Citizen Comments

Carl Cibulka, 1421 Coolidge Drive, U City, MO

Mr. Cibulka stated he appreciates the efforts that the City has taken to give citizens an option to recycle and would like to thank Council for removing the fee to pay for yard waste stickers.

Tom Sullivan, 751 Syracuse, U City, MO

Mr. Sullivan stated he thinks Mr. Rose has been an awful City Manager who often refused to do his job. So, to hear that he will be retiring soon is good news because some of these health hazards have gone on for years:

- Inoperative streetlights; four lights out at Olive and Kingsland, and numerous other locations;
- Covering openings at the bottom of streetlight poles to prevent someone from getting electrocuted;
- Repairing low-hanging utility wires;
- The removal of all branches from the May tornado;
- The removal of items damaged in the 2022 flood; this long delay was the subject of several media stories, and
- The removal of damaged dumpsters or the replacement of dumpster lids on the east side of the City

His glowing achievement has been the destruction of the west end of U City and securing funding to improve the 3rd Ward. But so far, improvements in the 3rd Ward have totaled zero. Mr. Sullivan stated that at one 3rd Ward Revitalization meeting, board members were told to stop contacting the City Manager with questions. He stated that Mr. Rose played a big role in the unlawful campaign to pass Proposition F, and next on his destruction list is The Loop.

As you know, almost every elected official in the state is subject to removal from office for neglect of duty, but it's a pretty high bar where a pattern of neglect has to be demonstrated. Mr. Sullivan stated he believes the situation in U City has reached the point where elected officials can be removed, and he has put together a considerable amount of information that he will be looking into next year.

Lowell Martin, Jr., 6915 Raymond Avenue, U City, MO

Mr. Martin stated that this is the second year in a row that the 6900 block of Raymond has been overlooked during yard waste collection periods. He stated that when he called City Hall, he was informed that this service was being contracted out, and when he called the company responsible for making these collections, he was told that their supervisors had checked to make sure that all of the leaves had been collected. However, they would come back to the east end once they finished doing the west end. But that coincided with his street's second pick up schedule, and by that time, there were so many leaves that he had to use the driveway across the street at a vacant house to park his car. So, he just wanted to make sure someone knew that this company is missing his street.

Liam Brick, 1079 Wilson Avenue, U City, MO

Mr. Brick stated that he and his wife would like to express their gratitude, especially to City Manager Gregory Rose, the Economic Development Manager & Interim Planning & Zoning Director Becky Ahlvin, and the City's legal team, for their work to approve the appraisal and title services for FEMA's

HMGP Flood Buyout Program. He stated that they understand the complexities of coordinating so many individuals to take this step in the process, and they are grateful to the City Council for their consensus to make a formal ratification at tonight's meeting. This is an exciting step in what will be a long process, and they are waiting to hear more information from Becky on what to expect during the appraisal or title process. So, they are hopeful that the individuals tasked with the details of the buyout will remain diligent and committed to the work throughout the holiday season, since any delays will extend the time they must spend in a house that holds many reminders of the traumas they have experienced over the years.

Being that this is the last Council meeting of the year, he would like to share his family's hope that this administration and their families enjoy a peaceful holiday season and that the New Year brings many blessings. Mr. Brick stated that their wish for the New Year is to have the opportunity to move on from this saga and, therefore, place their hope and trust in their representatives and neighbors at City Hall to bring this project to fruition. Thank you.

Hi LaRette!

Please see below our comment for tonight's meeting.

Thanks!
Hannah

Dear Mr. Mayor and Members of the City Council,

My name is Hannah Briick and my husband Liam Briick and I both reside at 1079 Wilson Ave.

We want to express gratitude, especially to City Manager Gregory Rose and Economic Development Manager & Interim Planning & Zoning Director Becky Ahlvin, as well as the city's legal team, for their work to approve the agreements for appraisal and title services for the HMGP FMA Flood Buyout Program. We understand the complexities of coordinating so many individuals and offices which were required to make this step in the buyout process. We are also grateful to the members of the city council for the anticipated formal ratification at tonight's meeting.

This is an exciting step in what will still be a long process. We are waiting to hear from Becky with information on what to expect and any additional documentation we may need to provide for the appraisal or title processes. We are hopeful that the individuals tasked with the details of the buyout will remain diligent and committed to the work through the holiday season. As you are aware, any delays in the process extend the time we must spend in a house which does not meet our needs and carries many reminders of the trauma we experienced in many flooding incidents over the years, including July 2022.

Being the last council meeting of the year, we want to share our hope that you and your families enjoy a peaceful holiday season and the new year brings you many blessings. Our wish for the new year is to have the opportunity to move on from this saga, and we place our hope and trust in our representatives and neighbors at City Hall and on the City Council to bring this project to fruition.

Warmly,
Hannah & Liam Briick

SUBJECT: Agenda Item 5(i)(2) – C-17 Commissary Funding Request - **Vote Required**

This memorandum asks the Board to consider a funding request from WY Hospitality Group (owner of Corner 17) for their Commissary Kitchen project which will be an expansion of their existing business in the University City Loop.

Executive Summary

This memorandum details the request from WY Hospitality Group, LLC for a grant in the amount of \$86,778. At the October meeting, the Board considered the request from the applicant in the amount of \$438,178. Since then, the Applicant and the City have reached a tentative agreement for the total incentive package, which includes tax abatement via Chapter 100 and a grant via the Economic Development Retail Sales Tax fund. At-a-glance details about the project are listed below.

Project Name: C-17 Commissary Kitchen

Applicant: WY Hospitality Group, LLC

Location: 8021 Olive Boulevard. (formerly Royal Bank)

Proposed Scope: Commissary kitchen and warehouse, 2 retail stores

Zoning: General Commercial. Proposed use is permitted

Timeline: October/November 2025 – September 2026

Job Creation: 20 full-time positions, 10 part-time positions

Total Project Cost: \$7,250,000

Amount of EDRST Funds Requested: \$86,778 divided over three (3) years

Staff's Recommendation: Staff recommends approval.

Project Description

The proposed project is a \$7.25 million mixed-use project primarily consisting of a commissary kitchen occupying 13,275 sq. ft. adjoined by two retail/restaurant spaces at a combined 3,500 sq. ft. The project calls for the demolition of the existing bank building and the construction of the commissary kitchen and two retail spaces, totaling 16,775 square feet. Applicant WY Hospitality Group, LLC (C-17 team) currently owns two businesses in the University City Loop; Corner 17 and the W Karaoke Lounge. The C-17 team recently purchased the parcel at 8021 Olive Boulevard with the goal of expanding their business to include catering services to the community and the production of packaged products to be distributed through local supermarkets. The project also envisions the development of two additional spaces that will further contribute to the city's economic activity and revitalization along Olive Blvd.

This parcel is zoned General Commercial and the proposed use is permitted.

The tentative timeline for the project is October/November 2025 – September 2026, which is just shy of one year. Dates may shift depending on whether the requested incentives are approved.

Alignment with City Goals

The C-17 team anticipates that this project will create the following jobs:

Full-time jobs: 20

- 1 General Manager: \$75,000
- 1 Kitchen Manager: \$65,000
- 1 Kitchen Assistant Manager: \$60,000
- 1 Warehouse Manager: \$60,000
- 16 Kitchen staff: \$ 15-18 per hour depending on the position

Part-time jobs: 10

- 2 Office Clerk: \$16 per hour
- 5 Warehouse stocker: \$20 per hour
- 3 Kitchen staff: \$17per hour

This project is consistent with the 2024 Comprehensive Plan, the Third Ward Revitalization Plan, the Olive Boulevard Commercial Corridor and Residential Conservation Redevelopment Plan, and the Economic Development Strategy. The proposed development is centered in the third ward and located in RPA3, an area that has been targeted for revitalization.

Requested Incentives

The C-17 team's initial request for EDRST funding was received in February 2025 for \$662,340. This information was submitted to the city's consultant for review. The City's consultant opined that the developer's requested incentive amount of \$662,340 exceeded the consultant's realistic sales and valuation assumptions. The City's consultant recommended a combined TIF and EDRST note valued at \$574,950.

The City and the C-17 Team reached an agreement on EDRST funding as outlined below:

- Grant amount equals a total of \$86,778 to offset the cost of streetscape improvements, which conforms to the Olive Boulevard Design Guidelines
- Grant will be payable in 3 annual installments over years 2028 through 2030. Each installment will be \$28,926 and will only be payable if C-17 reaches their taxable sales benchmarks, as provided by their team. If taxable sales fall short of the applicable benchmark, the annual amount of the grant will be reduced as follows:
 - 2028: $(1 - ((\$6,365,604 - \text{Actual 2028 Taxable Sales}) / \$1,993,557)) * \$28,926$
= Reduced 2028 Annual Installment Amount
 - 2029: $(1 - ((\$6,556,572 - \text{Actual 2029 Taxable Sales}) / \$2,053,385)) * \$28,926$
= Reduced 2029 Annual Installment Amount
 - 2030: $(1 - ((\$6,753,269 - \text{Actual 2030 Taxable Sales}) / \$2,114,986)) * \$28,926$
= Reduced 2030 Annual Installment Amount

*For example, if Actual 2028 Taxable Sales are \$6,000,000, the 2028 Annual Installment Amount will equal $(1 - ((\$6,365,604 - \$6,000,000) / \$1,993,557)) * \$28,926 = \$23,621.18$.*

- C-17 will file an annual report with the City no later than July 1 of each year, including copies of sales tax returns filed with the State, with the above calculation so the City can verify the applicable annual installment.
- No annual installment will be made if the calculated annual installment amount is less than \$5,000.

In addition to the EDRST grant, C-17 also requested tax abatement via Chapter 100. At City Manager Rose's request, staff prepared a financial model estimating the total value of a Chapter 100 tax abatement over a 10-year period with 100% abatement in years 1-5 and 50% abatement in years 6-10 with a Sales & Use Tax Exemption on Construction Materials. The C-17 Team counter with a proposal for 100% tax abatement for all 10 years instead of the tiered approach offered by the City with a Sales & Use Tax Exemption on Construction Materials. In response, the City extended a proposal for a 15-year Chapter 100 tax abatement with 100% in years 1 – 5, 50% abatement in years 6 – 15, and a Sales & Use Tax Exemption on Construction Materials, which the C-17 Team accepted.

This proposal yields an estimated total gross benefit of \$413,128; \$140,000 in Sales & Use Tax Exemption on Construction Materials and \$273,128 in real property tax abatement. C-17 will continue to pay taxes on the base year assessed value via Payments in Lieu of Taxes (PILOTs)

If the Board and the City Council approve the EDRST grant and the tax abatement, the total estimated incentive package is valued at \$499,906.

Staff's Recommendation

The City's consultant provided an updated recommendation based on C-17's revised projections, and the total incentive package of \$499,906 is supported by the consultant's analysis indicating that the project can sustain that amount.

Staff recommends approval.

Representatives from the C-17 team will be present at Wednesday night's meeting to discuss their request.

Suggested motion: I move to recommend approval of awarding an Economic Development Retail Sales Tax grant in the amount of \$86,778, to be distributed in three installments as outlined in this memo, to WY Hospitality Group, LLC for the C-17 Commissary Kitchen project.

ECONOMIC DEVELOPMENT RETAIL SALES TAX FUNDS GENERAL FUNDING REQUEST APPLICATION

GENERAL INFORMATION

In August 2006, the City of University City levied a one-quarter (1/4) percent sales tax on retail sales to be used for economic development purposes. This revenue is based on the amount of sales tax generated through point of sales within the City limits and fluctuates from year to year.

Through the Economic Development Retail Sales Tax (EDRST), funds are being invested in University City programs and projects that encourage the physical and economic redevelopment of major corridors, improve infrastructure, support existing successful business districts, and enhance efforts toward business retention, expansion and attraction. The use of revenues generated by the tax are generally for project administration, land acquisition, infrastructure, water and wastewater treatment capacity, matching state or federal grants related to long-term economic development projects, marketing, training, equipment and infrastructure and other specified uses. Please refer to the "Funding Priority Guidelines" for additional information relating to the use of funds.

A nine-member volunteer Economic Development Retail Sales Tax Board helps to oversee the use of the EDRST and serves in an advisory capacity to City Council. City Council will make the final award decisions.

WHO CAN APPLY

The EDRST is generally open to any business entity or organization. To be considered for funding, please complete and submit the attached application. Those requesting funds for multiple programs or projects must complete a separate "Section 2: Program or Project Information" for each funding request.

2. **Applicant/Organization Background**

Describe the applicant/organization history and mission:

Our family owns **Corner 17 Restaurant** and **The W Karaoke Lounge** on the Delmar Loop, and we've proudly been part of the University City community for more than ten years. Both locations have become popular gathering spots in the neighborhood.

In 2023, we expanded to Washington University's campus by offering Corner 17 there as well. Our mission is to promote cultural awareness and diversity, and to celebrate community through food culture. Looking ahead, we hope to bring Corner 17 to other school campuses across St. Louis—and eventually, nationwide.

To meet this growing demand, we are building a **commissary kitchen and warehouse on Olive Blvd in University City**, which will support our expansion. From this facility, we will also offer **catering services to the community**, as well as produce **packaged products** to be distributed through local supermarkets.

Our vision is to grow from our roots in University City into a business that reaches and connects communities across the country.

3. **Describe the applicant/organization programs and activities:**

Our **commissary kitchen** will produce the ingredients and materials needed to support the continued growth of our Delmar Loop location, while also preparing dishes for students at WashU—and eventually, at UMSL and SLU as well. In addition, the commissary will provide **catering services** for local businesses and residents, helping us serve the broader community. We are also manufacturing **packaged foods** to be sold through local markets. As part of this project, we are developing **two new retail spaces** to attract potential retail investors, further contributing to economic activity and revitalization along Olive Blvd in University City.

If the request is from an organization, please provide proof of organizational support for the application (i.e. letter from organization on official letterhead, meeting minutes, etc.).

Please see attached Certificate of Manager of WY Hospitality Group, LLC Regarding EDRST Application.

Define the expected outcomes of the project, milestones and how the project success will be measured.

Both our Delmar and on-campus locations continue to thrive, and we are hopeful that our packaged **products** will soon be available in supermarkets throughout the St. Louis area. We also envision more retail businesses opening along Olive Blvd, accompanied by new development and modern buildings, transforming the area into a truly international destination for our community.

PROJECT SUMMARY (QUESTION 4 OF APPLICATION)

We strongly believe that this Project is exactly the type of project that EDRST is designed to help. The Project will be a substantial retention and expansion project for a loyal, home-grown University City business.

The Project is a \$7,250,000 new construction project that will include a 13,275 square-foot commissary kitchen that will supply food for our Delmar Loop and Wash U locations, while also providing catering services to the community. In addition, it will produce packaged foods such as dumplings and noodles for distribution through local supermarkets, including specifically supermarkets located in University City. The Project will also include 3,500 square feet of retail space. It will bring many new jobs to Olive Boulevard. The Project is located at 8021 Olive Boulevard (the "Property"), which is the now-vacant Royal Banks site.

We believe that the Project is consistent with the 2024 Comprehensive Plan, the For the 3rd Ward Housing & Revitalization Plan, and the Olive Boulevard Commercial Corridor and Residential Conservation Redevelopment Plan.

We believe that the Project will help encourage and facilitate development within the vicinity of the Project on Olive Boulevard. The Property is directly across the street from the proposed Seafood City redevelopment site, and we believe that the successful development of the Project will further demonstrate the viability of this part of Olive Boulevard to proposed developers, investors, lenders, and tenants. Part of the EDRST request is for funding for streetscape improvements along this important stretch of Olive Boulevard.

The Project will generate substantial sales tax. Some of this sales tax will be captured by the Market at Olive TIF, which can be used for other projects within RPA 3 (e.g., the anticipated Seafood City redevelopment project). Some of the portions not captured by the Market at Olive TIF will go to the City. Specifically, the Project will generate EDRST that will help pay back the City for its investment in the Project.

We need EDRST help because the Property is a very difficult development site and the Project will require substantial site work. Per the enclosed site plan, nearly all of the Property is in a flood plain (shown in blue) and a portion of the Property is actually in the floodway (shown in red). The Royal Banks building experienced significant flooding issues.

The total site work will cost \$1,001,129, which includes the work to bring portions of the site out of the flood plain, soil remediation, streetscape improvements, site plan requirements, and building demolition. Without the extensive site work, only a smaller portion of the Property will be usable. This smaller footprint may work for a fast food restaurant, but it will not work for this Project or for any other development of scale.

We are specifically requesting the following:

1. Streetscape Improvements - \$162,210

This request is for the costs of streetscape improvements along Olive Boulevard to comply with Olive Boulevard Corridor requirements. This request is further itemized as follows:

Item	Cost
Excavation Concrete Walks Tree Grates Trees Street Lights	\$125,000
Irrigation – Olive Boulevard	\$8,000
Allocated Contractor's Fee	\$29,210
TOTAL:	\$162,210

2. Flood Plain Site Work - \$275,968

This request is for the costs of site work to remove portions of the Property out of the flood plain.

Item	Cost
Raise Site out of Flood Plain, Compaction Testing	\$117,940
Partial Storm Sewer Costs	\$55,000
Site Remediation Due to Soil Issues	\$73,818
Allocated Contractor's Fee	\$29,210
TOTAL:	\$275,968

**ECONOMIC DEVELOPMENT RETAIL SALES TAX FUNDS
 FISCAL YEAR 2024 (JULY 1, 2023 – JUNE 30, 2024)**

GENERAL INFORMATION

In August 2006, the City of University City levied a one-quarter (1/4) percent sales tax on retail sales to be used for economic development purposes. This revenue is based on the amount of sales tax generated through point of sales within the City limits and fluctuates from year to year.

Through the Economic Development Retail Sales Tax (EDRST), funds are being invested in University City programs and projects that encourage the physical and economic redevelopment of major corridors, improve infrastructure, support existing successful business districts, and enhance efforts toward business retention, expansion and attraction. The use of revenues generated by the tax are generally for project administration, land acquisition, infrastructure, water and wastewater treatment capacity, matching state or federal grants related to long-term economic development projects, marketing, training, equipment and infrastructure and other specified uses. Please refer to the "Funding Priority Guidelines" for additional information relating to the use of funds.

A nine-member volunteer Economic Development Retail Sales Tax Board helps to oversee the use of the EDRST and serves in an advisory capacity to City Council. City Council will make the final award decisions.

WHO CAN APPLY

The EDRST is generally open to any business entity or organization. To be considered for funding, please complete and submit the attached application. Those requesting funds for multiple programs or projects must complete a separate "Section 2: Program or Project Information" for each funding request.

The University City Police Department is a proactive and community engaged municipal law enforcement agency, which provides full police services. The department is currently budgeted for seventy-nine (79) full-time commissioned officers and nineteen full-time (19) civilian employees. The City of University City is one of ninety-one (91) municipalities in St. Louis County; it is six (6.1) square miles in area and has a population of approximately 36,000. University City is one of the most densely populated communities in St. Louis County, with both a racially and socio-economically diverse demographic. University City is unique because it is bordered by eight (8) other municipalities, some of which are much smaller in population, with limited resources, so University City serves as a hub for these surrounding neighborhoods for grocery stores, restaurants, retail, and entertainment.

Describe the number of part-time or full-time jobs to be created by the specific request and average wages for these jobs.

No new jobs will be generated from this project.

Define the expected outcomes of the project, milestones and how the project success will be measured.

The expected outcomes of the project entail a notable reduction in criminal activity within the Loop Business District and the Olive Market Business District during the anticipated surge in Spring, Summer, and Fall months. By target hardening items such as license plate readers (LPRs) and signs specifically targeted at deterring criminal activity, we aim to create a safer environment conducive to business operations and community engagement.

Milestones will be strategically set to gauge progress, including but not limited to decreased crime rates and heightened public perception of safety. Additionally, timely response to reported incidents and proactive crime prevention initiatives will be key indicators of success.

The project's success will be measured through a combination of quantitative and qualitative assessments, such as crime statistics analysis, feedback from local businesses and residents, and assessments of public sentiment regarding public safety perceptions.

Total Budget: \$200,000.00 for security upgrades and target hardening items such as surveillance cameras and deterrence-aided signage.

Amount of funding requested from EDRST: \$200,000.00

Is this request anticipated to be a one-time request or multi-year?

This project is expected to be at least a 2-year project. Therefore, there will be a need to repeat these efforts of security measures enhancement for next year. All the expected details will be repeated with the above methods.

1.0 Scope of Work by Tech Electronics

Herein referred to as the "Services"

University City is needing to install the network switching infrastructure for the newly remodeled buildings. The city has the need to get systems up and running in the new spaces while still operating in the old space. When the city is ready to decommission the existing space, the network hardware can then be brought over and join the newer equipment.

TECH Electronics will host a project kick-off meeting with the City's IT Manager prior to starting the configuration to ensure the appropriate VLAN, security and segmentation is configured. Documentation will be provided after installation.

Tech Electronics will provide fiber jumpers to support the installation of the new switching infrastructure.

The happening of any one of the following shall be an "Event of Default" under the Submission: (i) failure by Customer to pay any amount within 30 days after the same is due and payable; (ii) failure by Customer to observe, keep or perform any agreement required of it herein and to correct such breach within 10 days after written notice of same from Tech; (iii) abuse of the System; (iv) dissolution, termination of existence, discontinuance of the business, insolvency or business failure of Customer; (v) initiation of any bankruptcy, reorganization, assignment of the benefit of creditors, or like proceeding by or against Customer; (vi) excessive false alarms caused by Customer; or (vii) allow other vendors to work on the System during Tech's performance of Services or the term of the warranty.

8.2. Remedies. Upon the occurrence of an Event of Default, then at any time thereafter Tech may pursue one or more of the following remedies: (i) by written notice to Customer, declare the balance of all unpaid amounts due and to become due under the Submission to be immediately due and payable, provided that all past due amounts shall bear interest at the rate of 1-1/2% per month (18% per year) or the maximum rate permitted by law from the first occurring Event of Default; (ii) receive immediate possession of any Tech owned portion of the System, and for such purpose enter Customer's premises and remove said portion of the System and Customer hereby waives any further rights to the Tech owned portion of the System and any claims resulting from said repossession, including any claim or restoration of the premises to its former condition; (iii) proceed at law or in equity to enforce performance by Customer of the provisions of the Submission, or to recover damages for the breach of the Submission; (iv) discontinue furnishing the Goods and Services, including, without limitation, disabling communication software, hardware and/or firmware contained within the System from the any monitoring facility, and terminate the Submission by written notice to Customer; (v) recover any other costs Tech is required to bear in respect to the System and/or services provided under the Submission; and (vi) recover all costs of collection, including court costs, collection expenses, attorneys' fees, reasonable costs of removal of the Tech-owned portion of the System, and any other reasonable costs paid or incurred by Tech in enforcing or attempting to enforce the Submission (including these Terms and Conditions). Furthermore, if there are any other agreements in effect between Tech and Customer, then Tech, at its option, may deem Customer's default under any other agreement to be a default under any or all the agreements and Tech shall be entitled to exercise any or all of its remedies upon default with respect to any or all of such agreements. The above remedies are cumulative and exercise of one does not preclude the exercise of another.

9. Miscellaneous Provisions.

9.1. Subcontracting; Assignment. Tech shall have the right to subcontract any of the Services which it may be obligated to perform. The Submission and its benefits are not assignable by Customer except upon the prior written consent of Tech. Customer acknowledges that the Submission, and particularly those Sections relating to Tech's maximum liability and third party indemnification, inure to the benefit of, and are applicable to any assignees or subcontractors of, Tech.

