

MEETING OF THE CITY COUNCIL CITY OF UNIVERSITY CITY CITY HALL, Fifth Floor

6801 Delmar Blvd., University City, Missouri 63130 Monday, November 14, 2022 6:30 p.m.

<u>AGENDA</u>

- A. MEETING CALLED TO ORDER
- B. ROLL CALL
- C. APPROVAL OF AGENDA
- D. PROCLAMATIONS
 - 1. Recognizing Small Business Saturday

E. APPROVAL OF MINUTES

- 1. October 24, 2022 Study Session (National Flood Insurance Program & Basketball Courts Proposal)
- 2. October 24, 2022 Regular Meeting Minutes

F. APPOINTMENTS to BOARDS AND COMMISSIONS

1. none

G. SWEARING IN TO BOARDS AND COMMISSIONS

1. Suzanne Greenwald to be sworn in to the Senior Commission.

H. CITIZEN PARTICIPATION (Total of 15 minutes allowed)

Request to Address the Council Forms are located on the ledge just inside the entrance. Please complete and place the form in the basket at the front of the room.

The public may also submit written comments must be received <u>no later than 12:00 p.m. the day of the meeting</u>. Comments may be sent via email to: <u>councilcomments@ucitymo.org</u>, or mailed to the City Hall – 6801 Delmar Blvd. – Attention City Clerk. Such comments will be provided to City Council prior to the meeting. Comments will be made a part of the official record and made accessible to the public online following the meeting. Please note, when submitting your comments, a <u>name and address must be provided</u>. Please also not if your comment is on an agenda or non-agenda item. If a name and address are not provided, the provided comment will not be recorded in the official record.

I. PUBLIC HEARINGS

1. Zoning Map Amendment – Market at Olive Phase IV, Lot A and Common Ground (REZ 22-07)

J. CONSENT AGENDA

- 1. Ratification of Emergency Purchases due to Flooding
- 2. MOGS 20 oxygen generator purchase
- 3. Canton Avenue Phase I Construction Agreement
- 4. Municipal Parks Grant Agreement (Heman Park)
- 5. EDRST Funding Request U City in Bloom and Farmers Market
- 6. Snow Equipment Purchase

K. CITY MANAGER'S REPORT (vote required)

- 1. Public Safety Citizen Recognition (John Trotter)
- 2. US Army Corps of Engineers RE: Detention Basin Project
- 3. Update Flood Buyout Program
- 4. Frist Quarter Financial Report
- 5. OMCI Application (8346 & 8488 Old Bonhomme Rd.)
- 6. Conditional Use Permit (CUP 22-11) Market at Olive Phase IV Lot A
- 7. Conditional Use Permit (CUP 22- 12) Market at Olive Phase IV Lot B
- 8. Conditional Use Permit (CUP 22-8) 7360 Forsyth

L. UNFINISHED BUSINESS

- Bill 9489 AN ORDINANCE AMENDING SCHEDULE VII OF THE TRAFFIC CODE, TO REVISE TRAFFIC REGULATION AS PROVIDED HEREIN.
- 2. Bill 9490 AN ORDINANCE AMENDING SECTION 400.070 OF THE MUNICIPAL CODE OF THE CITY OF UNIVERSITY CITY, MISSOURI, RELATING TO THE OFFICIAL ZONING MAP, BY AMENDING SAID MAP SO AS TO CHANGE THE CLASSIFICATION OF PROPERTY KNOWN AS LOT A AND COMMON GROUND 2 OF PLAT 4 OF THE MARKET AT OLIVE DEVELOPMENT, FROM "PD" PLANNED DEVELOPMENT COMMERCIAL DISTRICT, "GC" GENERAL COMMERCIAL AND "SR" SINGLE-FAMILY RESIDENTIAL DISTRICT TO "PD" PLANNED DEVELOPMENT COMMERCIAL DISTRICT ("PD-C").

M. NEW BUSINESS

Resolutions (vote required) - none

- 1. Resolution 2022-13 Resolution for Fiscal Year 2022-2023 Budget Amendment #2
- **2. Resolution 2022-14** Preliminary Plan Approval Adoption of a Resolution to approve the Preliminary Development Plan for Market at Olive Phase IV development, Lot A and Common Ground 2.

Bills (Introduction and 1st reading - no vote required)

- 3. Bill 9491 AN ORDINANCE APPROVING A PETITION TO ADD REAL PROPERTY TO THE MARKETS AT OLIVE COMMUNITY IMPROVEMENT DISTRICT.
- 4. Bill 9492 AN ORDINANCE AMENDING SECTION 400.070 OF THE MUNICIPAL CODE OF THE CITY OF UNIVERSITY CITY, MISSOURI, RELATING TO THE OFFICIAL ZONING MAP, BY AMENDING SAID MAP SO AS TO CHANGE THE CLASSIFICATION OF PROPERTY KNOWN AS LOT B OF PLAT 4 OF THE MARKET AT OLIVE DEVELOPMENT, FROM "GC" GENERAL COMMERCIAL DISTRICT AND "SR" SINGLE-FAMILY RESIDENTIAL DISTRICT TO "PD" PLANNED DEVELOPMENT COMMERCIAL DISTRICT ("PD-C").
- 5. **BIII 9493** AN ORDINANCE APPROVING A FINAL DEVELOPMENT PLAN FOR LOT A AND COMMON GROUND 2 OF THE PROPOSED MARKET AT OLIVE DEVELOPMENT, PLAT 4

N. COUNCIL REPORTS/BUSINESS

- 1. Boards and Commission appointments needed
- 2. Council liaison reports on Boards and Commissions
- Boards, Commissions and Task Force minutes
- 4. Other Discussions/Business

O. CITIZEN PARTICIPATION (continued if needed)

P. COUNCIL COMMENTS

Q. EXECUTIVE SESSION

Motion to go into a Closed Session according to Missouri Revised Statutes 610.021 (1) Legal actions, causes of action or litigation involving a public governmental body and any confidential or privileged communications between a public governmental body or its representatives or attorneys

Posted 11th day of November 2022. LaRette Reese City Clerk, MRCC

PROCLAMATION

OF THE CITY OF UNIVERSITY CITY

WHEREAS; the government of the City of University City, Missouri, celebrates our local small businesses and the contributions they make to our local economy and community; and

WHEREAS; according to the United States Small Business Administration, there are 32.5 million small businesses in the United States, small businesses represent 99.7% of firms with paid employees, small businesses are responsible for 62% of net new jobs created since 1995, and small businesses employ 46.8% of the employees in the private sector in the United States; and

WHEREAS; 79% of consumers understand the importance of supporting the small businesses in their community on Small Business Saturday®, 70% report the day makes them want to encourage others to Shop Small®, independently-owned retailers, and 66% report that the day makes them want to Shop Small all year long; and

WHEREAS; 58% of shoppers reported they shopped online with a small business and 54% reported they dined or ordered takeout from a small restaurant, bar, or café on Small Business Saturday in 2021; and

WHEREAS; the City of University City, Missouri supports our local businesses that create jobs, boost our local economy, and preserve our communities; and

WHEREAS; advocacy groups, as well as public and private organizations, across the country have endorsed the Saturday after Thanksgiving as Small Business Saturday.

NOW, THEREFORE, The City Council of University City in the State of Missouri, do hereby proclaim November 26, 2022, as

SMALL BUSINESS SATURDAY

And urge the residents of our community, and communities across the country, to support small businesses and merchants on Small Business Saturday and throughout the year.

WHEREOF, we have hereunto set our hands and caused the Seal of the City of University City to be affixed this 14th day of November in the year Two Thousand and Twenty-two.

NOTICE OF STUDY SESSION National Flood Insurance Program and Heman Park Basketball Courts Proposal

CITY HALL, Fifth Floor 6801 Delmar Blvd., University City, Missouri 63130 Monday, October 24, 2022 5:30 p.m.

AGENDA

1. MEETING CALLED TO ORDER

At the Study Session of the City Council of University City held on Monday, October 24, 2022, Mayor Terry Crow, called the meeting to order at 5:31 p.m.

In addition to the Mayor, the following members of Council were present:

Councilmember Stacy Clay
Councilmember Aleta Klein; (excused)
Councilmember Steven McMahon
Councilmember Jeffrey Hales
Councilmember Tim Cusick
Councilmember Bwayne Smotherson

Also in attendance were City Manager, Gregory Rose; City Attorney, John F. Mulligan, Jr.; Director of Parks, Recreation, and Forestry and Acting Director of Public Works, Darren Dunkle, and Asia Garrison of Big Guards Give Foundation.

2. CHANGES TO THE REGULAR AGENDA

Mr. Rose requested that Item J (2); Central County Dispatch Contract, be removed from the Consent Agenda and added to the City Manager's Report as Item K (6).

3. NATIONAL FLOOD INSURANCE PROGRAM

Mr. Rose stated staff would like to present Council with information on the National Floodplain Insurance Program (NFIP). As a participant in this program, the City must adhere to the minimum standards of this program to make sure its residents remain eligible for flood insurance. He then asked Mr. Dunkle to explain the principles of this program and how they impact the City's administration of the NFIP.

Overview

The National Flood Insurance Program is a voluntary program that is an agreement between the Federal Government (FEMA), and local communities to provide the benefits of federally backed flood insurance coverage in return for the mitigation of flood risks by community regulation of floodplain development. Flood insurance, as are most types of federal financial assistance such as mortgage loans and community grants are only available to those communities that adopt and enforce a Floodplain Management Ordinance that meets and exceeds the minimum standards of the program. The goal is to mitigate the chance of flood damage and risks associated with floods.

Homeowners, renters, and business owners who live in NFIP-participating communities are eligible to purchase flood insurance and are required to do so if they carry a mortgage on the property.

- A single-family residence can be insured up to \$250,000 for the structure, and \$100,000 for its contents
- Renters can be insured up to \$100,000 for their contents
 - Business owners, as well as the City, can be insured for up to \$500,000 for structures, and \$500,000 for the contents in those structures.

Page 1 of 6 E-1-1

The NFIP's land use regulations are intended to prevent the loss of life, property, and economic and social hardships resulting from flood disasters. There is clear evidence that these goals have been achieved in areas where structures and other development activities are in compliance with the community's floodplain management ordinance.

Mr. Dunkle stated the City's regulations are in place and what staff is trying to do at this point, is make sure its facilities, as well as every qualifying resident and business, comply with the current Ordinance.

Benefits

- Every homeowner or business is eligible as long as the City is a participant in the program.
- Federal regulations state that Federally backed mortgage companies must require flood insurance on structures within Special Flood Hazard Areas.
- Public Assistance (PA) grants are available upon the announcement of a Presidential Declaration, which can be used for debris removal, and the repair of roads and bridges.
- NFIP provides mitigation opportunities and grants for buyouts, sirens, and other items.

University City

Mr. Dunkle informed Council that some of these statistics were recorded before the recent flood.

- Currently, there are 259 flood insurance policies
- There have been approximately 50 million dollars in coverage
- The City joined the NFIP in 1978 and since that time, 1,140 claims have been filed
- Approximately 16 million dollars has been paid out towards those claims

Substantial Damage Estimate (SDE) Inspections

As part of the City's participation in the NFIP, it must designate a Floodplain Administrator; which per the Ordinance is the Director of Public Works.

Following a disaster, the administrator is required to conduct Substantial Damage Estimate (SDE) Inspections of structures located within the Special Flood Hazard Areas (SFHA); i.e., 100-year floodplain, as determined by FEMA's Flood Insurance Map (FIRM), which can be somewhat confusing for owners. For example, if the FIRM indicates that your level is 520 and your home is actually at 518 that means the structure is 2 feet below the base flood elevation. However, the City's Ordinance says that a structure has to be a foot above the flood elevation, and that means that the structure is 3 feet out of compliance. The objective of these SDE(s) is to accurately collect the data required for substantial damage determinations through rapid visual inspections and report those findings to FEMA. This requirement only pertains to structures located within SFHA(s), which means that not all structures affected by a flood will be inspected.

After an SDE inspection has been conducted, the administrator sends a letter to the owner of the structure informing them of the status of their inspection. If it was determined that there was substantial damage; (damages/improvements that exceed fifty (50) percent of the current market value of the structure), the owner is then required to apply for and receive an approved Floodplain Development Permit to bring the building/structure into compliance with the City's Flood Ordinance. In some cases, that may require repairs that include elevating or flood-proofing the structure to reduce the potential for future damage. Construction activities that are undertaken without a proper Floodplain Development Permit are violations and may result in citations, fines, and the property owner's ability to gain eligibility for FEMA assistance.

Mr. Dunkle stated these are some of the things his staff is working on today. But because of the magnitude of this flood, they have had to ask the Code Enforcement team to assist them in making these inspections.

Page 2 of 6 E-1-2

Substantial Improvement

Substantial Improvements are defined as any combination of reconstruction, alteration, or improvements to a structure, taking place for a 10-year period, in which the cumulative percentage equals or exceeds fifty (50) percent of the current market value of that structure. This includes the alteration of any wall, ceiling, floor, or other structural parts of the structure commences, whether or not that alteration affects the external dimensions of the building. It also includes structures that have incurred repetitive loss or substantial damages regardless of the actual repair work being done.

Permitting

Any development; (any man-made change to improved or unimproved real estate, not limited to buildings or other structures, levees, levee systems, mining, dredging, grading, paving, excavation or drilling operations, or storage or material) within the SFHA requires a Floodplain development permit because it can alter the property.

Any permit that is for new development or has been deemed a substantial improvement is required to comply with the City's Floodplain Management Regulations. Floodplain Development Permits must be constantly recorded, inspected, and reviewed by the designated Floodplain Administrator and/or designee to ensure that applicants meet the requirements contained in the City's Ordinance and the NFIP's regulations before their permit can be approved.

Mr. Dunkle stated staff is required to maintain these records for ten years to ensure that the repairs to a structure do not exceed fifty (50) percent of the structure's value. Therefore, residents and businesses located within the SFHA must apply for a permit even to install something as simple as a water heater.

Violations

If the City is found to be in violation or has deficiencies in the administration of its enforcement of the NFIP floodplain management regulations it can be placed on probation and a surcharge of up to twenty (20) percent could be added to the premiums for each NFIP policy sold or renewed in the City. If the City fails to alleviate these violations or deficiencies it may be suspended from the program; in which case no NFIP policies can be written or renewed. However, policies in force at the time of suspension will remain in force for the term of the policy.

Mr. Dunkle stated these are time-consuming yet critical procedures that could be costly for some residents depending on the level of improvements needed. Residents who live in the eighty (80) percent flood zone are not allowed to have a livable basement, which means that some finished basements will have to be eliminated.

Councilmember Hales asked Mr. Dunkle what would physically happen to a resident's basement that was deemed unlivable? Mr. Dunkle stated staff is currently trying to gather more information on all the different methods that can be used to flood-proof a basement, but one of them would be to install self-releasing windows.

Councilmember Clay posed the following questions to Mr. Dunkle:

- Q. How do the NFIP insurance rates compare to those in the private market?
- A. The NFIP utilizes and supports private insurance companies and does not offer a special rate for its participants.
- Q. Is it correct, that you do not have to be in a Special Flood Hazard Area to participate in this program?
- A. That is correct, everyone is eligible.
- Q. If the City was not a participant in this program could residents get flood insurance on their own in the private market?
- A. I'm not sure whether they could or not, but the only way they can participate in the NFIP is if the City is a member.

Page 3 of 6 E-1-3

Councilmember Cusick posed the following questions to Mr. Dunkle:

- Q. What is the valuation of a property based on?
- A. The St. Louis County's Tax Assessor's assessment.
- Q. Is the valuation based only on the structure?
- A. Yes.
- Q. Is the City's \$500,000 policy for multiple or individual structures?
- A. The \$500,000 limit is per policy. So, there could be multiple buildings in one policy or an individual building in a separate policy.
- Q. Do you have an idea of how many of the 259 policies are for U City structures?
- A. I think there are approximately six City structures, and the rest are either residential or commercial.
- Q. Do you have a more recent timeframe for when the 1,140 claims were filed?
- A. I do not because all of these statistics were provided by FEMA.
- Q. Is the City going to require homes not included in the buyout that sustained damage over and above fifty (50) percent of its current market value to be elevated?
- A. While each home will have to be reviewed on an individual basis, our most recent estimates indicate that there are roughly six properties that will fall within this category. As a result, staff has reached out to FEMA/SEMA to gain a better understanding of whether there are any flood-proofing alternatives available that would be more feasible than elevation.
- Q. Several years ago, the City looked at elevating several houses located in the floodplain area and was told that they could be elevated enough. So, what would happen today if some of our homeowners find themselves in this same situation?
- A. These are the kinds of questions that staff is waiting on FEMA to provide them with the answers to.
- Q. Do you know what the annual cost of insurance would be under this program, for a home valued at \$150,000?
- A. No sir, I am not familiar with their rates.
- Q. Under this program will FEMA mandate that a resident make the necessary repairs to their home even if they don't have the financial means to do so?
- A. Under this agreement, the City has a requirement to enforce FEMA's regulations, so based on my understanding, if a resident fails to make those necessary repairs, the City would be a violation of that agreement.

Councilmember Cusick stated he believes this is another issue that should be considered in staff's discussions with FEMA/SEMA. And he would respectfully request that Council be provided with any new information obtained through these discussions.

Mr. Rose stated staff certainly appreciates the economic situation that many of the City's residents are in, and their only intent is to ensure that the City remains in compliance with these regulations so that everyone has an opportunity to participate in this program. That said, he cannot imagine a situation where FEMA/SEMA would not be sensitive to a homeowner's financial situation and be willing to work with both the City and the resident on ways to achieve compliance.

Councilmember Cusick asked Mr. Rose if there was something other than the recent floods that prompted staff to provide Council with this information tonight? Mr. Rose stated the magnitude of the losses experienced during the recent floods generated more attention on the issue of making sure that the City did not take any actions that would jeopardize its ability to remain in compliance with the program's regulations.

Mayor Crow thanked Mr. Dunkle for his presentation.

4. HEMAN PARK BASKETBALL COURTS PROPOSAL

Mr. Rose stated this proposal for refurbishing the Heman Park Basketball Courts was submitted to the Parks Commission who unanimously recommended that it be presented to Council.

Mr. Dunkle stated that Asia Garrison of the Big Guards Give Foundation would be making this presentation.

Page 4 of 6 E - 1 - 4

Ms. Garrison stated although the PowerPoint lists Majuan Bates as the presenter, he is on a basketball tour and was unable to attend tonight's meeting. So, while she is a little nervous about making this presentation, being in U City feels natural, since she graduated from U City High in 2013, and worked at Centennial Commons throughout her undergrad and graduate degrees before migrating to Washington, D.C.

The Big Guards Give Foundation; which will be the overseer of this project, focuses on bridging athletes, citizens, and community leaders together by providing resources, enrichment programs, scholarships, and hope. And several months ago, Mr. Bates; currently a resident of U City came up with an idea to refurbish the Heman Park basketball courts and highlight three individuals from U City.

Consultants

Hoop For All Foundation

- A nonprofit organization that increases community access to health education and resources through sports and entertainment.
- Located in Washington, DC
- 20 + Events
- 400 + Volunteers
- 5.000 + Served
- \$25,000 + Donated
- \$125,000 + Raised

Recently this organization partnered with Bradley Beal to refurbish the Benjamin Banneker Courts across from Howard University. And one of the stipulations that came out of that partnership was Bradley's desire to refurbish basketball courts in St. Louis; more specifically, U City, which happens to be his hometown.

Why University City?

- Diversity, culture, and community involvement
- Most unique individuals in the Metropolitan area
- Lion pride spreads throughout the entire County and City
- St. Louis athletes are connected to Heman Park
- A safe and inclusive environment

The Mission

- To provide a safe environment for youth and community members
- Host basketball camps and community events
- Give college scholarships to community members

<u>Timeline</u>

- City Approval = FUNDING
- The hiring of Sports Contractors
- The hiring of Artists; (already onboard)
- Addition of infrastructure
- Reopening Event; (proposed for June)

Benefits

- Community Relations
- Youth Empowerment
 - COCA scholarship for U City students
 - Women mentorship programs
- Public Relations and Branding

Page 5 of 6 E - 1 - 5

Dedicated Courts

- Jayson Tatum
- Brandy Cole; Jason's mother
- Duece Court: Jason's son
- U City & Nellie; Nellyville
- Brad Beale & his mother

Estimated Budget

Total: \$207 to \$250,000

Construction: \$60,000

Artist/Equipment: \$15 to \$20,000

Backboard/Rims: \$15,000
Opening Day Event: \$10,000
Contingency Fee for Donors: \$10,000
Steel Shelter Over Courts: \$75,000
Equipment: \$7,500
Basketball Hoops: \$15,000

Ms. Garrison stated this project will be %100 privately funded through Big Guards, therefore, U City's only involvement would be to assist with advertising materials, use of its website, and the opening day ceremonies.

Councilmembers Clay and Smotherson thanked Ms. Garrison for the presentation and the opportunity to participate in this program.

Councilmember Smotherson posed the following questions to Ms. Garrison:

- Q. Can you define the difference between the backboard rims and basketball hoops?
- A. They are actually the same thing, so one of those estimates can be eliminated.
- Q. Do you have a picture of what the backboards and rims will look like?
- A. No decisions have been made about the final design, but once it is, I will be happy to provide that information to Mr. Rose.
- Q. Will these be breakaway rims?
- A. They will not be, but BG is always open to suggestions.
- Q. There is a bike and walking trail on the east side of the main courts, so can you provide the exact location where you would like to construct the Duece Court?
- A. What we were looking at appears to be a graveled area.
- Q. The parking area?
- A. Yes.

Mr. Rose stated if it is agreeable to Council, the next step would be to have Mr. Dunkle work with Mr. Mulligan to craft a basic agreement outlining the City's expectations, which will then be brought before Council for consideration.

Councilmember McMahon asked Mr. Rose if he could check on the status of MSD's plan to install their tanks in the park because he would hate to miss out on this opportunity while waiting for them. Mr. Rose stated MSD's initial proposal states that they will replace anything that is destroyed. So, staff will obtain an update and make sure that the agreement is airtight prior to them moving forward with the tanks.

5. ADJOURNMENT

Mayor Crow thanked Ms. Garrison for her presentation and adjourned the meeting at 6:17 p.m.

LaRette Reese City Clerk

Page 6 of 6 E - 1 - 6

MEETING OF THE CITY COUNCIL

CITY OF UNIVERSITY CITY
CITY HALL, Fifth Floor
6801 Delmar Blvd., University City, Missouri 63130
Monday, October 24, 2022
6:30 p.m.

AGENDA

A. MEETING CALLED TO ORDER

At the Regular Session of the City Council of University City held on Monday, October 24, 2022, Mayor Terry Crow called the meeting to order at 6:30 p.m.

B. ROLL CALL

In addition to the Mayor, the following members of Council were present:

Councilmember Stacy Clay
Councilmember Aleta Klein; (excused)
Councilmember Steven McMahon
Councilmember Jeffrey Hales
Councilmember Tim Cusick
Councilmember Bwayne Smotherson

Also in attendance were City Manager, Gregory Rose; City Attorney, John F. Mulligan, Jr.; Larry Chapman of Seneca; Battalion Chief Bill Hinson; Jason Nettles of Central County Dispatch, and Director of Planning & Zoning, Dr. John Wagner.

Mayor Crow stated the community is saddened by what occurred at Central Visual and Performing Arts High School today. And despite the great job that first responders and staff did to save many lives, everyone who was directly impacted will not be forced to live with the trauma of this event for many years to come. This is the 36th school shooting in 2022 that has resulted in injury or death, and as a result, children and their parents all live in fear of what will happen next. So, as I ask for a moment of silence for the individuals who lost their lives because of this act of violence, let us focus on what we, as a community can, and must do better to restore our schools to the safe havens they were intended to be.

Councilmember Clay stated he spent the better part of sixteen years working with St. Louis Public Schools as a teacher, Program Director, and Deputy Superintendent, where he frequented this school on numerous occasions. So, he would like to thank the Mayor for acknowledging this tragic event because it hits home on a very personal level.

