Dunkle, Mr. Alpaslan, and the members of their staff who have always been very attentive to her concerns, she wants to make sure the City is aware that the condition of this tree could result in some serious liability issues. The bottom line is that she would love to have this tree removed from the base of her driveway and replaced with a smaller seedling that she would even be willing to pay for.

**I. PUBLIC HEARINGS**

1. Zoning Map Amendment – 8400 Delmar Blvd. (Applicant - ALPS Acquisition, LLC); (*Removed*)

**J. CONSENT AGENDA – Vote Required**

1. Hotel Feasibility Study Acceptance (HVS Consulting)

Councilmember Clay moved to approve the Consent Agenda, it was seconded by Councilmember Cusick.

Councilmember Smotherson asked Mr. Rose why Council's approval was needed for this study? Mr. Rose stated the Study was initially presented to Council in a draft format. So Council's acceptance acknowledges that the study has been completed, all remaining payments to HVS Consulting can be processed, and staff now has the approval to use this study as a marketing tool that can be provided to developers who express an interest in building a hotel within the City. Councilmember Smotherson questioned whether this was a commitment from Council to pay for the Study? Mr. Rose stated while it does enable staff with the authority to finalize all payments, it's also Council's okay to use the study as a marketing tool.

As you are aware, Wash U is considering development options for land located on Forsyth, so a copy of this study will be provided to them as an incentive to at least think about including a hotel as part of their development.

Councilmember Clay stated initially that same question had come to mind until he thought about the School Board's acceptance of similar reports or studies. Because absent the Board's official adoption of a document, its contents could not be referenced or used for the purposes articulated by the City Manager.

Voice vote on the motion to approve the Consent Agenda carried unanimously.

**K. CITY MANAGER'S REPORT**

**1. Loop Ice Carnival Budget Review**

Mr. Rose stated staff is recommending that Council consider The Loop Ice Carnival Budget Review that will be presented by Mr. Schmidt of the LSBDB Board.

Mr. Schmidt stated the total cost for The Loop Ice Carnival which was held in January of this year, is \$67,241.26. To reduce the overall costs this amount will be split 50/50 between the LSBDB and The East Loop CID.

Mayor Pro Tem Carr asked Mr. Rose if these budget requests were typically considered before or after the event? Mr. Rose stated in the future, the practice will be to present requests for funding prior to the event. Mayor Pro Tem Carr asked if a vote of Council was required at this time? Mr. Rose stated if there are no objections, staff will make sure all of the monies have been received from the East Loop before the release of any funds.

Councilmember Clay moved to approve, it was seconded by Councilmember Cusick and the motion carried unanimously.

**2. Requesting Funds by LSBDB for FY2019 Final Reimbursement**

Mr. Rose stated staff is recommending that Council consider a request by the LSBDB Board for their Final FY2019 Reimbursements as presented by the Director of Finance, Keith Cole.

Mr. Cole stated the LSBDB's request of \$6,946.23 represents the remaining reimbursement funds from FY2019, which will be paid out of the EDRST Fund Reserve.

Councilmember Cusick moved to approve, it was seconded by Councilmember Smotherson.

Mr. Rose stated as a result of the Finance Department's inability to completely reconcile all of the prior accounts submitted by the LSBDB Board; specifically with respect to EDRST funds, staff has established a separate bank account for the District. He stated staff was able to identify reimbursements for their FY2019 brochures but have not been able to identify any reimbursements for prior years.

Voice vote on the motion to approve carried unanimously.

**3. Metropolitan St. Louis Sewer District (MSD) New Easement Request –  
82<sup>nd</sup> Blvd. to I170 Sanitary Relief (MSD Project #11993)**

Mr. Rose stated staff is recommending that Council consider a request from MSD for a new easement, which will be presented by the Director of Public Works, Sinan Alpaslan.

Mr. Alpaslan stated this is a request by MSD to revise easements previously granted for the 82nd Boulevard Sanitary Relief Project that is currently under construction. The reasons for this request are twofold:

1. The original design did not account for an underground duct bank that would be too costly to relocate, and
2. The transfer of one tunnel shaft near the intersection of Creeksdale Lane and McKnight Road will allow MSD to accommodate residential traffic and eliminate the need to completely close the intersection.

Mr. Alpaslan stated MSD has agreed to vacate the easements previously granted and reimburse the City in the amount of \$13,000.

Councilmember Hales moved to approve, it was seconded by Councilmember Cusick.

Councilmember Smotherson questioned whether any of these revisions were in the City's redevelopment area? Mr. Alpaslan stated both revisions are located on the East side of McKnight Road.