9.2. Subcontracting. The parties recognize that Tech intends to comply with the applicable labor agreement and any Subcontractors to Tech which perform work covered by Tech's labor agreement will provide its employees wages and benefits equal to or better than the wages and benefits contained in the applicable Tech labor agreement. The parties agree that this is a material term and that Tech will rely on the Subcontractor's compliance with this provision.

9.3. Nonsolicitation. Neither party may solicit to hire, employ or otherwise receive the services of (except for services provided pursuant to the Submission), any individual who was employed by the other party at the time of such solicitation or employment or at any time during the one year period immediately preceding such solicitation or employment, without the prior written consent of the party employing the individual.

Each party acknowledges that in the event it breaches its agreement in this Section 9.2, the non-breaching party would incur costs to recruit and hire a new employee (including, but not limited to, expenses for advertising and other recruiting sources and administrative time in reviewing and selecting candidates). In addition, there would be costs with recruiting and orienting the replacement, including lost productivity and/or efficiency in the handling of other assignments. The parties agree that these costs and expenses may well be difficult, if not impossible, to ascertain with specificity. As a result, the parties have agreed upon a liquidated amount to reasonably compensate the non-breaching party, at a minimum, for the types of damages noted above; that liquidated amount shall be equal to 50% of the annualized compensation (including benefits) of the individual who is solicited, representing the equivalent of six month High School of pay (including benefits). The parties agree that this is a reasonable estimate of damages and not included as a penalty.

9.4. Third-Party Beneficiary. Except as provided in Section 3.3, these Terms and Conditions and the Submission are solely for the benefit of the parties and their respective successors and permitted assigns, and no other person has any right, benefit, priority or interest under or because of the existence of this Agreement. The parties hereby expressly disclaim any intention to create any third party beneficiaries of these Terms and Conditions or the Submission or the Goods and Services.

9.5. Force Majeure. Tech shall not be liable for nonperformance or delay in performance due wholly or partially to any cause beyond its control, including action or failure of the government to act where action is required, strikes or other labor troubles, riots, power failures, interruption or unavailability of telephone service fire, flood, lightning, earthquakes, or other acts of God. Replacement of the System necessitated by any such event will be at Customer's expense. The Submission may be suspended or terminated, at the option of Tech or Customer, if Customer's premises or the System or any part thereof is destroyed by fire, lightning or other catastrophe or so substantially damaged that it is impractical to continue to provide Goods and Services. Upon such suspension or termination, an equitable refund of the service charges paid, but not yet earned, shall be made. Notice of termination shall be given upon written notice given within ten (10) days of such event.

9.6. Entire Agreement. Customer acknowledges receipt of a copy of the Submission and these Terms and Conditions. The Submission (including these Terms and Conditions and any other documents expressly incorporated by the Submission) constitutes the entire agreement among the parties pertaining to the subject matter hereof and supersedes all prior agreements, letters of intent, understandings, negotiations and discussions of the parties, whether oral or written. If there is any conflict between the Submission and Customer's purchase order, or any other document or any oral agreements, the Submission will govern. No conditions in the acceptance by Customer and no subsequent agreements or communications in any way modifying the provisions of the Submission shall be binding unless signed by an authorized representative of Tech.

9.7. Amendments. The Submission may only be amended in a writing signed by both parties. No waiver of any of the terms and conditions contained herein shall be effective unless such waiver is in writing and signed by an authorized representative of the party waiving such condition.

9.8. Severability. In the event any of the terms and conditions of the Submission are declared invalid or inoperative, all of the remaining terms and conditions shall remain in full force and effect.

9.9. Governing Law. The Submission and the rights and obligations of the parties hereunder are to be governed by and construed and interpreted in accordance with the laws of the State of Missouri applicable to contracts made and to be performed wholly within Missouri, without regard to choice or conflict of laws rules.

9.10. Waiver of Jury Trial. EACH PARTY HERETO HEREBY WAIVES ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION OR CAUSE OF ACTION ARISING UNDER THE SUBMISSION OR IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO OR ANY OF THEM IN RESPECT OF THE SUBMISSION OR TRANSACTIONS RELATED HERETO, IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER SOUNDING IN CONTRACT OR TORT OR OTHERWISE. EACH PARTY HERETO AGREES AND CONSENTS THAT ANY SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION WILL BE DECIDED BY COURT TRIAL WITHOUT A JURY.

9.11. Notices. Any notice provided pursuant to the Submission, if specified to be in writing, shall be in writing and shall be deemed given: (i) if by facsimile, hand delivery or by delivery service, upon receipt thereof; (ii) if mailed, three days after deposit in the U.S. mail, postage prepaid; or (iii) if by electronic mail, upon receipt thereof. All notices shall be addressed to the parties at the addresses specified in the Submission or at such other addresses as either party may in the future specify in writing to the other.

9.12. Binding Effect. The Submission shall not be binding upon Tech unless approved in writing by an authorized representative of Tech. In the event of failure of such written approval, the sole liability of Tech shall be to refund to Customer the amount paid to Tech upon the signing of the Submission.

Disclaimers and Waivers. These Terms and Conditions contain certain exculpatory clauses, disclaimers and waivers to which Customer has agreed. Those clauses are set forth in Sections 5.1, 5.2, 6, 7 and 9.9. Customer's signature on the Submission indicates its acceptance of and assent to such provisions.

Project Goals

- Improve water quality of local rivers and streams by reducing wastewater overflows
- Meet objectives and requirements of the Clean Water Act
- Consent Decree requires MSD to remove SSO's (sanitary sewer overflow) and implement CSO (combined sewer overflow) control measures
 - University City has 32 CSO's being improved with this program

**Note – Flood control is not part of the project scope.*

Tentative Schedule

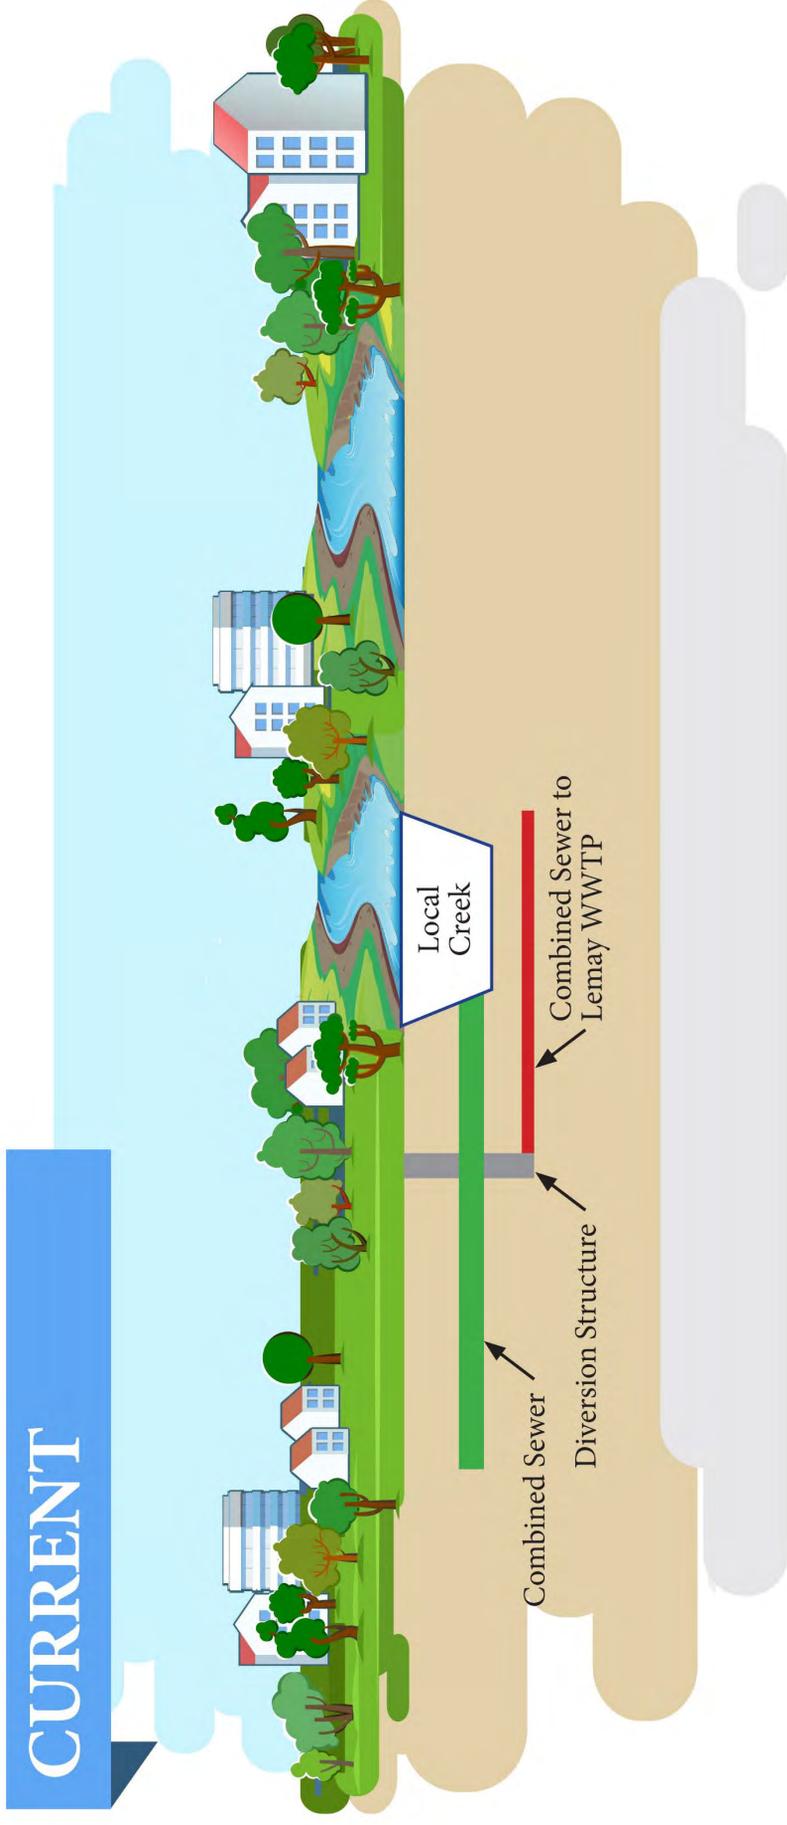

Project Overview (Solution)

- Major components include a deep storage tunnel, pump station and near-surface sewers
 - 18-foot inside diameter
 - 6-miles long
 - Approx. 90 to 240-foot deep
 - 3 connecting tunnels (12-foot diameter)
 - 16 drop shafts
- Improvements will directly benefit water quality in Upper River Des Peres and River Des Peres Tributaries (Deer, Black, Hampton, Claytonia Creeks)
- Multiple municipalities involved

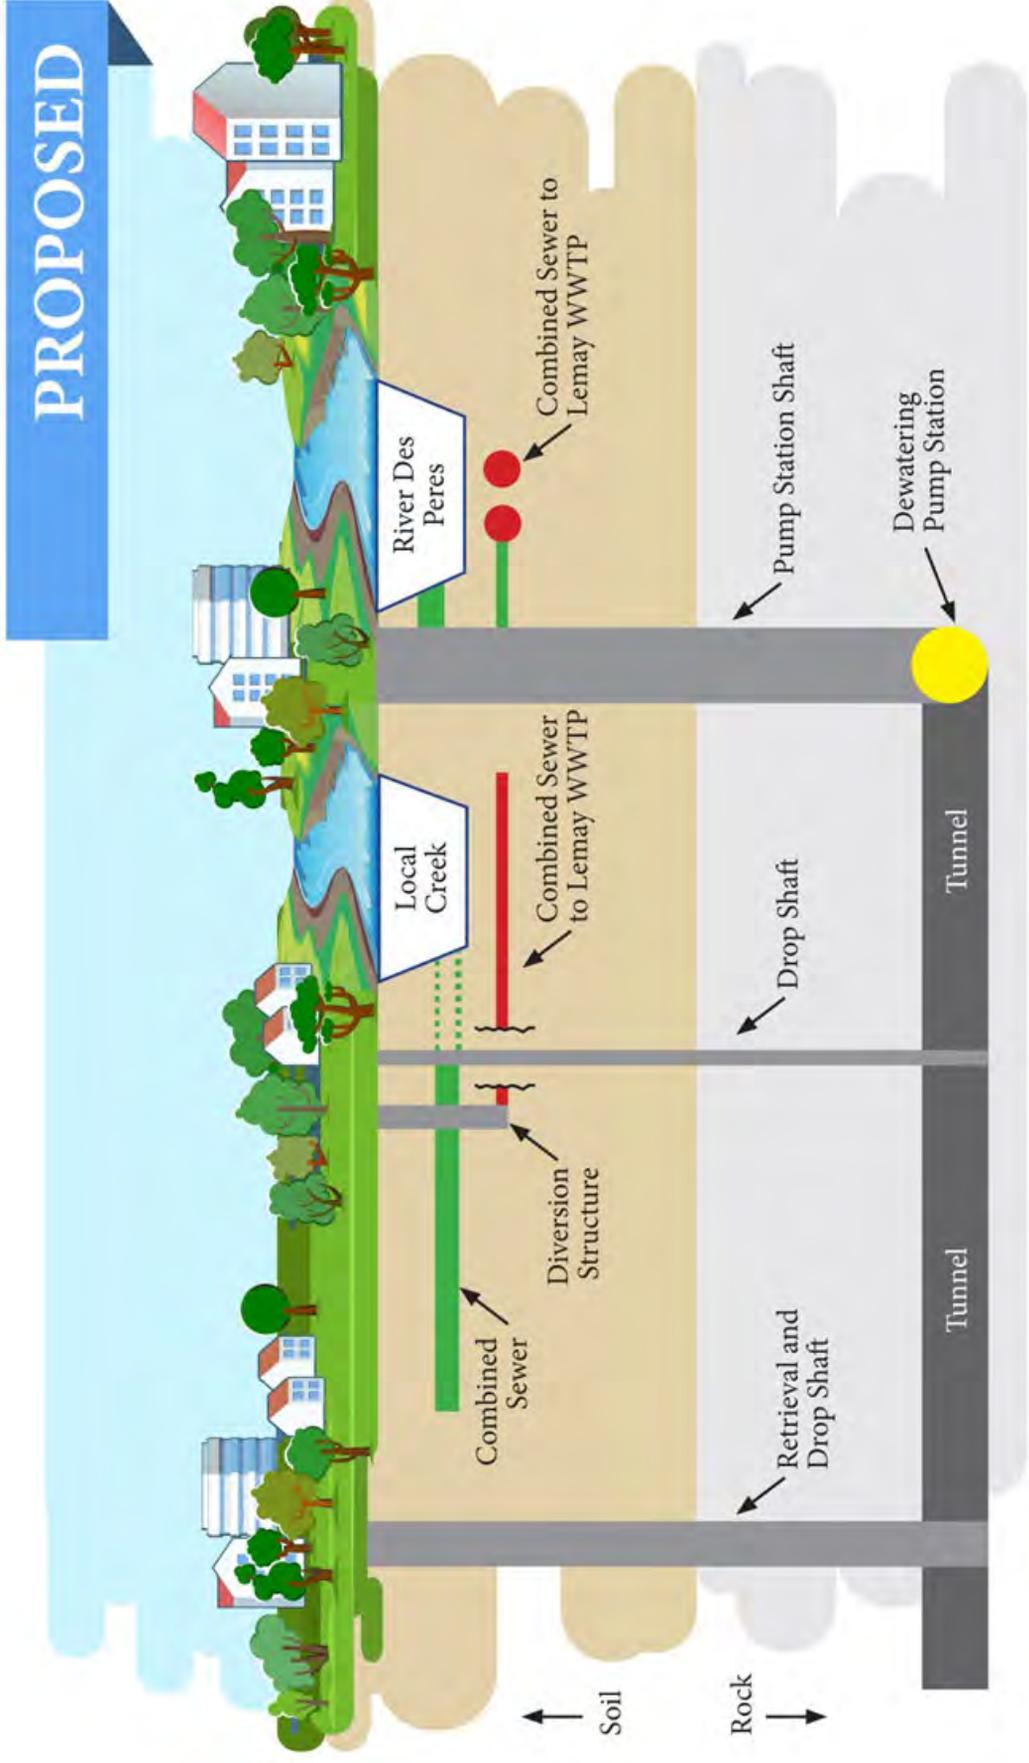

Project Overview (How It Works)

- Wastewater flows to Lemay WWTP during dry weather
- In small rain events, wastewater mixes with stormwater and flows to Lemay WWTP; in large rain events, the mixed water also overflows to local creeks

Project Overview (How It Works)

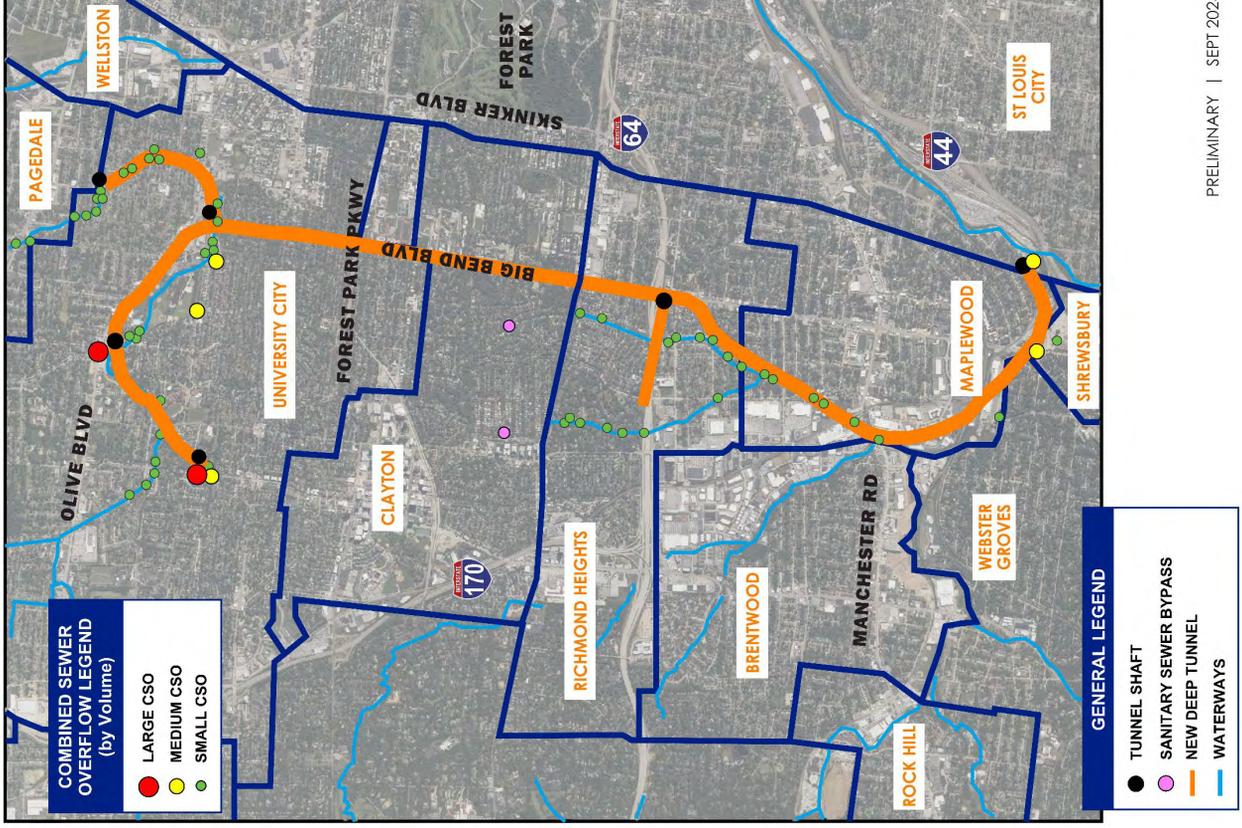

- Capture overflow before it reaches the local creeks
- Store it safely underground
- Send it to the Lemay WWTP for treatment

Alignment Considerations

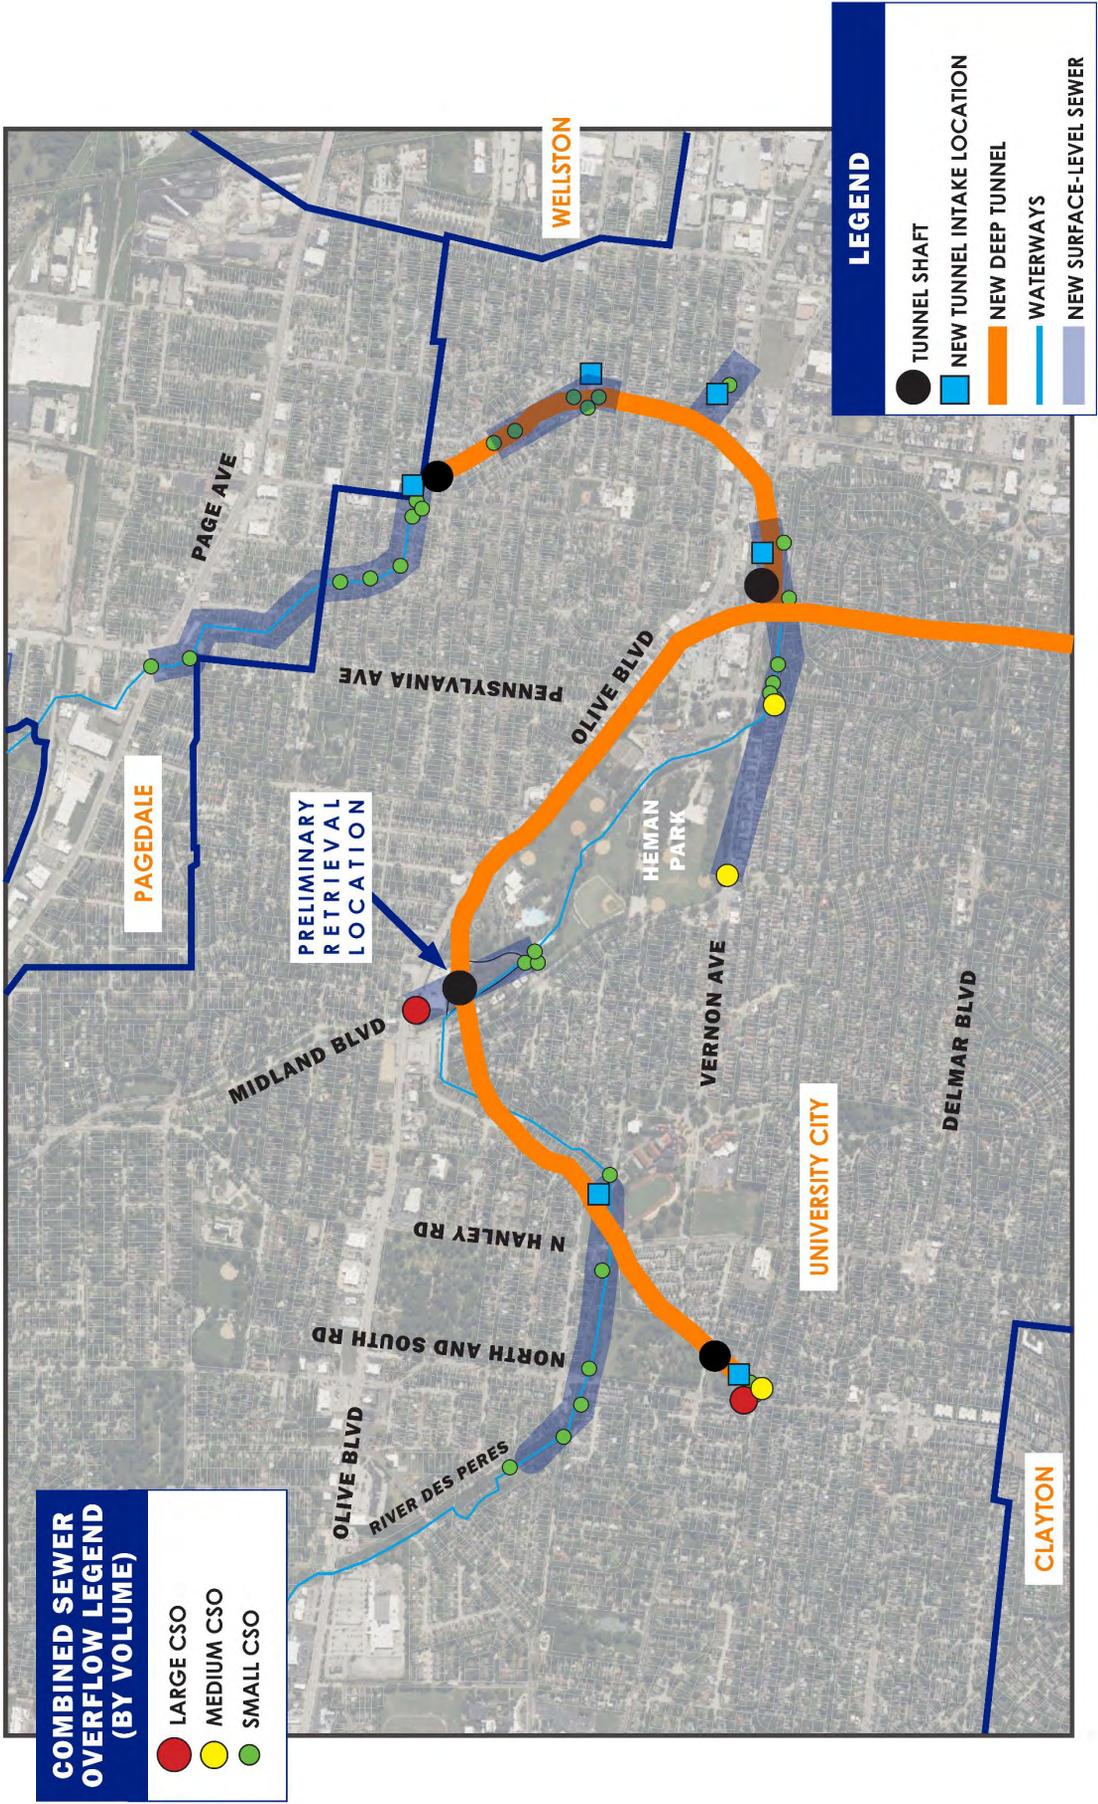

- Proximity to several CSO's
- Minimize impacts to private property
- Take advantage of public right-of-way

Applicant Request

The applicant, Premier Design Group, is requesting a conditional use permit to authorize a gasoline station and convenience store for the property located at 7430 Olive Boulevard.