C. APPROVAL OF AGENDA

Mr. Rose requested that Item J (2); Central County Dispatch Contract, be removed from the Consent Agenda and added to the City Manager's Report as K (6).

Mr. Mulligan stated he would like to recommend that the following changes be made to Bill Number 9489 and that they be included in tonight's introduction of this Bill:

- **1.** That the intersection of "Melrose and Mt. Vernon" with a blank under "stop", be amended to read, "Melrose and Mt. Vernon all way".
- 2. That "Stop Street" be amended to read, "Wellington and Mt. Vernon all way".
- **3.** That the second line in Section 2 which states "to add the following line item," be amended to read, "to add the following line items".

Councilmember Hales moved to approve the amendments, it was seconded by Councilmember Clay, and the motion was carried unanimously.

Councilmember Cusick moved to approve the Agenda as amended, it was seconded by Councilmember McMahon, and the motion was carried unanimously.

D. PROCLAMATIONS

- **1.** A Proclamation honoring Qui Xiaolong as the recipient of the Arts and Letters Commission's Literary Excellence Award.
- **2.** A Proclamation recognizing Scott Black for his many professional accomplishments, and a guest appearance at the Arts and Letters Commission's Returning Artists Series.

E. APPROVAL OF MINUTES

- **1.** October 10, 2022, Study Session; (Housing and Third Ward Revitalization RFP), was moved by Councilmember Smotherson, it was seconded by Councilmember Cusick, and the motion was carried unanimously; with the exception of Councilmember Hales.
- **2.** October 10, 2022, Regular Meeting Minutes were moved by Councilmember Smotherson, it was seconded by Councilmember McMahon, and the motion was carried unanimously.

F. APPOINTMENTS TO BOARDS AND COMMISSIONS

1. Suzanne Greenwald is nominated to the Commission on Senior Issues as a fill-in (2B vacant seat) by Councilmember Tim Cusick, seconded by Councilmember Hales and the motion was carried unanimously.

G. SWEARING IN TO BOARDS AND COMMISSIONS

None

H. CITIZEN PARTICIPATION (Total of 15 minutes allowed)

Request to Address the Council Forms are located on the ledge just inside the entrance. Please complete and place the form in the basket at the front of the room.

Written comments must be received <u>no later than 12:00 p.m. on the day of the meeting</u>. Comments may be sent via email to: <u>councilcomments@ucitymo.org</u>, or mailed to the City Hall – 6801 Delmar Blvd. – Attention City Clerk. Such comments will be provided to City Council prior to the meeting. Comments will be made a part of the official record and made accessible to the public online following the meeting.

Please note, when submitting your comments, a <u>name and address must be provided</u>. Please also note whether your comment is on an agenda or a non-agenda item. If a name and address are not provided, the comment will not be recorded in the official record.

Tom Sullivan, 751 Syracuse, U City, MO

Mr. Sullivan stated he still thinks the Costco Development, which destroyed many nice neighborhoods and businesses, is the worst thing U City has ever done. This was a project that did not have the support of residents because they were lied to and completely shut out of the process. One of the biggest lies was that eminent domain would only be used for Public Storage, which can be verified by a May 1, 2018 article where the headline reads, "U City Will Not Use Eminent Domain to Make Way for New Retail Apartments".

And please don't forget how Mayor Crow attacked a group of clergymen trying to promote a Community Benefits Agreement; which seems like it might have been a good idea given that the City's subsidies for Costco are continually increasing. Or how he encouraged City Hall groupies to turn the lectern around at a meeting and attack citizens.

He stated another embarrassment was when the City harassed a citizen for growing a garden that was not in compliance with its regulations. What wasn't mentioned in the Elliot Davis "You Paid For It" segment is that this was the wife of former Councilman Stephen Kraft, who just happened to be a contributor to the campaign against Proposition F.

So, while a big contributor of this tax is getting a multi-million-dollar subsidy from the City, someone contributing against Proposition F has a City inspector show up at his home.

Prop F failed with 68% voting against it in spite of the City illegally spending tens of thousands of dollars on this campaign. Just another example of how sleazy the U City government has become.

Mr. Sullivan said a lot of promises have also been made about improving the 3rd Ward with revenue from the Costco Project, but it remains to be seen if those promises will be kept.

Rita Clemons, 8012 Canton Avenue, U City, MO

Ms. Clemons stated there is a dead tree located on the easement in front of her property that has caused her sewer line to back up on several occasions, and most recently, on May 19, 2022, caused damage to her car when a limb fell on top of it. But although she has received several notes from the City indicating that the tree would either be pruned and/or removed, she was informed that there was no liability on the part of the City and her claim for damages was denied. So, she is appearing before Council tonight, appealing the insurance adjuster's determination and asking that her claim for damages be approved.

Ms. Clemons stated many of the tree limbs on her block are now extending across the north to the south side of her street and are in immediate need of the Forestry Department's attention.

I. PUBLIC HEARINGS

None

J. CONSENT AGENDA

- 1. Ratification of Emergency Purchases due to Flooding
- **2.** Central County Dispatch Contract; (moved to City Manager's Report)
- 3. 2019 CDBG Contract Agreement
- 4. Tree Removal Contract

Councilmember Cusick moved to approve Items 1, 3, and 4 of the Consent Agenda, it was seconded by Councilmember McMahon, and the motion was carried unanimously.

K. CITY MANAGER'S REPORT (vote required)

1. Discussion of Fox 2 News Report – Creveling Drive. No Vote.

Mr. Rose stated he would like to play a video of a CNN Commercial that he believes accurately sums up the incident that occurred on Creveling Drive; that facts matter. He stated the way the Creveling case was presented in the media is rather concerning, so he would like to take a few minutes to put the facts on the record so that everyone understands the sequence of events.

During a routine patrol of the area on September 22, 2022, a code enforcement officer identified a home with violations, and a Notice informing the resident of these violations was sent to their home.

Mr. Rose stated the City sends out hundreds of notices each year and since this process is solely intended to achieve compliance, most residents simply would not deem them to be newsworthy. But on this rare occasion, Fox News reported that the officer had issued a citation for this resident's garden; and that was an incorrect statement. The Notice of Violation was the only document sent to the resident and it was for weeds and grass.

On September 27, 2022, the resident called to have the area re-inspected. The inspection occurred that same day wherein the officer confirmed that the weeds and grass had been abated. However, an incident occurred while the officer was still on the premises, which resulted in the officer contacting his supervisor for assistance. When the supervisor arrived he identified several tree branches that were in violation and a second Notice of Violation was sent to the resident on September 28th.

In a letter dated October 4, 2022, the resident requested to have the branches reinspected and authorization to conduct that inspection was issued today.

Mr. Rose stated how something so simple; two Notices for violations related to grass, weeds, and tree limbs mushroomed into the City issuing a citation for a resident's garden happened, he has no idea. But he did believe it was important to put these facts on the record because, in the end, that's what really matters.

Councilmember McMahon posed the following questions to Mr. Rose:

Q. Are there photographs of these violations?

A. Yes. They demonstrate what the inspector saw and why they believed a notice was appropriate. (Photographs of the yard were provided for Council's review)

Q. Is it correct that the resident was never ticketed or asked to appear in Court?

A. That is correct, no tickets or citations were ever issued.

Q. Were any native plantings involved in this incident?

A. No native plantings were involved. In fact, staff has worked with U City in Bloom to better understand and recognize this species of plants, and as a result, has made some adjustments to its enforcement procedures to no longer issue notices on native plantings.

Q. Were any of the photographs provided to Council depicted in the Fox 2 report?

A. No. The only photographs depicted were those taken after the issue had been abated. And I would also like to note that the reporter was made aware that no citation had been issued and that the notices only pertained to weeds, grass, and the branches on a tree. So, he was aware of the facts and chose not to disclose them.

Councilmember McMahon stated he appreciated this update because now that the City has an active patrol more than likely residents will start to receive notices, and hopefully, this will help to educate them about the process. However, he believes Council would be willing to have a discussion should there ever be a concern that the City's Code is too stringent with its process for citing excessive weeds and grass.

Mr. Rose stated homeowners are also provided with an option to appeal a notice to the director of that department, the City Manager, Council, and the Court, so there are checks and balances within the process to ensure consistency and make sure that officers do not become overzealous.

Councilmember Hales stated on October 21st he pulled a public report from the City's website that provides a 30-day overview of the notices and letters issued by enforcement officers, and this is what he learned:

- The report consisted of 18 pages that identified over 300 properties;
- Fifteen of those notices were sent to residents living in the neighborhood of Creveling Drive;
- The vast majority of those violations were rectified; which includes the ones discussed tonight on Creveling Drive, and
- That there were 30 vehicle-related violations and 28 of those violations occurred in the 3rd Ward

Councilmember Hales stated there were also comments questioning why officers seemed to be focusing on a specific area, but according to this report, it's easy to see that their focus was on every ward. So, the notion that the Creveling Drive property was cited when there are so many other problems that exist is an unfair accusation because this report clearly indicates that officers are performing their job. So, he would just say thank you very much to everyone who received a notice and quickly abated the issue.

2. Market at Olive Update - (revised 10/24/22). No Vote.
Mr. Rose introduced Larry Chapman, the President of Seneca, to provide Council with an update on the Market at Olive.

Mr. Chapman stated he is also the Manager of U City, LLC, the developer of the Market at Olive Project. He then displayed an RS rendering depicting the site plan to assist in his explanation of this portion of his update.

- The last resident on the north side of Olive will be moving this week
- Site work on the north side of Olive will begin this year
- Site work on the south side of Olive will be completed within the next three to four months
- On the south side, Costco is Anchor A, Dierbergs is being proposed to be Anchor J, and Anchor B will be discussed in the not-so-distant future
- Several retail buildings, i.e., fast food and multi-tenant retail will align the front
- With a little bit of luck, Seneca will be able to talk about every building in the center and by the end of the year turn its attention to Mayflower Court to start advancing that part of the project.

Mr. Chapman stated as a public/private partnership everything is about competing for deals. And while they have been fortunate to have a lot of smaller restaurant users chasing after the traffic that Costco will bring, the big anchor stores are rather challenging to secure. He stated they have been talking to two anchors since December 2021. However, in the process of negotiations, there are always going to be some trade-offs which mean there is a need to establish priorities in order to come to a balanced conclusion. And in his opinion, the number one priority for both the City and the developer is paying the TIF off early.

Why Dierbergs?

Mr. Chapman stated that Dierbergs is a family-owned local business that has been hugely significant in the community. Second, only to Costco, they can generate the volume of sales and sales taxes that can pay off the TIF in a really meaningful way. They will help attract other highend users and businesses for the rest of the community; they will be occupying two times the personal property of any other retailer; they have agreed to maintain two retail users on its front facade, and they are going to buy and own this store, which equates to a long-term commitment. So, in his opinion, Dierbergs represents the highest and best use for this location.

The Chapter 100 Tax Abatement

A grocery store of this caliber has super high sales volumes and super low margins, which means that they have to generate a lot of sales to cover those margins and overhead. Mr. Chapman stated in his experience, they are hyper-focused on their bottom line, and even though the sales taxes charged to their customers help the City, it has no impact on them. What does affect their bottom line are things like real estate taxes, personal property taxes, or the taxes they pay on construction materials. Chapter 100 helps to alleviate this gap and is what has allowed both parties to move forward. So, from an economic standpoint, it is the right thing to do.

Why Should the City Agree to a Chapter 100?

All of the future real estate taxes have been gobbled up by the TIF. And while the 2019 Redevelopment Plan contemplated a Chapter 353 which would have eliminated the commercial surcharge, it did not go forward even though it was approved in the original Ordinance.

Dierbergs is asking for a 50% discount on their property taxes, and Mr. Chapman stated his argument is that they are going to buy twice as much property and if the City gives them this discount the remaining 50% will be the same amount it would get from an alternative user. So, if you pretend that the original TIF and Redevelopment Plan did not exist, the commercial surcharge is about \$33,000 a year or a total of \$530,000, and the personal property tax savings Dierbergs would receive totals about \$370,000 or \$23,000 a year. However, the City will receive \$370,000 more than it is getting now. He stated the worst-case scenario is that the total cost of Chapter 100 would cost the City \$72,000, schools \$520,000, and all other taxing districts about \$900,000.

But here's the flip side of that coin; Dierbergs is going to generate so much in sales that its annual revenue going to pay off the TIF will increase by \$1,364,000 a year compared to the second alternative, which would increase revenue by a little under a million, and the third alternative by \$725,000. So, they are going to be better than either one of those alternatives by \$500,000 a year.

That's 8 million dollars over the sixteen years remaining in the TIF. And that should bring the average age of the TIF down by 1.7 years.

Mr. Chapman stated the one-year impact to all taxing jurisdictions would be \$1,441,000, compared to that \$7 or \$800,000 they would have in terms of cost.

Therefore, the total overall cost benefit to U City ends up to the good, even after taking the full cost of Chapter 100; \$131,000 to the City; \$954,000 to schools, and \$1,645,000 for all other taxing jurisdictions. He stated that's how much better off these taxing jurisdictions will be with a Dierbergs and a Chapter 100 than they would be if there were no Dierbergs and the TIF did not exist.

Mr. Chapman stated there are also some other implications; tons of intangible benefits to the City and community; tons of intangible benefits to the development, and a similar impact as previously contemplated in the Chapter 353, which was a part of the original plan. Because even at a 50% personal property tax savings, or if the property tax and surcharge is a cost, they are outweighed by this new revenue. Dierbergs will still generate more than any alternative currently on their plate. So, all things considered, a Chapter 100 for Dierbergs is a huge net benefit to everyone.

He stated Seneca's goal is to secure large revenue-generating anchors and this type of incentive helps them reach that goal. He stated the City's focus should be on garnering the best in class, most impactful retailers, and any trade-offs should be about the net benefit. Dierbergs provides the greatest chance to pay the TIF off early. And an early payoff is a win for the City, schools, and the developer. Mr. Chapman advised Council of the need to find a way to go full speed ahead on this proposal because if they do, U City will have a Dierbergs opening in less than two years and get them into the TIF bond refinancing; which is a critical component, by next spring.

Councilmember Clay posed the following questions to Mr. Chapman:

Q. What is a Chapter 100?

A. It is a tax avoidance plan where the City leases a property back to the owner; Dierbergs, until the Chapter 100 goes away. So, it's kind of like tax abatement, but since the taxes have already been abated by the TIF, Chapter 100 keeps the baseline taxes from going any higher than they already are.

Q. Does it provide a benefit of not having sales taxes associated with the leasee's purchases?

A. Yes.

Q. Even if the things they need to buy for this project are not purchased in U City?

A. Correct. The only thing they would save any sales tax on is construction materials and if they are not located in U City they won't be taxed here. However, since U City is a pool city the taxes would go to the County. So, when it comes to any sales tax on construction materials the impact locally would be zero.

Q. Can you talk about the process being followed as it relates to minority participation?

A. We inherited this project from NOVUS, so the Phase I reports submitted to the City indicates that the participation was about 12 or 13%. However, now that they are in Phase II the workforce aspect of the project is being closely monitored and these reports should indicate that they are much closer to the 25% goal that was set.

Q. It seems like the folks in Mayflower Court have been in limbo for almost seven years. So, would moving this project along provide any benefit to their situation?

A. We took over this project in November of 2021 and met with as many people as possible to advise them that it would be a while before we could start on their phase of the project. We are there now and have sent them two letters within the last 30 days advising them of the status and including an offer for their property. We have started to meet with these owners and if they are all willing to sell, hope to have this portion of the project wrapped up by the end of the year.

Councilmember Smotherson stated he would like to commend Seneca on the quality of retailers they are attempting to secure for this location. He then asked Mr. Chapman whether the construction of the remaining buildings would be dependent on the completion of Dierbergs?

Mr. Chapman stated it would not be. In fact, all of the retailers in Buildings G, I, N, and O, anticipate being open before Dierbergs is completed. Raising Cane has committed to Building G, and the other buildings should be under construction and open by next summer. Buildings E and F, located directly across the street, are currently under construction and should be open in the fall.

Mayor Crow thanked Mr. Chapman for his presentation.

Citizen's Comments

Patrick Fox, 1309 Purdue, U City, MO

Mr. Fox stated although he is very pleased that the community is experiencing this new development he is a little concerned about the generous considerations being contemplated for some retailers interested in being a part of the Market at Olive.

Costco is anticipating that 10,000 people will visit their store when it opens tomorrow, so there is going to be an enormous amount of traffic. He stated he sees the potential and believes that even though Dierbergs might be the top contender today, the buzz for this location will start to build and garner the interest of other significant retailers. And as a U City taxpayer who pays his fair share, the idea of floating property taxes for a wealthy company like Dierbergs, who owns a bank and has the means to finance this construction, seems extremely generous. Mr. Fox stated he was not saying that they should not be afforded any considerations, just that they should pay their fair share. And unless he is mistaken, the purchase of construction materials made by Dierbergs under this agreement means that a pool city would be forgoing its proportional share of the taxes that would have been charged. He stated these are some of his concerns about the underlying assumption with this proposition and therefore, would urge Council to proceed cautiously.

Conditional Use Permit (CUP 22-09) Market at Olive – Phase II, Lot 9
 Mr. Rose informed Council that Dr. Wagner would be presenting the information on Items 3 and 4.

Dr. Wagner stated this CUP is for the south side of the Phase II development located near the intersection of McKnight and Olive. Lot 9 is a four-store building and this CUP seeks to decrease the parking from 93 to 83 spaces.

Mayor Crow asked if this CUP had been reviewed by the Planning Commission? Dr. Wagner stated that it had.

Councilmember Clay moved to approve, it was seconded by Councilmember Smotherson, and the motion was carried unanimously.

4. Conditional Use Permit (CUP 22-10) Market at Olive – Phase II, Lot 10

Dr. Wagner stated this CUP is for the same location on the south side of Phase II and it seeks to decrease the number of parking from 47 to 41 spaces to accommodate the restaurant's drivethrough service.

Councilmember Smotherson stated he does not recall seeing two drive-through lanes at any of Raising Cane's other locations. So, are they anticipating that more customers will frequent this location? Dr. Wagner indicated that the representative for Raising Cane was nodding his head yes. He stated these days Cane's has largely become a drive-through-oriented business and this is the site plan they came up with. Councilmember Smotherson questioned whether there would be a cashier standing outside of the second drive-through to take orders? Dr. Wagner stated while he anticipates that they will, that issue will be addressed when they come in to present their site plan.

Councilmember Smotherson moved to approve, it was seconded by Councilmember Clay, and the motion was carried unanimously.

5. OMCI Program – Participation for 2023 (River Des Peres and Deer Creek) Mr. Rose stated staff is recommending that Council consider approving the participation and reimbursement for project funding through the Operations, Maintenance, and Construction Improvement Program (OMCI) administered by MSD to leverage funds from their taxing sub-districts for the U City branch of River Des Peres and Deer Creek.

Dr. Wagner stated the numbers are identical to last year's, so in anticipation of Council's approval, he asked Mr. Rose to sign this document so that it could be emailed back to MSD tomorrow.

Councilmember McMahon moved to approve, it was seconded by Councilmember Cusick.

Councilmember Cusick posed the following questions to Mr. Rose:

- Q. Have these funds already been allocated, and if so, what are they being used for?
- A. The intent is to use as much of these funds as possible for the Home Buyout Program that has been submitted to the State Emergency Management Agency (SEMA) and requires a 25% match.
- Q. How much of the OMCI funds can be used towards the buyouts?
- A. At this point, staff is unaware of whether there are any limitations on the funds for Deer Creek, but the intent is to recommend that as much of these funds as possible be used. Staff will be working with MSD to gain the answers to these questions before bringing this item back to Council.

Voice vote on Councilmember McMahon's motion carried unanimously.

6. Central County Dispatch Contract Mr. Rose stated staff is recommending that Council consider a five-year contract with Central County Dispatch for Fire/EMS dispatching services. Mr. Rose asked Chief Hinson if he would provide an overview of the agreement being proposed.

Chief Hinson introduced Jason Nettles, Executive Director of Central County, who is in attendance to assist him with answering any questions the Council might have.

Councilmember Clay posed the following questions:

- Q. Is my understanding correct, that there are two elements to this contract; enhanced staffing and access to technology that is currently not available within U City?

 A. (Chief Hinson): That is correct.
- Q. Does U City have the capacity to upgrade its current technology to match what is being offered by Central County?

A. (Chief Hinson): The City's current dispatching equipment is twenty years old; operated by the Police Department and requires a lot of manpower to generate a dispatch. Everything in this enhanced system is computerized with the ability to provide pertinent information to the dispatcher in a matter of minutes. It also has a GO System that can dispatch the closest truck to a scene.

- Q. Will the Police Department maintain this current system if the contract is executed?
- A. (Chief Hinson): The system currently being operated is strictly for fire and EMS. There are systems available that would match the technology being provided by Central County, but it is more expensive than this option. He stated the goal is to increase response times, and the viability of life and property.
- Q. Is this contract renewable on an annual basis?

A. (Mr. Nettles): The initial contract is for five years, but that can be renewed at the same rate at the end of those five years.

Councilmember Hales posed the following questions to Mr. Nettles:

Q. Council received a video today that walked you through the process of a fire emergency. For the benefit of those in attendance today, could you walk them through that process?

A. Currently if you are within the boundaries of U City, a 911 call goes through to the Police Department which processes that call. And even though U City will still be the primary dispatch center receiving the initial call, under this contract, as soon as that caller says they need an ambulance or a Fire Department, the U City dispatcher will transfer it to Central's dispatch for immediate processing, utilizing standards established by the Emergency Medical Dispatch Program. That means that the basic information needed to get a CAD call entered and a unit dispatched should fall within a window of 15 to 20 seconds. The utilization of NFPA standards for call processing and unit dispatch times is a significant performance indicator that Central can help every similarly situated police department improve on.

Q. Is it correct, that many of U City's immediate neighbors have contracted with East Central, who has essentially done the same thing with separating police and fire?

A. Central County provides service for about 80% of the departments in St. Louis County, all the way to the Jefferson County line, and the Meramec Ambulance District in Franklin County. The only other two that provide any type of fire service are Kirkwood, which provides service for three departments, and East Central Dispatch, which provides service for seven departments.

Central's contract also provides location-based dispatch and some of the capital infrastructure for each primary apparatus, like a mobile CAD Unit valued at \$2,500, mounting equipment, a mobile router with automatic vehicle location technology, and a first net air card. That's how Central can literally see where all of its live apparatuses are located so that dispatchers can reroute units and make sure that the closest unit gets dispatched to the call. The contract also provides upgrades on a daily basis. So, if a higher acuity or life-threatening call comes in our dispatchers have the ability to divert units based on the urgency of that call.

Q. How many of our immediate neighbors are still operating without emergency medical dispatch for fire and EMS?

A. While there are none within St. Louis County, you can find a few in western and northern rural areas that do not use EMD.

Chief Hinson stated the ability to have an EMD dispatcher on the line in 30 seconds increases an individual's chance for survival and removes the issue of non-viability because a rapid response saves lives.

Councilmember Smotherson moved to approve, it was seconded by Councilmember Hales, and the motion was carried unanimously.

Mr. Rose stated he would like to recognize Mike Carlin, the City's Manager of Information Technology because this will be his last meeting. And for that reason, he would like to take this time to publically let him know how much the City has appreciated all of the work he has performed and is wishing him well in his next chapter.

Mayor Crow offered his congratulations and acknowledged that Mike would be dearly missed.

L. UNFINISHED BUSINESS

1. **Bill 9487**– AN ORDINANCE VACATING AND SURRENDERING A PUBLIC WALKWAY BETWEEN 511 and 519 WESTVIEW DRIVE. Bill Number 9487 was read for the second and third time.

Councilmember McMahon moved to approve, seconded by Councilmember Hales.

Roll Call Vote Was:

Ayes: Councilmember McMahon, Councilmember Hales, Councilmember Cusick, Councilmember Clay, Councilmember Smotherson, and Mayor Crow.

Nays: None.

2. Bill 9488 – AN ORDINANCE APPROVING A FINAL DEVELOPMENT PLAN FOR PHASE II OF THE PROPOSED MARKET AT THE OLIVE DEVELOPMENT, LOCATED AT 8630 OLIVE BOULEVARD. Bill Number 9488 was read for the second and third time.