Mayor Pro Tem Carr asked whether all of the previous easements would be vacated? Mr. Alpaslan stated some of the areas overlap, and in those instances, the previous easements will remain in effect. So only the areas that are no longer needed will be vacated.

Voice vote on the motion to approve carried unanimously.

## **L. UNFINISHED BUSINESS**

Mayor Pro Tem Carr requested that Amended Bill No. 9398 be filed with the City Clerk, and that the original version of Bill No. 9398 be amended accordingly. It was seconded by Councilmember Cusick.

City Attorney, John Mulligan advised Mayor Pro Tem Carr that the Amended Bill had already been filed with the City Clerk, and the first reading of that amendment has just been made. So unless her desire is to proceed to a second reading, third reading, and a vote, no other action need be taken tonight? **P. COUNCIL COMMENTS**

Councilmember Hales thanked the City Manager, Police Department, Code Enforcement, and everyone involved, for the terrific success of the Mardi Gras festivities held over the weekend. In fact, this event was so uneventful that he received a number of emails from residents commenting about how this was the quietest Mardi Gras they have experienced in sixteen years. He stated the coordination between the City's Police Department and Wash U's combined forces was pivotal. Police and security personnel were highly visible on Forsyth, the Ames Place Subdivision, and Rosedale Heights.

Councilmember Hales stated it also appeared as though Wash U communicated a rather stern message to their student population that the type of behavior exhibited in our neighborhoods last year would not be tolerated. So his hope is that this message will continue to resonate with students for all of the City's community events.

Councilmember Cusick reminded voters that Tuesday, March 10th; the Presidential Primary Election Day is fast approaching. Therefore, he would encourage everyone to put this date on their calendars to make sure they get out and exercise their right to vote.

- Q.** Motion to go into a Closed Session according to Missouri Revised Statutes 610.021 (1) Legal actions, causes of action or litigation involving a public governmental body and any confidential or privileged communications between a public governmental body or its representatives or attorneys.

Councilmember Smotherson moved to go into a Closed Session, it was seconded by Councilmember Hales.

Roll Call Vote Was:

Mayor Pro Tem Carr closed the regular City Council meeting at 7:02 p.m. to go into a Closed Session on the second floor. The Closed Session reconvened in an open session at 8:13p.m.

February 24, 2020

Honorable mayor and city council,

Last week a UCity resident was threatened with fines for feeding fixed ferals in our community. In response, UCity TNR (Trap, Neuter, Vaccinate, & Return) volunteers are respectfully sharing [this petition](#). More than 600 cat advocates have signed up to support a protective TNR ordinance in UCity.

Our neighbors have quietly been providing food, shelter, and veterinary care for our community cats for many years. Unfortunately the feeding and sheltering of fixed feral cats is not protected under our current municipal code, so our compassionate neighbors risk expensive fines, and their neutered and vaccinated kitties are in danger of euthanasia.

UCity TNR was formed in October of 2018 to help. Our volunteers have successfully trapped, neutered, and vaccinated more than 50 community cats. We've partnered with local rescue groups, and found "furr"ever homes for 12 friendly UCity strays. We've shared the [ICMA's Guide To Managing Community Cats](#), along with [dozens of articles and studies](#) to show how TNR effectively stabilizes and ultimately reduces feral cat populations, addresses neighborhood safety concerns, and successfully saves taxpayer dollars.

It's time for UCity to adopt a protective TNR ordinance.  
Your neighborhood cat advocates are ready to help.

Thank you,

Letter:

Greetings,

UCity needs a TNR\* Ordinance (\*Trap Neuter Vaccinate Return)

TNR (\*Trap Neuter Vaccinate Return) is the humane solution to cat overpopulation in our community.

UCity residents have quietly been providing food, shelter, and veterinary care for our community cats for many years. Unfortunately UCity's animal ordinances put our compassionate neighbors at risk for expensive fines, and their neutered and vaccinated kitties in danger of euthanasia.

UCity TNR was formed in October of 2018, after dozens of residents emailed their City Council members to defend a community cat caretaker being threatened with fines by code enforcement. Since then, UCity TNR has been regularly sharing helpful information with UCity's leadership: TNR effectively stabilizes and ultimately reduces feral cat populations. TNR addresses neighborhood safety concerns, and successfully saves taxpayer dollars. St. Louis City, St. Charles City & St. Charles County Animal Control have all adopted TNR policies because they work.

So far UCity TNR volunteers have successfully trapped, neutered, vaccinated, and returned more than 50 cats to our community. UCity TNR volunteers have also partnered with local rescue groups, and found "furr"ever homes for 12 friendly UCity strays. TNR volunteers have done all this work AT NO COST to UCity taxpayers.

It's time for UCity to adopt a TNR ordinance.