Existing Property

The subject property is a 2.26-acre site located at the southeast corner of Olive Boulevard and N Hanley Road. The site was previously occupied by Pete’s Market until December 31, 2024; is entirely paved; and has two curb cuts on Olive and one on N Hanley.

Analysis

Land Use and Zoning

The subject property is currently zoned General Commercial (GC), in which gasoline stations and convenience stores are conditional uses.

Table 1. Surrounding Zoning & Land Use

North	General Commercial (GC); gas station, hair salon
East	General Commercial (GC); Day care center
South	Single Family (SR)
West	Public Activity (PA); cemetery

Map 1. Surrounding Zoning

Off-Street Parking and Loading Requirements

Required parking: Gasoline station with convenience store
 2 spaces for the gas station, plus 1 per 200 square feet of convenience store area
 $2 + (5,200 \text{ feet}^2 / 200) = 26 + 2 = \mathbf{28 \text{ required parking spaces}}$

The applicant is proposing 26 parking spaces, which, with the 10% reduction for proximity to transit, satisfies the parking requirements. Applicant is also providing the required 6 bicycle parking spaces and the required 1 loading space.

Site Coverage

The applicant will be reducing overall site coverage from approximately 100% currently down to 50.15%, which satisfies the maximum site coverage of 70% for developments on lots over 20,000 square feet. A large stormwater detention basin will be provided along the east and south sides of the property, helping mitigate existing stormwater issues.

Dimensional Regulations

The proposed development complies with the dimensional regulations (height, setback, minimum lot size) of the GC district as well as all regulations set forth in the Motor Vehicle Oriented Business Standards.

Landscape and Screening Requirements

Landscaping and screening are required along the southern property line, where the proposed development is abutting properties zoned Single-Family Residential (SR). The applicant is providing adequate landscaping and buffer where required, as well as in accordance with the Olive Boulevard Design Guidelines.

Circulation and Access

Access to the site is reserved to one curb cut on Olive and one on Hanley. Both curb cuts are located as far from the existing signalized intersection as possible, and the existing curb cut on Olive nearest the intersection is being removed. The plan also features pedestrian access from Hanley in the form of a crosswalk, and a pedestrian refuge area at the northwest corner of the lot.

Comprehensive Plan

The future character and land use map designates this site as a Community Corridor. "Community commercial" is considered a primary use in the Community Corridor land use type. The applicants are also providing increased landscaping and green infrastructure elements, as recommended for this land use type.

Olive Boulevard Design Guidelines

The proposed building and site design comply with the Olive Boulevard Design Guidelines.

Other Departments' Comments

The proposed plans were shared with the Fire Department, Department of Public Works, and Police Department. Their comments are attached to this staff report.

Review Criteria

The applicant is in accordance with the Conditional Use Permit review criteria, as set forth in §400.2710 of the Zoning Code, and listed below:

1. The proposed use complies with the standards of this Chapter, including performance standards, and the standards for motor vehicle-oriented businesses, if applicable, as contained in Section 400.2730 of this Article.
2. The impact of projected vehicular traffic volumes and site access is not detrimental with regard to the surrounding traffic flow, pedestrian safety, and accessibility of emergency vehicles and equipment.
3. The proposed use will not cause undue impacts on the provision of public services such as police and fire protection, schools, and parks.
4. Adequate utility, drainage and other such necessary facilities have been or will be provided.
5. The proposed use is compatible with the surrounding area.
6. The proposed use will not adversely impact designated historic landmarks or districts.
7. Where a proposed use has the potential for adverse impacts, sufficient measures have been or will be taken by the applicant that would negate, or reduce to an acceptable level, such potentially adverse impacts. Such measures may include, but not necessarily be limited to:
 - a. Improvements to public streets, such as provision of turning lanes, traffic control islands, traffic control devices, etc.
 - b. Limiting vehicular access so as to avoid conflicting turning movements to/from the site and access points of adjacent properties, and to avoid an increase in vehicular traffic in nearby residential areas.

- c. Provision of cross-access agreement(s) and paved connections between the applicant's property and adjacent property(ies) which would help mitigate traffic on adjacent streets;
- d. Provision of additional screening and landscape buffers, above and beyond the minimum requirements of this Chapter;
- e. Strategically locating accessory facilities, such as trash storage, loading areas, and drive-through facilities, so as to limit potentially adverse impacts on adjacent properties while maintaining appropriate access to such facilities and without impeding internal traffic circulation;
- f. Limiting hours of operation of the use or certain operational activities of the use (e.g., deliveries); and
- g. Any other site or building design techniques which would further enhance neighborhood compatibility.

Findings of Fact

According to §400.2720, the Plan Commission shall not recommend approval of a conditional use permit unless it shall, in each specific case, make specific written findings of fact based directly upon the particular evidence presented to it supporting the conclusion that the proposed conditional use:

- 1. Complies with all applicable provisions of this Chapter;
- 2. At the specific location will contribute to and promote the community welfare or convenience;
- 3. Will not cause substantial injury to the value of neighboring property;
- 4. Is consistent with the Comprehensive Plan, neighborhood development plan (if applicable), the Olive Boulevard Design Guidelines (if applicable), and any other official planning and development policies of the City; and
- 5. Will provide off-street parking and loading areas in accordance with the standards contained in Article VII of this Chapter.

Process – Required City Approvals

Plan Commission. Section 400.2700(C) of the Zoning Code requires that CUP applications be reviewed by Plan Commission. The Plan Commission shall make a recommendation to the City Council for their consideration. A public hearing is required at the Plan Commission meeting.

City Council. Section 400.2700(D) of the Zoning Code requires that CUP applications be reviewed by City Council for final decision, subsequent to a public hearing and recommendation from Plan Commission. In conducting its review, City Council shall consider the staff report, Plan Commission’s recommendation, and application to determine if the proposed CUP application meets the requirements of the Zoning Code.

Staff Recommendation

Staff recommends approval of the Conditional Use Permit for a gasoline station and convenience store to be located at 7430 Olive Boulevard with the following conditions:

- 1. All signage must meet the standards set forth in Zoning Code Article VIII, Sign Regulations.
- 2. The premises at 7430 Olive Boulevard shall be maintained in compliance with the Property Maintenance Code. (Recommended by the Plan Commission on September 25, 2024.)
- 3. The buildings and signage at 7449 Olive Boulevard shall be razed and all debris and storage

tanks shall be removed prior to issuance of occupancy permit for 7430 Olive Boulevard.
(Recommended by the Plan Commission on September 25, 2024.)

4. The premises at 7430 Olive Boulevard shall be maintained and the business thereon shall be operated, in accordance with the attached University City Police Department's Circle K Memo 2025 – CUP. (Recommended by the Police Department.)

Request: Approval of an Amended Final Development Plan

Location: 8350 Delcrest Drive

VOTE REQUIRED

Dr. Wagner introduced the application to amend the “Crown Center” final development plan. Due to the rezoning of a neighboring lot, the subject property is no longer required to maintain a 35’ landscape buffer, so the applicants are requesting to amend the final development plan to replace the buffer with more parking stalls that are required by code. The applicant clarified that this amendment is bringing the total development back in line with the amount of parking that was originally approved.

Motion to recommend the final development plan to council with conditions was made by commissioner Gascon. Vote passed 6-0.

c. **CUP-24-05**

Applicant: Matt Fogarty of Premier Design Group on behalf of Circle K

Request: Conditional Use Permit (CUP) to allow for a gasoline station and convenience store

Location: 7430 Olive Boulevard

PUBLIC HEARING, VOTE REQUIRED

Ms. Kennedy introduced the project, a new Circle K gas station and convenience store located at the site of an existing grocery store. No rezoning is required, just a conditional use permit for the gas and convenience store uses. Ms. Kennedy explained the site layout, pedestrian amenities, storm water mitigation, circulation, and signage before introducing the applicants.

Commissioners asked questions of the applicants relating to the on-site ATM, liquor sales, the existing Circle K across from this lot, and storm water detention.

Discussion about what to do with the old Circle K site/building followed, including about site cleanup, preparing the site for sale, and exploring conditions the city could place on the CUP regarding how to handle it going forward.

A motion to recommend approval of the conditional use permit to city council with conditions was made by Commissioner Fleischer. Amendments to the motion were discussed pertaining to removal of the old Circle K buildings across the street. University City Police Department's Circle K Memo 2025 – CUP

Without proactive environmental and technological safeguards, repeat patterns from 7449 Olive (current Circle K in University City) will recur at 7434 Olive (new location). Based on site plans, crime data, and the University City Police Department's ("UCPD") CPTED analysis and review, 7434 Olive presents a high-visibility, high-risk location for nuisance and opportunistic crime, especially during overnight hours. The lack of bollards, incomplete lighting coverage, insufficient surveillance, exposed rear of building issues, and potential repeat problems already experienced at 7449 Olive.

Circle K's cooperation with this Crime Prevention Through Environmental Design analysis points will directly reduce the frequency of public safety calls to this business and improve safety overall. UCPD would like to utilize a 90 days / 180 days system for tracking types of calls for service as well as checking for patterns and trends regarding criminal or suspicious activity. Continued coordination, collaboration, and planning with UCPD is essential to sustain long-term compliance and overall community safety.

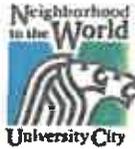

Below are all agreed upon directives that Circle K Ownership / Management has indicated that will be implemented as a condition of the approved Conditional Use Permit.

- Circle K shall assign a property manager to serve as a point of contact for the UCPD for the purposes of addressing and abating nuisances, providing regular managerial updates, or communications with UCPD following incidents at the property which involve a UCPD response.
- Circle K shall submit a site plan showing increased resolution and camera coverage of the entire property, which includes :
 - Entire lot coverage
 - East lot corner
 - Rear fence line (blind spots)
 - Alley access point near transformer pad
- Circle K shall maintain surveillance footage for a minimum of 60 days and shall allow access to footage to UCPD upon request for investigative purposes.
- Circle K shall participate in the University City Nuisance Property Program.
- Require after-action contact from the store manager for any incident involving UCPD responses and include regular managerial updates (as mgrs. leave keep public safety included).

- Circle K shall participate in annual safety audits by the University City Police Department personnel.
- Circle K shall schedule quarterly UCPD business checks for first 12 months of operation.
- Circle K shall provide an on-site security guard during peak risk hours.
- Circle K shall install FLOCK brand license plate reader at ingress/egress points for vehicle crime deterrence. LPRs on their lot.

 - Parking lot lighting to IESNA standards (minimum 2.0 foot-candles average)
 - Designated employee parking spaces
 - Require bollards at entryways – aids in traffic collisions at a major intersection
 - Full perimeter lighting and camera coverage, including pumps and dumpster
 - Bollards at storefront entries
 - Landscaping designed to deter cut-through activity
 - Fencing or other obstacles deterring entry onto the property from the rear and neighboring alley
- Establish enforcement support agreement for loitering and vagrancy.
- Circle K's 24-hour operation places it at higher risk for nighttime issues coupled with minimum staffing at those times – require multiple employees.
- Absence of on-site security or loss prevention personnel will increase the burden on University City community public safety resources – agree to private security in “Hot Spot” time frames.
- If incident trends persist, seek AGDS pilot coverage for the corridor.

Company Information:

Circle K has been in the convenience and retail industry for more than 60 years. Circle K is an International Brand that is represented in over 20 countries. Circle K has an existing store located to the north of the subject property at 7434 Olive Blvd with an existing CUP. Circle K acquired the property and would like to relocate to provide a modern convenience store that provides adequate parking, drive aisles, and accommodations for pedestrians.

Store Information:

- 5,200 sq. ft. building
- 7 pump islands with 1 High Speed Diesel Island for Commercial Trucks (Box Trucks)
- 2-3 employees per shift.
- The hours of operation are 24 hours a day, 7 days a week, and will be open 365 days a year. Deliveries will occur typically once per day depending on the vendor. Loading is typically done either from the side door or the front door as is typical for most convenience stores.
- Tobacco, Liquor, Beer and Wine Sales will be available.

- All underground utility exits are on the western and southern side of the building.
- An outdoor storage display area along the building sidewalk.
- Outdoor storage/display area for firewood, windshield washer fluid, bottled water, salt and ancillary products as determined by operations. The products will be placed as necessary to meet all code requirements and is depicted on the plan.

Site Information:

- Property Size = ±2.26 Acres
 - Pump configuration is a single row with 7 islands which equates to 14 pumps.
 - HSD (High Speed Diesel) pump configuration is a single row with 2 islands which equates to 1 extra island to accommodate commercial vehicles (box trucks).
 - An accessible path to the right of way is provided.
 - A photometrics plan has been provided for your reference.
 - The trash enclosure location has been placed away from the streets and elevations have been provided.
 - No overnight parking is provided, nor will it be permitted.
 - Stormwater Detention and Water Quality is provided to the west of the site. The system provides water quality and detention. Final design will be permitted through MSD.
 - Landscaping meeting and/or exceeding code requirements is provided.
 - Olive Blvd has been enhanced with a freestanding wall and plantings to meet the Olive Blvd Corridor Design Requirements.
 - A bike rack has been provided.
 - Closure of entrance closest to intersection along Olive Blvd.
5. Estimated impact of the conditional use on the surrounding properties and adjacent streets, including, but not limited to, average daily and peak hour traffic generation, existing traffic volumes of adjacent streets, if available, use of outdoor intercoms, and any other operational characteristics of the proposed use that may have impacts on other adjacent or nearby properties.

This specific location has been chosen by Circle K to improve the community by expanding their store footprint to provide adequate access and circulation throughout the site. The current store across from Olive Blvd has been inherited by acquisition. Therefore, the goal of the relocation will be to provide a new facility to the city that can meet the current Olive Blvd Design Guidelines. The store will be as convenient as the north side of Olive Blvd. Approximately 75% of traffic from Circle K is pass by traffic. Therefore, the traffic volume will be reduced from the current Pete's Market.

The existing Pete's Market has a larger impervious area and is closer to the residential properties to the south. The proposed Circle K provides a larger setback from the residential properties, maintains the existing freestanding brick wall and provides additional buffering. Therefore, mitigation has been provided to ensure that the development will not cause substantial injury to the value of the neighboring properties.

Circle K obtained CBB to prepare a trip generation memo for the site per the request of MoDOT and Saint Louis County Highways and Traffic. The report was completed on 10/4/2023. At the time of the report, the building size was approximately 3,900 sq. ft. Since the completion of the Trip Generation Memo, the building size has increased. While there will be some additional trips, the results will be similar for the additional 1,900 square feet. The amount of pass by trips for a convenience store is approximately 75%. Approximately 24% of the grocery store trips for the existing Pete's Market would be pass-by trips. Therefore, this consideration leads to a reduction in trips generated for the project.

The net difference in total trips by the Circle K relocation would be approximately 48 more trips in the AM peak hour and 114 less trips in the PM peak hour. In most traffic studies, the PM peak hour is the higher impact on the Hanley Road/Olive Blvd. signal. Therefore, there would be a reduction of more than 100 trips in the PM peak hour. Additionally, the existing access point closest to the intersection on Olive Blvd will be removed. To reiterate, the Trip Generation Memo that CBB prepared was based on the 3,900 square foot building and not the 5,200 square foot building that is currently proposed. We have included the Trip Generation Memo in the submittal and included Table 1: Trip Generation Estimate – Proposed Circle K from the report for ease of reference. All work for the trip generation memo was completed by CBB.

RE: Conditional Use Permit Application
PCE Project Number 2021320

Mr. Wagner-

As per the City of University City's Conditional Use Permit procedure a written development plan explaining the standards that are met for each of the required yards, setbacks, screening, buffering, signs etc. Below is a narrative for items 6a through 6e per the conditional use permit application. Circle K is proposing a 5,200 sq. ft. convenience store at the southeast corner of Olive Blvd and Hanley Road. The property size for the development is ± 2.26 acres. The property is currently occupied by Pete's Market.

Below are the bullet points for this development:

Store Information:

- Liquor, Beer and Wine Sales will be available.
- Tobacco Sales will be available.
- All underground utility exits are at the western and southern side of the building.
- Typical outdoor storage display area along the building sidewalk.
- Outdoor storage/display area for firewood, windshield washer fluid, bottled water, salt and ancillary products as determined by operations. The products will be placed as necessary to meet all code requirements and is depicted on the plan.

Site Information:

- Property Size = ± 2.26 Acres
- Pump configuration is a single row with 7 islands which equates to 14 pumps.
- HSD pump configuration is a single row with 2 islands which equates to 1 extra pump to accommodate commercial vehicles (box trucks).
- An accessible path to the right of way is provided.
- A photometrics plan has been provided for your reference.
- The trash enclosure location has been placed away from the streets and elevations have been provided.
- No overnight parking is provided, nor will it be permitted.

- Stormwater Detention and Water Quality is provided to the west of the site. The system provides water quality and detention. Final design will be permitted through MSD.
- Landscaping meeting and/or exceeding code requirements is provided.
- Olive Blvd has been enhanced with a freestanding wall and plantings to meet the Olive Blvd Corridor Design Requirements.
- The hours of operation are 24 hours a day, 7 days a week, and will be open 365 days a year. Deliveries will occur typically once per day depending on the vendor. Loading is typically done either from the side door or the front door as is typical for most convenience stores.
- A bike rack has been provided.
- Closure of entrance closest to intersection along Olive Blvd.

Item 6A – Complies with all applicable provisions of the University City Zoning code (e.g. required yards and setbacks, screening and buffering, signs, etc.).

1. Building Setbacks – Meets or exceeds the zoning code.
 - a. Front Yard Setback – 35 feet
 - b. Side Yard Setback – 5 feet
 - c. Rear Yard Setback – 25 feet
2. Screening and Buffering
 - a. Front Yard Parking Setback – 10 feet
 - b. Side Yard Parking Setback – 10 feet
 - c. Rear Yard Parking Setback – 25 feet
 - d. Trees and plantings have been provided per the Olive Blvd Design Guidelines.
 - e. The Olive Blvd frontage has been supplemented with a corner feature and a serpentine free standing retaining wall.
 - f. The brick freestanding wall shall remain in place along the south property line.
 - g. An ADA compliant rail shall be provided above the existing retaining wall along the east property line.
3. Signage:
 - a. A 25-foot-tall sign is proposed at the northwest corner of the property.
 - b. An 8-foot-tall sign is proposed along the Hanley frontage.
 - c. Directional signage will be provided for each entrance.
 - d. Sign Package has been included for reference.

Item 6b – At the specific location will contribute and promote the community welfare or convenience.

This specific location has been chosen by Circle K to improve the community by expanding their store footprint to provide adequate access and circulation throughout the site. The current store across from Olive Blvd has been inherited by acquisition. Therefore, the goal of the relocation will be to provide a new facility to the city that can meet the current Olive Blvd Design Guidelines. The store will be as convenient from the north side of Olive Blvd.

Approximately 75% of traffic from Circle K is pass by traffic. Therefore, the traffic volume will be reduced from the current Pete's Market.

Item 6c – Will not cause substantial injury to the value of the neighboring property.

The existing Pete's Market has a larger impervious area and is closer to the residential properties to the south. The proposed Circle K provides a larger setback from the residential properties, maintains the existing freestanding brick wall and provides additional buffering. Therefore, mitigation has been provided to ensure that the development will not cause substantial injury to the value of the neighboring properties.

Item 6d – Is consistent with the Comprehensive Plan, neighborhood development plan (if applicable), and any other official planning and development policies of the City.

The city's comprehensive plan was adopted by the Planning Commission on January 24, 2024. Goal A is to Preserve and Enhance Great Places. This development will allow the city to have a new development that will meet or exceed the code requirements. This will reduce traffic based on the existing use of Pete's Market and provide additional green space. Sidewalks will be rebuilt and an accessible route to the ROW is provided. A bike rack is proposed for bicyclists. While this development will cause a temporary vacancy, there are currently limited vacancies and will allow for a new redevelopment project in the near future. Stormwater Quality and Flood Protection will be provided where none exist today for the site.

Item 6e – Will provide off-street parking and loading areas in accordance with the standards contained in Article 7 of the University City Zoning Code.