Councilmember Smotherson moved to approve, it was seconded by Councilmember Clay.

Councilmember Smotherson stated residents on Woodson are concerned about the traffic that is going to be generated. So, he would like to know if there are any plans to improve the east side of this development near McKnight or Woodson? Mr. Chapman stated there will be some widening and lane straightening on both Woodson and McKnight and when it's finished, there will be three lanes going south consisting of a left, a through, and a right-hand turn lane on Woodson, as well as a right turn only lane coming out of the development onto Woodson. He stated MoDOT has asked for some improvements from the west on Olive to 1-70, which should also help mitigate some of the traffic. But according to every traffic study that's been conducted all of the traffic will be going to and from the interstate, so traffic should pretty much be contained in that area.

Councilmember Smotherson questioned whether there was a way to stop Fed Ex from using Olive as one of its routes, or solicit their help in maintaining Woodson? Mr. Chapman stated he had no idea what could be done about Fed Ex other than discussing these concerns with Overland or enacting a heavy police presence to make sure their trucks are not committing any traffic violations.

Roll Call Vote Was:

Ayes: Councilmember Hales, Councilmember Cusick, Councilmember Clay, Councilmember

Smotherson, Councilmember McMahon, and Mayor Crow.

Nays: None.

M. NEW BUSINESS

Resolutions (vote required) - none
Bills (Introduction and 1st reading - no vote required)

Introduced by Councilmember Cusick

1. **Bill 9489** – AN ORDINANCE AMENDING SCHEDULE VII OF THE TRAFFIC CODE, TO REVISE TRAFFIC REGULATION AS PROVIDED HEREIN. Bill Number 9489 was read for the first time.

Introduced by Councilmember Smotherson

2. Bill 9490-AN ORDINANCE AMENDING SECTION 400.070 OF THE MUNICIPAL CODE OF THE CITY OF UNIVERSITY CITY, MISSOURI, RELATING TO THE OFFICIAL ZONING MAP, BY AMENDING SAID MAP SO AS TO CHANGE THE CLASSIFICATION OF PROPERTY KNOWN AS LOT A AND COMMON GROUND 2 OF PLAT 4 OF THE MARKET AT OLIVE DEVELOPMENT, FROM "PD" PLANNED DEVELOPMENT COMMERCIAL DISTRICT, "GC" GENERAL COMMERCIAL AND "SR" SINGLE-FAMILY RESIDENTIAL DISTRICT TO "PD" PLANNED DEVELOPMENT COMMERCIAL DISTRICT ("PD-C"). Bill Number 9490 was read for the first time.

N. COUNCIL REPORTS/BUSINESS

- 1. Boards and Commission appointments needed
- 2. Council liaison reports on Boards and Commissions
- 3. Boards, Commissions, and Task Force minutes
- 4. Other Discussions/Business

O. CITIZEN PARTICIPATION (continued if needed) Aren Ginsberg, 430 West Point Court, U City, MO

Ms. Ginsberg stated in the past two weeks U City TNR volunteers have trapped, neutered, vaccinated, and returned seven cats from four municipal sites at no cost to U City taxpayers. Unfortunately, the use of cat food, water, and shelter, continues to spark misunderstandings between the volunteers and code enforcement. Therefore, on behalf of these volunteers, she would respectfully request that Section 210.130 of the Municipal Code be amended to add, "providing food, water, and shelter" to the list of permitted acts. Thanks for your service to our community.

Diane Bonds, 8665 Sloan Drive, U City, MO

Ms. Bonds stated that she is totally against the part of the Mayflower Development that will bring more renters into the area. Currently, renters are residing in The District, Delcrest, and all along Delmar, and new rentals are popping up from 1-70 to Price Road. She stated this development seems to be pushing the residents who live south of McKnight and Mayflower away, and she does not believe this part of the development is necessary.

Ms. Bonds stated she has also requested that the tree in front of her home be removed because dead branches are constantly falling during inclement weather. She stated staff has come out and pruned the tree, but the only thing they removed was the lower branches. And now she has three dents and several scratches on her car that she cannot get repaired until the tree is removed. So, she is here tonight to make another request to have this tree removed. Thank you for your time and service to the community.

P. COUNCIL COMMENTS

Councilmember Cusick stated he has received numerous questions from dog owners about when restorations would be made to the Dog Park and would like to get an update on its status. Mr. Rose stated the Dog Park, as well as Centennial Commons, and the Public Works yard was all damaged during the flood. And while staff has taken steps to clean up these areas, the restoration process will require FEMA's approval to receive federal dollars. So, at this point, all of the information has been provided to FEMA and staff is waiting on their approval to move forward.

Mayor Crow stated there will be a ribbon cutting for Costco at 7:45 a.m. tomorrow and he is hoping that there will be a nice crowd coming out to participate in this long-awaited celebration.

Q. EXECUTIVE SESSION

Motion to go into a Closed Session according to Missouri Revised Statutes 610.021 (1) Legal actions, causes of action, or litigation involving a public governmental body and any confidential or privileged communications between a public governmental body or its representatives or attorneys

Councilmember McMahon moved to close the Regular Session to go into a Closed Session, it was seconded by Councilmember Clay.

Roll Call Vote Was:

Ayes: Councilmember Cusick, Councilmember Smotherson, Councilmember Clay,

Councilmember McMahon, Councilmember Hales, and Mayor Crow.

Nays: None.

R. ADJOURNMENT

Mayor Crow thanked everyone for their attendance and closed the Regular City Council meeting at 7:56 p.m. to go into a Closed Session on the Second floor. The Closed Session reconvened in an open session at 8:38 p.m.

LaRette Reese City Clerk, MRCC From: <u>David Harris</u>

To: <u>Council Comments Shared</u>

Subject: Agenda Items E.1 and K.2 for October 24, 2022 City Council Meeting

Date: Monday, October 24, 2022 11:21:00 AM

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I have comments about Agenda Item E.1 (Approval of Minutes for October 10, 2022, Study Session, Housing and Third Ward Revitalization RFP). The comments relate to the news about the proposed sources of funds for the \$10 million for Ward 3, on page E-1-1.

I also have comments about Agenda Item K.2, the possible Dierbergs at the Market at Olive and the proposed Chapter 100 Program with abatement of 50% of personal property taxes, elimination of the commercial surcharge, and a CID assessment instead of PILOTs, as discussed on pages K-2-1 to K-2-28.

However, because the comments relate to the Market at Olive and Costco is opening tomorrow, and because the agenda items still appear to be more informational than decision-making at this time, I will make my comments at a future meeting.

David J. Harris 8039 Gannon Avenue University City, MO 63130 From: <u>David Harris</u>

To: <u>Council Comments Shared</u>

Subject: Avenir Tax Exemptions – Responses to your reasons from September 27, 2022 meeting

Date: Monday, October 24, 2022 11:10:34 AM

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

For reasons in my September 12, 2022 comments, I disagree with and I am disappointed by your decision to provide the Avenir development a real property tax abatement of at least \$2,185,659 plus a sales tax exemption of at least \$1,041,976 and a use tax exemption of \$222,336 (subtotal \$1,264,312), resulting in a total tax exemption of at least \$3,449,971, by approving Bills 9486 and 9485, respectively, at the September 27, 2022 Council meeting.

At the September 27 meeting, four of you presented some reasons you voted to approve the real property tax abatement, the sales tax exemption, and the use tax exemption (sometimes I refer to the three together as "the tax exemptions" or "the exemptions"). However, you waited until after you voted to approve Bill 9485 and immediately before you voted to approve Bill 9486 to publicly describe those reasons.

Even though it is likely too late to change your minds or to change your approval, here are my responses to and comments about some of your reasons.

To Councilmember Jeffrey Hales

Councilmember Hales, you stated that you "could not find an instance where the process has been remotely as transparent as this one has" and then identified 6 Planning Commission meetings, 11 City Council meetings, and 3 Zoom meetings with residents.

I reviewed the available agendas, minutes, and some recordings for each of the Planning Commission (on the City website, "Plan Commission") and City Council meetings. The exemptions have not been as "transparent" as you stated. Please correct me if I am wrong, but it appears that the following is a more accurate timeline.

- (1) The Chapter 353 real property tax abatement was discussed at the August 26, 2020 Planning Commission meeting, at which the commission recommended, as you said, "a twenty-year tax abatement; the first ten years at 100% and the last ten years at 50%." What you did not say was the recommendation vote was 4-3, indicative of the substantial opposition to the abatement.
- (2) The City Council never publicly discussed or voted on the August 26, 2020 Planning Commission tax abatement recommendation. On September 29, 2020, the Consent Agenda item set a public hearing about the Chapter 353 redevelopment plan and tax abatement. On October 12, 2020, the public hearing was continued until October 26. On October 26, discussion of the abatement was delayed, at your request, until November 9. On November 9, the Council approved a Preliminary Development Plan, but did not discuss or approve the tax abatement. According to the meeting minutes, "approval of a Preliminary Development Plan is merely an authorization to proceed with the preparation of a Final Development Plan."
- (3) The June 14, 2021 City Council meeting, the December 15, 2021, January 26, 2022, and February 23, 2022 Planning Commission meetings, and the March 14 (not 13), 2022 and March 28, 2022 City Council meetings covered other aspects of Avenir, not the exemptions.
- (4) The March 31, 2022 Planning Commission meeting was a continuation from a March 23 meeting agenda item with the request for five years of real property tax abatement. The commission voted against the abatement request by a vote of 4-1.

- (5) The April 11, 2022 and April 25, 2022 City Council meetings covered other aspects of Avenir, not the exemptions.
- (6) At the July 25, 2022 City Council meeting, the City Manager recommended remanding to the Planning Commission the March 31 recommendation against tax abatement and the Council agreed.
- (7) At the July 27, 2022 Planning Commission meeting, the commission voted to recommend the abatement by the same split vote total of 4-3 as two years earlier on the twenty-year abatement.
- (8) On September 12, 2022, the Chapter 353 tax abatement was on the City Council agenda for a first reading as Bill 9485. There was no discussion.
- (9) At the September 27, 2022 meeting, the Council approved Bill 9485, with no discussion.
- (10) The Chapter 100 Bond issue with the sales tax exemption and the use tax exemption was never publicly disclosed or discussed before the first reading on September 12 as Bill 9486.
- (11) At the September 27, 2022 meeting, the Council approved Bill 9486, with no discussion other than the monologues referred to above.
- (12) Much information related to the tax abatement, the sales tax exemption and the use tax exemption was contained in a report by Jonathan Ferry that was not made public until after the September 27, 2022 meeting.

From the foregoing timeline, it is obvious to me there were non-public discussions about the sales tax exemption and the use tax exemption before September 12 and possibly between September 12 and September 27.

From the foregoing timeline, it is likely there were non-public discussions about the tax abatement before September 12 and possibly between September 12 and September 27.

There was a time before you were on the City Council when indications of non-public discussions, undisclosed reports, and minimal or non-existent transparency would have made you question the integrity of a Council decision. What happened to you?

Additionally, you stated, "as it relates to the public comments . . . at the end of the day, the comments in opposition to this project were not even close to those that were in support, which totaled sixty-two." As with your statement about transparency, that observation was not really accurate. The number of comments for the September 27 meeting were more heavily in support (although there were 48 such comments, not 62, when you remove duplicates from the same person or from the same household) with 8 in opposition, the comments for the September 12 meeting were 18 in favor and 15 opposed. Moreover, the comments from the public hearing two years ago were overwhelmingly in opposition to tax abatement or expressed other concerns about the project, including a petition signed by 54 residents.

Does anything I am saying change your perspective about your approval of the exemptions?

To Councilmember Steve McMahon

Councilmember McMahon, to the extent that you agree with Councilmember Hales' presentation of the timeline and transparency, please read my comments above.

You then observed, "one might wonder if these residents actually believe the abatement is unnecessary of if they're hoping that the developer does need it, and the elimination of this abatement will stop the entire project." That was an ad hominem response, meaning you are attacking the residents' – your constituents' - character or motives instead of replying to the residents' – your constituents' - questions or

arguments. How do you feel when your character or your motives are questioned, instead of someone addressing the substance of your opinion? Although I should not need to say it, I will do so, that I believe the abatement is unnecessary for the many reasons explained. I do not know all the other residents who objected to the exemptions, but I will go out on a limb and say I think most if not all of them believe the same as me. Moreover, by trying to distract with an ad hominem response, you never answered or addressed why you think the exemptions are necessary.

To Councilmember Aletha Klein

Councilmember Klein, I was surprised to hear that the City and City Council don't "yet have a policy in place to determine what a reasonable abatement would be for this kind of development." That is concerning, because the City and Council are making decisions without policy guidance. Moreover, that means any developer can ask for anything the developer thinks the developer can get, something that already occurs too much, and is occurring again, for example, with the proposed Dierbergs at the Market at Olive project, a subject for another time.

You stated that "Some in the community believe that this abatement gets funding from the City's budget that could be used for other projects to help the developer offset some of his expenses. This is not the case. There is no fund that the City is taking from to give to the developer that could be used on floodplain buyouts or City services. The City is also not losing a tax revenue stream that it would otherwise have." I recognize, and I assume most of the other residents objecting to the exemptions recognize, that there are not current funds that are being given to the developer. Additionally, your statement does not address the concerns about the exemptions. There is future revenue that is being "lost" by giving it away, or giving it back, to the developer.

Regarding the figures you cited for tax revenue to the Library and the School District, the figures are over a period of five years. In other words, the Library and the School District currently receive \$5,175 and \$65,273 each year from the properties. Over the five years of the tax abatement (2025-2029), they will receive a total of \$25,784 and \$326,364.

After the tax abatement, as you said, "the Library will get \$128,677, and the School District will get 1.590 million dollars." However, that increased amount is over a five-year period, meaning each year, the Library will get \$25,735 and the School District will get \$318,000. Those are increases of \$20,560 and \$252,727 a year from the current amount (about four times more, not "five times" more), a welcome increase but hardly a "huge burst" or something that will result in "better services, improved schools, and more development opportunities." Your statement implies that you think the increase to \$128,677 and \$1,590,000 is every year. Did I misunderstand your statement? If not, does this clarification change your perspective about your approval of the exemptions?

To Councilmember Stacy Clay

Councilmember Clay, I generally understand when you advise "don't allow the perfect to be the enemy of the good." However, with the exemptions, it is not a choice of perfect versus good. It is a choice of whether the exemptions are necessary, particularly for a luxury rental project, or whether they are primarily a tax giveaway to increase a developer's profit. In other words, whether the exemptions are good for the City and its residents, not whether they are perfect.

Additionally, I am struck by the irony that the Avenir developer, Charles Deutsch, contributed to the campaign to increase the sales tax in U. City that everyone would have to pay (Proposition F in April) that was projected to generate \$575,000 per year, yet is seeking a sales tax exemption for himself of over \$1 million, equivalent to about two years of the projected Proposition F revenue, and a total tax exemption of almost \$3,450,000, equivalent to six years of the projected revenue.

Does anything I am saying change your perspective about your approval of the exemptions?

MEMORANDUM

Derean:

TO:

Mr. Gregory Rose, City Manager

FROM:

Darren Dunkle, Director of Parks, Recreation and Forestry

Acting Director of Public Works

DATE:

October 25, 2022

SUBJECT:

Chevy Silverado HD Pickup Trucks – Emergency Purchase

I am following up on our conversation regarding the emergency replacements of vehicles and equipment that were lost in the storm event that took place on July 26th and 28th.

Staff has been contacting vendors across the area to seek out the availability of vehicles and equipment, as there currently is a shortage of inventory of vehicles within the marketplace due the supply chain issues along with the labor market. In doing so, we have been able to locate three (3) Chevrolet Silverado 2500 HD pickup trucks from Jansen Ford to replace One (1) truck within the Solid Waste Division and two (2) within the Parks Division that were lost. Unless other trucks happen to go out of service, this should take care of all of the pickup trucks that were lost in the flood.

The immediate purchase of these pickup trucks will allow to us to put them into action and return the pickup trucks that we are currently leasing from Enterprise.

Accordingly, I request your approval in the emergency purchase of the three (3) Chevrolet Silverado 2500 HD pickup trucks from Jansen Ford in the amount of \$154,822.00

If you have any questions or need additional information, please let me know.

c: Keith Gle

MEMORANDUM

TO:

Mr. Gregory Rose, City Manager

FROM:

Darren Dunkle, Director of Parks, Recreation and Forestry

Acting Director of Public Works

DATE:

November 3, 2022

SUBJECT:

Snow Equipment Replacement – Emergency Purchase

I am following up on our ongoing conversations regarding the emergency replacements of snow and truck related equipment that were lost in the storm event that took place on July 26th and 28th.

From a pickup truck standpoint we have either replaced or are in the process of replacing all of the pickup trucks lost in the flood, however, we are still short dump trucks that were previously used for snow operations but are confident that we will be okay as long as we are able to get all the pickup trucks outfitted with the necessary equipment. At this point, we have ran diagnostic test on all of our equipment and have found that all of the snow plows and three of the harness systems are to be in working order, however, all of the wiring harnesses, controls, mount systems and salt spreaders on the other eight trucks were damaged and would need to be installed on the new trucks.

As such, staff has been reaching out over the past several months to various vendors across the area to seek out the availability of snow related equipment, as there currently is a shortage of inventory within the marketplace due the supply chain issues along with the labor market. In doing so, Kranz of St. Louis has been the most responsive and has indicated that they should be able to outfit all of the identified pickup trucks this month while supplies last.

The immediate approval of the purchase of this equipment will allow to us to put them into action in the event of a winter storm event. Accordingly, I request your approval in the emergency purchase of the identified snow equipment (11 Salt Spreaders, 8 Harness and mount systems) from Kranz in the amount of \$103,375.00.

If you have any questions or need additional information, please let me know.

MEMORANDUM

TO:

Mr. Gregory Rose, City Manager

FROM:

Darren Dunkle, Director of Parks, Recreation and Forestry

Acting Director of Public Works

DATE:

November 3, 2022

SUBJECT:

Pickup Truck Outfitting - Emergency Purchase

I am following up on our ongoing conversations regarding the emergency replacements of truck related equipment that were lost in the storm event that took place on July 26th and 28th.

From a pickup truck standpoint we have either replaced or are in the process of replacing all of the pickup trucks lost in the flood, however, we need to have bedliners sprayed in on eight of the trucks as well as purchase tommy lift gates on six of the trucks.

As such, staff has been reaching out over the past several months to various vendors across the area to seek out the availability of the needed equipment, as there currently is a shortage of inventory within the marketplace due the supply chain issues along with the labor market. In doing so, Kranz of St. Louis has been the most responsive and has indicated that they should be able to outfit all of the identified pickup trucks while supplies last.

Accordingly, I request your approval in the purchase of the sprayed in bedliners as well as the lift gates from Kranz in the amount of \$33,750.00.

If you have any questions or need additional information, please let me know.

LIST CITY COUNCIL G	OALS (S):							
RESPECTFULLY SUBN	NITTED:			MEETING DATE:				
		City Manager, Gregrory Rose			November 14, 2022			

CONTRACT

THIS AGREEMENT, made as of the	day of	2022, by and between City of University City,
MISSOURI (hereinafter called the CITY) as	nd Raineri Constructi	on, LLC, a company with offices at
1300 Hampton Avenue, Suite 100, St. Louis	s, MO 63139 (hereinaf	ter called the CONTRACTOR). The project shall be
identified as Canton Avenue Phase I Road	Project STP-5402(618	3).
WITNESSETH		

The CONTRACTOR and the CITY for the consideration set forth herein agree as follows:

<u>THE CONTRACTOR AGREES</u> to furnish all the necessary labor, materials, equipment, tools and services necessary to perform and complete in a workmanlike manner all work required for the construction of the PROJECT, in strict compliance with the Contract Documents herein mentioned, which are hereby made a part of the Contract.

- **a.** Contract Time: Work under this Agreement shall be commenced upon written Notice to Proceed, and shall be completed within one-hundred-twenty (150) calendar days of the authorization date in the Notice to Proceed.
- b. Liquidated Damages: The Contractor hereby expressly agrees to pay the City the sum of Two Hundred Dollars (\$200.00) per day for each and every day, Sundays and legal holidays only excepted, after calendar days have expired during Or upon which said work or any part thereof remains incomplete and unfinished.
- c. Subcontractors: The Contractor agrees to bind every subcontractor by the terms of the Contract Documents. The Contract Documents shall, not be construed as creating any contractual relation between any subcontractor and the City. No sub-contractor shall further subcontract any of his work.

THE CITY AGREES to pay, and the Contractor agrees to accept, in full payment for the performance of this Contract, the amount as stipulated in the Proposal, which is:

Seven Hundred Ninety-Seven Thousand Dollars Four hundred Fifty-Five and Twenty Cents (\$797,455.20)

Final dollar amount will be computed from actual quantities constructed as verified by the Engineer and in accordance with the unit prices set out in the Proposal.

CONTRACT DOCUMENTS:

The Contract comprises the Contract Documents as bound herein and the Drawings. In the event that any provision of one Contract Document conflicts with the provision of another Contract Document, the provision in that Contract Document first listed below shall govern, except as otherwise specifically stated:

- **A** Contract (This Instrument)
- **B.** Addenda to Contract Documents
- **C.** Conditions of the Contract
- D. Remaining Legal and Procedural Documents
 - 1. Proposal
 - 2. Instruction to Bidders
 - 3. Invitation for Bids
- E. Special Provisions
- F. Annual Wage Order

- G. Standard Specifications
- H. Drawings/Location Maps
- I. General Provisions
- J. Bonds/Attachments
 - 1. Performance & Payment Bonds
 - 2. Bid Bond

AUTHORITY AND RESPONSIBILITY OF THE ENGINEER:

All work shall be done under the general inspection of the Engineer. The Engineer shall decide any and all questions which may arise as to the quality and acceptability of materials furnished, work performed, rate of progress of work, interpretations of Drawings and Specifications and all questions as to the acceptable fulfillment of the Contract on the part of the Contractor.

SUCCESSORS AND ASSIGNS:

This Agreement and all of the covenants hereof shall insure to the benefit of and be binding upon the Owner and Contractor respectively and his partners, successors, assigns and legal representatives. Neither the Owner nor the Contractor shall have the right to assign, transfer, or sublet his interests or obligation hereunder without consent of the other party.

* In making out this form the title that is not applicable should be struck out. For example, if the Contractor is a corporation and this form is to be executed by its president, the words "Sole owner, a partner, secretary, etc." should be struck out.
The Contract contains a binding arbitration provision that may be enforced by the parties.
IN WITNESS WHEREOF, the parties hereto have executed this Agreement:

Re: FHWA Construction Bid Concurrence Request the City of University City, Missouri Canton Avenue Phase I – Road Project, Project No. STP-5402(618)

Homer & Shifrin Job No. 2222300

To whom it may concern:

Horner & Shifrin, Inc. has reviewed all bid packages received by the City of University City for the above referenced project. Based on Horner and Schifrin's recommendation, the City of University City requests FHWA concurrence to award the contract for STP-5402(618) Canton Avenue Road Project to Raineri Construction, Missouri, a MoDOT certified contractor. The total bid amount and the proposed total contract amount is \$797,455.20.

The bid opening was October 27, 2022. A total of three (3) bids were received. All bids received were from bidders that have been pre-qualified with MoDOT. None of the three (3) bids received were declared non-responsive/irregular.

The Disadvantaged Business Enterprise (DBE) goal for this project is 15%. The lowest and second lowest bidders appear to have met this DBE goal.

All bids were correctly tabulated. There was a minor math error in the Spencer Contracting bid; however, this did not affect the lowest and second lowest bids.

The lowest bid received for this project was \$797,455.20 from Raineri Construction, the second lowest bid was \$842,576.34 from Spencer Contracting resulting in a difference of \$45,121.14. The Engineer's Estimate provided to Horner & Shifrin from Horner and Shifrin at bid opening was estimated at \$674,451.85 which is \$123,003.35 under the low bid of \$797,455.20 from Raineri Construction. Upon review of all bids received for this project and the Engineer's Estimate along with the close difference between the two lowest bids, Raineri Constructions low bid of \$797,455.20 appears to be validated.

