# UCPD ACTIVE SHOOTER PROGRAM

Since the inception of our MACTAC and Active Shooter Trainer program in 2012, we have conducted dozens of sessions, teaching our schools, religious institutions, city employees, daycares and even businesses on recommended responses to an Active Shooter incident.

- Program inception in 2012 for Schools and Religious Institutions
- At the time of our program's inception, we were one of the first departments in St. Louis City/County to utilize M.A.C.T.A.C. techniques to benefit our educational institutions.
- M.A.C.T.A.C. - Multi Assault Counter Terrorism Action Capabilities program, developed in California and brought to Saint Louis by the Saint Louis County Tactical Operations Unit in 2012
- The Response to an Active Shooter program was taught two times a year from 2012 through present date to all University City Public Schools
- Each training/presentation is tailored to the school where the program is presented
- Since 2014, the program was also modified and presented to the staff of University City Library, University City Recreation Center staff and City Hall employees
- Program was expanded with hands-on scenario training to the University City Police Department on a yearly basis since 2018. We have utilized University City High School (2018), Brittany Woods Middle School (2019) and City of Lights Church (2021) as operation grounds during a department wide training
- UCPD training includes Fire Department, Paramedic, Dispatch participation, to include utilization of Drones and UCPD Throw Bot (robot)
- Program is now MO P.O.S.T. Certified for L. E. using Department of Homeland Security and FBI standards.

### **The Program for the schools includes (Power Point only) :**

- Overview and definition of Active Shooter incidents
- The "deadly hour" definition, **Run-Hide-Fight** and Arsenal of Responses
- Lockdown protocol and door safety
- Identification of geographically important collection points (multiple) specific to each school
- Survival mindset and Fight, Flight or Freeze response
- Response to dynamic entry by police

### **The Program for the religious institutions includes (Power Point only) :**

- **All the school topics ( above) plus**
- Identification, Preparation and Execution of Emergency Plans
- Establishment of the usher program and necessary training
- Identification of important information from phone, email and/or social media threats

### **The Response to An Active Shooter training for the Department includes:**

**All Power Point topics covered in the school and religious institution presentations (above) plus**

M.A.C.T.A.C definition and application

The 4 A's - most important and time saving tips for first responders on an active scene

#### **Hands-on/Interactive training/Scenarios**

- 1-person, 2-person, 3-person, 4-person, and buddy team movement techniques of approach to an active shooter scene
- Proper building clearing techniques to include proper room entry and target acquisition
- **Medical aid/First Aid training**
- **Triage creation, Paramedic escort techniques, multiple-threat assessments with UCFD**
- Evidence collection and preservation

# UCPD / UCFD DRONES

---

UCPD & UCFD uses for drones include **planning tactical active shooter** responses during emergencies, assisting with search and rescue operations, assessing the scope of a scene, documenting crime scenes, and providing aerial views during special circumstances.

# UPDATED ACTIVE SHOOTER PRESENTATIONS

---

- The Power Point program has been modified to fit into a one-hour training for the schools and a two-hour training for the religious institutions. In addition to presenting the Power Point program, the University City Police Department pairs the presentation with:
  - Security analysis of the facility and written report based on CPTED principles (Community Policing Through Environmental Design)
  - Sample action plan (DHS/FEMA approved) for facilities' operations team
  - DHS/FBI documentation and data for the development of security teams (publicly available reports)
  - Assistance from the Jewish Federation of St. Louis with grants/security, when requested
  - Assistance from the State of Missouri/DHS with grants/security, when requested

- Specifically, during the 2019-2022 calendar years, the UCPD trainers conducted the following seminars:
- Response to An Active Shooter - 02-04-2019, Julia Goldstein Early Childhood
- **UCPD DEPARTMENT WIDE TRAINING - 03-06-2019 - Brittany Woods Middle School**
- Response to An Active Shooter - 03-11-2019, Brittany Woods Middle School
- Response to An Active Shooter - 04-01-2019, Lieberman Learning Center
- Response to An Active Shooter - 04-01-2019, Pershing Elementary School
- Response to An Active Shooter - 04-29-2019, Jackson Park Elementary School
- Response to An Active Shooter - 05-13-2019 University City High School
- Response to An Active Shooter - 05-13-2019 Barbara C. Jordan Elementary School
- Houses of Worship and Response to an Active Shooter - 06-03-2019 - 8124 Delmar Blvd.
- Response to An Active Shooter - 08-19-2019 Epstein Hebrew Academy and Kadima High School
- Response to An Active Shooter - 10-21-2019 Lieberman Learning Center

# Questions

FOR RAPID DEPLOYMENT OF EMERGENCY PERSONNEL

# **East West Connection to Centennial Greenway Trail in U. City**

**August 8, 2022**

# Who

- Stakeholders and potential beneficiaries
  - Residents, Visitors, Middle School, High School and University Students and Staff, Pedestrians, Bicyclists, Persons with Disabilities
- Partners
  - City of University City, City Leadership including City Council, Parks and Traffic Commissions, Parks, Recreation and Forestry Department and Public Works Department
  - School District of University City (2022 Green Ribbon School District Sustainability Awardee)
  - Great River Greenways
  - Trail Net
  - Metropolitan Sewer District
  - Major Employers in St. Louis Region
  - Owners of multi-unit communities, including Parkview Gardens, The District and thousands of other apartment building residents in U. City
  - Commercial Destinations including The Loop, Olive Boulevard and Markets on Olive

# What & Why

- What:
  - A safe Great Rivers Greenway Trail for pedestrians, people with disabilities and bikers connecting two existing Greenways (Centennial Greenway in Ackert Park to Centennial Greenway along I-170)
- Why:
  - Create healthy transportation and recreation options for all
  - Enhance sustainability in U. City
  - Connect destinations in U. City including eight U. City Parks, U. City High School, Brittany Woods Middle School, Washington University and commercial and employment centers
  - Connect U. City residents and visitors to destinations throughout the St. Louis Region with existing and proposed Great River Greenway Trails

# Where

- Using existing public right of ways and best practices for safe urban trails from:
  - Ackert Park to Heman Park along Vernon with a “road diet” for vehicles and a Greenway for pedestrians and bicycles separated from the road with curbs
  - Existing Heman Park Greenway from the U. City Community Center to Midland and Purdue
  - Midland and Wilson to Shaftesbury adjacent to U. City High School with a “road diet” for vehicles and a Greenway for pedestrians and bicycles separated from the road with curbs
  - Shaftesbury to Kaufman Park with a “road diet” for vehicles and a Greenway for pedestrians and bicycles separated from the road with curbs CROSSING Mona Trail

# Where Continued

- Groby Road from Kaufman Park to Ruth Park with a “road diet” for vehicles and a Greenway for pedestrians and bicycles separated from the road with curbs
- Two alternatives for final segment:
  - Alternative A- Along the East and North sides of Ruth Park (possibly through Ruth Park Woods) and The Market at Olive to Centennial Greenway at I-170 and Olive
- Alternative B-Along the South Side of Ruth Park on Groby Road and Old Bonhomme, continuing on Old Bonhomme to the Centennial Greenway Trail along I-170 with a “road diet” for vehicles and a Greenway for pedestrians and bicycles separated from the road with curbs

# How

- Reduce cost and impact on residents by establishing Greenway using U. City parks and streets
- Provide clear signage, curbs and select streets, whenever possible, that are wide, have relatively little traffic and few residences on at least one side of the street to minimize impact on residential parking.
- Work with residents and other stakeholders to plan and advocate for Greenway
- Leadership to Support Feasibility Study with Great Rivers Greenway