The development will meet or exceed the parking and loading area requirements per Article 7 of the University City Zoning Code.

Please feel free to reach out with any questions and/or concerns.

Sincerely,

Matt Fogarty

MEMORANDUM

Date: October 4, 2023

To: Mr. Mark Shiflet – Circle K

From: Ms. Shawn White, P.E., PTOE

CBB Job Number: 093-23

Project: Trip Assessment
Proposed Circle K
Olive Boulevard and Hanley Road
University City, Missouri

As requested, CBB has prepared a Trip Generation Assessment related to the proposed Circle K development in University City, Missouri. The proposed development is located in the southeast quadrant of Olive Boulevard and Hanley Road as noted in **Figure 1**.

Figure 1: Proposed Circle K Development – Aerial Location

Circle K proposes to relocate the existing Circle K in the northeast quadrant of the Olive Boulevard and Hanley Road intersection to the southeast quadrant of the intersection. The existing Circle K has eight (8) vehicle fueling positions (vfp) and a small convenience store. Based on the site plan provided by Premier Design Group, the new Circle K will have 13 vfp and a 3,900 SF convenience store. There is an existing grocery store in the southeast quadrant of the intersection that would be removed to make way for the proposed Circle K.

Access to the existing grocery store is provided via one right-in/right-out (RIRO) drive and one full access drive on Olive Boulevard and via one full access drive on Hanly Road. In conjunction with the proposed Circle K development, the RIRO drive on Olive Boulevard would be removed with access for the proposed Circle K provided via the existing full access drives on Olive Boulevard and Hanley Road. An excerpt from the concept plan, provided by Premier Design Group, is shown in Figure 2.

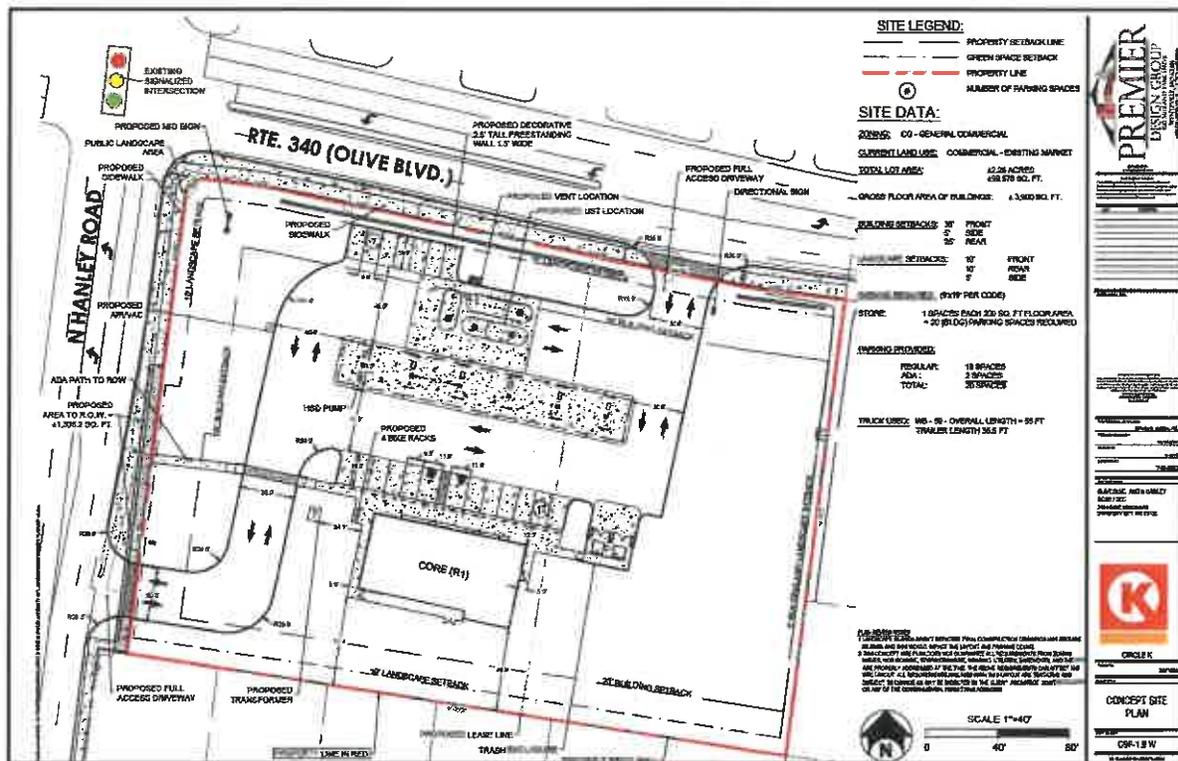

Figure 2: Concept Plan Excerpt (provided by others)

Forecasts were prepared to estimate the amount of traffic that the proposed Circle K relocation would result in during the weekday AM and PM peak periods. These forecasts were based upon information provided in the *Trip Generation Manual*, 11th Edition, published by the Institute of Transportation Engineers (ITE). This manual, which is a standard resource for transportation engineers, is based on a compilation of nationwide studies documenting the characteristics of various land uses.

Estimates for the existing Pete’s grocery store to be removed were based on Land Use: 850 – Supermarket. Estimates for the existing Circle K to be removed were based on Land Use: 944 – Gasoline Station (convenience store less than 2,000 SF), while estimates for the proposed Circle K to be built were based on Land Use: 945 – Gasoline Station (convenience store between 2,000 and 4,000 SF).

Given the nature of the uses, a portion of the existing trips to be removed and the trips for the proposed Circle K would be from motorists currently traveling along Olive Boulevard and Hanley Road. These trips are referred to as pass-by trips. The actual percentage of traffic attributable to pass-by trips depends upon the nature of the use, the time of day, and the traffic volume on the adjacent street. Therefore, statistical information provided in the ITE *Trip Generation* Appendices “Pass-By Data and Rate Tables/2021”, was utilized to estimate pass-by percentages for the grocery store and gas station uses. As a result, approximately 76% and 75% of the gas station trips were assumed to be pass-by trips during the AM and PM peak hours, respectively. Approximately 24% of the grocery store trips were assumed to be pass-by trips during the PM peak hour.

Table 1 provides a comparison of the trips to be removed and the trips added to the adjacent roadways.

Table 1: Trip Generation Estimate – Proposed Circle K

ITE CODE	LAND USE	FLOOR AREA		ADT (VPD)	A.M. PEAK HOUR (VPH)			P.M. PEAK HOUR (VPH)			
		(SF)	Qty		IN	OUT	TOTAL	IN	OUT	TOTAL	
EXITING USE TO BE REMOVED											
850	Supermarket	27,000		2,534	46	32	78	121	121	242	
					0	0	0	29	29	58	
					46	32	78	92	92	184	
PROPOSED CIRCLE K RELOCATION											
944	Gasoline Station (store < 2k)	8	Gas Pumps	1,376	(41)	(41)	(82)	(56)	(56)	(112)	
945	Gasoline Station w/ Conv Store (2-4k)	13	Gas Pumps	3,447	104	104	208	120	120	240	
					63	63	126	64	64	128	
					48	48	96	48	48	96	
					15	15	30	16	16	32	
					Net Increase in New Trips	(31)	(17)	(48)	(76)	(76)	(152)
					Net Increase in PassBy Trips	48	48	96	19	19	38
					Net Increase in TOTAL Trips	17	31	48	(57)	(57)	(114)

As shown in **Table 1**, the impact of removing the existing Circle K (8 vfp) and grocery store and building a new Circle K (13 vfp) would be 48 fewer new trips in the AM peak hour and 152 fewer new trips in the PM peak hour. There would be a net increase in pass-by trips of 96 trips in the AM peak hour and 38 trips in the PM peak hour. However, pass-by trips do not increase traffic on the adjacent roadways as they are trips already traveling along Olive Boulevard and/or Hanley Road.

The net difference in total trips by the Circle K relocation would be 48 more trips in the AM peak hour and 114 less trips in the PM peak hour. In most traffic studies, the PM peak hour is the higher traffic volume hour and represents the critical hour. In this case, the net impact on the Hanley Road/Olive Boulevard signal with the relocation of the Circle K will actually be a **reduction of more than 100 trips in the PM peak hour.**

As such, the proposed relocation of the existing Circle K gas station is not expected to have a notable impact on the operating conditions at the adjacent intersection of Olive Boulevard and Hanley Road

AGENDA ITEM TITLE: Bill 9578 - Corner 17 Chapter 100

AN ORDINANCE AUTHORIZING THE CITY OF UNIVERSITY CITY, MISSOURI TO ISSUE ITS TAXABLE INDUSTRIAL REVENUE BONDS (8021 OLIVE BOULEVARD PROJECT), SERIES 2026, IN A PRINCIPAL AMOUNT NOT TO EXCEED \$8,000,000, FOR THE PURPOSE OF PROVIDING FUNDS TO PAY THE COSTS OF ACQUIRING, CONSTRUCTING AND IMPROVING A FACILITY FOR AN INDUSTRIAL DEVELOPMENT PROJECT IN THE CITY; APPROVING A PLAN FOR THE PROJECT; AND AUTHORIZING THE CITY TO ENTER INTO CERTAIN AGREEMENTS AND TAKE CERTAIN OTHER ACTIONS IN CONNECTION THEREWITH.

ADDITIONAL BACKGROUND INFORMATION:

Chapter 100 Ordinance

WY Hospitality Group LLC (the "Company") has requested that the City participate in an industrial revenue bond transaction pursuant to Chapter 100, RSMo. to provide certain tax incentives in connection with the construction of a 13,275-square-foot commissary and 3,500 square feet of retail and restaurant space located at 8021 Olive Boulevard (the "Project"). The proposed tax incentives include (a) 15 years of incremental real property tax abatement (consisting of 5 years of 100% abatement above current tax levels and an additional 10 years of 50% abatement above current tax levels) and (b) a sales and use tax exemption on the construction materials purchased for the Project. The anticipated tax impact of these incentives is described in the Cost/Benefit Analysis included in Exhibit A to the ordinance. In accordance with Section 100.059, RSMo., a copy of this analysis has been provided to the impacted taxing districts.

The proposed industrial revenue bond is structured by titling the real property in the name of the City (making it tax-exempt) and leasing it to the Company during the tax abatement period. During the tax abatement period, the Company makes payments in lieu of taxes equal to any taxes that are not intended to be abated. Bonds representing the estimated cost of the Project are also issued to the Company (however, the bonds are not payable from any City or other governmental tax revenue). At the end of the tax abatement period, the Company tenders the bonds back to the City for cancellation and the City transfers title to the Project to the Company (making the Project subject to full taxation). The exhibits to the proposed ordinance relate to the bond transaction. Similarly structured industrial revenue bond transactions were used to facilitate incentives for the 711 Kingsland Avenue/Tru Hotel project, the Subtext project and the Parkview Place project.

Additionally, the Company has requested that the City provide an Economic Development Sales Tax Grant in the maximum amount of \$86,778 to offset a portion of the Company's costs of installing certain streetscape improvements that comply with the Olive Boulevard Design Guidelines. The proposed grant is payable in three annual installments and will be reduced if the Project does not satisfy certain sales tax benchmarks. The terms and conditions for the proposed grant are described in detail in Section 4.4 of the Development Agreement attached as Exhibit F to the ordinance.

CITY OF UNIVERSITY CITY, MISSOURI

PLAN FOR AN INDUSTRIAL DEVELOPMENT PROJECT
AND
COST/BENEFIT ANALYSIS
WY HOSPITALITY GROUP LLC

I. PURPOSE OF THIS PLAN

The City of University City, Missouri (the “City”), intends to issue taxable industrial revenue bonds in a principal amount not to exceed \$8,000,000 (the “Bonds”) to finance the costs of an industrial development project (the “Project”) for the benefit of WY Hospitality Group LLC (the “Company”). The Bonds will be issued pursuant to the provisions of Sections 100.010 to 100.200 of the Revised Statutes of Missouri (“Chapter 100”), Article VI, Section 27(b) of the Missouri Constitution (collectively with Chapter 100, the “Act”) and the City Charter. The Bonds will initially be owned by the Company, and cannot be transferred, other than to the Company’s affiliates and lenders, without the City’s prior approval.

This Plan for an Industrial Development Project and Cost/Benefit Analysis (this “Plan”) is intended to satisfy the requirements of the Act and to analyze the potential costs and benefits, including the related tax impact on all affected taxing jurisdictions, of using industrial revenue bonds to finance the Project and to facilitate partial abatement of ad valorem taxes on the bond-financed property.

II. DESCRIPTION OF CHAPTER 100 FINANCINGS

General. Chapter 100 authorizes cities, counties, towns and villages (each of which is referred to as a “municipality” in the Act) to issue industrial development revenue bonds to finance the purchase, construction, extension and improvement of warehouses, distribution facilities, research and development facilities, office industries, agricultural processing industries, service facilities that provide interstate commerce and industrial plants, including the real estate either within or without the limits of such municipalities, buildings, fixtures and machinery. In addition, Article VI, Section 27(b) of the Missouri Constitution authorizes cities, counties, towns and villages to issue revenue bonds for the purpose of paying all or part of the cost of purchasing, constructing, extending or improving any facility for manufacturing, commercial, warehousing and industrial development purposes, including the real estate, buildings, fixtures and machinery.

Issuance and Sale of Bonds. Revenue bonds issued pursuant to the Act do not require voter approval and are payable solely from revenues received from a lease or other disposition of the project. The municipality issues its bonds and in exchange, the benefited company promises to make payments that are sufficient to pay the principal of and interest on the bonds as they become due. Thus, the municipality merely acts as a conduit for the financing.

Concurrently with the closing of the bonds, the benefited company will convey title to the site on which the industrial development project will be located to the municipality. (The municipality must be the legal owner of the property while the bonds are outstanding for the property to be eligible for tax abatement, as further described below.) The municipality will immediately lease the project site and the improvements thereon back to the benefited company pursuant to a lease agreement. The lease agreement will require the benefited company, acting on behalf of the municipality, to use the bond proceeds to purchase and construct the project.

Under the lease agreement, the benefited company typically: (1) unconditionally agrees to make payments sufficient to pay the principal of and interest on the bonds as they become due; (2) agrees, at its own expense, to maintain the project, to pay all taxes (other than those abated) and assessments with respect to the project and to maintain adequate insurance; (3) may, at its own expense, make certain additions, modifications or improvements to the project; (4) may assign its interests under the lease agreement or sublease the project while remaining responsible for payments under the lease agreement; (5) covenants to maintain its corporate existence during the term of the bond issue; and (6) agrees to indemnify the municipality for any liability the municipality might incur as a result of its participation in the transaction.

Property Tax Abatement. Under Article X, Section 6 of the Missouri Constitution and Section 137.100 of the Revised Statutes of Missouri, all property of any political subdivision is exempt from taxation. In a typical Chapter 100 transaction, the municipality holds fee title to the project and leases the project to the benefited company. Although the Missouri Supreme Court has held that the leasehold interest is taxable, it is taxable only to the extent that the economic value of the lease is less than the actual market value of the lease. See *Iron County v. State Tax Commission*, 437 S.W.2d 665 (Mo. 1968) (*en banc*) and *St. Louis County v. State Tax Commission*, 406 S.W.2d 644 (Mo. 1966) (*en banc*). If the rental payments under the lease agreement equal the actual debt service payments on the bonds, the leasehold interest should have no “bonus value” and the bond-financed property should be exempt from ad valorem taxation while the bonds are outstanding.

If the municipality and the company determine that partial tax abatement is desirable, the company may agree to make payments in lieu of taxes (sometimes referred to as “PILOTs”). The amount of PILOTs is negotiable. The PILOTs are payable by December 31 of each year and are distributed to the municipality and to each political subdivision within the boundaries of the project in the same manner and in the same proportion as property taxes would otherwise be distributed under Missouri law.

Sales and Use Tax Exemption. In addition to property tax abatement, qualified building materials can be exempt from sales and use tax if approved by the municipality. The sales and use tax exemption is evidenced by a project exemption certificate issued by the municipality.

III. DESCRIPTION OF THE PARTIES

WY Hospitality Group LLC. The Company is an affiliate of Wei Restaurant Group LLC, a Missouri limited liability company (“Wei Restaurant Group”). Wei Restaurant Group owns and operates several restaurants in the St. Louis area, including the W Karaoke Longue and Corner 17. Corner 17 currently has two locations: one in the Delmar Loop and one on the campus of Washington University in St. Louis. More information regarding the Company and Corner 17 can be found at corner17usa.com.

University City, Missouri. The City is a home-rule charter city and political subdivision of the State of Missouri (the “State”). The City is authorized and empowered pursuant to the provisions of the Act to purchase, construct, extend, equip and improve certain projects (as defined in the Act) and to issue industrial development revenue bonds for the purpose of providing funds to pay the costs of such projects and to lease or otherwise dispose of such projects to private persons or corporations for manufacturing, commercial, warehousing and industrial development purposes upon such terms and conditions as the City deems advisable.

IV. REQUIREMENTS OF THE ACT

A. Description of the Project. The Project consists of acquiring approximately 1.86 acres of land located at 8021 Olive Boulevard in the City (the “Project Site”) and the construction of a 13,275-square-foot commissary and 3,500 square feet of retail and restaurant space (the “Project Improvements”) and, together with the Project Site, the “Project”). The Project is expected to be completed by the end of 2026.

B. Estimate of the Costs of the Project. The Company estimates the acquisition of the Project Site and the construction of the Project Improvements to cost approximately \$7,250,000. The Bonds have a maximum principal amount of \$8,000,000 to allow for contingencies.

C. Sources of Funds to be Expended for the Project. The sources of funds to be expended for the Project will be the proceeds of the Bonds in the maximum principal amount of \$8,000,000 and other available funds of the Company. The Bonds will be payable solely from the revenues derived by the City from the lease or other disposition of the Project (as further described below). The Bonds will not be an indebtedness or general obligation, debt or liability of the City or the State. No tax revenues will be used to repay the Bonds.

D. Statement of the Terms Upon Which the Project is to be Leased or Otherwise Disposed of by the City. Upon the issuance of the Bonds, the Company will convey fee title to the Project Site to the City. The City will lease the Project back to the Company for lease payments equal to the principal of and interest on the Bonds, plus certain PILOTs. Under the terms of the lease agreement, the Company will have the option to purchase the Project at any time for nominal consideration, including at the termination of the lease. Unless terminated sooner pursuant to the terms thereof, the lease will terminate on December 31 of the 14th year following the year in which the Abatement Initiation Date occurs.

The “Abatement Initiation Date” will be January 1 of the year immediately following the year in which the Project Improvements are completed, unless the Company notifies the City in writing by July 1 of the year in which the Project Improvements are completed that the Abatement Initiation Date should be January 1 of such year. The Project Improvements are expected to be completed by the end of 2026; accordingly, the Abatement Initiation Date is expected to be January 1, 2027, and the lease of the Project is expected to terminate on December 31, 2041.

E. Affected School District, Community College District, Emergency Service Providers, County and Municipality. The School District of University City and the Special School District of St. Louis County are the school districts affected by the Project. The Community College District of St. Louis, St. Louis County, Missouri is the community college district affected by the Project. St. Louis County, Missouri is the county affected by the Project. The City is the municipality affected by the Project. There is no ambulance district, fire protection district or other emergency service district affected by the Project. The Cost/Benefit Analysis attached hereto identifies all other property taxing districts affected by the Project (other than those taxing entities solely affected by the Project with respect to receipt of tax revenues from the commercial surcharge tax).

F. Current Assessed Valuation. The most recent (2025) equalized assessed valuation of the real property included in the Project is \$544,000. The estimated total equalized assessed valuation of real property included in the Project after construction of the Project Improvements is \$772,440. Please note, however, that this estimate assumes that completion of the Project Improvements will not have a significant impact on the assessed value of the Project Site, which was previously used as a bank. The County Assessor will make the final determination of the assessed value.

G. *Payments in Lieu of Taxes.* If this Plan is approved by the City, the City intends to issue the Bonds, take possession of the Project and extend tax abatement to the Company. In each year of the tax abatement period, the Company will make the following PILOTs:

- In each year before the Abatement Initiation Date occurs (expected to be 2026), the Company will make a PILOT equal to 100% of the real property taxes that would otherwise be due to all of the affected taxing jurisdictions, but for the City’s ownership.
- In the year in which the Abatement Initiation Date occurs and in each of the 14 years thereafter (the “Partial Tax Relief Period”), the Company will make a PILOT equal to the following:
 - During the entirety of the Partial Tax Relief Period (expected to be 2027 through 2041, inclusive), 100% of the ad valorem real property taxes that would otherwise be due, but for the City’s ownership of the Project, based on the 2025 assessed valuation of the Project (the “Base Value”);
 - During the first five years of the Partial Tax Relief Period (expected to be 2027 through 2031, inclusive), 0% of the ad valorem real property taxes that would otherwise be due, but for the City’s ownership of the Project (100% incremental abatement), based on the incremental assessed valuation for any given year above the Base Value (the “Incremental Value”); and
 - During the last ten years of the Partial Tax Relief Period (expected to be 2032 through 2041, inclusive), 50% of the ad valorem real property taxes that would otherwise be due, but for the City’s ownership of the Project (50% incremental abatement), based on the Incremental Value.

PILOTs are expected to be collected by the County Collector in the same manner as real property taxes. Except as otherwise set forth in this Plan and in the Bond documents (with respect to emergency service districts, if any), all PILOTs will be distributed among the affected taxing districts in the same proportion as their respective, then-current ad valorem tax levies.

H. *Sales and Use Tax Exemption.* Qualified building materials purchased for the construction of the Project Improvements are expected to be exempt from sales and use tax pursuant to the provisions of Section 144.062 of the Revised Statutes of Missouri and the Bond documents upon delivery of a project exemption certificate. If this Plan is approved by the City, the City intends to deliver a project exemption certificate.

I. *Cost/Benefit Analysis and Discussion of Exhibits.* In compliance with Section 100.050.2(3) of the Revised Statutes of Missouri, this Plan has been prepared to show the costs and benefits to the City and to other taxing jurisdictions affected by the tax abatement and exemptions of the Project. The projections in the Cost/Benefit Analysis are estimates based on numerous assumptions set forth in **Attachment A** hereto. Therefore, the actual revenues generated from the Project may be significantly different from those shown in the Cost/Benefit Analysis. The following is a summary of the exhibits attached to this Plan that show the direct tax impact the Project is expected to have on each taxing jurisdiction and key ancillary benefits expected to be derived from the Project. This Plan does not attempt to quantify the overall economic impact of the Project.

Summary of Cost/Benefit Analysis. **Exhibit 1** provides a summary for each affected taxing district of (1) the total estimated tax revenues that would be generated if the Project did not receive tax abatement, (2) the total estimated value of the PILOTs to be made by the Company for the proposed abatement period and (3) the total estimated value of the abatement to the Company. Please note that the actual value of the Project may differ from the estimated value assumed in this Plan and may impact the value of the PILOTs to be made by the Company.

Real Property Tax Revenues. **Exhibit 2** provides the projected real property tax revenues that would be generated if the Project did not receive tax abatement. **Exhibit 3** provides the projected value of the PILOTs to be made by the Company based on the estimated assessed value of the Project after completion.

Refer to **Attachment A** for the assumptions related to the determination of the assessed values and the tax formulas.