6801 Delmar Boulevard, University City, MO. 63130

phone: (314) 505-8565 fax: (314) 862-0694

Please find the enclosed back-up information for your use and distribution:

- Bid Tabulation (including Horner and Shifrin's Estimate)
- Bid Packages from both Raineri Construction and Spencer Contracting.
- Each Bid Package contains the following:
 - Executed anti-collusion statements from Raineri Construction and Spencer Contracting
 - · Completed itemized bid form from by Raineri Construction and Spencer Contacting
 - Signed E-Verify Affidavit and Memorandum of Understanding (MOU) from Raineri Construction and Spencer Contracting
 - · Bid Bond from Raineri Construction and Spencer Contracting
 - Affidavit of Publication demonstrating the 21-day advertisement
 - Verification that all bidders received the addendums issued for this project.
 - (No addendum issued on this project)

Once the concurrence is received, City of University City will execute a Commission Order to award the contract. A pre-construction meeting with the City, Contractor, MoDOT, utilities, and Horner & Shifrin will be scheduled at the City of University City office followed by a site visit.

If you have any questions or need additional information to expedite the FHWA concurrence, please do to hesitate to call Eugene Kuelker, Project Manager (314) 505-8565 or Michael C. Harizal of Homer & Shifrin, Inc. at (314) 335-8649. The concurrence is requested as soon as possible.

Eugene Kuelker

Project Manager, City of University City

MUNICIPAL PARK GRANT COMMISSION

GRANT AGREEMENT

This Grant Agreement is entered into and effective this 25th day of October, 2022, by and between the Municipal Park Grant Commission, hereinafter referred to as "Commission" and the City of University City, Missouri, hereinafter referred to as "Grantee" and is subject to the following terms and conditions.

1. Statement of Work

(a) Grantee agrees to accomplish the project scope at Heman Park.

The Scope of Work shown on Exhibit A shall be completed and grant funds shall be used as indicated on Exhibit A. The Commission has allocated the grant amount and approved only certain amounts for the various elements of the Project as specified on Exhibit A. The amount approved for each part of the Project is the stated dollar amount; unused funds for one element of the Project cannot be used for other elements of the Project without approval of the Commission. The Grantee's "Match" as reflected on Exhibit A is based merely on the cost estimate provided; in the event that the actual cost of the work exceeds the cost estimate, Grantee shall be responsible for such costs and Grantee's responsibility shall not be limited to the "Match" set forth on Exhibit A or in the grant application.

Scope of Work

See Exhibit A, attached hereto and incorporated herein

The Grantee (by Grantee or by its public partners) agrees to complete the Scope of Work and to pay the remaining costs for the items listed in the scope of work which are not covered by the grant. And, Grantee agrees to pay for any and all costs above the grant amount to complete the scope of work.

Subject to the other remedies set forth in this Agreement, if there are any items listed in the project scope that are not completed, an appropriate amount will be deducted from the total grant amount awarded; the deduction shall be determined by the Commission and may be based on the costs submitted in the application, bid prices, or other reasonable methodology. Additionally, if a particular item listed in the project scope is completed for a cost which is less than the dollar amount allocated for that particular item, the total grant amount shall be reduced accordingly. However, upon prior approval of the Comission or its designee, up to fifteen percent (15%) of the total grant amount may be moved from one line item to another; provided however, that the entire scope of work shall be completed in accordance with this Agreement and funds may not be moved to alter or increase the nature or scope of any element of the Project. This exception is intended to cover minor cost changes experienced between the time the application was submitted and the time that final bids are received or to slightly modify plans to address unforeseen construction issues. Grantee shall seek written consent within five (5) days of notice of such cost changes.

Only those construction design costs, engineering costs and construction management costs expressly approved by the Commission and specifically set forth in the project scope shall be reimbursed to

the Grantee. If no such items are set forth in the project scope, then such costs have not been approved and no grant funds shall be used for such costs or shall be reimbursed for such costs. When approved, consultant costs attributable to design and engineering services shall not exceed nine percent (9%) of the total Project cost and consultant costs attributable to bidding and construction management shall not exceed six percent (6%). No reimbursement shall be made to Grantee for consultant costs incurred prior to the execution of this Agreement.

Grantee understands that no reimbursement will be made for any cost or expense associated with municipal supplies and labor; equipment rental; or purchase of construction or maintenance equipment to be owned by Grantee. When an approved application includes installation of facilities by municipal employees at municipal costs, the Commission will reimburse for products and materials approved and included in the project scope set forth above.

All items should meet Americans with Disabilities Act (ADA) standards if practical (see, Paragraph 16 of this Agreement). The scope of an item may be slightly modified to comply with ADA but should be similar to the items listed above.

Treated wood products must be free of harmful chemicals.

The City shall post signage for purposes of the Project during construction and for a minimum of sixty days following installation or construction of the Project. Grantee may use signs provided by the Commission or may provide its own sign, which includes, in four-inch letters, acknowledgement of the grant awarded by the Municipal Park Grant Commission. This acknowledgement may be accomplished by stating, "This Project, or a portion thereof, was paid for by a Grant received from the Municipal Park Grant Commission of St. Louis County." In lieu of posting signage during construction, Grantee may install, in the Project area, permanent plaques, provided by the Commission or provided by the Grantee, acknowledging the grant awarded by the Commission.

- (b) The term of this Agreement shall be from the effective date of this Agreement (as defined in Section 25 of this Agreement) until **June 30, 2024**, unless sooner terminated as provided herein. The Project shall be completed, the Grantee's final report shall be submitted, and the final inspection must be completed or scheduled on or before the date set forth in this subsection (b).
- (c) Grantee agrees to provide interim status reports for the work to be performed under this contract from time to time as may be requested by the Commission.
- (d) The final report shall be due within fifteen days of the completion of the Project. The final report may be included in the submission attached hereto as Exhibit B and shall include the following:
 - 1. Date the Project was completed.
 - 2. Final budget for the Project, including a description of the portion of the Project funded by the Grant and a description of the other portions of the Project completed by funds other than the Grant.
 - 3. Photographs of the Project, if possible; and
 - 4. An evaluation of the Project results and benefits, including how the original expectations were met.
- (e) In the event that Grantee engages an independent consultant to assist with Grantee's project, such consultant should not be primary point of contact between the Commission and Grantee. Grantee must review and expressly approve all requests for extensions, requests for reallocation of grant funds and all requests for changes to the Scope of Work submitted by an independent consultant on

Grantee's behalf. If the Grantee's approval is not clearly reflected in such request, the request will not be acted upon by the Commission.

2. Representations of Grantee

The Grantee represents and warrants to the Commission as follows:

- (a) Organization and Authority. The Grantee (1) is a municipal corporation located in St. Louis County and existing pursuant to the laws of the State of Missouri, and (2) the persons executing this Agreement on behalf of the Grantee have the power and authority to execute this Agreement on behalf of the Grantee, to develop the Project as described in Section 1 of this Agreement and to execute and deliver any documents required to be executed and delivered by it in connection with this Agreement and to carry out its obligations hereunder and thereunder.
- (b) No Defaults or Violations of Law. The execution and delivery of this Agreement will not conflict with or result in a breach of any of the terms of any agreement to which the Grantee is a party or by which it or any of its property is bound, or any of the rules or regulations applicable to the Grantee or its property of any court or other governmental body.
- (c) Licenses, Permits and Approvals. The Grantee has or has the ability to obtain all necessary licenses and permits to develop the Project as described in Section 1 of this Agreement under the laws of the State of Missouri and the Grantee will obtain when necessary, all requisite approvals of federal, state, regional and local governmental bodies relating to the Project. The Grantee's Project will be, in all material respects, in compliance with all applicable federal, state and local laws, rules, regulations, codes and ordinances.
- (d) Pending Litigation. No litigation, proceedings or investigations are pending, or, to the knowledge of the Grantee, threatened against the Grantee seeking to limit the development of the Project, or which would in any manner challenge or adversely affect the powers of the Grantee to enter into and carry out the transactions described in or contemplated by the terms and provisions of this Agreement or any other documents to which it is a party.
- (e) Full Disclosure. The information provided to the Commission related to the Project does not contain any untrue or misleading statement of a material fact or omit to state a material fact. There is no fact which the Grantee has not disclosed to the Commission in writing which materially affects adversely or, so far as the Grantee can now foresee, will materially affect adversely the financial condition of the Grantee, its ability to own and operate its properties or its ability to develop the Project.
- (f) Environmental Laws. The Grantee is, to the best of its knowledge, in all material respects, in compliance with all federal, state and local environmental laws, ordinances, regulations and rulings (collectively, "Environmental Laws"); the Grantee has received no notice of any alleged violation of any Environmental Laws; and the Grantee will continue to comply, in all material respects, with all Environmental Laws.

3. Payment

Commission agrees to grant to Grantee an amount not to exceed the sum of \$575,000.00 for accomplishment of the work related to the Project (described in Section 1(a) above).

Subject to the other remedies set forth in this Agreement, if there are any items listed in the project

scope that are not completed, an appropriate amount will be deducted from the total grant amount awarded; the deduction shall be determined by the Commission and may be based on the costs submitted in the application, bid prices, or other reasonable methodology. Additionally, if a particular item listed in the project scope is completed for a cost which is less than the dollar amount allocated for that particular item, the total grant amount shall be reduced accordingly subject to the exception set forth in Section 1 of this Agreement.

The Commission shall make disbursements of the grant to the Grantee, and the Grantee shall receive such proceeds from the Commission, for the purposes and upon the terms and conditions provided in this Agreement.

Grant funds will be disbursed to Grantee as reimbursement for Project costs incurred by the Grantee. Disbursements shall be made upon final completion of the Project as outlined in the Scope of Work. However, if the grant is awarded for only certain items or components of a large, multi-faceted Project, upon consent of the Commission, disbursements may be made upon completion of those items or components subject to repayment of the grant to the Commission in the event that the overall Project is not completed.

Reimbursement funds will only be disbursed upon presentation of a written request by the Grantee on a form approved by the Commission and following an inspection of the Project.

A disbursement request form is attached hereto as Exhibit B; however, the Commission may make any changes to the request form it deems advisable during the term of this Agreement. All request forms shall be accompanied by supporting documents to evidence the expenditure related to the development of the Project, a summary of completed activities for which grant funds are requested, and a certification by the Grantee that all materials, supplies and contractual services were properly bid and that the expenditures in all other respects conform to applicable law.

As a condition of disbursement, Grantee shall make the Project grounds available for inspection by a Commission designee.

4. Completion of the Project

- (a) The Grantee shall cause the Project to be diligently and continuously pursued and to be completed with reasonable dispatch, but in no event later than the date listed in Section 1(b).
- (b) The Grantee agrees that if the Project cost estimate is exceeded for any reason and the amount of the grant is not sufficient to complete the Project, Grantee will provide, from its own funds, all moneys necessary to complete the Project substantially in accordance with the Grantee's application for the grant related to the Project.
- (c) The Grantee understands that if the Project described in this Agreement is completed for an amount less than that approved by Commission, then the Commission will only reimburse the actual cost of the Project.
- (d) The Grantee may make, authorize or permit such changes or amendments in the Project as it may reasonably determine to be necessary or desirable; provided, however, that no such change or amendment shall be made to the Project that would cause a material change in the cost, scope, nature, or function of the Project, unless the Grantee shall have obtained the prior written consent of the Commission. Grantee agrees to provide all funding for all such changes and amendments.

5. Bids

Grantee acknowledges through the acceptance of the grant that a competitive bidding procedure shall be utilized for the acquisition of supplies, materials, equipment, and all contractual services, with the exception of professional services. Such competitive bidding procedure shall also be utilized for all change orders which alter the Scope of Work.

If Grantee has its own formal purchasing policies and ordinances requiring certain bidding procedures, Grantee may follow its own policies and ordinances and subparagraphs (a) through (g) of this Section 5 shall not apply to Grantee.

If Grantee does not have formal purchasing policies or ordinances containing bidding procedures, Grantee agrees to follow the bidding procedure set forth in subparagraphs (a) through (g) of this Section 5.

Regardless of the bidding procedures followed, copies of all advertisements, notices, bid packages, bid forms, bond forms, bids, proposals, contracts for goods and services and all other documents related to materials, supplies or contractual services for completion of the Project shall be made available to the Commission upon request.

- (a) Formal Written Bids Required. Supplies, materials, equipment and contractual services (except professional services) needed for the Project shall be procured only after advertisement and receipt of formal written bids when the value of the procurement is in excess of three thousand dollars (\$3,000,00). No contract or purchase shall be subdivided to avoid competitive bidding procedures.
- (b) Advertisement / Notice. Such bids shall be invited through a notice published in a newspaper of general circulation in the county, at least two (2) weeks prior to the date specified for submission of bids. A public notice shall also be posted in a prominent and public place in the City. Such notice shall include: A general description of the item or items to be purchased; the conditions of such purchase; the place where specifications and bid forms may be secured; the time and place for submitting such bids; the time and place for acceptance of bids. Grantee may also solicit bids by mailing copies of the specifications and bidding documents to prospective vendors.
- (c) Sealed Bids. All bids shall be sealed, shall be identified as bids on the envelope and shall be submitted within the time and at the place stated in the public notice inviting bids. The time of receipt of each bid shall be entered by the receiving employee on the envelope containing such bid. The Grantee shall publicly open all bids at the time and place designated in the notice to bid.
- (d) Prevailing Wage. Prevailing wage shall be paid on all projects as required by Section 290.230 R.S.Mo. The prevailing wage information must be provided before advertisement for bids (Sections 290.320 and 290.325 R.S.Mo.) and must be incorporated into the Grantee's contracts related to the Project (Section 290.250 R.S.Mo.).
- (e) Performance and Payment Bonds. Grantee shall require all contractors to furnish to Grantee performance and payment bonds as required by Section 107.170 R.S.Mo.
- (f) Award of Contract. Grantee shall select the lowest responsible bidder. In determining whether a bidder is qualified, Grantee shall consider the experience of the bidders and shall check all references for bidders prior to award of the contract. If a bidder has failed to list references for the particular type of work solicited, the bid shall be rejected.

5

(g) Professional Services. Unless an architect, engineer, planner, land surveyor or other similar consultant is already under contract, Grantee may hire such qualified professionals after soliciting qualifications and negotiating a fee proposal from the most qualified firm.

6. Records

The Grantee shall keep proper books of record and account, in which full and correct entries shall be made of all dealings or transactions of or in relation to the properties, business and affairs of the Grantee and the Project in accordance with generally accepted accounting principles.

The Grantee shall at any and all reasonable times, upon the written request of the Commission and at the expense of the Grantee, permit the Commission by its representatives to enter and inspect or audit the properties, books of account, records, reports and other papers of the Grantee relating to the Project, except personnel records, and to take copies and extracts therefrom, and will afford and procure a reasonable opportunity to make any such inspection, and the Grantee shall furnish to the Commission any and all information as the Commission may reasonably request, and at the expense of the Grantee, including such statistical and other operating information requested on a periodic basis, in order to enable the Commission to make any reports required by law or governmental regulations and to determine whether the covenants, terms and provisions of this Agreement have been complied with by the Grantee.

7. Grantee's Continuing Obligation to Maintain and Use Improvements

Grantee acknowledges that, unless otherwise specifically provided, improvements funded by Commission grants shall be presumed to have a minimum useful life of ten (10) years, absent acts of God, unforeseen health or safety concerns, or other extraordinary circumstances as may be determined by the Commission in its sole discretion.

Therefore, Grantee shall maintain in good condition, operate and use the improvements for public benefit continuously throughout that ten (10) year period as measured from the date of reimbursement by the Commission to the Grantee with respect to the specific improvement in question.

If Grantee shall fail to so maintain, operate and use the funded improvement, the Commission may, after affording the recipient an opportunity to be heard and in addition to any other remedies available at law or in equity, disqualify the recipient from grant eligibility for the unused portion of the presumed minimum useful life and/or recover that percentage of the funding grant at issue equal to the unused portion of the presumed minimum useful life.

This provision shall survive expiration or other termination of this Agreement.

8. Authority to Contract

The Grantee shall not have the authority to contract for, or on behalf of, or incur obligations on behalf of the Commission. However, the Grantee may contract with qualified providers of services, provided that any such contract shall acknowledge the binding nature of this Agreement, and incorporate this Agreement, together with its attachments. The Grantee agrees to be solely responsible for the performance of any contractor.

9. Compliance with Laws and Regulations

6 J - 4 - 7

The Grantee shall conduct its affairs and carry on its business and operations in such manner as to comply with any and all applicable laws of the United States of America and the several states thereof and to observe and conform to all valid orders, regulations or requirements of any governmental authority applicable to the conduct of its business and operations and the development of the Project, including without limitation environmental laws, orders or regulations.

10. Licenses and Permits

The Grantee shall procure and maintain all licenses and permits necessary or desirable in the operation of its business and affairs and the development of the Project.

11. Indemnity

The Grantee shall indemnify and hold harmless the Commission and its directors, officers, employees and agents from and against all loss, liability, damage or expense arising out of the execution of this Agreement, including, but not limited to, claims for loss or damage to any property or injury to or death of any person, asserted by or on behalf of any person, firm, corporation or governmental authority arising out of or in any way connected with the Project, or the conditions, occupancy, use, possession, conduct or management of, or any work done in or about the Project. The Grantee shall also indemnify and hold harmless the Commission and its directors, officers, employees and agents from and against, all costs, reasonable counsel fees, expenses and liabilities incurred by them in any action or proceeding brought by reason of any such claim, demand, expense, penalty, fine or tax. If any action or proceeding is brought against the Commission or its directors, officers, employees or agents by reason of any such claim or demand, the Grantee, upon notice from the Commission, covenants to resist and defend such action or proceeding on demand of the Commission or its directors, officers, employees or agents. The Grantee shall also indemnify and hold harmless the Commission from and against, all costs, expenses and charges, including reasonable counsel fees, incurred after default of the Grantee in enforcing any covenant or agreement of the Grantee contained in this Agreement.

12. Events Constituting Default

The term "event of default" wherever used in this Agreement, means any one of the following events (whatever the reason for such event and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

- (a) default of any covenant or agreement of the Grantee in this Agreement, and continuance of such default or breach for a period of 30 days after there has been given to the Grantee by the Commission a written notice specifying such default or breach and requiring it to be remedied; provided, that if such default cannot be fully remedied within such 30-day period, but can reasonably be expected to be fully remedied, such default shall not constitute an event of default if the Grantee shall immediately upon receipt of such notice commence the curing of such default and shall thereafter prosecute and complete the same with due diligence and dispatch; or
- (b) any representation or warranty made by the Grantee in this Agreement or in any written statement or certificate furnished to the Commission proves untrue in any material respect as of the date of the issuance or making thereof and shall not be corrected or brought into compliance within 30 days after there has been given to the Grantee by the Commission a written notice specifying such default or breach and requiring it to be remedied; provided, that if such default cannot be fully remedied within such 30-day period, but can reasonably be expected to be fully remedied, such default shall not constitute an event of

7

J - 4 - 8

default if the Grantee shall immediately upon receipt of such notice commence the curing of such default and shall thereafter prosecute and complete the same with due diligence and dispatch; or

- (c) the entry of a decree or order by a court having jurisdiction in the premises for relief in respect of the Grantee, or adjudging the Grantee as bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, adjustment or composition of or in respect of the Grantee under the United States Bankruptcy Code or any other applicable federal or state law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of or for the Grantee or any substantial part of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order remains unstayed and in effect for a period of 90 consecutive days; or
- (d) the commencement by the Grantee of a voluntary case, or the institution by it of proceedings to be adjudicated a bankrupt or insolvent, or the consent by it to the institution of bankruptcy or insolvency proceedings against it, or the filing by it of a petition or answer or consent seeking reorganization, arrangement or relief under the United States Bankruptcy Code or any other applicable federal or state law, or the consent or acquiescence by it to the filing of any such petition or the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Grantee or any substantial part of its property, or the making by it of an assignment for the benefit of creditors, or the admission by it in writing of its inability or its failure to pay its debts generally as they become due, or the taking of corporate action by the Grantee in furtherance of any such action.

13. Exercise of Remedies by the Commission Upon Default

Upon the occurrence and continuance of any event of default under this Agreement, unless the same is waived as provided in this Agreement, the Commission shall have the following rights and remedies, in addition to any other rights and remedies provided under this Agreement or by law:

- (a) Right to Bring Suit, Etc. The Commission may pursue any available remedy at law or in equity by suit, action, mandamus or other proceeding to realize on or to foreclose any of its interests or liens under this Agreement, to enforce and compel the performance of the duties and obligations of the Grantee as set forth in this Agreement and to enforce or preserve any other rights or interests of the Commission under this Agreement existing at law or in equity.
- (b) Termination of Disbursements. To terminate the obligation to disburse any further proceeds of the grant and to require the Grantee to repay moneys advanced prior to the date of receipt of notice of termination from the Commission, together with interest at the statutory rate as of the termination of the obligation to make disbursements, plus one percent.

If the Grantee should default under any of the provisions hereof, and the Commission shall employ attorneys or incur other expenses for the enforcement or performance of any obligation or agreement on the part of the Grantee, the Grantee will on demand pay to the Commission the reasonable fees of such attorneys and such other expenses so incurred.

14. Rights and Remedies Cumulative

No right or remedy herein conferred upon or reserved by the Commission is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or

otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

15. Termination / Return of Grant Funds

Upon the occurrence, and continuance after the appropriate notice period as set forth in this Agreement, of any event of default under this Agreement, this Agreement shall automatically terminate.

Upon the termination of the Agreement by virtue of the expiration of the term of the Agreement, an event of default, or for any other reason, all grant funds which have been given to the Grantee for the Project shall be returned to the Commission immediately upon termination of the Agreement.

16. Nondiscrimination

Grantee agrees to comply with all applicable requirements of federal and state civil rights and rehabilitation statutes, rules, and regulations.

17. Compliance with Americans with Disabilities Act

Grantee agrees to comply with the Americans with Disabilities Act (ADA) in that no person shall on the grounds of a disability be excluded from participation in, be denied the benefits of, or be otherwise subject to discrimination under this program.

18. Applicable Law

This agreement shall be governed by and construed in accordance with the laws of the State of Missouri.

19. Captions

The captions or headings in this Agreement are for convenience only and in no way define, limit, or describe the scope or intent of any provisions of this Agreement.

20. Amendments

The terms of this Agreement shall not be waived, altered, modified, supplemented, or amended, in any manner whatsoever, except by written instrument signed by the parties.

21. Notices

All notices and communications shall be sufficiently given when delivered or mailed, postage prepaid, to the parties at the location set forth below or at a place designated hereafter in writing.

22. Successors to Interest

The provisions of this Agreement shall be binding upon and shall inure to the benefit of the parties hereto, and their respective successors and assigns.

23. Severability

The parties agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction, to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held to be invalid.

24. Waiver

The failure of the Commission to enforce any provisions of this Agreement shall not constitute a waiver by the Commission of that or any other provision.

25. Effective Date of Agreement

The effective date of this Agreement shall be that date shown on the first page of this Agreement.

26. Entire Agreement

This Agreement constitutes the entire agreement between the parties. Exhibits A and B are attached hereto and incorporated herein as if fully set forth. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. There are no understandings, agreements, or representation, oral or written, not specified herein regarding this Agreement. Grantee, by the signature below of its authorized representative, hereby acknowledged that the Grantee has read this Agreement, understands it, and agrees to be bound by its terms and conditions.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date entered above.

MEMORANDUM

DATE:

October 24, 2022

TO:

Round 23 Grant Awardees

FROM:

Municipal Park Grant Commission, Jim Brasfield, Chairman

RE:

Grants Approved in Round 23

(Please distribute to park staff & city officials)

Congratulations! The grant your municipality requested was approved by the Municipal Park Grant Commission. Total grant requests in Round 23 were just over \$12 million. The Commission had \$9.9 million available for grant funding this year. 35 applications were submitted and 24 were approved this round. The municipalities and awarded amounts are attached.

