Proposed Project

Mooney park community event bulletin board

Proposed Project Location *(Attach map, directions, etc.)*

photos and map included

Project Description and Benefit *(If necessary, attach plans to this form)*

The bulletin board will be available for the entire community and University City to post any upcoming events

Materials *(Things that become part of the finished project, such as lumber, nail, paint, plants, mulch, etc. you do not yet need a detailed list of exact quantities, but show a reasonable idea of what is required)*

1. board system; photo below. i.e lockable or not?
2. wood; planks, beams, boards, particle board
3. concrete; foundation
4. metal flashing; base feet
5. roofing tiles
6. weather resistant flashing for roof
7. nuts and bolts, roofing and regular nails

Equipment/Tools *(What type of equipment and tools are you planning to use)*

circular saw, hammers, drill, post hole digger ladders

Logistics *(How are you transporting materials to the site. Where are you proposing to store or stockpile materials)?*

We will store the materials in our garage because we live three doors down from the park. the materials we will be transporting materials from our garage to the location with the help of volunteers and their trucks if needed.

Project Timeline (*What is the timeline from start to finish. Include phases, dates, times, etc.*).

once made, and after the concrete has set, it should only take us a few hours to put it together. We will be building each section in our driveway until then to not clutter the park with any construction until the day of us putting it together

phases: 1) building sections in driveway/garage 2) connect and put up the board in park

Dates: once we have all the materials we can begin building. Once we are building we should be able to decide on a date to put it up in the park