Sales and Use Tax Exemption. The City will grant a sales and use tax exemption on the qualified building materials necessary to construct the Project Improvements. For purposes of determining the impact of the sales and use tax exemption on the qualified building materials on the affected taxing jurisdictions granted by the City, it was assumed that:

- \$2,000,000 of the total costs of the Project will be allocated to construction material costs (40% of the estimated costs of the Project Improvements);
- the applicable sales tax rate is 9.238%, of which 4.225% is allocated to the State, 3.513% is allocated to the County and 1.500% is allocated to the City;
- the applicable use tax rate is 5.725%, of which 4.225% is allocated to the State and 1.500% is allocated to the City;
- 80% of the qualified construction materials will be subject to the State's sales tax and 20% will be subject to the State's use tax;
- 20% of the qualified construction materials will be subject to the County's sales tax; and
- 5% of the qualified construction materials will be subject to the City's sales tax and 95% will be subject to the City's use tax.

Please note that any variance in these assumptions will alter the net fiscal impact of the sales and use tax exemption on the affected taxing jurisdictions.

Based on the assumptions set forth above, the net fiscal impact of the sales and use tax exemption on the qualified building materials granted by the City is approximately \$128,552, allocated as follows:

	<u>Sales Tax</u>	<u>Use Tax</u>	<u>Total</u>
State	\$67,600	\$16,900	\$84,500
County	14,052	-	14,052
City	<u>1,500</u>	<u>28,500</u>	<u>30,000</u>
Total	\$83,152	\$45,400	\$128,552

Ancillary Project Benefits. The City believes that the Company’s investment in the Project will create construction jobs during the construction period, attract visitors to the Olive Boulevard Corridor and spur additional investment in the City. Additionally, construction of the Project will enhance the aesthetics and vibrancy of the Project Site and the surrounding area. These ancillary impacts were not measured for purposes of this Plan.

V. ASSUMPTIONS AND BASIS OF PLAN

This Plan includes assumptions that impact the amount of the tax abatement and exemptions proposed for the Project. See **Attachment A** for a summary of these assumptions.

In addition to the foregoing, to complete this Plan, Gilmore & Bell, P.C. has generally reviewed and relied upon information furnished by, and has participated in conferences with, representatives of the City and its counsel, representatives of the Company and its counsel, and other persons as the firm has deemed appropriate. Gilmore & Bell, P.C. does not assume any responsibility for the accuracy, completeness or fairness of any of the information provided by other parties and has not independently verified the accuracy, completeness or fairness of such information provided by other parties.

ATTACHMENT A

SUMMARY OF KEY ASSUMPTIONS

1. The Company will invest approximately \$7,250,000 to acquire the Project Site and construct the Project Improvements. Please note, however, that we have assumed that this investment will not have a significant impact on the assessed value of the Project Site, which was previously used as a bank. The County Assessor will make the final determination of the assessed value of the Project.

2. The Project will be completed by the end of 2026, so the Abatement Initiation Date will be January 1, 2027.

3. The Project will be owned by the City and leased to the Company with an option to purchase. As long as the Project is owned by the City, it will be exempt from ad valorem property taxes.

4. The Project will be excluded from the calculation of ad valorem real property taxes from upon its acquisition by the City, but will be required to pay a PILOT equal to 100% of the ad valorem real property taxes that would otherwise be due, but for the City's ownership of the Project until such time as the Project is completed and the Partial Tax Relief Period begins.

5. During the Partial Tax Relief Period (expected to be 2027 through 2041, inclusive), the Company will make a PILOT equal to the following:

- During the entirety of the Partial Tax Relief Period (expected to be 2027 through 2041, inclusive), 100% of the ad valorem real property taxes that would otherwise be due, but for the City's ownership of the Project, based on the Base Value;
- During the first five years of the Partial Tax Relief Period (expected to be 2027 through 2031, inclusive), 0% of the ad valorem real property taxes that would otherwise be due, but for the City's ownership of the Project, based on the Incremental Value;
- During the last ten years of the Partial Tax Relief Period (expected to be 2032 through 2041, inclusive), 50% of the ad valorem real property taxes that would otherwise be due, but for the City's ownership of the Project, based on the Incremental Value.

6. Real property taxes are calculated using the following formula:

$$(\text{Assessed Value} * \text{Tax Rate})/100$$

7. The Company estimates the total equalized assessed valuation of real property included in the Project after construction of the Project Improvements will be \$772,440.

8. The Project will be assessed in the first year after completion and in every odd-numbered year thereafter. An estimated growth rate of 2% has been assumed for each reassessment.

9. The tax rates used in this Plan reflect the rates in effect for the 2025 tax year. The tax rates were held constant through the 2041 tax year.

The City is authorized and empowered pursuant to the provisions of Article VI, Section 27(b) of the Missouri Constitution and Sections 100.010 through 100.200, inclusive, of the Revised Statutes of Missouri (collectively, the “Act”) and its charter, to purchase, construct, extend, improve and equip certain projects (as defined in the Act) and to issue industrial development revenue bonds for the purpose of providing funds to pay the costs of such projects and to lease or otherwise dispose of such projects to private persons or corporations for manufacturing, commercial, research and development, office industry, warehousing and industrial development purposes upon such terms and conditions as the City shall deem advisable.

2. Pursuant to the Act, the City Council passed Ordinance No. ____ on _____, 2026 (the “Ordinance”) approving a Plan for an Industrial Development Project and Cost/Benefit Analysis (the “Plan”) relating to the acquisition of certain property located at 8021 Olive Boulevard in the City (as more fully described on **Exhibit A**, the “Project Site”) and the construction of a 13,275-square-foot commissary and 3,500 square feet of retail and restaurant space (the “Project Improvements” and, together with the Project Site, the “Project”).

3. The Ordinance also authorizes the City to (1) issue its Taxable Industrial Revenue Bonds (8021 Olive Boulevard Project), Series 2026, in the maximum principal amount of \$8,000,000 (the “Bonds”), for the purpose of acquiring the Project Site and constructing the Project Improvements thereon, (2) acquire fee title to the Project Site upon the issuance of the Bonds, and (3) enter into the Lease (defined herein) for the purpose of leasing the Project Improvements back to WY Hospitality Group LLC (the “Company”) for rent sufficient to pay debt service on the Bonds.

5. All things necessary to make the Bonds, when authenticated by the Trustee and issued as provided in this Indenture, the valid and legally binding obligations of the City, and to constitute this Indenture a valid and legally binding pledge and assignment of the Trust Estate (defined herein) made for the security of the payment of the principal of and interest on the Bonds, have been done and performed, and the execution and delivery of this Indenture and the execution and issuance of the Bonds, subject to the terms hereof, have in all respects been duly authorized.

If the Bonds are held by the Trustee, the Trustee shall, on each Payment Date, send a revised copy of **Schedule I** via facsimile or other electronic means to the Owner, the Company (if not the Owner) and the City. Absent manifest error, the amounts shown on **Schedule I** as noted by the Trustee shall be conclusive evidence of the principal amount paid on the Bonds.

(d) If there is one Owner of the Bonds, the Trustee is authorized to make the final or any interim payments of principal on such Bonds by internal bank transfer or by electronic transfer to an account at a commercial bank or savings institution designated in writing by such Owner and located in the United States. The Trustee is also authorized to make interest payments on such Bonds by internal bank transfer or by electronic transfer to an account at a commercial bank or savings institution designated by such Owner and located in the United States.

(e) If the Company is the sole Owner of the Bonds, then the Company may set-off its obligation to the City as lessee to pay Basic Rent under the Lease against the City's obligations to the Company as the bondholder to pay principal of and interest on the Bonds under this Indenture. The Trustee may conclusively rely on the absence of any notice from the Company to the contrary as evidence that such set-off has occurred and that pursuant to the set-off, the Company is deemed to have paid its obligation to the City as lessee to pay Basic Rent under the Lease and the City is deemed to have paid its obligation to the Company as bondholder to pay principal of and interest on the Bonds under this Indenture. On the final Payment Date, the Company may deliver to the Trustee for cancellation the Bonds and the Company shall receive a credit against the Basic Rent payable by the Company under **Section 5.1** of the Lease in an amount equal to the remaining principal on the Bond so tendered for cancellation plus accrued interest thereon.

Section 205. Execution and Authentication of Bonds.

(a) The Bonds shall be executed on behalf of the City by the manual or facsimile signature of its City Manager and attested by the manual or facsimile signature of its City Clerk or Deputy City Clerk, and shall have the corporate seal of the City affixed thereto or imprinted thereon. If any officer whose signature or facsimile thereof appears on the Bonds ceases to be such officer before the delivery of such

Bond, such signature or facsimile thereof shall nevertheless be valid and sufficient for all purposes, the same as if such Person had remained in office until delivery. Any Bond may be signed by such Persons as at the actual time of the execution of such Bond are the proper officers to sign such Bond although at the date of such Bond such Persons may not have been such officers.

(b) The Bonds shall have endorsed thereon a Certificate of Authentication substantially in the form set forth in **Exhibit B**, which shall be manually executed by the Trustee. No Bond shall be entitled to any security or benefit under this Indenture or shall be valid or obligatory for any purposes until such Certificate of Authentication has been duly executed by the Trustee. The executed Certificate of Authentication upon any Bond shall be conclusive evidence that such Bond has been duly authenticated and delivered under this Indenture. The Certificate of Authentication on any Bond shall be deemed to have been duly executed if signed by any authorized signatory of the Trustee. In authenticating the Bonds, the Trustee makes no certification or representation that the Bonds have been validly issued or constitute legally binding obligations of the City.

Section 206. Registration, Transfer and Exchange of Bonds.

(a) The Trustee shall keep books for the registration and for the transfer of Bonds as provided in this Indenture.

(b) The Bonds may be transferred to an Approved Investor only upon the books kept for the registration and transfer of Bonds upon surrender thereof to the Trustee duly endorsed for transfer or accompanied by an assignment duly executed by the Owner or such Owner's attorney or legal representative in such form as shall be satisfactory to the Trustee. In connection with any such transfer of the Bonds, the City and the Trustee shall receive an executed representation letter signed by the proposed assignee in substantially the form of **Exhibit C** and the Trustee shall be fully protected in relying upon such representation letter. The Trustee has no duty or obligation to confirm that any transferee that provides such representation letter is an Approved Investor. Upon any such transfer, the City shall execute and the Trustee shall authenticate and deliver in exchange for such Bond a new fully registered Bond or Bonds, registered in the name of the transferee, of any denomination or denominations authorized by this Indenture, in an aggregate principal amount equal to the Outstanding principal amount of such Bond, of the same maturity and bearing interest at the same rate.

(c) In all cases in which Bonds are exchanged or transferred hereunder, the provisions of any legend restrictions on the Bonds shall be complied with and the City shall execute and the Trustee shall authenticate and deliver at the earliest practicable time Bonds in accordance with the provisions of this Indenture. All Bonds surrendered in any such exchange or transfer shall forthwith be cancelled by the Trustee. The City or the Trustee may make a reasonable charge for every such exchange or transfer of Bonds sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, and such charge shall be paid before any such new Bond shall be delivered. Neither the City nor the Trustee shall be required to make any such exchange or transfer of Bonds during the 15 days immediately preceding a Payment Date on the Bonds or, in the case of any proposed redemption of Bonds, during the 15 days immediately preceding the selection of Bonds for such redemption or after such Bonds or any portion thereof has been selected for redemption.

(d) If any Owner fails to provide a certified taxpayer identification number to the Trustee, the Trustee may make a charge against such Owner sufficient to pay any governmental charge required to be paid as a result of such failure, which amount may be deducted by the Trustee from amounts otherwise payable to such Owner under such Owner's Bond.

Section 207. Persons Deemed Owners of Bonds. As to any Bond, the Person in whose name the same is registered as shown on the bond registration books required by **Section 206** shall be deemed and regarded as the absolute owner thereof for all purposes. Payment of or on account of the principal of and interest on any such Bond shall be made only to or upon the order of the Owner thereof or a legal representative thereof. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond, including the interest thereon, to the extent of the sum or sums so paid.

Section 208. Authorization of the Bonds.

(a) The Bonds are authorized in the aggregate maximum principal amount of \$8,000,000 for the purpose of providing funds to pay Project Costs, which Bonds shall be designated the “City of University City, Missouri, Taxable Industrial Revenue Bonds (8021 Olive Boulevard Project) Series 2026.” The Bonds shall be dated as provided in **Section 203(b)**, shall become due on December 1 of the 14th calendar year following the calendar year in which the Abatement Initiation Date occurs (subject to prior redemption as provided in **Article III**) and shall bear interest as specified in **Section 208(f)**, payable on the dates specified in **Section 208(f)**.

(b) The Trustee is hereby designated as the Paying Agent. The Owners of a majority of Bonds then Outstanding may designate a different Paying Agent upon written notice to the City and the Trustee.

(c) The Bonds shall be executed without material variance from the form and in the manner set forth in **Exhibit B** and delivered to the Trustee for authentication. Prior to or simultaneously with the authentication and delivery of the Bonds by the Trustee, there shall be filed with the Trustee the following:

- (1) A certified copy of the Ordinance;
- (2) Executed counterparts or copies of this Indenture, the Lease, the Development Agreement, the Bond Purchase Agreement, and a Special Warranty Deed transferring fee title to the Project Site from the Company to the City;
- (3) A representation letter from the Purchaser in substantially the form attached as **Exhibit C**;
- (4) A request and authorization to the Trustee on behalf of the City, executed by an Authorized City Representative, to authenticate the Bonds and deliver the same to or at the written direction of the Purchaser upon payment to the Trustee, for the account of the City, of the purchase price thereof specified in the Bond Purchase Agreement. The Trustee shall be entitled to conclusively rely upon such request and authorization as to the name of the purchaser and the amount of the purchase price; and
- (5) Such other certificates, statements, receipts and documents as the Trustee shall reasonably require for the delivery of the Bonds.

(d) When the documents specified in subsection (c) of this Section have been filed with the Trustee, and when the Bonds have been executed and authenticated as required by this Indenture, either:

- (1) The Purchaser shall pay the Closing Price to the Trustee, and the Trustee shall endorse the Bonds in an amount equal to the Closing Price and then either hold the Bonds in trust or if so directed in writing deliver the Bonds to or upon the order of the Purchaser; or

(2) The Company shall submit a requisition certificate in accordance with **Section 4.4** of the Lease, in an amount equal to the Closing Price, and the Trustee shall authenticate and endorse the Bonds in an amount equal to the Closing Price and then either hold the Bonds in trust or if so directed in writing deliver the Bonds to the Company (or another purchaser designated by the Company).

In either case, the Purchaser shall be deemed to have paid over to the Trustee, and the Trustee shall be deemed to have deposited into the Project Fund, an amount equal to the Closing Price. In authenticating Bonds, the Trustee makes no certification or representation that the Bonds have been validly issued or constitute legally binding obligations of the City.

(e) Following the initial issuance and delivery of the Bonds, the Company may submit additional requisition certificates in accordance with **Section 4.4** of the Lease. If the Purchaser does not pay to the Trustee the amount set forth in the requisition certificate, the Purchaser will be deemed to have advanced an amount equal to the amount set forth in the requisition certificate and the Trustee shall endorse the Bonds in an amount equal to the amount set forth in each requisition certificate. The date of endorsement of each Principal Amount Advanced as set forth on **Schedule I** to the Bonds shall be the date of the City's approval of each requisition certificate. The Trustee shall keep a record of the total requisitions submitted for the Project, and shall notify the City if the requisitions submitted exceed the maximum principal amount of the Bonds.

(f) The Bonds shall bear interest at the rate of 5.0% per annum on the Cumulative Outstanding Principal Amount of the Bonds. Such interest shall be payable in arrears on each December 1, commencing on December 1, 2026, and continuing thereafter until the Cumulative Outstanding Principal Amount is paid in full, but not later than December 1 of the 14th calendar year following the calendar year in which the Abatement Initiation Date occurs. Interest shall be calculated on the basis of a year of 360 days consisting of 12 months of 30 days each.

(g) The Trustee shall keep and maintain a record of the amount deposited or deemed to be deposited into the Project Fund pursuant to the terms of this Indenture as the "Principal Amount Advanced" and shall enter the aggregate principal amount of the Bonds then-Outstanding on its records as the "Cumulative Outstanding Principal Amount." If the Trustee is holding the Bonds, such advanced amounts shall be reflected on **Schedule I** to the Bonds. To the extent that advances are deemed to have been made pursuant to requisition certificates, the Trustee's records of such advances shall be based solely on the requisition certificates provided to it. On each date upon which a portion of the Cumulative Outstanding Principal Amount is paid to the Owners, pursuant to the redemption provisions of this Indenture, the Trustee shall enter on its records and **Schedule I** to the Bonds (if the Trustee is holding the Bonds) the principal amount paid on the Bonds as the "Principal Amount Redeemed" and shall enter the then-Outstanding principal amount of the Bonds as the "Cumulative Outstanding Principal Amount." The records maintained by the Trustee as to amounts deposited into the Project Fund or principal amounts paid on the Bonds shall be the official records of the Cumulative Outstanding Principal Amount for all purposes, absent manifest error, and shall be in substantially the form of the Table of Cumulative Outstanding Principal Amount as set out in the form of Bonds in **Exhibit B**. To the extent the Company sets off its obligation to the City under the Lease against the City's obligation to the Company under this Indenture, as permitted by **Section 204(e)**, the Trustee shall not be required to confirm that such set-off has occurred. If any moneys are deposited by the Trustee into the Project Fund, then the Trustee shall provide a statement of receipts and disbursements with respect thereto to the City and the Company on a monthly basis. After the Project has been completed and the certificate of payment of all costs is filed as provided in **Section 4.5** of the Lease,

the Trustee, to the extent it has not already done so pursuant to this Section or **Section 1012**, shall file a final statement of receipts and disbursements with respect thereto with the City and the Company.

Section 209. Mutilated, Lost, Stolen or Destroyed Bonds. If any Bond becomes mutilated, or is lost, stolen or destroyed, the City shall execute and the Trustee shall authenticate and deliver a new Bond of like series, date and tenor as the Bond mutilated lost, stolen or destroyed; provided that, in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there shall be first furnished to the City and the Trustee evidence of such loss, theft or destruction satisfactory to the Trustee, together with indemnity satisfactory to the Trustee to save, defend and hold each of the City and the Trustee harmless. If any such Bond has matured, instead of delivering a substitute Bond, the Trustee may pay the same without surrender thereof. Upon the issuance of any substitute Bond, the City and the Trustee may require the payment of an amount sufficient to reimburse the City and the Trustee for any tax or other governmental charge that may be imposed in relation thereto and any other reasonable fees and expenses incurred in connection therewith.

Section 210. Cancellation and Destruction of Bonds Upon Payment.

(a) All Bonds that have been paid or redeemed or that the Trustee has purchased or that have otherwise been surrendered to the Trustee under this Indenture, either at or before maturity, shall be cancelled by the Trustee immediately upon the payment, redemption or purchase of such Bonds and the surrender thereof to the Trustee.

(b) All Bonds cancelled under any of the provisions of this Indenture shall be destroyed by the Trustee in accordance with applicable laws and regulations and the Trustee's policies and practices. The Trustee shall execute a certificate describing the Bonds so destroyed, and shall file executed counterparts of such certificate with the City and the Company.

ARTICLE III

REDEMPTION OF BONDS

Section 301. Redemption of Bonds.

(a) The Bonds are subject to redemption and payment at any time before the stated maturity thereof, at the option of the City, upon written instructions from the Company, (1) in whole, if the Company exercises its option to purchase the Project and deposits an amount sufficient to effect such purchase pursuant to the Lease on the applicable redemption date, or (2) in part, if the Company prepays additional Basic Rent pursuant to the Lease. If only a portion of the Bonds are to be redeemed, (1) Bonds aggregating at least 10% of the maximum aggregate principal amount of Bonds authorized hereunder shall not be subject to redemption and payment before the stated maturity thereof, and (2) the Trustee shall keep a record of the amount of Bonds to remain Outstanding following such redemption. Any redemption of Bonds pursuant to this paragraph shall be at a redemption price equal to the par value thereof being redeemed, plus accrued interest thereon, without premium or penalty, to the redemption date.

(b) The Bonds are subject to mandatory redemption, in whole or in part, to the extent of amounts deposited in the Bond Fund pursuant to **Sections 9.1(f)** or **9.2(c)** of the Lease, in the event of substantial damage to or destruction or condemnation of substantially all of the Project. Bonds to be redeemed pursuant to this paragraph shall be called for redemption by the Trustee on the earliest practicable

date for which timely notice of redemption may be given as provided hereunder. Any redemption of Bonds pursuant to this paragraph shall be at a redemption price equal to the par value thereof being redeemed, plus accrued interest thereon, without premium or penalty, to the redemption date. Before giving notice of redemption to the Owners pursuant to this paragraph (b), money in an amount equal to the redemption price shall be deposited in the Bond Fund.

(c) At its option, the Company may deliver to the Trustee for cancellation any Bonds owned by the Company or any Financing Party and not previously paid, and the Company shall receive a credit against the amounts payable by the Company for the redemption of such Bonds in an amount equal to the principal amount of the Bonds so tendered for cancellation, plus accrued interest.

Section 302. Effect of Call for Redemption. Before or on the date fixed for redemption, funds, Government Securities, or a combination thereof, shall be placed with the Trustee which are sufficient to pay the Bonds called for redemption and accrued interest thereon, if any, to the redemption date. Upon the happening of the above conditions and appropriate written notice having been given, the Bonds or the portions of the principal amount of Bonds thus called for redemption shall cease to bear interest on the specified redemption date, shall no longer be entitled to the protection, benefit or security of this Indenture and shall not be deemed to be Outstanding under the provisions of this Indenture. If the Bonds are fully redeemed before maturity and an amount of money equal to the Trustee's and the Paying Agent's agreed to fees and expenses hereunder accrued and to accrue in connection with such redemption is paid or provided for, the City shall, at the Company's direction, deliver to the Company the items described in **Section 11.2** of the Lease.

Section 303. Notice of Redemption. If the Bonds are to be called for redemption as provided in **Section 301(a)**, the Company shall deliver written notice to the City and the Trustee that it has elected to redeem all or a portion of the Bonds at least 40 days (10 days if there is one Owner) before the scheduled redemption date. The Trustee shall then deliver written notice to the Owners at least 30 days (five days if there is one Owner) before the scheduled redemption date by first-class mail (or facsimile, if there is one Owner) stating the date upon which the Bonds will be redeemed and paid, unless such notice period is waived by the Owners in writing.

ARTICLE IV

FORM OF BONDS

Section 401. Form Generally. The Bonds and the Trustee's Certificate of Authentication to be endorsed thereon shall be issued in substantially the forms set forth in **Exhibit B**. The Bonds may have endorsed thereon such legends or text as may be necessary or appropriate to conform to any applicable rules and regulations of any governmental authority or any custom, usage or requirements of law with respect thereto.

ARTICLE V

CUSTODY AND APPLICATION OF BOND PROCEEDS

Section 501. Creation of Funds. There are hereby created and ordered to be established in the custody of the Trustee the following special trust funds in the name of the City:

(a) “City of University City, Missouri, Series 2026 Project Fund – 8021 Olive Boulevard” (herein called the “Project Fund”).

(b) “City of University City, Missouri, Series 2026 Bond Fund – 8021 Olive Boulevard” (herein called the “Bond Fund”).