Including this round, 435 municipal grants have been funded totaling over \$99 million. A detailed list of all the grants funded over the years can be found in the annual report available online at the Parks website. http://www.muniparkgrants.org. The Commission works diligently to ensure they allocate funds the same year received to benefit your citizens as soon as possible.

You will receive your agreement soon. Please review it carefully, obtain signatures and return it before you begin your project. Note that the time frame for completing projects has increased from 12 to 18 months, to help reduce the need for extensions. If you have any questions contact the Municipal League Office at 314-726-4747. Thank you for your participation in the Municipal Park Grant program. We appreciate all the support and hard work you put into making the program a huge success. We could not do this without your partnership!

We would like to acknowledge the dedicated service of the Advisory Committee who volunteer their time and talents each year reviewing the applications. Their experience, professionalism and input is invaluable to our program.

Eric Gruenenfelder, Parks Director, Brentwood, Chairman Tracey Anderson, City Administrator, Maryland Heights Chris Conway, Parks Director, Ballwin Scott Davis, Parks Director, Webster Groves, Brendan Kane, Parks Director, Bridgeton Jimmy Kirincich, Parks Director, Bellefontaine Neighbors Tom McCarthy, Parks Director, Chesterfield Dave Musgrave, Parks Director, Ferguson Katy Nieman, Parks Director, Rock Hill

1st Quarter September 30, 2022

FY2023 Presentation

By
Keith Cole
Director of Finance

General Fund - Revenues

Adjusted Budget \$23,458,250

YTD Actual \$3,144,648

Actual as % of Adjusted Budget 13.4%

Increase/(Decrease) compared to

same quarter of FY2022 \$244,509

Key Points:

- Increase is Grant Revenue of roughly \$358,000, or 148.1%. The increase due to receiving the last portion of the Safer Grant. This closes out the grant.
- Increase in Services Charges of roughly \$206,000, or 1.7%. The increase mainly from Ambulance Services.
- Decrease in Municipal Court & Parking of roughly \$81,000, or (49.8%). Decrease mainly due to collecting less in parking fines, court fines, and court costs compared to previous year.
- Decrease in Miscellaneous Revenue of roughly \$233,000, or (94.0%). Decrease mainly due to receiving a health plan surplus distribution from St. Louis Area Ins. Trust in previous year.
- Note: The bulk of property tax revenue the City receives, will come during the months of December 2022 and January 2023.

Overall, revenues as a percent of budget show a slight increase of 1.7% when compared to the same quarter of FY22.

General Fund - Expenditures

Adjusted Budget \$28,112,695

YTD Actual \$7,378,083

Actual as % of Adjusted Budget 26.2%

Increase/(Decrease) compared to

same quarter of FY2022 \$1,996,181

Key Points:

- Increase in expenditures in Public Works and Parks & Recreation of roughly \$1,368,000. This is mainly due to the emergency purchases of vehicles and equipment related to the flood.
- Increase in expenditures in Police Department of roughly \$186,000, or 9.1% compared to same quarter of FY22. This is mainly due to emergency purchases of three (3) Dodge Durangos as a result of the flood.
- Increase in expenditures in Fire Department of roughly \$389,000, or 32.2% compared to same quarter of FY22. This is mainly due to flood mitigation of Firehouse 1 and the hiring of three open firefighter positions.

Overall, the expenditures as a percent of budget increased by 6.3% when compared to the same quarter of FY2022.

Capital Improvement Sales Tax - Revenues

Adjusted Budget \$2,501,200

YTD Actual \$246,590

Actual as % of Adjusted Budget 9.9%

Increase/(Decrease) compared to

same quarter of FY2022 (\$38,110)

Key Points:

Sales Tax revenue decreased roughly 0.8% during the 1st Quarter of FY2023, compared to same quarter of FY22.

Capital Improvement Sales Tax - Expenditures

Adjusted Budget \$2,191,010

YTD Actual \$62,244

Actual as % of Adjusted Budget 2.8%

Increase/(Decrease) compared to

same quarter of FY2022 (\$21,222)

Key Points:

Decrease in expenditures mainly from the purchase of the 6th Nissan Leaf Electric Vehicle that was purchased in 1st quarter of FY2022.

Park and Stormwater Sales Tax - Revenues

Adjusted Budget \$1,321,000

YTD Actual \$126,541

Actual as % of Adjusted Budget 9.6%

Increase/(Decrease) compared to

same quarter of FY2022 \$46,405

Key Points:

Sales Tax revenue for the first quarter of FY2023 has shown an increase of roughly 57.9% when compared to the same quarter of FY2022.

Park and Stormwater Sales Tax - Expenditures

Adjusted Budget \$1,270,920

YTD Actual \$44,847

Actual as % of Adjusted Budget 3.5%

Increase/(Decrease) compared to

same quarter of FY2022 \$6,395

Key Points:

Increase in expenditures due to having three (3) pay periods in the month of September 2022. In PY, the 3rd pay period occurred in October 2021, 2nd Quarter.

Public Safety Sales Tax - Revenues

Adjusted Budget \$2,001,000

YTD Actual \$204,227

Actual as % of Adjusted Budget 10.2%

Increase/(Decrease) compared to

same quarter of FY2022 (\$6,745)

Key Points:

Even with a slight decrease, the 1st quarter revenue of FY23, appears to be within reason when compared to 1st quarter of FY2022.

Public Safety Sales Tax - Expenditures

Adjusted Budget \$440,195

YTD Actual \$158,518

Actual as % of Adjusted Budget 36.0%

Increase/(Decrease) compared to

same quarter of FY2022 \$10,792

Key Points:

The increase in expenditures as compared to FY2022 is mainly due to allocating a portion of the HR Director's salary to Public Safety for handling of Police and Fire's HR benefits. In FY2022, the HR position was open for most of the 1st Quarter.

Project Information

OMCI Subdistrict

University City branch of River Des Peres OMCI Grant Reimbursement Area

OMCI Reimbursement Amount requested \$46,100.00

Project Name:

8436 & 8444 Old Bonhomme Rd Garages Flood Prevention

Project Address:

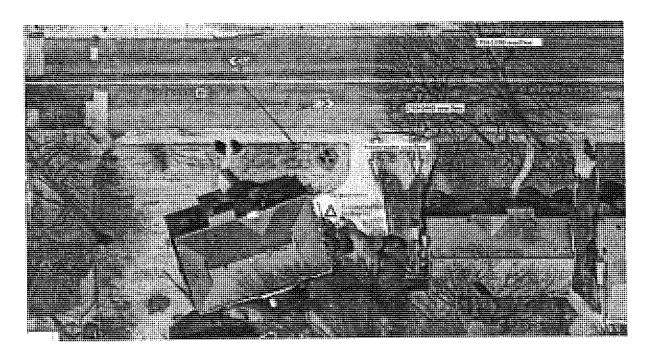

8436 Old Bonhomme Rd and 8444 Old Bonhomme Rd

Problem being addressed: During intense rainfall of approximately 1.99 inches/hr for 20 mins, the MSD sewer at this location is full resulting in street stormwater overflowing from the street into and flooding both garages and the basement of 8444 of these residences.

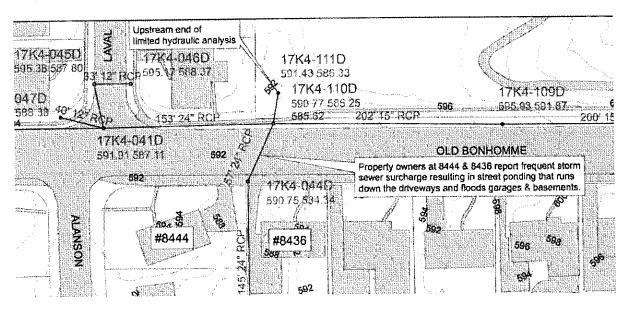

Project description: Current conditions present a flooding problem for the 2 garages of 8436 and 8444, and the basement of 8444. Continued persistent flooding also exerts water pressure on the basement walls and potentially can lead to catastrophic collapse of the basement cinderblock walls. The proposed solution is to block the flood water with a barrier installed at the entrance of each garage.

Draft: MINUTES OF THE STORMWATER COMMISSION April 5, 2022

- **1. Call to Order.** The twenty-first meeting of the Stormwater Commission (Commission) was called to order at 6:33 PM by Chair Todd Thompson.
- 2. Attendance-Roll Call. The following Commission members were present at the Community Center: Garry Aronberg, Bob Criss, Mark Holly, Todd Thompson, Eric Stein. Also in attendance were Tim Cusick, Councilman, Sinan Alpaslan, Director of Public Works, John Mulligan, City Attorney.
- **3. Agenda.** The Following Agenda was approved by voice vote (motion and second: Messrs. Thompson, Aronberg):

Roll Call; Approval of Agenda; Approval of Minutes; Announcements by Commissioners, Citizen Comments Committee Reports: Early Warning, Communication, New Business, Old Business, Council Liaison Comments; Adjournment.

4. Minutes. The minutes of the March 1, 2022, Commission meeting were approved (Messrs. Thompson and Holly, voice vote approval).

5. Announcements

- USGS meter has been malfunctioning but has been repaired.
- Councilman Cusick introduced Doug Gilberg may be nominated to serve on the Commission by Councilman Smotherson.

6. Citizen Comments.

• Two speakers will speak during new Business section.

7. Subcommittee Reports.

- Communication Subcommittee.
 - Criss's Hydrologic time scale paper accepted for publication... showing RDP is one of the flashiest rivers.
 - Professional website developer will be invited to a future meeting to discuss what we can do with the site.
- Early Warning
 - o Earl warning system info will be sent to Jeff Riepe of MSD.
 - o Nine stage sensors have been installed in RDP by Commissioners Criss and Stein.
- USACE report:
 - Thompson and Alpaslan had a mtg on detention plan including MSD's Jeff Riepe. NEPA and Open Space Park Grant money are concerns regarding the Overland-Woodson Road detention basin feasiblity.
 - o May 3 is next USACE milestone.
 - o Overland is supportive and willing to work through National Park Service concerns.
 - o USACE has provided us with windshield survey data.

8. New Business

 8436 and 8644 Old Bonhomme – Will Wainwright and Edmond Koh, respectively, discussed flooding from street overflow into their yards.

Storm Water Commission 6801 Delmar Boulevard, University City, Missouri 63130, Phone: (314) 505-8560, Fax: (314) 862-0694

- City Share of Deer Creek OMCI funds could be used for 8436 and 8644 Old Bonhomme storm improvements but insufficient balance now for sewer replacement project.
- o Mr. Alpaslan informed us that MSD is developing a project for that area to upsize sewers in the area but MSD's program is unlikely to be implemented soon.
- o Wainwright:
 - Garages are in basements, so driveways lie lower than the street. Stormwater frequently overtops curb and flows into his basement and into Mr. Koh's basement.
 - He urged new sewer to 600-ft to northwest.
 - Mr. Wainwright discussed other alternatives City should consider In lieu of new public sewer:
 - Discussed closing off his drive and under-house garage.
 - Discussed flood proofing basement garage doors with commercially available floodproofing planks.
 - Would like City financial assistance for the planking floodproofing option.
- o Koh pointed-out that the drainage that overtops the curb is public water in private property.
- Motion (Aronberg, Thompson): In response to property owners request, Commission recommends City of U City fund floodproofing planks at 8436 and 8444 Old Bonhomme garage doors. Passed by voice.
- Motion: (Criss, Stein) Commission recommends that the City use OMCI money for Floodproofing projects. Passed by voice vote.

9. Old Business.

- Stormwater survey: ready to print and mail...but not postage pre-paid. Mailing in two weeks.
- Stein, Criss, Cusick will visit houses that have not responded.
- Code red frequently asked questions may be mailed at another time; not with the questionnaire.

10. Councilman Cusick Comments.

- U City in Bloom April 29 weekend
- Loop food festival soon
- Memorial Day run
- Ruth Park Woods cleanup is progressing, and volunteers are sought.
- Library is open in temporary quarters in kitty corner southwest from City Hall.
- Costco on schedule to open in the fall.

11. Adjournment was at 8:59 (Holly, Stein) motion passed.

Minutes Preparation. Minutes were prepared by Garry Aronberg.

November 2, 2020

Ed Koh 8444 Old Bonhomme Rd. University City, MO 63130

Re: 8444 Old Bonhomme Rd. Rd. Stormwater Study

Dear Mr. Koh:

As authorized by you, Reitz & Jens, Inc. (RJ) evaluated the performance and capacity of the existing central stormwater handling system extending from the Ruth Park Golf Course to the south between 8444 & 8436 Old Bonhomme Road and is providing this letter report with our assessment and concept-level recommendations. See Appendix I for maps of the study limits and calculations, and Appendix II for photos of the study area. A discussion of the assessment and suggestions on potential courses of action follows.

An accurate assessment of the main stormwater handling system involves detailed modeling of a large stormwater pipe network downhill of your house, because undersized pipes downstream can propagate backwater upstream. This letter report instead provides a simplified conservative assessment that will help you understand the performance of the system and will help you determine courses of action.

Summary

The capacity of the stormwater handling system between 8444 and 8436 Old Bonhomme Road does not meet current MSD design criteria for storm sewer systems. The system surcharges and therefore does not adequately convey the 2-year 20-minute design storm, let alone the larger 15-year 20-minute storm that is required by *MSD Rules and Regulations and Engineering Requirements for Sanitary Sewer and Stormwater Drainage Facilities* (February, 2008). Calculations dictated by MSD regulations support what you and your neighbor have already experienced first-hand. The system does not have sufficient capacity during this design storm, so overland flow surcharges and floods the street. The vertical curve of Old Bonhomme Road has a lowpoint in front of 8444 & 8436, where street flooding is not contained within the street, and instead overtops the street gutter and flows down both driveways into the sumped garages of 8444 and 8436. The following letter report details our calculations and summary of courses of action. The most effective remedy to allow continued use of your garages is to replace the undersized main stormwater handling system with larger pipes, therefore we recommend that you provide this assessment to MSD and the City of University City, request that their engineers confirm the issue, and request that they add this project to their list of capital improvement projects.

Data collection

St. Louis County online GIS records show that homes in this community were built throughout the late 1940s and early 1950s, and it is reasonable to assume the main trunk of the stormwater system was installed during or shortly after home construction. Because MSD was established in 1954, it is also reasonable to assume that the system was not necessarily designed to meet current MSD design and construction standards (i.e. pipe sizing methods, required pipe depth/slope, etc.) that would dictate the design of a new system installed today.

RJ obtained MSD digital CAD mapping for topography (2-feet contours), base maps (property lot lines, building footprints and paving), and facility maps (stormwater handing system locations and elevations). A review of MSD's contours shows that the top of structure elevations cannot be correct. Our assessment does not include field-run survey, therefore, available LiDAR data was used to revise the top of structure elevations, and field-measured depths were used to revise the structure invert elevations (a.k.a. flowlines). LiDAR data appears to correspond well with MSD 2-feet contour data.

Current LiDAR data (grid 38090_f3) was downloaded from the University of Missouri (https://msdis.maps.arcgis.com/), with meta-data (a.k.a. description and provenance) that supports its use in conceptual assessments such as this letter report. "This project combines the varied interests of the NRCS, USGS, SEMA, MO-DNR, USACE, MSD & MO

8444 Old Bonhomme Rd. Stormwater Study November 2, 2020

Department of Conservation to collect detailed ground elevation data from Aerial LiDAR Sensors for approximately 6575 Square Miles into a unified collection and processing project to benefit the US Government. These partners require high-resolution digital elevation data developed from Aerial LiDAR collection in the following Missouri Counties: Monroe, Audrain, Montgomery, Ray, Livingston, Randolph, Howard, Cooper, Putnam, Sullivan, Adair, Macon, Lincoln, St. Louis & St. Francois. The areas to be collected may only cover the portions of the counties without existing data. These data will then be used to generate digital elevation models and contours for use in hydraulic/hydrologic models and other purposes to include conservation planning activities and environmental assessments." "All deliverables meet or exceed standards for both vertical and horizontal accuracy as stated in NDEP Guidelines for Digital Elevation Data, Version 1.0 for NSSDA of 95% confidence for 2-ft contours and ASPRS Class I Standards."

The following table shows the structure elevations as reported by MSD facilities mapping, and the revised elevations used by RJ for the current assessment. Future detailed analyses should include field-run survey, but the data used in this study are appropriate for a simplified conservative assessment.

17K4-063D	578.02	584.32		6.3						

Site

The *main stormwater handling system* is located between 8444 and 8436 Old Bonhomme Road. The garage floors for both 8444 and 8346 are at the bottom of driveways that slope down approximately 4 feet below the elevation of Old Bonhomme Road. The backyards to the south of the driveways are also approximately 2 feet above the garage floor. In other words, both the garages are in localized sumps.

The 24-inch reinforced concrete pipe (RCP) crossing Old Bonhomme Road is experiencing joint-separation. The joints between pipe segments are separating, and will require repair at some point. However, the 24-inch RCP between 8444 and 8436 Old Bonhomme Road appears to be in good condition. The property owners indicated that a large diameter water main runs down Old Bonhomme and crosses this storm sewer pipe. The depth of that water main was bit available, but may have influenced the current storm sewer system design/construction.

K - 5 - 7

Left Photo: Pipe between structures 17K4-110D & 17K4-044D, taken from 044D looking upstream.

Right Photo: Pipe between structures 17K4-044D & 17K4-061D, taken from 044D looking downstream.

Hydraulic Capacity Assessment

The watershed for the *main stormwater handling system* serves 20 acres of drainage that includes three main inputs. The west watershed is the largest at 10 acres and extends 900 feet to McKnight. The golf course adds 7.5 acres. The east watershed is the smallest at 2.6 acres and extends 800 feet to the intersection of Groby Road and Old Bonhomme Road. Appendix I Sheet 2 shows the watershed delineations.

Hydraulic capacity will be discussed with respect to the magnitude of storm event that the system will accept and convey. For example, a 1-year storm represents a strong thunderstorm while a 100-year storm represents a historic flood. MSD stormwater systems are designed to convey a 15-year storm with an assumed time of concentration of 20 minutes. Appendix I includes a tabulated summary of the existing conditions design storm discharges (Appendix I, Tables 1 & 2). Also included are hydraulic conveyance calculations for the MSD-stipulated 15-year design storm (4.7 inches / hour) and 2-year design storm (3.1 inches per hour) each having a 20-minute storm duration.

The *main system* will not convey a 2-year storm or larger event. Calculations indicate that during these storm events the system surcharges the inlet grates, ponds in the road, overtops the roadway gutters, then flows down the driveways and temporarily ponds in the garages of 8444 and 8436 Old Bonhomme Road A 2-year storm has a probability of 50% chance of occurring in any given year. Therefore, the probability of system surcharge is approximately 50% chance in any given year.

The primary cause of surcharge is pipes with insufficient diameter and/or slope between curb inlet 17K4-110D and at least 17K4-063D. The pipe that handles the golf course drainage has sufficient capacity in and of itself, but the backup from undersized pipes downstream creates lack of capacity here as well.

Computational methods used for the assessment are as follows. Hydrology was estimated in accordance with MSD Rules and Regulations, which uses the Rational Method (regional intensity curves and landuse coefficients). Hydraulics were also estimated in accordance with MSD Rules and Regulations for calculating hydraulic gradelines (HGLs). This letter report used a simplified conservative assessment of hydraulic gradeline by limiting the analysis to the 5 MSD structures as shown on the mapping in Appendix I, and assumed the HGL was at the top of pipe at structure 17K4-063D. It was not necessary to extend calculations to include of a larger portion of the stormwater handling system, as these limited analyses shows that the system lacks sufficient capacity, and extending the study further downstream could only show that conditions are even worse if this downstream portion is also undersized.

Documented Flooding History

The system does not have sufficient capacity during this design storm, so <u>overland flow</u> surcharges and floods the street. The vertical curve of Old Bonhomme Road has a lowpoint in front of 8444 & 8436, where street flooding is not contained within the street, and instead overtops the street gutter and flows down both driveways into the sumped garages of 8444 and 8436. Property owners report that the driveway and floor drains fully drain the floodwater quickly

8444 Old Bonhomme Rd. Stormwater Study November 2, 2020

once the storm passes. Three specific flooding events on this block were captured on film (5/27/2009, 7/22/2019, and 8/9/2020), and corroborate this assessment. See Appendix II for a selection of these photos.

It is difficult to compare any single storm event to theoretical design storms, but an argument can be made that the 8/9/2020 storm was smaller than MSD's 15-year, 20-min design storm and therefore should not have surcharged the system, if it were sized in compliance with MSD design standards. Residents at 8436 and 8444 Old Bonhomme Road presented their issue to the University City Stormwater Commission in October 2020. One Commission member who lives 1.3 miles to the east of 8444 Old Bonhomme Road recorded 2.19 inches of rainfall for 8/9/2020 storm. This is consistent with data from 6 MSD rain gauges that represent drainage into the nearby River des Peres which showed 2.12" of rain had fallen in 75 min (1.99 inches in 60 minutes), as processed by the University City Stormwater Commission. According to US National Oceanic and Atmospheric Administration (NOAA) Atlas 14 data, the rainfall during the 8/9/2020 event was between a 5-year and 10-year storm (1.8 and 2.09 inches in 60 minutes, respectively), and therefore smaller than MSD's 15-year, 20-min design storm.

https://hdsc.nws.noaa.gov/hdsc/pfds/pfds_map_cont.html?bkmrk=mo

The resident at 8436 reported at the Stormwater Commission that he reported this issue to MSD in the recent past (5 years ago?). MSD investigated, installed rock around inlet 17K4-110D, and offered to provide a mobile pump to remove water from the flooded garage but this offer was declined.

Impacts of Flooding

Since 2019, residents at 8444 and 8436 Old Bonhomme Road have reported to insurance that two (2) garage-parked vehicles were flooded when over 2 feet of floodwater penetrated the car doors. More importantly, the hydrostatic load of 2 to 3 feet of water within the garage against the interior wall of the house provides sufficient cause for concern about the structural integrity of the block walls if the interior door (katy-barred) holds back water. The interior door does not always hold back water, and has at times twisted off of the hinges allowing flooding to penetrate inside the habitable basement. Overland flow also impacts three homes on Alanson Drive (940, 932, and 924) creating yard flooding at a minimum, though further discussion with these property owners may show a history of damage to their homes as well.

Potential Courses of Action

The residents of 8444 and 8436 Old Bonhomme Road should consider the following courses of action and their associated consequences (See Table 5). Regardless of which course you choose, it is recommended that you gather testimony from neighbors who are also impacted by surcharging sewers, and document all cases of prior flooding to help provide MSD the full picture of how you and the neighborhood are impacted by flooding.

Additional detailed analysis and coordination with MSD will be needed during future design-development to confirm and permit the limits and alignment of any storm sewer system replacement. MSD may determine that additional portions of the downstream system (currently 24-inch diameter) will also require replacement. However, we offer the following as possible alternatives for the minimum level of replacement needed to resolve flooding in front of 8444 Old Bonhomme Road.

Upgrading the system along the current alignment by replacing 347 feet of 24-inch RCP with 36-inch RCP would bring the system into (or very nearly into) compliance with MSD requirements. Appendix I Table 4 presents hydraulic calculations supporting these proposed conceptual upgrades.

One possible alternative might be to re-route the West drainage from manhole 17K4-041D to the south down Alanson Drive and tying into curb inlet 17K4-063D. This alternative would require that the existing main stormwater handling system from 17K4-111D through 17K4-063D is capable of handling the drainage from the Golf Course and the East Watersheds, and if so, would minimize private property impacts/coordination by keeping the heavy construction within the road right-of-way.

Mr. Koh asked that we consider one alternative to create a water holding area within the golf course. Unfortunately, this is not feasible without also upgrading the stormwater handling system. The total 2-year storm volume from the 7.5-acre golf course drainage area is approximately 0.8 acre-feet. This would require a minimum holding area 100 feet x 100 feet x 3 feet, for example. There is insufficient space available space between the golf green and the adjacent

K - 5 - 9

8444 Old Bonhomme Rd. Stormwater Study November 2, 2020

homes, and this area is steeply sloped. Not only would this require making the golf green smaller, it would create an unsafe condition in close proximity to homes and the public golf course.

If you have any questions, please feel free to contact us at your convenience.

Sincerely,

REITZ & JENS, INC.

Eric Karch, PE Project Manager

Table 5. Potential Courses of Action

Potential Course of Action	Cost*	Additional factors
Do nothing to main stormwater handling system, and reduce the utility of the garage.	Minimum	Basement and garage continue to flood. Talk with home insurance broker about getting flood insurance. Consider parking cars on the street. Add reinforcement to interior door inside the garage (katy-bar). Elevate or remove personal items from garage and basement.
Do nothing to main stormwater handling system, and gain greater utility of the garage.		Hire structural engineer to provide assessment of the degree and type of reinforcement or replacement is needed for the exterior and interior garage walls to handle occasional hydrostatic loading from 3 feet of flooding. Consider adding flood-control panels to garage door and/or interior door inside the garage. These are typically for commercial-use only, but manufacturer could be consulted for applicability to your situation. This would likely hinder practical daily use of the garage for parking cars.
Do nothing to main stormwater handling system, abandon garage, and build new garage.	Moderate	Design and build permanent wall across garage entrance and fill sump. Build external car port or garage at street grade. Fill must be sufficiently high that surcharging sewers and street ponding will flow down Alanson Drive until peak of storm passes.
Upgrade existing central stormwater system to a larger size that meets MSD design standards.	High (apprx. \$150,000)	Significantly reduce the frequency of garage flooding, though infrequently occurring large storms that exceed MSD's design capacity would continue to create flooding in the garages. The system between the golf course and Alanson Drive will likely require removal and replacement at a high cost. MSD may determine that additional portions of the downstream system (currently 24-inch diameter) will also require replacement. Private amenities along the path of excavation would require removal and replacement (driveway paving and fences), and some tree removal.

^{*}This limited study did not include detailed cost estimates, so the costs shown here should be used for order-of-magnitude understanding only.

RE: Application for Conditional Use Permit CUP 22-11 – The proposed use is to allow an 8.5% reduction in the number of required parking spaces as required by Section 400.2140 of the Zoning Ordinance.

Dear Ms. Reese,

At a regularly scheduled meeting on October 26, 2022, at 6:30 p.m. via videoconference, the Plan Commission considered the above-referenced application by U-City, LLC for a Conditional Use Permit to allow an 8.5% reduction in the number of required parking spaces as required by Section 400.2140 of the Zoning Ordinance for Lot A of the Market at Olive, Plat 4 development. By a vote of 7 for and 0 against, the Plan Commission recommended approval of the application.

Sincerely,

Margaret Holly, Chairperson University City Plan Commission

- B. Applicant Memo C. Area Map
- D. Site Plan

Applicant's Request – Parking Reduction

The Applicant is requesting approval of a Conditional Use Permit (CUP) to allow for a reduction in the number of required parking spaces for the site. On September 28, 2022, the Planning Commission recommended approval of the site's rezoning from General Commercial (GC) to Planned Development Commercial District (PD-C).

As noted in the Applicant Memo (attached), a 4,930 square foot restaurant with drive thru (Chick-fil-A), is proposed for Lot A of Phase IV of the Market at Olive development. If these uses were parked according to §400.2140 of the Zoning Ordinance, 65.73 spaces would be required. However, two provisions in the code allow for parking reduction. The first allows developments within 500 feet of a public transit station or stop to be reduced by 10%, which reduces the required parking to 59.16. The second provision allows developments, by CUP approval, the ability to reduce parking by up to 20% with evidence supporting the appropriateness of the reduction.

Given shifting trends in fast food restaurants to more drive thru than indoor dining service, the proposed 8.5% reduction from 59 spaces to 54 spaces is appropriate. The development plan provides 59 drive thru stacking spaces, far more than is required per code for drive thru restaurants. The applicant is not requesting any other deviations from the code as part of the CUP.

Existing Property

The existing property where the restaurant is proposed is along Olive Boulevard where the western part of Jeffrey Plaza was located. There will be only two out lots in Phase IV of the Market at Olive development: one at the corner of Woodson Road and Olive Boulevard, and the subject parcel immediately to the west. A larger parcel to the north of these out lots is intended for "anchor" retail and has not yet been rezoned for that use.

The development of the Chick-fil-A restaurant is part of the larger "Market at Olive" redevelopment project that is currently underway and is consistent with the overall site concept plan.

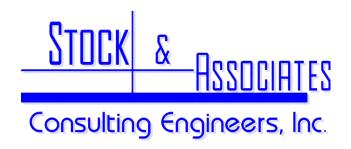

Plan Commission Meeting

At the Plan Commission meeting on October 26, 2022, the Plan Commission voted unanimously to approve the Conditional Use Permit (CUP) for Lot A of the Market at Olive, Plat 4 development, to allow an 8.5% reduction in the number of required parking spaces as required by Section 400.2140 of the Zoning Ordinance, from 59 to 54 spaces.

Staff Recommendation

Staff is of the opinion that the requested parking reduction is appropriate and justified. Staff is recommending approval of the Conditional Use Permit to reduce the number of required off-street parking spaces, as required by Section 400.2140 of the Zoning Ordinance, for Lot A of Phase IV of the Market at Olive development, from 59 to 54, a reduction of 8.5%.

The site plan for the restaurant, including the location of the parking spaces, can be found in the material for the Chick-Fil-A Final Development Plan, next on the Plan Commission agenda.

October 5, 2022

To: University City Plan Commission

26801 Delmar Boulevard University City, MO 63130

Attention: Mr. John Wagner, Ph.D., Director of Planning and Development

From: Ms. Alison Gauch, P.E.

Re: Market at Olive Plat 4 Lot A (Chick-Fil-A)- Conditional Use Permit Application, Off-Street

(Stock Project No. 217-6193)

On behalf of U-City LLC enclosed is a conditional use permit application for Lot A of Market at Olive Plat 4. Lot A is to be developed into a 4,930 square foot Chick-Fil-A restaurant with drive thru. A zoning map amendment to Planned Development- Commercial (PD-C) has been applied for and recommended for approval by the Plan Commission on September 28, 2022. Based on my reading of the Zoning Code, there is no specific use listed in Article VII that matches exactly the proposed use for lot A. It seems to fall under the restaurant category, but that doesn't take into account that its business will be primarily drive thru and that they have provided significantly more room for drive thru stacking than required.

Based on the restaurant requirements of 1 space for every 75 square feet of restaurant and the 10% reduction for nearby transit, this building will require 59 spaces. The proposed plan provides 54 spaces. Other than the requested amendment to off-street parking, the proposed plan for the building on lot A will comply with the PD-C zoning.

The condition use permit application is to request approval of a reduction to 54 required parking stalls. The proposed design layout takes into consideration the known user's building layout and drive-through configuration, which is driven by market demand for less indoor dining and more drive thru option.

If you should have any questions, please do not hesitate to contact me via email at <u>alison.gauch@stockassoc.com</u> or by phone at (636) 530-9100 with any questions.

Sincerely,

Alison Gauch

RE: Application for Conditional Use Permit CUP 22-12 – The proposed use is to allow a 16.2% reduction in the number of required parking spaces as required by Section 400.2140 of the Zoning Ordinance.

Dear Ms. Reese,

At a regularly scheduled meeting on October 26, 2022, at 6:30 p.m. via videoconference, the Plan Commission considered the above-referenced application by U-City, LLC for a Conditional Use Permit to allow a 16.2% reduction in the number of required parking spaces as required by Section 400.2140 of the Zoning Ordinance for Lot B of the Market at Olive, Plat 4 development. By a vote of 7 for and 0 against, the Plan Commission recommended approval of the application. Sincerely,

Margaret Holly, Chairperson

University City Plan Commission

- C. Site Plan

Applicant's Request – Parking Reduction

The applicant is requesting approval of a Conditional Use Permit (CUP) to allow for a reduction in the number of required parking spaces for the site. The applicant is also concurrently applying for a Zoning Map Amendment for the subject property, to rezone from General Commercial (GC) to Planned Development Commercial District (PD-C).

As noted in the Applicant Memo (attached), a 7,700 square foot multi-tenant building with 5,200 square feet of restaurant space, including a drive thru on the east end cap, and 2,500 square feet of retail space, is proposed for Lot B of Phase IV of the Market at Olive development. If these uses were parked according to §400.2140 of the Zoning Ordinance, 82 spaces would be required. However, two provisions in the code allow for parking reduction. The first allows developments within 500 feet of a public transit station or stop to be reduced by 10%, which reduces the required parking to 74. The second provision allows developments, by CUP approval, the ability to reduce parking by up to 20% with evidence supporting the appropriateness of the reduction, which would allow parking to be reduced to as little as 59 spaces for the site. The applicant is proposing 62 parking spaces, a reduction of 16.2%.

Given shifting trends in fast food restaurants to more drive thru than indoor dining service, the proposed parking reduction is appropriate. The development plan provides significantly more drive thru stacking spaces than is required per code. The applicant is not requesting any other deviations from the code as part of the CUP.

Existing Property

The existing property where the restaurant is proposed is along Olive Boulevard where the eastern part of Jeffrey Plaza was located. There will be only two out lots in Phase IV of the Market at Olive development: the subject parcel at the corner of Woodson Road and Olive Boulevard, and the parcel immediately to the west, which will be developed into a Chick-fil-A restaurant. A larger parcel to the north of these out lots is intended for "anchor" retail and has not yet been rezoned for that use.

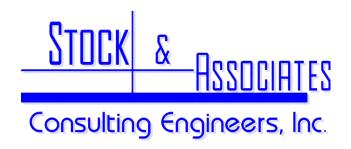

The multi-tenant building is part of the larger "Market at Olive" redevelopment that is currently underway and is consistent with the overall site concept plan.

Plan Commission Meeting

At the Plan Commission meeting on October 26, 2022, the Plan Commission voted unanimously to approve the Conditional Use Permit (CUP) for Lot B of the Market at Olive, Plat 4 development, to allow a 16.2% reduction in the number of required parking spaces as required by Section 400.2140 of the Zoning Ordinance, from 74 to 62 spaces.

Staff Recommendation

Staff is of the opinion that the requested parking reduction is appropriate and justified. Staff is recommending approval of the Conditional Use Permit to reduce the number of required off-street parking spaces, as required by Section 400.2140 of the Zoning Ordinance, for Lot B of Phase IV of the Market at Olive development, from 74 to 62 spaces, a reduction of 16.2%.

Re: Market at Olive Plat 4 **Lot B** (Multi-Tenant Restaurant/Retail)- Conditional Use Permit Application, Off-Street (Stock Project No. 217-6193)

On behalf of U-City LLC enclosed is a conditional use permit application for Lot B of Market at Olive Plat 4. Lot B is to be developed into a 7,700 square foot Multi-tenant building with a drive-thru on the east endcap and assuming one other restaurant tenant on the west end and retail in the center. A zoning map amendment to Planned Development- Commercial (PD-C) is being applied for concurrently with this application. Based on my reading of the Zoning Code, there is no specific use listed in Article VII that matches exactly the proposed use for lot A. The endcap user seems to fall under the restaurant category, but that doesn't take into account that its business will be primarily drive thru and that we are providing significantly more room for drive thru stacking than required.

Based on the restaurant requirements of 1 space for every 75 square feet of restaurant, retail requirement of 1 space for every 200 square feet, and the 10% reduction for nearby transit, this building will require 74 spaces. The proposed plan provides 62 spaces. Other than the requested amendment to off-street parking, the proposed plan for the building on lot A will comply with the PD-C zoning.

The conditional use permit application is to request approval of a reduction to 62 required parking stalls. The proposed design layout takes into consideration a drive-through configuration with significant stacking room for the known end-cap user, which is driven by market demand for less indoor dining and more drive thru option.

If you should have any questions, please do not hesitate to contact me via email at <u>alison.gauch@stockassoc.com</u> or by phone at (636) 530-9100 with any questions.

Sincerely,

Ms. LaRette Reese City Clerk City of University City 6801 Delmar Boulevard University City, MO 63130

RE: Application for Conditional Use Permit CUP 22-08 – The proposed use is to allow a gasoline station and convenience store at 7360 Forsyth Boulevard in the "GC" General Commercial District.

Dear Ms. Reese,

At a regularly scheduled meeting on September 28, 2022, at 6:30 p.m. via videoconference, the Plan Commission considered the above-referenced application by Wallis Companies for a Conditional Use Permit to allow a gasoline station and convenience store at 7360 Forsyth Boulevard in the "GC" General Commercial District.

By a vote of 4 for and 0 against, the Plan Commission recommended approval of the application subject to the following conditions:

- 1. The Convenience Store portion of the building shall comprise no more than 3,500 square-feet in gross floor area of the building, as required by the Zoning Ordinance's definition of "Convenience Store:"
- 2. Parking shall be provided as required by §400.2140, Schedule of Off-Street Parking Spaces.
- 3. The Applicant shall maintain the existing masonry wall with a railing along the rear property line to provide a buffer to the residences behind the store.
- 4. The Applicant shall maintain a site coverage of 75% in lieu of the 70% required by the §400.520(D).
- 5. Changes to signage on the site and building, if different than that proposed in the application materials, shall be reviewed by the Planning Commission and a recommendation made to the City Council.

Sincerely,

Margaret Holly, Chairperson University City Plan Commission

A. Application for Conditional Use Permit

B. C.U.P. Applicant Memo

C. Site Development Plan

- D. Existing and Proposed Elevations
- E. Proposed Floor Plan

Applicant's Request

The applicant is requesting Conditional Use Permit to convert the existing gasoline and vehicle service station into a gasoline station and a convenience store. The existing building will remain intact, although the exterior elevation will change, as noted in the Applicant's submittal.

The proposed site development plan meets the GC – General Commercial District requirements, except for two (2) items, and it has been requested that these be incorporated into the Conditional use Permit.

1. Section 400.1190(A)

Screening Between Non-Residential and Residential Zoning Districts:

"In situations where a non-residential use is established abutting or adjacent to residentially-zoned property, the developer of the non-residential use shall provide the [following] screening within the required rear and/or side yard building setback areas."

As noted in the Applicant Memo, there is a 20-foot elevation change between the site and the houses in the store. Screening would be impractical. Instead, the Applicant will maintain the existing masonry wall with a railing along the rear property line.

2. <u>Section 400.520(D)</u>

Maximum Site Coverage.

"For developments encompassing twenty thousand (20,000) square-feet or more of land area, site coverage shall not exceed seventy percent (70%). Site coverage may be increased by a factor of one to ten percent (1% - 10%), under the conditional use permit procedures contained in Article XI, "Conditional Uses."

The Applicant is requesting to maintain a site coverage of 75% in lieu of the 70% required by the §400.520(D), an increase of 5%.

Plan Commission Meeting

At the Plan Commission meeting on September 28, 2022, the Plan Commission voted unanimously to approve the Conditional Use Permit (CUP) to allow a gasoline station and convenience store at 7360 Forsyth Boulevard in the "GC" General Commercial District. The Plan Commission added one condition to those recommended by Staff, as noted in the red text in the conditions listed below.

Staff Recommendation

Staff is of the opinion that the proposed use to allow a gasoline station and convenience store at the existing gasoline and vehicle repair and service facility would have minimal impact on the surrounding properties and streets adjacent to the Development.

Staff is recommending approval of the request for a Conditional Use Permit:

- 1. The Convenience Store portion of the building shall comprise no more than 3,500 square-feet in gross floor area of the building, as required by the Zoning Ordinance's definition of "Convenience Store:"
- 2. Parking shall be provided as required by §400.2140, Schedule of Off-Street Parking Spaces. (*Note: The site development plan shows more than the requisite number of parking spaces.*)
- 3. The Applicant shall maintain the existing masonry wall with a railing along the rear property line to provide a buffer to the residences behind the store.
- 4. The Applicant shall maintain a site coverage of 75% in lieu of the 70% required by the §400.520(D).
- 5. Changes to signage on the site and building, if different than that proposed in the application materials, shall be reviewed by the Planning Commission and a recommendation made to the City Council.

MEMORANDUM

Date: August 18, 2022

Department of Community Development

6801 Delmar Boulevard University City, MO 63130

From: Kevin Kamp, Civil & Environmental Consultants, Inc. (CEC)

Cc: Wallis Companies dba Wallis Petroleum LC

CEC Project No.: 305-666.2032

Subject: Application for Conditional Use Permit

University City Zoning Code; Item Number 6. a) Memo

1.0 COMPANY

Wallis Companies owns and operates On the Run Convenience Stores with Mobil and BP branded fuel offerings, Dirt Cheap stores, and BriteWorx Carwashes in eastern Missouri, and a wholesale fuel and lubricants distribution system across the entire state. The company was started in 1968 when Bill Wallis purchased a small gasoline distributor in Cuba, Missouri. It has grown in the past 50+ years to over 1,100 people working at Wallis Companies every day. In an effort to "serve our customers" with the same focus on relationships, quality products and service to our customers that Bill Wallis had, Wallis has continued to modernize by rebuilding, renovating, and redeveloping its facilities. Wallis has been a supplier of BP fuels for over 15 years, and in 2006, Wallis acquired 49 retail dealer operated sites from BP. This station at 7360 Forsyth Blvd. is one of those. The evolution of the automobile service industry makes it difficult for the "corner garage" to remain viable. In response to this trend, Wallis is converting the space dedicated to service at this facility to a state-of-the-art convenience store while retaining the gasoline offering in its current configuration. This new store renovation will employee five dedicated people max per shift and operate 24/7.

2.0 PROJECT

This renovation will replace its current building lights with downcast wall packs adjacent to residential uses; update the light fixture heads and produce a photometric plan that will provide necessary light levels for 24/7 operations with shrouds to prevent intrusion onto

City of University City, Missouri – Department of Community Development CEC Project 305-666
Page 2
Date 08/18/2022

adjacent properties. Along with lighting updates, this renovation includes enhancing the landscape along Forsyth Blvd., providing screening for trash and storage behind the building, and an updated store elevation. These renovations will provide much-needed curb appeal at this corner in University City. This store will accommodate its surrounding neighborhood in the same way it has in many of its locations, by providing the convenience of location on the same route for the same customers it always has. Convenience stores operate on the theory of convenience and is not a destination type business and as such does not generate additional traffic.

It is anticipated that noise levels will be reduced with the elimination of the service bays.

3.0 COMPLIANCE WITH UNIVERSITY CITY ZONING CODE REQUIREMENTS

CONDITIONAL USE PERMIT REQUIRED FOR CONVENIENCE STORES AND GAS STATIONS. [SEC 400.2730]

- I. MVOB Gasoline stations shall be limited to two (2) service islands and three (3) fuel dispensing pumps per island for the first (1st) twenty thousand (20,000) square feet of lot area. One (1) service island and three (3) fuel dispensing pumps, plus one (1) may be added for each one thousand five hundred (1,500) square feet exceeding the minimum twenty thousand (20,000) square feet of lot area. However, in no case shall more than six (6) service islands be allowed at any gasoline station, nor more than three (3) fuel dispensing pumps permitted on each service island.
 - ✓ Site area = 28,981 sq. ft.
 - ✓ Allowed = 9 service islands [2 + 1 + (8.981/1,500)]
 - ✓ Provided = 4 existing service islands
- II. INGRESS AND EGRESS The minimum width of driveways at the street right-of-way line shall be twenty-four (24) feet, and the maximum shall be thirty-six (36) feet.
 - ✓ Two (2) existing driveways at widths between 30 feet and 32 feet.

The minimum distance of any driveway to any side lot line shall be twenty-four (24) feet. This distance shall be measured from the side lot line to the intersection of the street right-of-way line and the edge of the driveway.

- o The west driveway as it exists today is at a corner measuring ~20 ft. from the corner.
- o The east driveways as it exists today is ~ 8 ft. from adjacent property line

City of University City, Missouri – Department of Community Development CEC Project 305-666
Page 3
Date 08/18/2022

Driveway openings shall be limited to one (1) drive per one hundred (100) feet of lot frontage. For parcels with frontage on more than one (1) street, the number of driveway openings shall be based on the frontage length on each street individually. The minimum distance between a driveway entrance and a street intersection shall be thirty (30) feet measured from the intersection of the street right-of-way to the nearest end of the curb radius of the proposed driveway.

- ✓ Allowable entrances on Forsyth = 2.
- ✓ Provided on Forsyth = 2 existing
- ✓ No entrances are proposed or exist on off-ramp for Forest Park Parkway roadway.
- ✓ The west driveway as it exists today is at a corner measuring ~20 ft. from the corner. Note: this is a one-way street.
- ✓ The east driveways as it exists today is ~ 74 ft. from the next street intersection.
- III. GC DISTRICT [SEC 400.480] Modification of property line setback. The minimum property line setback requirements may be modified via the conditional use permit procedure under Article XI, "Conditional Uses". Such modifications may be more or less stringent, depending on the potential impact of the proposed development in the "GC" district which is adjacent to a residential district. In the case of a request for a less stringent setback, the conditional use permit applicant must demonstrate screening between the proposed development and the adjacent residential district, above and beyond the minimum screening requirements contained in Article V "Supplemental Regulations", Division 6.
 - ✓ Front Building Setback Required = 35' (where parking areas are located between the street right-of-way and any principal or accessory building)
 - ✓ Front Building Setback Provided = 65'+
 - ✓ Rear Building Setback Required = 25' (where a lot abuts a residential district)
 - √ Rear Building Setback Provided = 44'+
 - ✓ Setback Landscape Buffer Required = 10' (where a lot abuts a residential district)
 - ✓ Setback Landscape Buffer Provided = 20'+
 - ✓ Required Screening = 8' sight-proof fence (Where a loading area or access drive thereto is within thirty-five (35) feet of residentially zoned property, the fence shall be eight (8) feet in height)
 - ✓ Screening Provided = An existing tall masonry wall w/railing is provided along the rear property line. Note: The elevation change between this

City of University City, Missouri – Department of Community Development CEC Project 305-666
Page 4
Date 08/18/2022

building and the houses is 20' (based upon LiDAR data) and screening would be unachievable.

- IV. SITE COVERAGE The area of the site which is covered by buildings, driveways, parking lots, loading areas, but excluding open spaces, plazas, pedestrian circulation, and buffer areas. For developments encompassing twenty thousand (20,000) square feet or more of land area, site coverage shall not exceed seventy percent (70%). Site coverage** may be increased by a factor of one to ten percent (1% 10%), under the conditional use permit procedures contained in Article XI, "Conditional Uses". Such additional site coverage may be allowed in consideration of special or outstanding landscape design and site planning features.
 - ✓ Site area = 28,981 sq. ft.
 - ✓ Site coverage allowed ≤ 20,287 sq. ft. (28,981*.70)
 - ✓ Site coverage provided = 21,637 sq. ft. (75%)**

 **Front landscaping will be enhanced to provide better screening and curb appeal

September 28, 2022

Ms. LaRette Reese City Clerk City of University City 6801 Delmar Boulevard University City, MO 63130

RE: Zoning Map Amendment – Lot A and Common Ground, Market at Olive North (IV)

Dear Ms. Reese,

At a regularly scheduled meeting on September 28, 2022, at 6:30 p.m. via videoconference, the Plan Commission considered the application of U. City, LLC for a Zoning Map Amendment for Lot A and Common Ground, Market at Olive North, Plat 4, and to further consider approval of a Preliminary Development Plan.

By a vote of 4 to 0, the Plan Commission recommended approval of the Zoning Map Amendment and Preliminary Development Plan with the following conditions:

- 1. The use associated with this development shall be for a restaurant, including drivethrough facilities.
- 2. Off-street parking and loading requirements shall be provided as required by a Conditional Use Permit for the site lowering the number of parking spaces from 59 to 54.
- 3. The buildings and property shall be developed, constructed and maintained in compliance with the plans submitted and attached. The footprint and general layout are subject to the plans dated September 6, 2022 and the Landscape Plan dated September 2, 2022. The height and mass shall be restricted to that shown on the Final Development Plan and in the Building Elevations included with this report.
- 4. A detailed construction traffic control and parking plan should be submitted to the Director of Planning & Development for approval. Said plan shall set forth details pertaining to worker and resident parking during all phases of the proposed construction. It shall further detail solutions to public property maintenance issues such as street cleaning and traffic diversion. Said plan shall be finalized prior to the issuance of a building permit. It shall be the applicant's responsibility to obtain those approvals in written form in a timely manner prior to issuance of the building permit.