Section 502. Deposits into the Project Fund. The proceeds of the sale of the Bonds (whether actually paid or deemed paid under **Section 208(d)**), including Additional Payments (as defined in the Bond Purchase Agreement), when received, excluding such amounts required to be paid into the Bond Fund pursuant to **Section 601**, shall be deposited by the Trustee into the Project Fund. Any money received by the Trustee from any other source for the purpose of purchasing, constructing and installing the Project shall pursuant to any written directions from the Person depositing such moneys also be deposited into the Project Fund.

Section 503. Disbursements from the Project Fund.

(a) The moneys in the Project Fund shall be disbursed by the Trustee for the payment of, or reimbursement to the Company (or any other party that has made payment on behalf of the Company) for payment of, Project Costs upon receipt of requisition certificates signed by the Company and approved by the City in accordance with the provisions of **Article IV** of the Lease. The Trustee hereby covenants and agrees to disburse such moneys in accordance with such provisions.

(b) If, pursuant to **Section 208(d)**, the Trustee is deemed to have deposited into the Project Fund the amount specified in the requisition certificates submitted by the Company in accordance with the provisions of **Article IV** of the Lease, the Trustee shall upon endorsement of the Bonds in an equal amount be deemed to have disbursed such funds from the Project Fund to the Company (or such other purchaser designated by the Company) in satisfaction of the requisition certificates. If the Trustee is holding the Bonds, such deemed disbursement will be deemed to have been made on the date the Trustee endorses the Bonds with respect to such additional amount.

(c) In paying any requisition certificate under this Section, the Trustee may rely as to the completeness and accuracy of all statements in any such requisition certificate if such requisition certificate is signed by an Authorized Company Representative without inquiry or investigation. It is understood that the Trustee shall not be required to make any inspections of the Project, nor any improvements with respect thereto, make any provision to obtain completion bonds, mechanic’s or materialman’s lien releases or otherwise supervise the Project. The approval of each requisition certificate by an Authorized Company Representative shall constitute, unto the Trustee, an irrevocable determination that all conditions precedent to the payment of the specified amounts from the Project Fund have been completed. If the City so requests in writing, a copy of each requisition certificate submitted to the Trustee for payment under this Section shall be promptly provided by the Trustee to the City. The City hereby authorizes and directs the Trustee to make disbursements in the manner and as provided for by the aforesaid provisions of the Lease.

Section 504. Completion of the Project. The completion of the purchase, construction and installation of the Project and payment of all costs and expenses incident thereto shall be evidenced by the filing with the Trustee of the certificate required by the provisions of **Section 4.5** of the Lease. As soon as practicable after the Completion Date any balance remaining in the Project Fund shall without further authorization be transferred by the Trustee to the Bond Fund and applied as provided in **Section 4.6** of the Lease.

Section 505. Disposition Upon Acceleration. If the principal of the Bonds has become due and payable pursuant to **Section 902**, upon the date of payment by the Trustee of any moneys due as hereinafter provided in **Article IX**, any balance remaining in the Project Fund shall without further authorization be deposited in the Bond Fund by the Trustee, with advice to the City and to the Company of such action.

ARTICLE VI

REVENUES AND FUNDS

Section 601. Deposits Into the Bond Fund.

(a) The Trustee shall deposit into the Bond Fund, as and when received, (1) all accrued interest on the Bonds, if any, paid by the Purchaser; (2) all Basic Rent payable by the Company to the City specified in **Section 5.1** of the Lease; (3) any Additional Rent payable by the Company specified in **Section 5.2** of the Lease; (4) any amount in the Project Fund to be transferred to the Bond Fund pursuant to **Section 504** upon completion of the Project or pursuant to **Section 505** upon acceleration of the Bonds; (5) subject to the terms and conditions of the Fee Deed of Trust and the other Financing Documents executed in favor of the Lender, the balance of any Net Proceeds of condemnation awards or insurance received by the Trustee pursuant to **Article IX** of the Lease; (6) the amounts to be deposited in the Bond Fund pursuant to **Sections 9.1(f)** and **9.2(c)** of the Lease; (7) all interest and other income derived from the investment of Bond Fund moneys as provided in **Section 702**; and (8) all other moneys received by the Trustee under and pursuant to any of the provisions of the Lease when accompanied by written directions from the Person depositing such moneys that such moneys are to be paid into the Bond Fund.

(b) The Trustee shall notify the Company in writing, at least 15 days before each date on which a payment is due under **Section 5.1** of the Lease, of the amount that is payable by the Company pursuant to such Section.

Section 602. Application of Moneys in the Bond Fund.

(a) Except as provided in **Section 604** and **Section 908** hereof or in **Section 4.6** of the Lease, moneys in the Bond Fund shall be expended solely for the payment of the principal of and interest on the Bonds as the same mature and become due or upon the redemption thereof before maturity; provided, however, that any amounts received by the Trustee as Additional Rent under **Section 5.2** of the Lease and deposited to the Bond Fund as provided in **Section 601** above, shall be expended by the Trustee for such items of Additional Rent as they are received or due without further authorization from the City.

(b) The City hereby authorizes and directs the Trustee to withdraw sufficient funds from the Bond Fund to pay the principal of and the interest on the Bonds as the same become due and payable and to make said funds so withdrawn available to the Paying Agent for the purpose of paying said principal and

interest. To the extent the Company is the Owner of all the Bonds Outstanding, payment may be made via transaction entry on the trust records held by the Trustee.

(c) Whenever the amount in the Bond Fund from any source whatsoever is sufficient to redeem all of the Bonds Outstanding and to pay interest to accrue thereon before and until such redemption, the City covenants and agrees, upon request of the Company, to take and cause to be taken the necessary steps to redeem all such Bonds on the next succeeding redemption date for which the required redemption notice may be given or on such later redemption date as may be specified by the Company. The Trustee may use any moneys in the Bond Fund to redeem a part of the Bonds Outstanding in accordance with and to the extent permitted by **Article III** so long as the Company is not in default with respect to any payments under the Lease and to the extent said moneys are in excess of the amount required for payment of Bonds theretofore matured or called for redemption and past due interest, if any, in all cases when such Bonds have not been presented for payment.

(d) After payment in full of the principal of and interest, if any, on the Bonds (or provision has been made for the payment thereof as provided in this Indenture), the fees, charges and expenses of the Trustee, the City and any Paying Agent and any other amounts required to be paid under this Indenture, the Lease and the Development Agreement, all amounts remaining in the Bond Fund shall be paid to the Company upon the expiration or sooner termination of the Lease.

Section 603. Payments Due on Days Other than Business Days. In any case where the date of maturity of principal of or interest, if any, on the Bonds or the date fixed for redemption of any Bonds is not a Business Day, then payment of principal or interest, if any, need not be made on such date but may be made on the next succeeding Business Day with the same force and effect as if made on the date of maturity or the date fixed for redemption, and no interest, if any, shall continue to accrue for the period after such date.

Section 604. Nonpresentation of Bonds. If any Bond is not presented for payment when the principal thereof becomes due, either at maturity or otherwise, or at the date fixed for redemption thereof, if funds sufficient to pay such Bond have been made available to the Trustee, all liability of the City to the Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such fund or funds, without liability for interest thereon, for the benefit of the Owner of such Bond who shall thereafter be restricted exclusively to such fund or funds for any claim of whatever nature on his part under this Indenture or on, or with respect to, said Bond. If any Bond is not presented for payment within one year following the date when such Bond becomes due, whether by maturity or otherwise, the Trustee shall without liability for interest thereon repay to the Company the funds theretofore held by it for payment of such Bond, and such Bond shall, subject to the defense of any applicable statute of limitation, thereafter be an unsecured obligation of the Company, and the Owner thereof may look only to the Company for payment, and then only to the extent of the amount so repaid, and the Company shall not be liable for any interest thereon and shall not be regarded as a trustee of such money.

ARTICLE VII

SECURITY FOR DEPOSITS AND INVESTMENT OF FUNDS

Section 701. Moneys to be Held in Trust. All moneys deposited with or paid to the Trustee for account of the Bond Fund or the Project Fund under any provision of this Indenture, and all moneys

deposited with or paid to any Paying Agent under any provision of this Indenture, shall be held by the Trustee or the Paying Agent in trust and shall be applied only in accordance with the provisions of this Indenture and the Lease, and, until used or applied as herein provided, shall constitute part of the Trust Estate and be subject to the lien hereof. Neither the Trustee nor any Paying Agent shall be under any liability for interest on any moneys received hereunder except such as may be agreed upon in writing.

Section 702. Investment of Moneys in Project Fund and Bond Fund. Moneys held in the Project Fund and the Bond Fund shall, pursuant to written direction of the Company, signed by an Authorized Company Representative, be separately invested and reinvested by the Trustee in Investment Securities which mature or are subject to redemption by the Owner before the date such funds will be needed. If the Company fails to provide written directions concerning the investment of moneys held in the Project Fund and the Bond Fund, the Trustee is authorized and directed to invest in such Investment Securities specified in paragraph (e) of the definition of Investment Securities, provided they mature or are subject to redemption before the date such funds will be needed. The Trustee may conclusively rely upon the Authorized Company Representative's written direction as to both the suitability and legality of the directed investment and such written direction shall be deemed to be a certification to the Trustee that such directed investments constitute Investment Securities. The Trustee is specifically authorized to implement its automated cash investment system to assure that cash on hand is invested and to charge its normal cash management fees and cash sweep account fees, which may be deducted from income earned on investments; provided that any such fees shall not exceed the interest income on the investment. The Trustee shall be provided ample time to clear any such fees that exceed interest income on the investment. Any such Investment Securities shall be held by or under the control of the Trustee and shall be deemed at all times a part of the fund in which such moneys are originally held, and the interest accruing thereon and any profit realized from such Investment Securities shall be credited to such fund, and any loss resulting from such Investment Securities shall be charged to such fund. After the Trustee has notice pursuant to **Section 1001(h)** of the existence of an Event of Default, the Trustee shall direct the investment of moneys in the Bond Fund and the Project Fund. The Trustee shall sell and reduce to cash a sufficient amount of such Investment Securities whenever the cash balance in any fund is insufficient for the purposes of such fund. In determining the balance in any fund, investments in such fund shall be valued at the lower of their original cost or their fair market value as of the most recent Payment Date. The Trustee may make any and all investments permitted by the provisions of this Section through its own bond department or any affiliate or short-term investment department.

Section 703. Record Keeping. The Trustee shall maintain records designed to show compliance with the provisions of this Article and with the provisions of **Article VI** for at least six years after the payment of all of the Outstanding Bonds.

ARTICLE VIII

GENERAL COVENANTS AND PROVISIONS

Section 801. Payment of Principal and Interest. The City covenants and agrees that it will, but solely from the rents, revenues and receipts derived from the Project and the Lease as described herein, deposit or cause to be deposited in the Bond Fund sufficient sums payable under the Lease promptly to meet and pay the principal of and the interest on the Bonds as they become due and payable at the place, on the dates and in the manner provided herein and in the Bonds according to the true intent and meaning thereof. Nothing herein shall be construed as requiring the City to operate the Project as a business other than as lessor or to use any funds or revenues from any source other than funds and revenues derived from the Project.

Section 802. Authority to Execute Indenture and Issue Bonds. The City covenants that it is duly authorized under the Constitution and laws of the State to execute this Indenture, to lease the Project, to issue the Bonds and to pledge and assign the Trust Estate in the manner and to the extent herein set forth; that all action on its part for the execution and delivery of this Indenture and the issuance of the Bonds has been duly and effectively taken; and that the Bonds in the hands of the Owners thereof are and will be valid and enforceable obligations of the City according to the import thereof.

Section 803. Performance of Covenants. The City covenants that it will faithfully perform or cause to be performed at all times any and all covenants, undertakings, stipulations and provisions contained in this Indenture, in the Bonds and in all proceedings of its City Council pertaining thereto. The Trustee may take such action as it deems appropriate to enforce all such covenants, undertakings, stipulations and provisions of the City hereunder.

Section 804. Instruments of Further Assurance. The City covenants that it will do, execute, acknowledge and deliver, or cause to be done, executed, acknowledged and delivered, such Supplemental Indentures and such further acts, instruments, financing statements and other documents as the Trustee may reasonably require for the better pledging and assigning unto the Trustee the property and revenues herein described to the payment of the principal of and interest, if any, on the Bonds, upon being first indemnified by the Company for the cost thereof. The City covenants and agrees that, except as herein and in the Lease provided, it will not sell, convey, mortgage, encumber or otherwise dispose of any part of the Project or the rents, revenues and receipts derived therefrom or from the Lease, or of its rights under the Lease.

Section 805. Recordings and Filings. The City shall file or cause to be kept and filed all financing statements, and hereby authorizes and directs the Trustee to file or cause to be kept and filed continuation statements with respect to such originally filed financing statements related to this Indenture and all supplements hereto and such other documents as it is notified in writing of and may be required under the Uniform Commercial Code to fully preserve and protect the security of the Owners and the rights of the Trustee hereunder. The City will cooperate in causing this Indenture and all Supplemental Indentures, the Lease and all Supplemental Leases and all other security instruments to be recorded and filed in such manner and in such places as may be required by law to fully preserve and protect the security of the Owners and the rights of the Trustee hereunder. The Trustee shall file continuation statements with respect to each Uniform Commercial Code financing statement relating to the Trust Estate filed by the City at the time of the issuance of the Bonds; provided that a copy of the filed initial financing statement is timely delivered to the Trustee. In addition, unless the Trustee has been notified in writing by the City that any such initial filing or description of collateral was or has become defective, the Trustee shall be fully protected in (a) relying on such initial filing and descriptions in filing any financing or continuation statements or

modifications thereto pursuant to this Section, and (b) filing any continuation statements in the same filing offices as the initial filings were made. The Company shall be responsible for the customary fees charged by the Trustee for the preparation and filing of continuation statements and for the reasonable costs incurred by the Trustee in the preparation and filing of all continuation statements hereunder, including attorneys' fees and expenses. These fees shall be considered "extraordinary services" fees.

Section 806. Inspection of Project Books. The City covenants and agrees that all books and documents in its possession relating to the Project and the rents, revenues and receipts derived from the Project shall at all times be open to inspection by such accountants or other agencies as the Trustee may from time to time designate.

Section 807. Enforcement of Rights Under the Lease. The Trustee, as assignee, transferee, pledgee, and owner of a security interest under this Indenture, in its name or in the name of the City, may enforce all assigned rights of the City and the Trustee and all obligations of the Company under and pursuant to the Lease for and on behalf of the Owners, whether or not the City is in default hereunder.

ARTICLE IX

DEFAULT AND REMEDIES

Section 901. Events of Default; Notice; Opportunity to Cure. If any of the following events occur, it is hereby defined as and declared to be and to constitute an "Event of Default":

- (a) Default in the due and punctual payment of the principal of any Bond, whether at the stated maturity or accelerated maturity thereof, or at any date fixed for the redemption thereof;
- (b) Default in the due and punctual payment of the interest on any Bond, whether at the stated maturity or accelerated maturity thereof, or at any date fixed for the redemption thereof;
- (c) Default as specified in **Section 12.1** of the Lease has occurred; or
- (d) Default in the performance, or breach, of any other covenant or agreement under this Indenture.

No default specified above shall constitute an Event of Default until the City, the Trustee or the Owners of 25% in aggregate principal amount of all Bonds Outstanding has given actual notice of such default by registered or certified mail or recognized overnight delivery service to the Company and the Lender, and the Company and the Lender have had 30 days after receipt of such notice to correct said default or cause said default to be corrected and has not corrected said default or caused said default to be corrected within such period; provided, however, if any such default (other than a default in the payment of any money) is such that it cannot be corrected within such period, it shall not constitute an Event of Default if corrective action is instituted by the Company, the Lender or the City (as the case may be) within such period and diligently pursued until the default is corrected; provided further that the Trustee is provided with a certification from the defaulting party to the effect that such default cannot be corrected within such period, and the Company, the Lender or the City (as the case may be) has commenced or will promptly commence corrective action within such period and will diligently pursue such action until the default is corrected. Nothing herein shall constitute an obligation of the Lender to cure any defaults hereunder.

Section 902. Acceleration of Maturity in Event of Default.

(a) If an Event of Default has occurred and is continuing after the notice and cure period described in **Section 901** elapses, the Trustee may, and upon the written request of the Owners of not less than 25% in aggregate principal amount of Bonds then Outstanding, shall, by notice in writing delivered to the City, the Lender and the Company, declare the principal of all Bonds then Outstanding and the interest accrued thereon immediately due and payable, and such principal and interest and all other amounts due hereunder shall thereupon become and be immediately due and payable.

(b) If, at any time after such declaration, but before the Bonds have matured by their terms, all overdue installments of principal and interest upon the Bonds, together with the reasonable and proper expenses of the Trustee, and all other sums then payable by the City under this Indenture are either paid or provisions satisfactory to the Trustee are made for such payment, then and in every such case the Trustee shall, but only with the approval of a majority of the Owners of the Bonds then Outstanding, rescind such declaration and annul such default in its entirety. In such event, the Trustee shall rescind any declaration of acceleration of installments of rent payments on the Bonds as provided in **Section 11.1** of the Lease.

(c) In case of any rescission, then and in every such case the City, the Trustee, the Company and the Owners shall be restored to their former positions and rights hereunder respectively, but no such rescission shall extend to any subsequent or other default or Event of Default or impair any right consequent thereon.

Section 903. Surrender of Possession of Trust Estate; Rights and Duties of Trustee in Possession. If an Event of Default has occurred and is continuing after the notice and cure period described in **Section 901** elapses, the City, upon demand of the Trustee, shall forthwith surrender the possession of, and it shall be lawful for the Trustee, by such officer or agent as it may appoint, to take possession of all or any part of the Trust Estate, together with the books, papers and accounts of the City pertaining thereto, and including the rights and the position of the City under the Lease, and to hold, operate and manage the same, and from time to time make all needful repairs and improvements. The Trustee may lease the Project or any part thereof, in the name and for the account of the City, and collect, receive and sequester the rents, revenues and receipts therefrom, and out of the same and any moneys received from any receiver of any part thereof pay, and set up proper reserves for the payment of all proper costs and expenses of so taking, holding and managing the same, including without limitation (a) reasonable compensation to the Trustee, its agents and counsel, (b) any reasonable charges of the Trustee hereunder, (c) any taxes and assessments and other charges before the lien of this Indenture, (d) all expenses of such repairs and improvements and (e) any amounts payable under the Development Agreement. The Trustee shall apply the remainder of the moneys so received in accordance with the provisions of **Section 908**. Whenever all that is due upon the Bonds has been paid and all defaults cured, the Trustee shall surrender possession of the Trust Estate to the City, its successors or assigns, the same right of entry, however, to exist upon any subsequent Event of Default. While in possession of such property, the Trustee shall render annually to the City and the Company a summarized statement of receipts and expenditures in connection therewith.

Section 904. Appointment of Receivers in Event of Default. If an Event of Default has occurred and is continuing after the notice and cure period described in **Section 901** elapses, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Owners under this Indenture, the Trustee shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the Trust Estate or any part thereof, pending such proceedings, with such powers as the court making such appointment shall confer.

Section 905. Exercise of Remedies by the Trustee.

(a) Upon the occurrence of an Event of Default, the Trustee may pursue any available remedy at law or in equity by suit, action, mandamus or other proceeding to enforce the payment of the principal of and interest on the Bonds then Outstanding and all other amounts due hereunder, and to enforce and compel the performance of the duties and obligations of the City or the Company as herein set forth or as set forth in the Lease, respectively.

(b) If an Event of Default has occurred and is continuing after the notice and cure period described in **Section 901** elapses, and if requested in writing to do so by (1) the City (in the case of an Event of Default pursuant to **Sections 12.1(a)** (but only as it relates to Additional Rent), **(b)** (but only as it relates to Unassigned Rights), **(c)** or **(d)** of the Lease), or (2) the Owners of 25% in aggregate principal amount of Bonds then Outstanding and indemnified as provided in **Section 1001(I)**, the Trustee shall be obligated to exercise such one or more of the rights and powers conferred by this Article as the Trustee, being advised by counsel, shall deem most expedient and in the interests of the City or the Owners, as the case may be.

(c) All rights of action under this Indenture or under any of the Bonds may be enforced by the Trustee without the possession of any of the Bonds or the production thereof in any trial or other proceedings relating thereto, and any such suit or proceeding instituted by the Trustee shall be brought in its name as Trustee without necessity of joining as plaintiffs or defendants any Owners, and any recovery of judgment shall, subject to the provisions of **Section 908**, be for the equal benefit of all the Owners of the Outstanding Bonds.

Section 906. Limitation on Exercise of Remedies by Owners. No Owner shall have any right to institute any suit, action or proceeding in equity or at law for the enforcement of this Indenture or for the execution of any trust hereunder or for the appointment of a receiver or any other remedy hereunder, unless (a) a default has occurred of which the Trustee has been notified as provided in **Section 1001(h)** or of which by said subsection the Trustee is deemed to have notice, (b) such default has become an Event of Default, (c) the Owners of 25% in aggregate principal amount of Bonds then Outstanding have made written request to the Trustee, have offered it reasonable opportunity either to proceed for such reasonable period not to exceed 60 days following such notice and to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, and have offered to the Trustee indemnity as provided in **Section 1001(I)**, and (d) the Trustee thereafter fails or refuses to exercise the powers herein granted or to institute such action, suit or proceeding in its own name; such notification, request and offer of indemnity are hereby declared in every case, at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of this Indenture, and to any action or cause of action for the enforcement of this Indenture, or for the appointment of a receiver or for any other remedy hereunder, it being understood and intended that no one or more Owners shall have any right in any manner whatsoever to affect, disturb or prejudice this Indenture by their action or to enforce any right hereunder except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the equal benefit of the Owners of all Bonds then Outstanding. Nothing in this Indenture contained shall, however, affect or impair the right of any Owner to payment of the principal of and interest on any Bond at and after the maturity thereof or the obligation of the City to pay the principal of and interest on each of the Bonds issued hereunder to the respective Owners thereof at the time, place, from the source and in the manner herein and in the Bonds expressed.

Section 907. Right of Owners to Direct Proceedings.

(a) The Owners of a majority in aggregate principal amount of Bonds then Outstanding may, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver or any other proceedings hereunder; provided that such direction shall not be otherwise than in accordance with the provisions of law and of this Indenture, including **Section 1001(l)**.

(b) Notwithstanding any provision in this Indenture to the contrary, including paragraph (a) of this Section, the Owners shall not have the right to control or direct any remedies hereunder upon an Event of Default under **Sections 12.1(a)** (but only as it relates to Additional Rent), **(b)** (but only as it relates to Unassigned Rights), **(c)** or **(d)** of the Lease.

Section 908. Application of Moneys in Event of Default.

(a) All moneys received by the Trustee pursuant to any right given or action taken under the provisions of this Article shall be applied first to the costs and expenses of the proceedings resulting in the collection of such moneys and of the fees, expenses, liabilities and advances incurred or made by the Trustee (including any attorneys' fees and expenses) or amounts to be paid pursuant to **Section 903**, and second to any obligations outstanding under the Lease and the Development Agreement. Any remaining moneys shall be deposited in the Bond Fund, and all moneys so deposited in the Bond Fund shall be applied as follows:

(1) Unless the principal of all the Bonds has become or has been declared due and payable, all such moneys shall be applied:

FIRST -- To the payment to the Persons entitled thereto of all installments of interest, if any, then due and payable on the Bonds, in the order in which such installments of interest became due and payable, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the Persons entitled thereto, without any discrimination or privilege;

SECOND -- To the payment to the Persons entitled thereto of the unpaid principal of any of the Bonds which have become due and payable (other than Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of this Indenture), in the order of their due dates, and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment, ratably, according to the amount of principal due on such date, to the Persons entitled thereto, without any discrimination or privilege.