Sincerely,

Margaret Holly, Chairperson University City Plan Commission

Margaret Ad Joller

Applicant's Request

The Applicant is requesting that the site be rezoned from Planned Development Commercial District (PD-C), General Commercial District (GC) and Single-family Residential District (SR), to Planned Development Commercial District (PD-C) and to further consider approval of a Preliminary Site Development Plan and Final Site Development Plan for the proposed commercial development.

The rezoning covers only one of the "out lots" of the Market at Olive Phase IV development, specifically for a Chick-Fil-A restaurant.

Existing Property

The existing property where the restaurant is proposed is along Olive Boulevard where the western part of Jeffrey Plaza was located. There will be only two out lots in Phase IV of the Market at Olive development: one at the corner of Woodson Road and Olive Boulevard, and this parcel immediately to the west. A larger anchor parcel is proposed to the north of these out lots.

The development of this restaurant is part of the larger "Market at Olive" redevelopment project that is currently underway and is consistent with the overall site concept plan.

Analysis

Vehicular Access

There is one (1) proposed entry point into the development off the inner drive aisle. Two exit points are listed: the same entry way as well as an exit from the drive through lanes. As is the case on most new Chick-Fil-A locations, a double drive-through lane is proposed.

Comprehensive Plan

It is staff's opinion that the proposed development is consistent with the goals and objectives of the University City Comprehensive Plan Update of 2005. Applicable sections from the Plan Update that support this opinion include:

Chapter 3, of the Comprehensive Plan Update of 2005, under Land Use and Redevelopment, as a general policy, states, "The City will strongly support development(s) that promote desirable planning concepts such as neighborhood-serving, mixed uses and transit-oriented development and enhance the pedestrian

character of the City." The Comprehensive Plan also indicates that the City "will encourage the design of commercial and retail structures along major corridors for multiple tenants and mixed uses."

Plan Commission Meeting

At the Plan Commission meeting on September 28, 2022, the Plan Commission voted unanimously (4-0) to approve the map Amendment for Lot A and Common Ground, Market at Olive North, Plat IV from Planned Development Commercial District (PD-C), General Commercial District (GC) and Single-family Residential District (SR), to Planned Development Commercial District (PD-C). The Commission also voted unanimously to approve a Preliminary Site Development Plan for the site.

There were primarily two issues with the Applicant's proposal:

1. The site was one parking stall shy of the required number of spaces required by the Zoning Ordinance. The plan showed 58 spaces where 59 are required. The Applicant opted to not ask for approval of the Final Development Plan at this meeting in lieu of requesting a Conditional Use Permit to lower the number of parking spaces required. That request is on the October 26 Plan Commission agenda. This has been noted in the recommendations below.

Conclusion/Recommendation

Based on this report's analysis Staff recommends approval of the Applicant's proposed Map Amendment and Preliminary Site Development Plan with the following conditions:

- 1. The use associated with this development shall be for a restaurant, including drive-through facilities; and
- 2. Off-street parking and loading requirements shall be provided as required by a Conditional Use Permit for the site lowering the number of parking spaces from 59 to 54.
- 3. The buildings and property shall be developed, constructed and maintained in compliance with the plans submitted and attached. The footprint and general layout are subject to the plans dated September 6, 2022 and the Landscape Plan dated September 2, 2022. The height and mass shall be restricted to that shown on the Final Development Plan and in the Building Elevations included with this report.
- 4. A detailed construction traffic control and parking plan should be submitted to the Director of Planning & Development for approval. Said plan shall set forth details pertaining to worker and resident parking during all phases of the proposed construction. It shall further detail solutions to public property maintenance issues such as street cleaning and traffic diversion. Said plan shall be finalized prior to the issuance of a building permit. It shall be the applicant's responsibility to obtain those approvals in written form in a timely manner prior to issuance of the building permit.

INTRODUCED BY:	DATE:
BILL NO. 9490	ORDINANCE NO

AN ORDINANCE AMENDING SECTION 400.070 OF THE MUNICIPAL CODE OF THE CITY OF UNIVERSITY CITY, MISSOURI, RELATING TO THE OFFICIAL ZONING MAP, BY AMENDING SAID MAP SO AS TO CHANGE THE CLASSIFICATION OF PROPERTY KNOWN AS LOT A AND COMMON GROUND 2 OF PLAT 4 OF THE MARKET AT OLIVE DEVELOPMENT, FROM "PD" PLANNED DEVELOPMENT COMMERCIAL DISTRICT, "GC" GENERAL COMMERCIAL AND "SR" SINGLE-FAMILY RESIDENTIAL DISTRICT TO "PD" PLANNED DEVELOPMENT COMMERCIAL DISTRICT ("PD-C").

WHEREAS, Chapter 400 of the University City Municipal Code divides the City into several zoning districts, and regulates the character of buildings which may be erected in each of said districts, and the uses to which the buildings and premises located therein may be put; and

WHEREAS, the City Plan Commission examined an amendment of the Official Zoning Map of the City which changes the classification of property known as Lot A and Common Ground 2 associated with the Market at Olive Development, Plat 4, from Planned Development Commercial District (PD-C), General Commercial District (GC) and Single-family Residential District (SR), to Planned Development Commercial District (PD-C); and

WHEREAS, the City Plan Commission, in a meeting held via video conference on September 28, 2022, considered said amendment and recommended to the City Council that it be enacted into an ordinance; and

WHEREAS, due notice of a public hearing to be held by the City Council in the City Council Chambers at City Hall at 6:30 p.m., on November 14, 2022, was duly published in the St. Louis Countian, a newspaper of general circulation within said City on October 30, 2022; and

WHEREAS, said public hearing was held at the time and place specified in said notice, and all suggestions or objections concerning said amendment of the Official Zoning Map of the City were duly heard and considered by the City Council.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF UNIVERSITY CITY, MISSOURI, AS FOLLOWS:

Section 1. Section 400.070 of the University City Municipal Code, relating to the Official Zoning Map, is hereby amended by amending the Official Zoning Map illustrating the zoning districts established pursuant to Section 400.070, for property known as Lot A and Common Ground 2 of the Market at Olive Development, Plat 4, so as to change the classification of said property from Planned Development Commercial District (PD-C), General Commercial District (GC) and Single-family Residential District (SR), to Planned Development Commercial District (PD-C). The following land uses and developments may be permitted in said PD-C District, subject to approval of a final development plan: restaurant, including drive-through facilities.

<u>Section 2.</u> Said property described as Lot A and Common Ground 2 of the Market at Olive Development, Plat 4, totaling 2.276 acres, is more fully described with a legal description, attached hereto, marked Exhibit "A" and made a part hereof.
Section 3. By Resolution No, the City Council approved a preliminary development plan known as "Lot A and Common Ground 2 of Market at Olive Development, Plat 4," and authorized the preparation of a final development plan. A final development plan and plat must be approved by the City Council prior to the issuance of any building permits in connection with the development. A landscape plan shall be submitted for review and approval with the Final Development Plan.
Section 4. This ordinance shall not be construed so as to relieve any person, firm or corporation from any penalty incurred by the violation of Section 400.070, nor bar the prosecution of any such violation.
<u>Section 5.</u> Any person, firm, or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, be subject to the penalties provided in Section 400.2570 of the University City Municipal Code.
Section 6. This ordinance shall take effect and be in force from and after its passage as provided by law.
PASSED and ADOPTED this day of, 2022.

Resolution 2022 - 13

A RESOLUTION AMENDING THE FISCAL YEAR 2022-2023 (FY23) BUDGET – AMENDMENT # 2 AND APPROPRIATING SAID AMOUNTS

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of University City, Missouri, that the Annual Budget for the fiscal year beginning July 1, 2022, was approved by the City Council and circumstances now warrant amendment to that original budget.

BE IT FURTHER RESOLVED, that in accordance with the City Charter, the several amounts stated in the budget amendment as presented, are herewith appropriated to the several objects and purposes named.

Adopted this 14th day of November 2022.

Plan Commission

6801 Delmar Boulevard, University City, Missouri 63130, Phone: (314) 862-6767, Fax: (314) 862-3168

September 28, 2022

Ms. LaRette Reese City Clerk City of University City 6801 Delmar Boulevard University City, MO 63130

RE: Preliminary Plan Approval –Market at Olive, Phase IV, Lot A and Common Ground 2 (REZ 22-07)

Dear Ms. Reese,

At a regularly scheduled meeting, on September 28, 2022, at 6:30 p.m. via video conference, the Plan Commission considered the above-referenced application by U. City, LLC to approve a resolution for "Preliminary Plan" approval of Phase IV of the Market at Olive development, Lot A and Common Ground 2.

By a vote of 4 for and 0 against, the Plan Commission recommended approval of said resolution.

Margaret Holly, Chairperson

University City Plan Commission

Sympaut Act Colles

RESOLUTION 2022-14

WHEREAS, Section 400.850 of the University City Zoning Code requires that a preliminary development plan be approved by the City Council by adoption of a resolution approving said preliminary development plan, with conditions as may be specified and authorizing the preparation of the final development plan. Section 400.760 of the Zoning Code requires that the permitted land uses and developments shall be established in the conditions of the ordinance adopted by the City Council governing the particular Planned Development-Commercial Use District.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF UNIVERSITY CITY, MISSOURI, AS FOLLOWS:

The City Council hereby authorizes the preparation of the final development plan for a development on Lot A and Common Ground 2 for the development to be known as "Market at Olive Plat IV". The proposed structures shall be developed with the following conditions:

- 1. The building and property shall be developed, constructed and maintained in compliance with the plans submitted and attached as "Exhibit A" to this resolution. The footprint and general layout are subject to the plans dated September 6, 2022. The height and mass shall be restricted to that shown on the preliminary development plan.
- 2. The use associated with this development shall be for a restaurant, including drive-through facilities.
- 3. A detailed construction traffic and parking plan shall be submitted for review and approval with the Site Plan.
- 4. Off-street parking and loading requirements shall be provided as required by Chapter 400, Article VII of the University City Zoning Code and pursuant to a Conditional Use Permit for the site lowering the number of parking spaces from 59 to 54, as approved by the City Council on November 14, 2022.
- 5. A landscape plan shall be submitted for review and approval to the Department of Planning and Development.
- 6. Pylon signs for the development shall be those approved by Ordinance Number 7184. There shall be no monument signs for individual buildings. Directional signage for individual stores shall be as approved on the Final Development Plan and tenant finishes.
- 7. Approval of the Preliminary Development Plan shall be valid for a period of two years from the date of City Council approval. A Final Development Plan shall be submitted within the said two-year period per Sections 400.860 and 400.870 of the Zoning Code.

BILL NO.	ORDINANCE NO.		

AN ORDINANCE APPROVING A PETITION TO ADD REAL PROPERTY TO THE MARKETS AT OLIVE COMMUNITY IMPROVEMENT DISTRICT.

WHEREAS, in accordance with Sections 67.1401 to 67.1571 of the Revised Statutes of Missouri (the "CID Act") and pursuant to Ordinance No. 7131, the City of University City, Missouri (the "City") previously established the Markets at Olive Community Improvement District (the "District"); and

WHEREAS, in accordance with the CID Act and pursuant to Ordinance No. 7153, the City added approximately 18.37 acres of property to the District boundaries; and

WHEREAS, a "Petition to Expand the Markets at Olive Community Improvement District," a copy of which is attached as **Exhibit A** hereto (the "CID Expansion Petition"), was filed with the City Clerk on November 4, 2022, requesting that the boundaries of the District be expanded to include an additional approximately 25.5 acres that are contiguous with the existing boundary of the District (as further described in the CID Expansion Petition, the "Additional Property"); and

WHEREAS, on November 1, 2022, the Board of Directors of the District adopted Resolution No. 22-001 consenting to addition of the Additional Property to the District; and

WHEREAS, the City Council held a duly-noticed public hearing on November 28, 2022, at which all persons interested in the addition of the Additional Property to the District were allowed an opportunity to speak and at which time the City Council heard all protests and received all endorsements; and

WHEREAS, the City Council finds that notice of the CID Expansion Petition and the proposed addition of the Additional Property to the District has been duly given and the public hearing thereon has been held in which all reasonable protests, objections and endorsements have been heard, all in accordance with Sections 67.1431 and 67.1441 of the CID Act; and

WHEREAS, the City Council further finds that the CID Expansion Petition is proper in that it meets all of the requirements of the CID Act; and

WHEREAS, the City Council further finds that the addition of the Additional Property to the District is in furtherance of (a) the "RPA 1 Redevelopment Project" described in the Redevelopment Agreement dated as of June 13, 2019 among the City, U. City, L.L.C. and U. City TIF Corporation, as amended, and (b) the "District Project" described in the District Project Agreement among the City, the District, U. City, L.L.C. and U. City TIF Corporation.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF UNIVERSITY CITY, MISSOURI, AS FOLLOWS:

- **Section 1.** The CID Expansion Petition is hereby approved. The boundaries of the District are hereby amended to add the Additional Property to the District.
- **Section 2.** The City Clerk is hereby directed to report to the Missouri Department of Economic Development that the District has expanded its boundaries, as contemplated by the CID Act.

Section 3. The officers of the City are hereby authorized and directed to execute all documents and take such actions as they may deem necessary or advisable to carry out and perform the purposes of this Ordinance. All actions taken to date by the officers of the City with respect to the CID Expansion Petition, including, without limitation, the provision of notices for the public hearing regarding the CID Expansion Petition and the addition of the Additional Property to the District, are hereby ratified.

Section 4. This Ordinance shall be in full force and effect from and after the date of its passage and approval.

PASSED and APPROVED this 28th day of November, 2022.

EXHIBITE-FIVE-YEAR PLAN

PETITION TO ADD REAL PROPERTY TO THE MARKETS AT OLIVE COMMUNITY IMPROVEMENT DISTRICT

To the City of University City, Missouri:

U. City, L.L.C. and 170 and Olive Holdco, LLC, as the undersigned petitioners, ("Petitioners") are the owners or representatives of the owners of record of more than fifty percent (50%) (a) by assessed value of all real property within the area proposed to be added to the Markets at Olive Community Improvement District (the "District"); and (b) per capita of all owners of real property within the area proposed to be added to the District. The District was formed as a political subdivision of the State of Missouri pursuant to Section 67.1411 of the Community Improvement District Act, Sections 67.1401 to 67.1571 of the Revised Statutes of Missouri, as amended (the "CID Act") and the Amended and Restated Petition to Establish a Community Improvement District (the "Establishment Petition") approved by the City of University City, Missouri (the "City"), pursuant to Ordinance No. 7131 passed and approved on July 13, 2020 (the "Establishment Ordinance"). The District boundaries were previously expanded by the City's approval of the Petition to Add Real Property to the Markets at Olive Community Improvement District (the "First Addition Petition", and together with the Establishment Petition, collectively, the "Original Petition") pursuant to Ordinance No. 7153 passed and approved June 14, 2021 (the "First Addition Ordinance", and together with the Establishment Ordinance, collectively, the "Original CID Ordinance").

Petitioners hereby petition and request that the City expand the boundaries of the existing District (the "*Existing Property*") (as defined by the legal descriptions set forth in <u>Exhibit A</u> and <u>Exhibit B</u> to the First Addition Petition approved by the City pursuant to Ordinance No. 7153) to include the Additional Property (as defined below).

- 1. The Existing Property consists of approximately 20.5 acres located entirely within the City. A boundary map of the District showing the Existing Property is set forth on **Exhibit A**, attached hereto and incorporated herein.
- 2. The Additional Property proposed to be added to the District consists of approximately 25.5 acres, is contiguous to the Existing Property and is located entirely within the City (the "Additional Property"). A boundary map of the District as expanded to include the Additional Property proposed to be added to the District is set forth on **Exhibit B**, attached hereto and incorporated herein.
- 3. A legal description of the District, which description includes the Additional Property, is set forth on **Exhibit C**, attached hereto and incorporated herein by reference.
- 4. The name of the expanded District will remain the "Markets at Olive Community Improvement District."
- 5. As required by the CID Act, the current Board of Directors of the District (the "*Board*") has consented to the expansion of the boundaries of the District as set forth in this Petition.

- 6. In addition, based on the real property tax records of the St. Louis County Assessor's Office, as supplemented by real property records available to Petitioners, as of the date of filing this Petition, there are two (2) owners of real estate parcels included as Additional Property, which are U. City, L.L.C and 170 and Olive Holdco, LLC. The total assessed value of all the land and improvements associated with the Additional Property is approximately \$3,531,620. Petitioners represent 100% by assessed value and 100% per capita of all owners of the Additional Property. A table that identifies the Additional Property by street address, Parcel Number, Owner and Assessed Valuation for the 2022 tax year is set forth on **Exhibit D**, attached hereto and incorporated herein.
- 7. Pursuant to the Original Petition and the Original CID Ordinance, the District has been formed as a political subdivision. The Board is composed of five (5) members, each previously appointed by the Mayor of the City, with the consent of the governing body of the City. Each director shall, during his or her term, meet the qualifications of Section 67.1451.2 of the CID Act and shall be an owner of real property in the District or its authorized representative. In addition, pursuant to the Original Petition, two of the five directors on the Board shall be City representatives, and the Petitioners hereby authorize such City representatives to be deemed as its authorized representatives for purposes of meeting the qualifications of this Section. Successor directors shall be appointed in the same manner as the initial Board. Successor directors shall serve for a term of four years. The provisions of the Original Petition relating to the District's directors is unchanged by this Petition.
- 8. The Existing Property within the District has previously been determined blighted pursuant to Section 67.1401.2(3)(b) of the CID Act, which statutory citation was subsequently amended and is no longer included in the CID Act, and the Original CID Ordinance. However, the Petitioners are not seeking a determination that the Additional Property is blighted pursuant to the CID Act.
- 9. Petitioners desire to preserve the authorizations set forth in the Original Petition, and therefore the District shall have all powers provided in the CID Act, except as otherwise provided in this Petition.
- 10. The District will extend to the Additional Property its community improvement district sales tax (the "CID Sales Tax"), currently imposed within the Existing Property at the rate of one percent (1%), for a period not to exceed the life of the District.
- 11. In addition to generating revenue through the CID Sales Tax, the District is authorized to enter into contracts with public and private entities to accept grants and donations of funds, property, labor, services or other things of value from such public and private sources pursuant to the CID Act.
- 12. Notwithstanding anything in the CID Act or this Petition to the contrary, the District shall have no power to levy real property taxes or business license taxes and, therefore, the maximum rates of real property taxes and business license taxes proposed in this Petition are zero.

- 13. Petitioners do not seek to limit the revenue generation or borrowing capacity of the District, except as otherwise provided in this Petition. It is anticipated that the District will use the moneys received from the imposition of the CID Sales Tax to finance and reimburse those eligible District Project costs incurred on its behalf, and the District may issue notes or other obligations to fund the completion of the improvements and the provision of the services as are necessary and desirable to the District for the completion of the "District Project" as defined and as further set forth in and contemplated by: (a) that certain Redevelopment Agreement dated as of June 13, 2019 by and among the City, U. City, L.L.C., and U. City TIF Corporation, as amended (the "Redevelopment Agreement"); and (b) that certain District Project Agreement dated as of August 21, 2020 by and among the City, the Markets at Olive Community Improvement District, U. City, L.L.C., and the U. City TIF Corporation (the "District Project Agreement"). In accordance with the Original Petition, the District shall not be permitted to issue any taxexempt debt obligations without the prior written consent of the City.
- 14. A "new" Five-Year Plan replacing the Five-Year Plan attached to the Original Petition and updating the purposes of the District, the services it will provide, the improvements it will make and an estimate of costs of these services and improvements to be incurred related to the District Project is set forth on **Exhibit E**, attached hereto and incorporated herein by reference.
- 15. The Board shall commence the procedures provided in the CID Act for the termination of the District upon the earlier to occur of (i) all of the District's obligations used to finance and reimburse all of the eligible District Project costs incurred within the boundaries of the District having been fully redeemed in accordance with the terms of the CID Act, or (b) fifty (50) years from the effective date of the Original CID Ordinance. For the purposes of the CID Act, this paragraph constitutes the proposed length of time for the existence of the District which remains unchanged from the Original Petition.
- 16. If any provision of this Petition shall be held or determined to be invalid, inoperative or unenforceable as applied in any particular case, or in all cases, the remaining sections, clauses and provisions of this Petition shall remain valid, operative and enforceable to the fullest extend allowed by law.
- 17. Each of the exhibits to this Petition are incorporated herein and made a part of this Petition by reference.

18. Notice to Petitioners:

The signatures of the signers of this Petition may not be withdrawn later than seven (7) days after this Petition is filed with the City Clerk of the City.

19. By execution and submission of this Petition, Petitioners respectfully request that the boundaries of the District be expanded pursuant to this Petition and Section 67.1441 of the CID Act to include the Additional Property. In addition, Petitioners respectfully request that the City Council hold a public hearing in accordance with Section 67.1421, 67.1431 and 67.1441 of the CID Act and adopt an ordinance approving this Petition.

Exhibit E Five-Year Plan

Exhibit E

FIVE-YEAR PLAN

THE MARKETS AT OLIVE COMMUNITY IMPROVEMENT DISTRICT

Introduction

The Markets at Olive Community Improvement District (the "District") was formed as a political subdivision of the State of Missouri pursuant to the Community Improvement District Act, Sections 67.1401 to 67.1571 of the Revised Statutes of Missouri, as amended (the "CID Act") and the Amended and Restated Petition to Establish a Community Improvement District (the "Establishment Petition") approved by the City of University City, Missouri (the "City"), by Ordinance No. 7131 passed and approved on July 13, 2020 (the "Establishment Ordinance"). The District boundaries were previously expanded by the City's approval of the Petition to Add Real Property to the Markets at Olive Community Improvement District (the "First Addition Petition", and together with the Establishment Petition, collectively, the "Original Petition") pursuant to Ordinance No. 7153 passed and approved June 14, 2021 (the "First Addition Ordinance"). This Five-Year Plan (the "Plan") updates the Original Petition and is presented in order to comply with the requirements of the CID Act related to the submission of a Petition to expand the boundaries of the District for a second time.

District Location

The District currently consists of approximately 20.5 acres generally bounded by and adjacent to Olive Blvd. to the south, Interstate 170 to the west and Woodson Road to the east (the "Existing Property"). The real property to be added to the District (the "Additional Property") consists of approximately 25.5 acres that is contiguous to the Existing Property. Some of the Additional Property is located north of Olive Blvd. and some is located south of Olive Blvd. After adding the Additional Property, the District will still be generally bounded by Interstate 170 to the west and Woodson Road to the east (for the portion of the District located north of Olive Blvd.) and McKnight Road to the east (for the portion of the District located south of Olive Blvd.).

Purpose of the District and Scope of the District Project

The purpose of the District is and remains to cause the design and implementation of the District Project located within and benefiting the District Property. Such improvements and services may be undertaken in multiple phases or may occur in one phase. The contemplated improvements and services could consist of the construction, reconstruction, installation, repair and maintenance of any of the improvements and the provision of any of the services permitted by the Act including, but not necessarily limited to:

(a) Removal, renovation, reconstruction, rehabilitation, or demolition of any buildings or structures within the blighted area of the District;

- (b) Repairing, maintaining and equipping of any buildings or structures within the District;
- (c) Site work and grading;
- (d) Construction of new public works or infrastructure or upgrades and repair of existing public works or infrastructure, including any utility infrastructure (electric, natural gas or telecommunications);
- (e) Drainage, water, storm and sewer systems;
- (f) Structured parking, parking lots, garages or other traffic and parking improvements;
- (g) Sidewalks, streets and alleys;
- (h) Landscaping, hardscaping, pedestrian plazas and lighting;
- (i) Facility signage (roadway and monument);
- (j) Acquisition of interests in real property to the extent necessary to carry out such improvements;
- (k) Preparation and implementation of the District Project;
- (l) Employing and/or contracting for personnel and services necessary to carry out the purposes of the District, including, but not limited to security personnel and security services, maintenance services, advertising, or assistance to attract further investment within the District; and
- (m) All other useful, necessary or desired site improvements or services ((a) through (m) above are, collectively, the "*District Project*").