(2) If the principal of all the Bonds has become due or has been declared due and payable, all such moneys shall be applied to the payment of the principal and interest, if any, then due and unpaid on all of the Bonds, without preference or priority of principal over interest or of interest over principal or of any installment of interest over any other installment of interest or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the Persons entitled thereto, without any discrimination or privilege.

(3) If the principal of all the Bonds has been declared due and payable, and if such declaration thereafter has been rescinded and annulled under the provisions of **Section 910**, then, subject to the provisions of subsection (2) of this Section, if the principal of all the Bonds later becomes due or is declared due and payable, the moneys shall be applied in accordance with the provisions of subsection (1) of this Section.

(b) Whenever moneys are to be applied pursuant to the provisions of this Section, such moneys shall be applied at such times and from time to time as the Trustee shall determine, having due regard to the amount of such moneys available and which may become available for such application in the future. Whenever the Trustee shall apply such moneys, it shall fix the date (which shall be a Payment Date unless it shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue.

(c) Whenever all of the Bonds and interest thereon, if any, have been paid under the provisions of this Section, and all fees, expenses and charges of the City and the Trustee and any other amounts required to be paid under this Indenture and the Lease have been paid (including any amounts payable under the Development Agreement), any balance remaining in the Bond Fund shall be paid to the Company as provided in **Section 602**.

Section 909. Remedies Cumulative. No remedy by the terms of this Indenture conferred upon or reserved to the Trustee or to the Owners is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Owners hereunder or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right, power or remedy accruing upon any Event of Default shall impair any such right, power or remedy or shall be construed to be a waiver of any such Event of Default or acquiescence therein; every such right, power or remedy may be exercised from time to time and as often as may be deemed expedient. If the Trustee has proceeded to enforce any right under this Indenture by the appointment of a receiver, by entry, or otherwise, and such proceedings have been discontinued or abandoned for any reason, or have been determined adversely, then and in every such case the City, the Company, the Trustee and the Owners shall be restored to their former positions and rights hereunder, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Section 910. Waivers of Events of Default. The Trustee shall waive any Event of Default hereunder and its consequences and rescind any declaration of maturity of principal of and interest, if any, on the Bonds, but only upon the written request of the Owners of at least 50% in aggregate principal amount of all the Bonds then Outstanding, provided, however, that (a) there shall not be waived without the consent of the City an Event of Default hereunder arising from an Event of Default under **Sections 12.1(a)** (but only as it relates to Additional Rent), **(b)** (but only as it relates to Unassigned Rights), **(c)** or **(d)** of the Lease, and (b) there shall not be waived without the consent of the Owners of all the Bonds Outstanding (1) any Event of Default in the payment of the principal of any Outstanding Bonds when due (whether at the date of maturity or redemption specified therein), or (2) any Event of Default in the payment when due of the interest on any such Bonds, unless before such waiver or rescission, all arrears of interest, or all arrears of payments of principal when due, as the case may be, and all reasonable expenses of the Trustee and the City (including reasonable attorneys' fees and expenses), in connection with such default, has been paid or provided for. In case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such default has been discontinued or abandoned or determined adversely, then and in every such case the City, the Company, the Trustee and the Owners shall be restored to their former positions, rights and obligations hereunder, respectively, but no such waiver or rescission shall extend to any

subsequent or other default, or impair any right consequent thereon and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

ARTICLE X

THE TRUSTEE

Section 1001. Acceptance of the Trusts. The Trustee hereby accepts the trusts imposed upon it by this Indenture, but only upon and subject to the following express terms and conditions, and no implied covenants or obligations shall be read into this Indenture against the Trustee:

(a) The Trustee, before the occurrence of an Event of Default and after the curing or waiver of all Events of Default that may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. If any Event of Default has occurred and is continuing, subject to **Section 1001(I)** below, the Trustee shall exercise such of the rights and powers vested in it by this Indenture and shall use the same degree of care and skill in their exercise, as a prudent Person would exercise or use under the circumstances in the conduct of its own affairs.

(b) The Trustee undertakes to perform such duties as are specifically set forth in this Indenture, and in the absence of negligence or willful misconduct on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. No provision of this Indenture shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct. The Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or through agents, affiliates, attorneys or receivers and shall not be responsible for any misconduct or negligence on the part of any agent, attorney or receiver appointed or chosen by it with due care. The Trustee may conclusively rely upon and act or refrain from acting upon any opinion or advice of counsel, who may be counsel to the City or to the Company, concerning all matters of trust hereof and the duties hereunder, and may in all cases pay such reasonable compensation to all such agents, attorneys and receivers as may reasonably be employed in connection with the trusts hereof. The Trustee shall not be responsible for any loss or damage resulting from any action or nonaction by it taken or omitted to be taken in good faith in reliance upon such opinion or advice of counsel addressed to the City and the Trustee.

(c) The Trustee shall not be responsible for any recital herein or in the Bonds (except with respect to the Certificate of Authentication of the Trustee endorsed on the Bonds), or except as provided in the Lease and particularly **Section 10.8** thereof, for the recording or rerecording, filing or refiling of this Indenture or any security agreement in connection therewith (excluding the continuation of Uniform Commercial Code financing statements), or for insuring the Project or collecting any insurance moneys, or for the validity of the execution by the City of this Indenture or of any Supplemental Indentures or instruments of further assurance, or for the sufficiency of the security for the Bonds. The Trustee shall not be responsible or liable for any loss suffered in connection with any investment of funds made by it in accordance with **Article VII**.

(d) The Trustee shall not be accountable for the use of any Bonds authenticated and delivered hereunder. The Trustee, in its individual or any other capacity, may become the Owner or pledgee of Bonds with the same rights that it would have if it were not the Trustee. The Trustee shall not be accountable for the use or application by the City or the Company of the proceeds of

any of the Bonds or of any money paid to or upon the order of the City or the Company under any provision of this Indenture.

(e) The Trustee may rely and shall be protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, affidavit, letter, telegram or other paper or document provided for under this Indenture believed by it to be genuine and correct and to have been signed, presented or sent by the proper Person or Persons. Any action taken by the Trustee pursuant to this Indenture upon the request or authority or consent of any Person who, at the time of making such request or giving such authority or consent is an Owner, shall be conclusive and binding upon all future Owners of the same Bond and upon Bonds issued in exchange therefor or upon transfer or in place thereof.

(f) As to the existence or nonexistence of any fact or as to the sufficiency or validity of any instrument, paper or proceeding, or whenever in the administration of this Indenture the Trustee shall deem it desirable that a matter be proved or established before taking, suffering or omitting any action hereunder, the Trustee may rely upon a certificate signed by an Authorized City Representative or an Authorized Company Representative as sufficient evidence of the facts therein contained, and before the occurrence of a default of which the Trustee has been notified as provided in subsection (h) of this Section or of which by said subsection it is deemed to have notice, the Trustee shall also be at liberty to accept a similar certificate to the effect that any particular dealing, transaction or action is necessary or expedient, but may at its discretion secure such further evidence deemed necessary or advisable, but shall in no case be bound to secure the same. The Trustee is under no duty to perform an independent investigation as to any statement or fact contained in any certificate, opinion or advice it obtains regarding the accuracy or truth of any statement or correctness of any opinion. The Trustee shall not be liable for any action or inaction taken in good faith in reliance on any such certificate or advice received from counsel, and the Trustee may conclusively rely as to the truth of the statements and the correctness of the opinions or statements expressed therein.

(g) The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty, and the Trustee shall not be answerable for other than its negligence or willful misconduct. In no event shall the Trustee be liable for consequential damages. The Trustee shall not be liable for any act or omission, in the absence of bad faith, when the Trustee reasonably believes the act or failure to act is authorized and within its powers to perform under this Indenture.

(h) The Trustee shall not be required to take notice or be deemed to have notice of any default hereunder except failure by the City to cause to be made any of the payments to the Trustee required to be made in **Article VI**, unless the Trustee is specifically notified in writing of such default by the City or by the Owners of at least 25% in aggregate principal amount of all Bonds then Outstanding.

(i) At any and all reasonable times and subject to the Company's reasonable and standard security procedures, the Trustee and its duly authorized agents, attorneys, experts, engineers, accountants and representatives may, but shall not be required to, inspect any and all of the Project, and all books, papers and records of the Company pertaining to the Project and the Bonds, and to take such memoranda from and in regard thereto as may be desired. The Trustee shall treat all proprietary information of the Company as confidential.

(j) The Trustee shall not be required to give any bond or surety in respect to the execution of its trusts and powers hereunder or otherwise in respect of the Project.

(k) The Trustee may, but shall not be required to, demand, in respect of the authentication of any Bonds, the withdrawal of any cash, the release of any property, or any action whatsoever within the purview of this Indenture, any showings, certificates, opinions, appraisals or other information, or corporate action or evidence thereof, in addition to that by the terms hereof required, as a condition of such action by the Trustee deemed desirable for the purpose of establishing the right of the City to the authentication of any Bonds, the withdrawal of any cash, or the taking of any other action by the Trustee.

(l) Notwithstanding anything in this Indenture or the Lease to the contrary, before taking any action under this Indenture other than the payments from moneys on deposit in the Project Fund or the Bond Fund, as provided herein, the Trustee may require that satisfactory indemnity be furnished to it for the reimbursement of all costs and expenses (including, without limitation, reasonable attorneys' fees and expenses) to which it may be put and to protect it against all liability which it may incur in or by reason of such action, except liability which is adjudicated to have resulted from its negligence or willful misconduct by reason of any action so taken.

(m) Notwithstanding any other provision of this Indenture to the contrary, any provision relating to the conduct of, or intended to provide authority to act, right to payment of fees and expenses, protection, immunity and indemnification to, the Trustee, shall be interpreted to include any action of the Trustee, whether it is deemed to be in its capacity as Trustee, bond registrar or Paying Agent.

(n) The Trustee agrees to accept and act on instructions or directions pursuant to this Indenture sent in the form of a signed document by the City or the Company, as the case may be, by unsecured e-mail, facsimile transmission or other similar unsecured electronic methods, provided, however, that the City or the Company, respectively, shall provide to the Trustee an incumbency certificate listing designated persons with the authority to provide such instructions, which incumbency certificate shall be amended whenever a person is to be added or deleted from the listing. If the City or Company, as applicable, elects to give the Trustee e-mail or facsimile instructions (or instructions by a similar electronic method) and the Trustee acts upon such instructions, the Trustee's understanding of such instructions shall be deemed controlling. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee's reliance upon and compliance with such instructions notwithstanding such instructions conflict or are inconsistent with a subsequent written instruction. The City or the Company, as applicable, agrees to assume all risks arising out of the use of such electronic methods to submit instructions and directions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized instructions, and the risk of interception and misuse by third parties.

(o) The Trustee shall have no responsibility with respect to any information, statement or recital in any official statement, offering memorandum or any other disclosure material prepared or distributed with respect to the Bonds and shall have no responsibility for compliance with any state or federal securities laws in connection with the Bonds.

(p) None of the provisions of this Indenture shall require the Trustee to expend or risk its own funds or otherwise to incur any liability, financial or otherwise, in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers if it has reasonable grounds

for believing that repayment of such funds or indemnity satisfactory to it against such risk or liability is not assured to it.

(q) In no event shall the Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts or war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services.

Section 1002. Fees, Charges and Expenses of the Trustee. The Trustee shall be entitled to payment of and/or reimbursement for reasonable fees for its ordinary services rendered hereunder and all advances, agent and counsel fees and other ordinary expenses reasonably made or incurred by the Trustee in connection with such ordinary services. If it becomes necessary for the Trustee to perform extraordinary services, it shall be entitled to reasonable extra compensation therefor and to reimbursement for reasonable extraordinary expenses in connection therewith; provided that if such extraordinary services or extraordinary expenses are caused by the negligence or willful misconduct of the Trustee, it shall not be entitled to compensation or reimbursement therefor. The Trustee shall be entitled to payment and reimbursement for the reasonable fees and charges of the Trustee as Paying Agent for the Bonds. Pursuant to the provisions of **Section 5.2** of the Lease, the Company has agreed to pay to the Trustee all reasonable fees, charges and expenses of the Trustee under this Indenture. The Trustee agrees that the City shall have no liability for any reasonable fees, charges and expenses of the Trustee, and the Trustee agrees to look only to the Company for the payment of all reasonable fees, charges and expenses of the Trustee and any Paying Agent as provided in the Lease. Upon the occurrence of an Event of Default and during its continuance, the Trustee shall have a first lien with right of payment before payment on account of principal of or interest on any Bond, upon all moneys in its possession under any provisions hereof for the foregoing reasonable advances, fees, costs and expenses incurred. The Trustee's right to compensation and indemnification shall survive the satisfaction and discharge of this Indenture or its resignation or removal hereunder and payment in full of the Bonds.

Section 1003. Notice to Owners if Default Occurs. If a default occurs of which the Trustee is by **Section 1001(h)** required to take notice or if notice of default is given as in said subsection (h) provided, then the Trustee shall give written notice thereof to the last known Owners of all Bonds then Outstanding as shown by the bond registration books required by **Section 206** to be kept at the corporate trust office of the Trustee.

Section 1004. Intervention by the Trustee. In any judicial proceeding to which the City is a party and which, in the opinion of the Trustee and its counsel, has a substantial bearing on the interests of Owners, the Trustee may intervene on behalf of Owners and, subject to the provisions of **Section 1001(i)**, shall do so if requested in writing by the Owners of at least 25% of the aggregate principal amount of Bonds then Outstanding.

Section 1005. Successor Trustee Upon Merger, Consolidation or Sale. With the prior written consent of the Company, any corporation or association into which the Trustee may be merged or converted or with or into which it may be consolidated, or to which it may sell or transfer its corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any merger, conversion, sale, consolidation or transfer to which it is a party, shall be and become successor Trustee hereunder and shall be vested with all the trusts, powers, rights, obligations, duties, remedies, immunities and privileges hereunder as was its predecessor, without the execution or filing of any instrument or any further act on the part of any of the parties hereto.

Section 1006. Resignation of Trustee. The Trustee and any successor Trustee may at any time resign from the trusts hereby created by giving 30 days' written notice to the City, the Company and the Owners, and such resignation shall take effect at the end of such 30 days, or upon the earlier appointment of a successor Trustee by the Owners or by the City; provided, however, that in no event shall the resignation of the Trustee or any successor trustee become effective until such time as a successor trustee has been appointed and has accepted the appointment. If no successor has been appointed and accepted the appointment within 30 days after the giving of such notice of resignation, the Trustee, at the Company's expense, may petition any court of competent jurisdiction for the appointment of a successor Trustee. The Trustee's rights to indemnity and to any fees, charges or other amounts due and payable to it shall survive any such resignation.

Section 1007. Removal of Trustee. The Trustee may be removed at any time, with or without cause, by an instrument or concurrent instruments in writing (a) delivered to the Trustee, the City and the Company and signed by the Owners of a majority in aggregate principal amount of Bonds then Outstanding, or (b) so long as no Event of Default under this Indenture or the Lease has occurred and is continuing, delivered to the Trustee, the City and the Owners and signed by the Company. The Trustee's rights to indemnity and to any fees, charges or other amounts due and payable to it shall survive any such removal.

Section 1008. Appointment of Successor Trustee. If the Trustee hereunder resigns or is removed, or otherwise becomes incapable of acting hereunder, or if it is taken under the control of any public officer or officers or of a receiver appointed by a court, a successor Trustee (a) reasonably acceptable to the City may be appointed by the Company (so long as no Event of Default has occurred and is continuing), or (b) reasonably acceptable to the City and the Company may be appointed by the Owners of a majority in aggregate principal amount of Bonds then Outstanding, by an instrument or concurrent instruments in writing; provided, nevertheless, that in case of such vacancy, the City, by an instrument executed and signed by its City Manager and attested by its City Clerk under its seal, may appoint a temporary Trustee to fill such vacancy until a successor Trustee shall be appointed in the manner above provided. Any such temporary Trustee so appointed by the City shall immediately and without further acts be superseded by the successor Trustee so appointed as provided above. Every such Trustee appointed pursuant to the provisions of this Section shall be a trust company or bank in good standing and qualified to accept such trust with a corporate trust office in the State, and having, or whose obligations are guaranteed by a financial institution having, a reported capital, surplus and undivided profits of not less than \$50,000,000. If no successor Trustee has been so appointed and accepted appointment in the manner herein provided, the Trustee, at the Company's expense, or any Owner may petition any court of competent jurisdiction for the appointment of a successor Trustee, until a successor has been appointed as above provided.

Section 1009. Vesting of Trusts in Successor Trustee. Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the City and the Company an instrument in writing accepting such appointment hereunder, and thereupon such successor shall, without any further act, deed or conveyance, become fully vested with all the trusts, powers, rights, obligations, duties, remedies, immunities and privileges of its predecessor and the duties and obligations of such predecessor hereunder shall thereafter cease and terminate; but such predecessor shall, nevertheless, on the written request of the City and upon payment of its outstanding fees and expenses, execute and deliver an instrument transferring to such successor Trustee all the trusts, powers, rights, obligations, duties, remedies, immunities and privileges of such predecessor hereunder; every predecessor Trustee shall deliver all securities and moneys held by it as Trustee hereunder to its successor. Should any instrument in writing from the City be required by any predecessor or successor Trustee for more fully and certainly vesting in

such successor the trusts, powers, rights, obligations, duties, remedies, immunities and privileges hereby vested in the predecessor, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the City.

Section 1010. Right of Trustee to Pay Taxes and Other Charges. If any tax, assessment or governmental or other charge upon, or insurance premium with respect to, any part of the Project is not paid as required herein or in the Lease, the Trustee may pay such tax, assessment or governmental charge or insurance premium, without prejudice, however, to any rights of the Trustee or the Owners hereunder arising in consequence of such failure; any amount at any time so paid under this Section, with interest thereon from the date of payment at the rate of 10% per annum, shall become an additional obligation secured by this Indenture, and the same shall be given a preference in payment over any payment of principal of or interest on the Bonds, and shall be paid out of the proceeds of rents, revenues and receipts collected from the Project, if not otherwise caused to be paid; but the Trustee shall be under no obligation to make any such payment unless it has been requested to do so by the Owners of at least 25% of the aggregate principal amount of Bonds then Outstanding and has been provided adequate funds for the purpose of such payment.

Section 1011. Trust Estate May be Vested in Co-Trustee.

(a) It is the purpose of this Indenture that there shall be no violation of any law of any jurisdiction (including particularly the State) denying or restricting the right of banking corporations or associations to transact business as trustee in such jurisdiction. It is recognized that in case of litigation under this Indenture or the Lease, and in particular in case of the enforcement of either this Indenture or the Lease upon the occurrence of an Event of Default or if the Trustee deems that by reason of any present or future law of any jurisdiction it cannot exercise any of the powers, rights or remedies herein granted to the Trustee, or take any other action which may be desirable or necessary in connection therewith, it may be necessary or desirable that the Trustee appoint an additional individual or institution as a co-trustee or separate trustee, and the Trustee is hereby authorized to appoint such co-trustee or separate trustee.

(b) If the Trustee appoints an additional individual or institution as a co-trustee or separate trustee (which appointment shall be subject to the approval of the Company), each and every remedy, power, right, claim, demand, cause of action, immunity, title, interest and lien expressed or intended by this Indenture to be exercised by the Trustee with respect thereto shall be exercisable by such co-trustee or separate trustee but only to the extent necessary to enable such co-trustee or separate trustee to exercise such powers, rights and remedies, and every covenant and obligation necessary to the exercise thereof by such co-trustee or separate trustee shall run to and be enforceable by either of them.

(c) Should any deed, conveyance or instrument in writing from the City be required by the co-trustee or separate trustee so appointed by the Trustee for more fully and certainly vesting in and confirming to such co-trustee such properties, rights, powers, trusts, duties and obligations, any and all such deeds, conveyances and instruments in writing shall, on request, be executed, acknowledged and delivered by the City.

(d) If any co-trustee or separate trustee shall die, become incapable of acting, resign or be removed, all the properties, rights, powers, trusts, duties and obligations of such co-trustee or separate trustee, so far as permitted by law, shall vest in and be exercised by the Trustee until the appointment of a successor to such co-trustee or separate trustee.

Section 1012. Accounting. The Trustee shall render an annual accounting for the period ending December 31 of each year to the City, the Company and to any Owner requesting the same in writing and, upon the written request of the City, the Company or any Owner (at such Owner's expense), a monthly accounting to any such party, showing in reasonable detail all financial transactions relating to the Trust Estate during the accounting period and the balance in any funds or accounts created by this Indenture as of the beginning and close of such accounting period.

Section 1013. Performance of Duties Under the Lease. The Trustee hereby accepts and agrees to perform all duties and obligations specifically assigned to it under the Lease.

The City and the Trustee may from time to time, without the consent of or notice to any of the Owners, enter into such Supplemental Indenture or Supplemental Indentures as shall not be inconsistent with the terms and provisions hereof, for any one or more of the following purposes:

- (a) To cure any ambiguity or formal defect or omission in this Indenture, or to make any other change which, in the judgment of the Trustee, is not to the material prejudice of the Trustee or the Owners (provided the Trustee is entitled to receive and may conclusively rely upon an opinion of counsel in exercising such judgment);
- (b) To grant to or confer upon the Trustee for the benefit of the Owners any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Owners or the Trustee or both of them;

Section 1102. Supplemental Indentures Requiring Consent of Owners.

(a) Exclusive of Supplemental Indentures covered by **Section 1101** and subject to the terms and provisions contained in this Section, and not otherwise, the Owners of not less than a majority in aggregate principal amount of the Bonds then-Outstanding may, from time to time, anything contained in this Indenture to the contrary notwithstanding, consent to and approve the execution by the City and the Trustee of such other Supplemental Indenture or Supplemental Indentures as shall be deemed necessary and desirable by the City for the purpose of modifying, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Indenture or in any Supplemental Indenture; provided, however, that without the consent of the Owners of 100% of the principal amount of the Bonds then-Outstanding, nothing in this Section contained shall permit or be construed as permitting (1) an extension of the maturity or a shortening of the redemption date of the principal of or interest, if any, on any Bond issued hereunder, or (2) a reduction in the principal amount of any Bond or the rate of interest thereon, if

any, or (3) a privilege or priority of any Bond or Bonds over any other Bond or Bonds, or (4) a reduction in the aggregate principal amount of Bonds the Owners of which are required for consent to any such Supplemental Indenture.

(b) If the City requests the Trustee to enter into any such Supplemental Indenture for any of the purposes of this Section, the Trustee shall cause notice of the proposed execution of such Supplemental Indenture to be mailed to each Owner as shown on the bond registration books required by **Section 206**. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that copies thereof are on file at the corporate trust office of the Trustee for inspection by all Owners. If within 60 days or such longer period as may be prescribed by the City following the mailing of such notice, the Owners of not less than a majority in aggregate principal amount of the Bonds Outstanding at the time of the execution of any such Supplemental Indenture shall have consented to and approved the execution thereof as herein provided, no Owner shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the City from executing the same or from taking any action pursuant to the provisions thereof.