Anticipated Sources of Funds to Pay the Costs of the District Project

The District has imposed an additional sales tax (the "CID Sales Tax") at the rate of one percent (1%) on all taxable retail sales within its boundaries which are subject to taxation pursuant to Sections 144.010 to 144.525 of the Revised Statutes of Missouri, as amended, except sales of motor vehicles, trailers, boats or outboard motors and sales to or by public utilities and providers of communications, cable or video services. The CID Sales Tax has been authorized for a term equal to the life of the District and such authorization expires in July 2070, which is fifty (50) years from the effective date of the Establishment Ordinance.

The entire District is located in a Redevelopment Area subject to Tax Increment Financing ("TIF"), and the District has pledged all District Revenues, less the District Expenses, to be used as debt service on TIF Obligations issued to facilitate funding for the District Project, as defined and detailed in that certain Redevelopment Agreement dated as of June 13, 2019 by and among the City, U. City, L.L.C., and U. City TIF Corporation, as amended (the "Redevelopment Agreement") and that certain District Project Agreement dated as of August 21, 2020 by and among the City, the Markets at Olive Community Improvement District, U. City, L.L.C., and the U. City TIF Corporation (the "District Project Agreement").

Notwithstanding anything in the CID Act or the Petition to the contrary, the District shall have no power to levy real property taxes or business license taxes.

Estimate of Costs of Services and Improvements to be Incurred

The total estimated cost of the District Project over the initial five-year period is approximately \$42,051,103, and such costs are broken down as follows:

District Project Costs	
Soft Costs	\$17,251,092
Demolition & Site Work	\$24,800,011
TOTAL COSTS	\$42,051,103

The amount in each budget category is an estimate. Savings in one budget category may be applied to additional costs incurred in other budget categories. The "Total Budget" amount of \$42,051,103 excludes any Issuance Costs as defined in the Redevelopment Agreement and the District's administrative fees and expenses including, but not limited to, fees and costs related to the District's formation and expansion, planning consultants, advisors, auditors and legal counsel, and reimbursement to the City for the City's third-party professional costs directly related to the District, including, without limitation, legal and planning expenses.

Governance

The Board of Directors of the District (the "Board") consists of five (5) individual Directors, as approved by the Mayor of the City with the consent of the City Council. Consistent with the CID Act, these directors will serve staggered terms. The District has committed to ensuring that representation on the Board is balanced and fair in regards to the City and the property owners within the District. The Board representation plans detailed in the Petition set forth a process to be used in appointing future successor Directors that is in accordance with the procedural and substantive requirements of the CID Act.

The District will hold Board meetings that satisfy or exceed the number required by the CID Act. As a political subdivision, all meetings of the Board will be subject to the requirements of Missouri's Sunshine Law.

Section 67.1461.1(5) empowers the District to employ or contract for administration, managerial, legal, technical or other assistance as deemed advisable. Pursuant the CID Act, the Board will likely enter into a contract with a district administrator and legal counsel to assist with the day-to-day administration and management of the District.

Continuation of Services

The CID Act mandates that existing City services will continue to be provided within a proposed district at the same level as before the proposed district was created (unless services are decreased throughout the City) and that any proposed district services shall be in addition to existing City services. The Petitioner anticipates that City services will continue to be provided within the District at the same level as before the District was created, and the District will not cause the level of City services within the District to diminish. Without the additional funding

provided by the District, the Petitioner would not be able to adequately develop, operate and maintain the District Project.

Anticipated Schedule

On the following pages, there are two (2) tables: the "Pre-Expansion" summary of the improvements, activities and services anticipated to be provided by the District over the initial five-year period as contained in the Original Petition; and a "Post-Expansion" summary which updates the improvements, activities and services anticipated to be provided by the District.

Prior Anticipated Schedule (Pre-Expansion)

- CID Project commences
 - Provide financing for a portion of the costs of the CID Project
 - Provide for collection of CID Sales Tax
 - District provides for its on-going administration
 - The Board authorizes initial levy of Special Assessment, if needed
 - Expand the boundaries of the District
- Provide financing for a portion of the costs of the CID Project
 - The Board authorizes initial levy of Special Assessment, if needed
 - Provide for collection of CID Sales Tax and Special Assessment
 - District provides for its on-going administration
- Provide financing for a portion of the costs of the CID Project
 - Provide for collection of CID Sales Tax and Special Assessment
 - District provides for its on-going administration
- Provide financing for a portion of the costs of the CID Project
 - Provide for collection of CID Sales Tax and Special Assessment
 - District provides for its on-going administration

Prior Anticipated Schedule (Pre-Expansion)

- Provide financing for a portion of the costs of the CID Project
 - Provide for collection of CID Sales Tax and Special Assessment
 - District provides for its on-going administration

Updated Schedule (Post-Expansion)

- CID Project commenced
 - Imposed CID Sales Tax
 - Provided for collection of CID Sales Tax
 - District provided for its on-going administration
 - Coordinated commercial development activities to support the CID Project
 - First Addition expansion of the boundaries of the District
- CID Project Continues
 - Second Addition expansion (i.e., current expansion) of the boundaries of the District
 - Provide for collection of CID Sales Tax
 - Provide financing for a portion of the costs of the CID Project, including debt obligations secured by District revenues
 - District provides for its on-going administration
 - Coordinate commercial development activities to support the CID Project
- 2023 CID Project Continues
 - Impose Special Assessment, if applicable
 - Provide financing for a portion of the costs of the CID Project, including debt obligations secured by District revenues
 - Provide for collection of CID Sales Tax
 - District provides for its on-going administration
 - Coordinate commercial development activities to support the CID Project

Updated Schedule (Post-Expansion)

- 2024 CID Project Completion
 - Provide financing for a portion of the costs of the CID Project, including debt obligations secured by District revenues
 - Provide for collection of CID Sales Tax
 - District provides for its on-going administration
 - Coordinate commercial development activities to support the CID Project
- Provide financing for a portion of the costs of the CID Project, including debt obligations secured by District revenues
 - Provide for collection of CID Sales Tax
 - District provides for its on-going administration
 - Coordinate commercial development activities to support the CID Project

October 26, 2022

Ms. LaRette Reese City Clerk City of University City 6801 Delmar Boulevard University City, MO 63130

RE: Map Amendment – Lot B, Market at Olive North (IV)

Dear Ms. Reese,

At a regularly scheduled meeting on October 26, 2022, at 6:30 p.m. via videoconference, the Plan Commission considered the above-referenced application by U-City, LLC for a Zoning Map Amendment for Lot B, Market at Olive North, Plat 4, and to further consider approval of a Preliminary Development Plan.

By a vote of 7 for and 0 against, the Plan Commission recommended approval of an amended application subject to the following conditions:

- 1. The use associated with this development shall be for a multi-tenant retail and restaurant building with drive thru; and
- 2. Accessible pedestrian ways shall be provided from the public sidewalk to the private development; and
- 3. Off-street parking and loading requirements will be provided according to the concurrent Conditional Use Permit approval; and
- 4. The buildings and property shall be developed, constructed, and maintained in compliance with the plans submitted and attached. The footprint and general layout are subject to the plans dated October 4, 2022; and
- 5. A detailed photometric meeting the City's lighting standards shall be provided along with the Final Development Plan submittal; and
- 6. A Landscape Plan shall be provided as part of the Final Development Plan submittal.
- 7. The development plan shall be adjusted to comply with site coverage requirements set forth in Section § 400.780(D), or provide the appropriate site design criteria to be allowed the additional coverage; and
- 8. A detailed construction traffic control and parking plan should be submitted to the Director of Planning & Development for approval. Said plan shall set forth details

pertaining to worker and resident parking during all phases of the proposed construction. It shall further detail solutions to public property maintenance issues such as street cleaning and traffic diversion. Said plan shall be finalized prior to the issuance of a building permit. It shall be the applicant's responsibility to obtain those approvals in written form in a timely manner prior to issuance of the building permit.

Sincerely,

Margaret Holly, Chairperson University City Plan Commission

C. Landscape Plan

Applicant's Request

The Applicant is requesting that the site be rezoned from General Commercial District (GC) and Single-family Residential District (SR) to Planned Development Commercial District (PD-C), and to further consider approval of a Preliminary Site Development Plan for the proposed commercial development.

The rezoning covers one of the out lots of the Market at Olive Phase IV development, specifically for a multi-tenant retail and restaurant building with a drive thru for the east end cap tenant space.

Existing Property

The existing property where the restaurant is proposed is along Olive Boulevard where the eastern part of Jeffrey Plaza was located. There will be only two out lots in Phase IV of the Market at Olive development: the subject parcel at the corner of Woodson Road and Olive Boulevard, and a parcel immediately to the west, where a Chick-fil-A restaurant is proposed. A larger anchor retail development is planned for the parcel immediately north of these out lots, which was previously occupied by single-family homes that have since been demolished as part of the Market at Olive development. The proposed multi-tenant retail and restaurant building is consistent with the Market at Olive development plan.

Analysis

Land Use & Dimensional Regulations

The proposed land use, retail and restaurant with drive thru are permitted uses within the GC – General Commercial district and are therefore appropriate uses in the PD-C district. No dimensional or density deviations from the requirements set forth in the zoning code are requested nor recommended as part of the map amendment application.

Site Coverage & Stormwater Management

Section 400.780 of the Zoning Code establishes a maximum site coverage of 70% for development in PD-C districts. Site coverage is defined as "the area of the site which is covered by buildings, driveways, parking lots, loading areas, but excluding open spaces, plazas, pedestrian circulation, and buffer areas." Developments in the PD-C district are offered a site coverage "bonus" of up to 90% coverage if at least 4 of 11 site design criteria are met. The proposed preliminary site development plan currently has 72.67% site coverage, slightly exceeding the maximum. The plan shall be adjusted to either fall under the 70% threshold or provide the appropriate site design criteria to be allowed the additional coverage. The referenced criteria are found in § 400.780(D)(2).

Vehicular Access/Circulation

There is one proposed access point into the development off the inner drive aisle to the north, which also provides access to the sites to the north and west. Two exits are proposed, one of them being a dual entry/exit point, and the other an exit only point.

The drive thru is proposed to be a single lane that widens to two lanes at the order board and pick-up window.

Parking

A concurrent Conditional Use Permit application has been submitted for review by the Planning Commission requesting a reduction of the minimum required number of parking spaces. Staff is of the opinion that the proposed reduced parking is appropriate and is recommending approval of the CUP.

Photometric Plan

A photometric plan was not provided with the preliminary development plan submittal. The applicant will be required to submit a plan meeting the city's lighting standards along with a future Final Development Plan submittal.

Comprehensive Plan

It is staff's opinion that the proposed development is consistent with the goals and objectives of the University City Comprehensive Plan Update of 2005. Applicable sections from the Plan Update that support this opinion include:

Chapter 3, of the Comprehensive Plan Update of 2005, under Land Use and Redevelopment, as a general policy, states, "The City will strongly support development(s) that promote desirable planning concepts such as neighborhood-serving, mixed uses and transit-oriented development and enhance the pedestrian character of the City." The Comprehensive Plan also indicates that the City "will encourage the design of commercial and retail structures along major corridors for multiple tenants and mixed uses."

Plan Commission Meeting

At the Plan Commission meeting on October 26, 2022, the Plan Commission voted unanimously to approve the map Amendment from General Commercial District (GC) and Single-Family Residential District (SR), to Planned Development Commercial District (PD-C) The Preliminary Site Development Plan was also unanimously approved.

Conclusion/Recommendation

Based on this report's analysis Staff recommends approval of the Applicant's proposed Map Amendment and Preliminary Site Development Plan with the following conditions:

- 1. The use associated with this development shall be for a multi-tenant retail and restaurant building with drive thru; and
- 2. Accessible pedestrian ways shall be provided from the public sidewalk to the private development; and
- 3. Off-street parking and loading requirements will be provided according to the concurrent Conditional Use Permit approval; and
- 4. The buildings and property shall be developed, constructed, and maintained in compliance with the plans submitted and attached. The footprint and general

- layout are subject to the plans dated October 4, 2022; and
- 5. A detailed photometric meeting the City's lighting standards shall be provided along with the Final Development Plan submittal; and
- 6. A Landscape Plan shall be provided as part of the Final Development Plan submittal.
- 7. The development plan shall be adjusted to comply with site coverage requirements set forth in Section § 400.780(D), or provide the appropriate site design criteria to be allowed the additional coverage; and
- 8. A detailed construction traffic control and parking plan should be submitted to the Director of Planning & Development for approval. Said plan shall set forth details pertaining to worker and resident parking during all phases of the proposed construction. It shall further detail solutions to public property maintenance issues such as street cleaning and traffic diversion. Said plan shall be finalized prior to the issuance of a building permit. It shall be the applicant's responsibility to obtain those approvals in written form in a timely manner prior to issuance of the building permit.

INTRODUCED BY:	DATE:
RILL NO	ORDINANCE NO

AN ORDINANCE AMENDING SECTION 400.070 OF THE MUNICIPAL CODE OF THE CITY OF UNIVERSITY CITY, MISSOURI, RELATING TO THE OFFICIAL ZONING MAP, BY AMENDING SAID MAP SO AS TO CHANGE THE CLASSIFICATION OF PROPERTY KNOWN AS LOT B OF PLAT 4 OF THE MARKET AT OLIVE DEVELOPMENT, FROM "GC" GENERAL COMMERCIAL DISTRICT AND "SR" SINGLE-FAMILY RESIDENTIAL DISTRICT TO "PD" PLANNED DEVELOPMENT COMMERCIAL DISTRICT ("PD-C").

WHEREAS, Chapter 400 of the University City Municipal Code divides the City into several zoning districts, and regulates the character of buildings which may be erected in each of said districts, and the uses to which the buildings and premises located therein may be put; and

WHEREAS, the City Plan Commission examined an amendment of the Official Zoning Map of the City which changes the classification of property known as Lot B of Plat 4 of the Market at Olive Development, from General Commercial District (GC) and Single-Family Residential District (SR), to Planned Development Commercial District (PD-C); and

WHEREAS, the City Plan Commission, in a meeting held via video conference on October 26, 2022, considered said amendment and recommended to the City Council that it be enacted into an ordinance; and

WHEREAS, due notice of a public hearing to be held by the City Council in the City Council Chambers at City Hall at 6:30 p.m., on November 28, 2022, was duly published in the St. Louis Countian, a newspaper of general circulation within said City on November 13, 2022; and

WHEREAS, said public hearing was held at the time and place specified in said notice, and all suggestions or objections concerning said amendment of the Official Zoning Map of the City were duly heard and considered by the City Council.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF UNIVERSITY CITY, MISSOURI, AS FOLLOWS:

Section 1. Section 400.070 of the University City Municipal Code, relating to the Official Zoning Map, is hereby amended by amending the Official Zoning Map illustrating the zoning districts established pursuant to Section 400.070, for property known as Lot B of Plat 4 of the Market at Olive Development, so as to change the classification of said property from General Commercial District (GC) and Single-Family Residential District (SR), to Planned Development Commercial District (PD-C). The following land uses and developments may be permitted in said PD-C District, subject to approval of a final development plan: a multi-tenant retail and restaurant building with drive thru facilities.

<u>Section 2.</u> Said property described as Lot B of Plat 4 of the Market at Olive Development, totaling 1.50 acres, is more fully described with a legal description, attached hereto, marked Exhibit "A" and made a part hereof.
Section 3. By Resolution No, the City Council approved a preliminary development plan known as "Lot B of Plat 4 of the Market at Olive Development," and authorized the preparation of a final development plan. A final development plan and plat must be approved by the City Council prior to the issuance of any building permits in connection with the development. A landscape plan shall be submitted for review and approval with the Final Development Plan.
Section 4. This ordinance shall not be construed so as to relieve any person, firm or corporation from any penalty incurred by the violation of Section 400.070, nor bar the prosecution of any such violation.
<u>Section 5.</u> Any person, firm, or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, be subject to the penalties provided in Section 400.2570 of the University City Municipal Code.
Section 6. This ordinance shall take effect and be in force from and after its passage as provided by law.
PASSED and ADOPTED this day of, 2022.

October 26, 2022

Ms. LaRette Reese City Clerk City of University City 6801 Delmar Boulevard University City, MO 63130

RE: Final Development Plan Approval – Lot A, Market at Olive, Plat 4

Dear Ms. Reese,

At a regularly scheduled meeting, on October 26, 2022, at 6:30 p.m. via video conference, the Plan Commission considered the above-referenced application by U-City, LLC to approve the Final Development Plan Lot A or Market at Olive Development, Plat 4.

By a vote of 7 for and 0 against, the Plan Commission recommended approval of said Final Development Plan with the following conditions:

- 1. The buildings and property shall be developed, constructed, and maintained in compliance with the plans submitted and attached. The footprint and general layout are subject to the plans dated September 6, 2022. The height and mass shall be restricted to that shown on the Final Development Plan.
- 2. Accessible pedestrian walkways shall be provided from the public sidewalk to the private development; and
- 3. Off-street parking and loading requirements will be provided according to the concurrent Conditional Use Permit approval.
- 4. A detailed construction traffic control and parking plan should be submitted to the Director of Planning & Development for approval. Said plan shall set forth details pertaining to worker and resident parking during all phases of the proposed construction. It shall further detail solutions to public property maintenance issues such as street cleaning and traffic diversion. Said plan shall be finalized prior to the issuance of a building permit. It shall be the applicant's responsibility to obtain those approvals in written form in a timely manner prior to issuance of the building permit.

- 5. Bicycle racks shall be provided according to Section 400.2145 Off-Street Bicycle Parking Requirements of the Zoning Ordinance.
- 6. The Final Landscape Plan shall be as approved by the Department of Planning and Development prior to issuance of building permits.
- 7. There shall be no interference by pick-up or service delivery vehicles with pedestrian or vehicular traffic on Lot A or Lot B and the Common Ground 2 parcel.

Margaret Holly, Chairperson University City Plan Commission

BILL NO.	ORDINANCE NO.	

AN ORDINANCE APPROVING A FINAL DEVELOPMENT PLAN FOR LOT A AND COMMON GROUND 2 OF THE PROPOSED MARKET AT OLIVE DEVELOPMENT, PLAT 4

WHEREAS, the Preliminary Development Plan was approved by the City Council of University City on November 14, 2022 by Resolution No. <u>2022-</u>, for the development project known as "Lot A and Common Ground 2, Market at Olive, Plat 4" in a Planned Development – Commercial (PD-C) District in the City of University City, and the City Council authorized the submittal of a Final Development Plan; and

WHEREAS, a Final Development Plan dated September 6, 2022, has been submitted for review and approval; and

WHEREAS, the review and approval of a Final Development Plan shall be in accordance with Section 400.870 "Final Development Plan Procedure" and Section 405.380 "Final Plat Submittal Requirements" of the University City Municipal Code with the adoption of an ordinance by City Council; and

WHEREAS, at its meeting on October 26, 2022, the University City Plan Commission considered and recommended to the City Council of University City approval of said Final Development Plan; and

WHEREAS, said Final Development Plan, including all required documents and information submitted therewith, is before the City Council for its consideration.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF UNIVERSITY CITY, MISSOURI, AS FOLLOWS:

<u>Section 1.</u> Attached, marked "Exhibit A" and made a part hereof is a Final Development Plan submitted for the "Lot A and Common Ground 2, Market at Olive, Plat 4" development.

<u>Section 2.</u> It is hereby found and determined that the Final Development Plan is in full compliance with said Section 400.870 of the University City Municipal Code.

<u>Section 3.</u> The Final Development Plan shall include the following additional conditions:

- 1. The buildings and property shall be developed, constructed, and maintained in compliance with the plans submitted and attached. The footprint and general layout are subject to the plans dated September 6, 2022. The height and mass shall be restricted to that shown on the Final Development Plan.
- 2. Accessible pedestrian walkways shall be provided from the public sidewalk to the private development.
- 3. Off-street parking and loading requirements will be provided as required by Chapter VII of the University City Zoning Code and pursuant to a Conditional

- use Permit for the site lowering the number of parking spaces from 59 to 54, as approved by the City Council on November 14, 2022.
- 4. A detailed construction traffic control and parking plan should be submitted to the Director of Planning & Development for approval. Said plan shall set forth details pertaining to worker parking during all phases of the proposed construction. It shall further detail solutions to public property maintenance issues such as street cleaning and traffic diversion. Said plan shall be finalized prior to the issuance of a building permit. It shall be the applicant's responsibility to obtain those approvals in written form in a timely manner prior to issuance of the building permit.
- 5. Bicycle racks shall be provided according to Section 400.2145 Off-Street Bicycle Parking Requirements of the Zoning Code.
- 6. The Final Landscape Plan shall be as approved by the Department of Planning and Development prior to issuance of building permits.
- 7. There shall be no interference by pick-up or service delivery vehicles with pedestrian or vehicular traffic for Lot A or Lot B on the Common Ground 2 parcel.

<u>Section 4.</u> The City Clerk is hereby directed to endorse upon the Final Development Plan the approval of the City Council under the hand of the City Clerk and the seal of University City.

<u>Section 5.</u> This ordinance shall take effect and be in force from and after its passage as provided by law.

PASSED and ADOPTED this da	ny of, 2022.

Existing Property

The subject property is referred to as Lot A in Phase IV of the Market at Olive Development. The 1.414-acre tract was recommended for Map Amendment and Preliminary Development Plan approval from GC – General Commercial and SR – Single-Family Residential to PD-C – Planned Development Commercial by the Planning Commission on September 28, 2022.

Applicant's Request

The applicant is requesting that the final plan be approved to allow for the construction of a 4,930 square foot fast food restaurant (Chick-fil-A) with drive thru, as shown on the attached plans.

Analysis

Section 400.870, Final Development Plan Procedure, (B) 1-5 state that the Final Development Plan shall be in substantial compliance with the approved preliminary development plan. Modifications and refinements, resulting from the final design process, may be approved. In no event shall any modification of the development plan result in the following:

- 1. A change in the use or character of the development;
- 2. An increase in building or site coverage or increase in building height;
- 3. An increase in the intensity of use (e.g., number of dwelling units);
- 4. An increase in vehicular traffic generation or significant changes in traffic access and circulation; and
- 5. A reduction in approved open space or required buffer areas.

The proposed Final Development Plan complies with items 1-5 in Section 400.870.

Plan Commission

The Final Development Plan was approved at the October 26, 2022, as recommended by Staff. Additional recommendations discussed and/or added at the meeting are indicated in red in the list. below. It should also be noted that the Plan Commission voted to add the Common Ground 2 portion of the plat to the Final Development Plan.

Conclusion/Recommendation

Staff has determined that the Final Development Plan for Lot A of Phase IV of the Market at Olive Development meets the requirements of Section 400.870 of the Zoning ordinance and recommends approval of the plan with the following conditions:

1. The buildings and property shall be developed, constructed, and maintained in compliance with the plans submitted and attached. The footprint and general layout are subject to the plans dated September 6, 2022. The height and mass shall be restricted to that shown on the Final Development Plan.

- 2. Accessible pedestrian walkways shall be provided from the public sidewalk to the private development; and
- 3. Off-street parking and loading requirements will be provided according to the concurrent Conditional Use Permit approval.
- 4. A detailed construction traffic control and parking plan should be submitted to the Director of Planning & Development for approval. Said plan shall set forth details pertaining to worker and resident parking during all phases of the proposed construction. It shall further detail solutions to public property maintenance issues such as street cleaning and traffic diversion. Said plan shall be finalized prior to the issuance of a building permit. It shall be the applicant's responsibility to obtain those approvals in written form in a timely manner prior to issuance of the building permit.
- 5. Bicycle racks shall be provided according to Section 400.2145 Off-Street Bicycle Parking Requirements of the Zoning Ordinance.
- 6. The Final Landscape Plan shall be as approved by the Department of Planning and Development prior to issuance of building permits.
- 7. There shall be no interference by pick-up or service delivery vehicles with pedestrian or vehicular traffic for Lot A or Lot B on the Common Ground 2 parcel.