Section 1103. Company's Consent to Supplemental Indentures. Anything herein to the contrary notwithstanding, a Supplemental Indenture under this Article shall not become effective unless and until the Company has consented in writing to the execution and delivery of such Supplemental Indenture. The Trustee shall cause notice of the proposed execution and delivery of any Supplemental Indenture (regardless of whether it affects the Company's rights) together with a copy of the proposed Supplemental Indenture to be mailed to the Company and any Financing Party of which the Trustee has received written notice at least 15 days before the proposed date of execution and delivery of the Supplemental Indenture.

Section 1104. Opinion of Counsel. In executing, or accepting the additional trusts created by, any Supplemental Indenture permitted by this Article or the modification thereby of the trusts created by this Indenture, the Trustee and the City shall receive, and, shall be fully protected in relying upon, an opinion of counsel addressed and delivered to the Trustee and the City stating that the execution of such Supplemental Indenture is permitted by and in compliance with this Indenture and will, upon the execution and delivery thereof, be a valid and binding obligation of the City. The Trustee may, but shall not be obligated to, enter into any such Supplemental Indenture which affects the Trustee's rights, duties or immunities under this Indenture or otherwise.

ARTICLE XII

SUPPLEMENTAL LEASES

Section 1201. Supplemental Leases Not Requiring Consent of Owners. The City and the Trustee shall, without the consent of or notice to the Owners, consent to the execution of any Supplemental Lease or Supplemental Leases by the City and the Company as may be required (a) by the provisions of the Lease and this Indenture, (b) for the purpose of curing any ambiguity or formal defect or omission in the Lease, (c) so as to more precisely identify the Project or add additional property thereto or (d) in connection with any other change therein which, in the judgment of the Trustee, does not materially and adversely affect the Trustee or security for the Owners (provided the Trustee is entitled to receive and may conclusively rely upon an opinion of counsel in exercising such judgment).

Section 1202. Supplemental Leases Requiring Consent of Owners. Except for Supplemental Leases as provided for in **Section 1201**, neither the City nor the Trustee shall consent to the execution of any Supplemental Lease or Supplemental Leases by the City or the Company without the mailing of notice and the obtaining of the written approval or consent of the Owners of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding given and obtained as provided in **Section 1102**. If at any time the City and the Company shall request the consent of the Trustee to any such proposed Supplemental Lease, the Trustee shall cause notice of such proposed Supplemental Lease to be mailed in the same manner as provided in **Section 1102** with respect to Supplemental Indentures. Such notice shall briefly set forth the nature of such proposed Supplemental Lease and shall state that copies of the same are on file in the corporate trust office of the Trustee for inspection by all Owners. If within 60 days or such longer period as may be prescribed by the City following the mailing of such notice, the Owners of not less than 50% in aggregate principal amount of the Bonds Outstanding at the time of the execution of any such Supplemental Lease shall have consented to and approved the execution thereof as herein provided, no Owner shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Company or the City from executing the same or from taking any action pursuant to the provisions thereof.

Section 1203. Opinion of Counsel. In executing or consenting to any Supplemental Lease permitted by this Article, the City and the Trustee shall receive, and shall be fully protected in relying upon, an opinion of counsel addressed to the Trustee and the City stating that the execution of such Supplemental Lease is authorized or permitted by the Lease and this Indenture and the applicable law and will upon the execution and delivery thereof be valid and binding obligations of the parties thereto.

ARTICLE XIII

SATISFACTION AND DISCHARGE OF INDENTURE

Section 1301. Satisfaction and Discharge of this Indenture.

(a) When the principal of and interest on all the Bonds have been paid in accordance with their terms or provision has been made for such payment, as provided in **Section 1302**, and provision also made for paying all other sums payable hereunder and under the Lease and the Development Agreement, including the reasonable fees and expenses of the Trustee, the City and the Paying Agent to the date of retirement of the Bonds, then the right, title and interest of the Trustee in respect hereof shall thereupon cease, determine and be void. Thereupon, the Trustee shall cancel, discharge and release this Indenture and shall upon the written request of the City or the Company execute, acknowledge and deliver to the City such instruments of satisfaction and discharge or release as shall be required to evidence such release and the satisfaction and discharge of this Indenture, and shall assign and deliver to the City (subject to the City's obligations under **Section 11.2** of the Lease) any property at the time subject to this Indenture which may then be in its possession, except amounts in the Bond Fund required to be paid to the Company under **Section 602** and except funds or securities in which such funds are invested held by the Trustee for the payment of the principal of and interest on the Bonds.

(b) The City is hereby authorized to accept a certificate by the Trustee that the whole amount of the principal and interest, if any, so due and payable upon all of the Bonds then Outstanding has been paid or such payment provided for in accordance with **Section 1302** as evidence of satisfaction of this Indenture, and upon receipt thereof shall cancel and erase the inscription of this Indenture from its records.

Section 1302. Bonds Deemed to be Paid.

(a) Bonds shall be deemed to be paid within the meaning of this Article when payment of the principal of and interest thereon to the due date thereof (whether such due date be by reason of maturity or upon redemption as provided in this Indenture, or otherwise), either (1) has been made or caused to be made in accordance with the terms thereof, or (2) has been provided for by depositing with the Trustee or other commercial bank or trust company having full trust powers and authorized to accept trusts in the State in trust and irrevocably set aside exclusively for such payment (A) moneys sufficient to make such payment or (B) Government Securities maturing as to principal and interest in such amounts and at such times as will ensure the availability of sufficient moneys to make such payment, or (3) has been provided for by surrendering the Bonds to the Trustee for cancellation. At such time as Bonds are deemed to be paid hereunder, as aforesaid, they shall no longer be secured by or entitled to the benefits of this Indenture, except for the purposes of such payment from such moneys or Government Securities.

(b) Notwithstanding the foregoing, in the case of Bonds which by their terms may be redeemed before the stated maturities thereof, no deposit under clause (2) of the immediately preceding paragraph shall be deemed a payment of such Bonds as aforesaid until, as to all such Bonds which are to be redeemed before their respective stated maturities, proper notice of such redemption has been given in accordance with **Article III** or irrevocable instructions have been given to the Trustee to give such notice.

(c) Notwithstanding any provision of any other section of this Indenture which may be contrary to the provisions of this Section, all moneys or Government Securities set aside and held in trust pursuant to the provisions of this Section for the payment of Bonds shall be applied to and used solely for the payment of the particular Bonds, with respect to which such moneys and Government Securities have been so set aside in trust.

ARTICLE XIV

(a) Any consent, request, direction, approval, objection or other instrument required by this Indenture to be signed and executed by the Owners may be in any number of concurrent writings of similar tenor and may be signed or executed by such Owners in Person or by agent appointed in writing. (1) The fact and date of the execution by any Person of any such instrument may be proved by the certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the Person signing such instrument acknowledged before him the execution thereof, or by affidavit of any witness to such execution.

(2) The fact of ownership of Bonds and the amount or amounts, numbers and other identification of such Bonds, and the date of holding the same shall be proved by the registration books of the City maintained by the Trustee pursuant to **Section 206**.

Notwithstanding the foregoing, Bonds so owned which have been pledged in good faith shall not be disregarded as aforesaid if the pledgee establishes to the satisfaction of the Trustee the pledgee's right so to act with respect to such Bonds and the pledgee is not the Company or any affiliate thereof.

With the exception of rights herein expressly conferred, nothing expressed or mentioned in or to be implied from this Indenture or the Bonds is intended or shall be construed to give any Person other than the parties hereto, and the Owners, if any, any right, remedy or claim under or in respect to this Indenture, this Indenture and all of the covenants, conditions and provisions hereof being intended to be and being for the sole and exclusive benefit of the parties hereto and the Owners, as herein provided.

As used herein, the term “Cumulative Outstanding Principal Amount” means all Bonds outstanding under the terms of the Indenture, as reflected on **Schedule I** hereto maintained by the Trustee.

THIS BOND is one of a duly authorized series of Bonds of the City designated the “City of University City, Missouri, Taxable Industrial Revenue Bonds (8021 Olive Boulevard Project), Series 2026,” in the maximum aggregate principal amount of \$8,000,000 (the “Bonds”), to be issued for the purpose of acquiring certain property located at 8021 Olive Boulevard in the City (the “Project Site”) and the construction of a 13,275-square-foot commissary and 3,500 square feet of retail and restaurant space (the “Project Improvements”). The City will lease the Project Site and the Project Improvements (collectively, the “Project”) to WY Hospitality Group LLC, a Missouri limited liability company (the “Company”), under the terms of a Lease Agreement dated as of [*Date*], 2026 (said Lease Agreement, as amended and supplemented from time to time in accordance with the provisions thereof, being herein called the “Lease”), between the City and the Company, all pursuant to the authority of and in full compliance with the provisions, restrictions and limitations of the Constitution, the statutes of the State of Missouri, including particularly the Act, the City Charter and pursuant to proceedings duly had by the City Council of the City.

THE BONDS are issued under and are equally and ratably secured and entitled to the protection given by a Trust Indenture dated as of [*Date*], 2026 (said Trust Indenture, as amended and supplemented from time to time in accordance with the provisions thereof, being herein called the “Indenture”), between the City and UMB Bank, N.A., as trustee (the “Trustee”). *Capitalized terms not defined herein shall have the meanings set forth in the Indenture.*

Reference is hereby made to the Indenture for a description of the provisions, among others, with respect to the nature and extent of the security for the Bonds, the rights, duties and obligations of the City, the Trustee and the Owners, and the terms upon which the Bonds are issued and secured.

THE BONDS are subject to redemption and payment at any time before the stated maturity thereof, at the option of the City, upon written instructions from the Company, (1) in whole, if the Company exercises its option to purchase the Project and deposits an amount sufficient to effect such purchase pursuant to the Lease on the applicable redemption date, or (2) in part, if the Company prepays additional Basic Rent pursuant to the Lease; provided, however, if only a portion of the Bonds are to be redeemed, Bonds aggregating at least 10% of the maximum principal amount of Bonds authorized under the Indenture shall not be subject to redemption and payment before the stated maturity thereof. Any redemption of Bonds pursuant to this paragraph shall be at a redemption price equal to the par value thereof being redeemed, plus accrued interest thereon, without premium or penalty, to the redemption date.

THE BONDS are subject to mandatory redemption, in whole or in part, to the extent of amounts deposited in the Bond Fund pursuant to **Sections 9.1(f)** or **9.2(c)** of the Lease, in the event of substantial damage to or destruction or condemnation of substantially all of the Project. Bonds to be redeemed pursuant to this paragraph shall be called for redemption by the Trustee on the earliest practicable date for which timely notice of redemption may be given as provided in the Indenture. Any redemption of Bonds pursuant to this paragraph shall be at a redemption price equal to the par value thereof being redeemed, plus accrued interest thereon, without premium or penalty, to the redemption date. Before giving notice of redemption to the Owners pursuant to this paragraph, money in an amount equal to the redemption price shall be deposited in the Bond Fund.

If the Bonds are to be called for optional redemption, the Company shall deliver written notice to the City and the Trustee that it has elected to redeem all or a portion of the Bonds at least 40 days (10 days if there is one Owner) before the scheduled redemption date. The Trustee shall then deliver written notice to the Owner of this Bond at least 30 days (five days if there is one Owner) before the scheduled redemption date by first-class mail (or facsimile, if there is one Owner) stating the date upon which the Bonds will be redeemed and paid.

THE BONDS, including interest thereon, are special obligations of the City and are payable solely out of the rents, revenues and receipts derived by the City from the Project and the Lease and not from any other fund or source of the City, and are secured by a pledge and assignment of the Project and of such rents, revenues and receipts, including all rentals and other amounts to be received by the City under and pursuant to the Lease, all as provided in the Indenture. The Bonds do not constitute a general obligation of the City or the State of Missouri, and neither the City nor the State of Missouri shall be liable thereon, and the Bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and are not payable in any manner by taxation. Pursuant to the provisions of the Lease, rental payments sufficient for the prompt payment when due of the principal of and interest on the Bonds are to be paid by the Company directly to the Trustee for the account of the City and deposited in a special fund created by the City and designated the “City of University City, Missouri, Series 2026 Bond Fund – 8021 Olive Boulevard”.

THE OWNER of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any Event of Default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture. In certain events, on the conditions, in the manner and with the effect set forth in the Indenture, the principal of all the Bonds issued under the Indenture and then Outstanding may become or may be declared due and payable before the stated maturity thereof, together with interest accrued thereon. Modifications or alterations of this Bond or the Indenture may be made only to the extent and in the circumstances permitted by the Indenture.

THIS BOND is transferable, as provided in the Indenture, only upon the books of the City kept for that purpose at the above-mentioned office of the Trustee by the Owner hereof in Person or by such Person’s duly authorized attorney, upon surrender of this Bond together with a written instrument of transfer reasonably satisfactory to the Trustee duly executed by the Owner or such Person’s duly authorized attorney, and thereupon a new fully registered Bond or Bonds, in the same aggregate principal amounts, shall be issued to the transferee in exchange therefor as provided in the Indenture, and upon payment of the charges therein prescribed. The City, the Trustee and any Paying Agent may deem and treat the Person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes.

THE BONDS are issuable in the form of one fully-registered Bond in the maximum principal amount of \$8,000,000.

THIS BOND shall not be valid or become obligatory for any purposes or be entitled to any security or benefit under the Indenture until the Certificate of Authentication hereon has been executed by the Trustee.

2. Pursuant to the Act, the City Council passed Ordinance No. ____ on _____, 2026 (the “Ordinance”) approving a Plan for an Industrial Development Project and Cost/Benefit Analysis (the “Plan”) relating to the acquisition of certain property located at 8021 Olive Boulevard in the City (as more fully described on **Exhibit A**, the “Project Site”) and the construction of a 13,275-square-foot commissary and 3,500 square feet of retail and restaurant space (the “Project Improvements” and, together with the Project Site, the “Project”).

3. 4. In consideration of the terms and conditions of this Lease, the Ordinance, issuance of the Bonds and certain other agreements, the City and the Company have concurrently herewith entered into a Development Agreement of even date herewith (the “Development Agreement”) pursuant to which the Company has agreed to make certain payments in lieu of taxes.

(b) As of the date of delivery hereof, the City agrees to acquire fee title to the Project Site, subject to Permitted Encumbrances, and to acquire, construct and improve or cause the construction of the Project Improvements. The City agrees to lease the Project to the Company and sell the Project to the Company if the Company exercises its option to purchase the Project or upon termination of this Lease, or prior thereto, all for the purpose of furthering the public purposes of the Act.

(c) The purchase, construction, extension and improvement of the Project and the leasing of the Project by the City to the Company will further the public purposes of the Act.

(d) To the City's knowledge, no member of the City Council or any other officer of the City has any significant or conflicting interest, financial, employment or otherwise, in the Company or in the transactions contemplated hereby.

(g) The City will not knowingly take any affirmative action that would permit a lien to be placed on the Project or pledge the revenues derived therefrom for any bonds or other obligations, other than the Bonds, except with the written consent of an Authorized Company Representative; provided, however, the City's execution of this Lease, the Indenture and the Development Agreement shall not be deemed to violate this **Section 2.1(g)**.

(h) The City will not operate the Project as a business or in any other manner except as the lessor thereof, except subsequent to an Event of Default hereunder.

Section 2.2. Representations by the Company. The Company makes the following representations as the basis for the undertakings on its part herein contained:

(b) The Company has lawful power and authority to enter into this Lease and to carry out its obligations hereunder and the Company has been duly authorized to execute and deliver this Lease, acting by and through its duly authorized officers and representatives.

(c) The execution and delivery of this Lease, the consummation of the transactions contemplated hereby, and the performance of or compliance with the terms and conditions of this Lease by the Company will not, to the best of the Company's knowledge, conflict with or result in a breach of any of the terms, conditions or provisions of, or constitute a default under, any mortgage, deed of trust, lease or any other restrictions or any agreement or instrument to which the Company is a party or by which it or any of its property is bound, or the Company's organizational documents, or any order, rule or regulation applicable to the Company or any of its property of any court or governmental body, or constitute a default under any of the foregoing, or result in the creation or imposition of any prohibited lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Company under the terms of any instrument or agreement to which the Company is a party.

(d) The Project will comply in all material respects with all presently applicable building and zoning, health, environmental and safety orders and laws and all other applicable laws, rules and regulations.

ARTICLE III

GRANTING PROVISIONS

Section 3.1. Granting of Leasehold Estate. The City hereby exclusively rents, leases and lets the Project to the Company, and the Company hereby rents, leases and hires the Project from the City, subject to Permitted Encumbrances existing as of the date of the execution and delivery hereof, for the rentals and upon and subject to the terms and conditions herein contained. The City and the Company agree and acknowledge that title to the Project is subject to the lien granted to a Lender or a Financing Party by the Company prior to the Company's conveyance of the Project Site to the City in connection with the Project and no further notice of the Fee Deed of Trust is required for any Lender or Financing Party to have all Lender or Financing Party rights and protections provided herein and in the Indenture, except for the notice described in **Section 10.4**.

Section 3.2. Lease Term. This Lease shall become effective upon its execution and delivery. Subject to earlier termination pursuant to the provisions of this Lease, the lease of the Project shall terminate on December 31 of the 14th calendar year following the calendar year in which the Abatement Initiation Date occurs.

Section 3.3. Possession and Use of the Project.

(a) The City covenants and agrees that as long as neither the City nor the Trustee has exercised any of the remedies set forth in **Section 12.2** following the occurrence and continuance of an Event of Default, as defined in **Section 12.1**, the Company shall have sole and exclusive possession of the Project (subject to Permitted Encumbrances and the City's and the Trustee's right of access pursuant to **Section 10.3**) and shall peaceably and quietly have, hold and enjoy the Project during the Lease Term. The City covenants and agrees that it will not take any action, other than expressly pursuant to **Article XII**, the Indenture and the Development Agreement to prevent the Company from having quiet and peaceable possession and enjoyment of the Project during the Lease Term and will, at the request and expense of the Company, cooperate with the Company to defend the Company's quiet and peaceable possession and enjoyment of the Project.

(b) Subject to the provisions of this Section, the Company shall have the exclusive right to use the Project for any lawful purpose contemplated by the Act and consistent with the terms of the Development Agreement. The Company shall comply in all material respects with all statutes, laws, ordinances, orders, judgments, decrees, regulations, directions and requirements of all federal, state, local and other governments or governmental authorities, now or hereafter applicable to the Project, as to the manner of use or the condition of the Project, or that otherwise may be applicable by virtue of the City's ownership of the Project. The Company shall also comply with the mandatory requirements, rules and regulations of all insurers under the policies carried under the provisions of **Article VII**. The Company shall pay all costs, expenses, claims, fines, penalties and damages that may in any manner arise out of, or be imposed as a result of, the failure of the Company to comply with the provisions of this Section. Notwithstanding any provision contained in this Section, however, the Company may, at its own cost and expense, contest or review by legal or other appropriate procedures the validity or legality of any such governmental statute, law, ordinance, order, judgment, decree, regulation, direction or requirement, or any such requirement, rule or regulation of an insurer, and during such contest or review the Company may refrain from complying therewith.

ARTICLE IV

PURCHASE AND CONSTRUCTION OF THE PROJECT

Section 4.1. Issuance of the Bonds. To provide funds for the payment of Project Costs, the City agrees that, upon request of the Company, it will issue, sell and cause to be delivered the Bonds to the purchaser thereof in accordance with the provisions of the Indenture and the Bond Purchase Agreement. The proceeds of the sale of the Bonds, when received, shall be paid over to the Trustee for the account of the City. The Trustee shall promptly deposit such proceeds, when received, as provided in the Indenture to be used and applied as hereinafter provided in this Lease and in the Indenture. Alternatively, the Trustee shall (pursuant to **Section 208(d)** of the Indenture) endorse the Bonds in an amount equal to the requisition certificates submitted pursuant to **Section 4.4**. In that event, so long as the sole Owner of the Bonds is the lessee under this Lease, the purchaser of the Bonds shall be deemed to have deposited funds with the Trustee in an amount equal to the amount stated in such requisition certificates.

Section 4.2. Purchase and Construction of the Project. The City and the Company agree that the Company, as the agent of the City, shall purchase, construct and improve the Project as follows:

(a) The City will acquire fee title to the Project Site at the execution hereof. Concurrently with the execution of this Lease, (1) a deed and any other necessary instruments of transfer will be delivered to the City and placed of record, and (2) the commitment for title insurance or ownership and encumbrance report required by **Article VII** will be delivered to the City and the Trustee.

(b) On behalf of the City, the Company will purchase, construct and improve the Project Improvements on the Project Site and otherwise improve the Project Site in accordance with the Plans and Specifications. The Company may revise the Plans and Specifications from time to time as it deems necessary to carry out the Project, but revisions that affect the status of the Project as a “project” under the Act or that would materially alter the accuracy of the description of the Project in the Plan (including, but not limited to, any change in use of the Project as a food commissary) may be made only with the prior written approval of the City. The Company agrees that the aforesaid construction and improvement will, with such changes and additions as may be made hereunder, result in facilities suitable for use by the Company for its purposes, and that all real and personal property described in the Plans and Specifications, with such changes and additions as may be made hereunder, is desirable and appropriate in connection with the Project. The provisions of this paragraph are in addition to and do not supersede the provisions of **Section 8.3**.

(c) The Company will comply with the provisions of Section 107.170 of the Revised Statutes of Missouri to the extent applicable to the construction of the Project.

(d) The Company will cause the purchase, construction and improvement of the Project to be completed on or before the Completion Date, except as otherwise provided in **Section 4.5**.

(e) The Project Improvements shall be constructed in a good and workmanlike manner and in strict compliance with all applicable laws, orders and ordinances.

Section 4.3. Project Costs. The City hereby agrees to pay for, but solely from the Project Fund, and hereby authorizes and directs the Trustee to pay for, but solely from the Project Fund, all Project Costs upon receipt by the Trustee of a requisition certificate pursuant to **Section 4.4**. The Company may not submit any requisition certificates for Project Costs incurred after the Completion Date. The Company must submit all requisition certificates for Project Costs incurred before the Completion Date within three months after the Completion Date. The maximum amount of total Project Costs for which requisition certificates may be submitted is expressly limited to \$8,000,000.

Section 4.4. Payment for Project Costs. The City hereby authorizes and directs the Trustee to make disbursements from the Project Fund and to endorse the Bonds, upon receipt by the Trustee of requisition certificates in substantially the form attached as **Exhibit B**, signed by an Authorized Company Representative and approved by an Authorized City Representative:

(a) requesting payment or reimbursement of a specified amount of such funds and directing to whom such amount shall be paid (which may include the Company in the event of a reimbursement);

(b) describing each item of Project Costs for which payment is being requested;

(c) stating that each item for which payment is requested is or was desirable and appropriate in connection with the purchase, construction and improvement of the Project, has been properly incurred and is a proper charge against the Project Fund, that the amount requested either has been paid by the Company, or is justly due, and has not been the basis of any previous requisition from the Project Fund; and

(d) stating that, except for the amounts, if any, stated in said certificate, to the best of his or her knowledge there are no outstanding disputed statements for which payment is requested for labor, wages, materials, supplies or services in connection with the purchase, construction and improvement of the Project which, if unpaid, might become the basis of a vendors', mechanics', laborers' or materialmen's statutory or other similar lien upon the Project or any part thereof.

Upon request by the City, the Company shall provide the City with copies of invoices, bills, lien waivers and other reasonable documentation to support each submitted requisition certificate. The Trustee may rely conclusively on any such requisition certificate and shall not be required to make any independent inspection or investigation in connection therewith. The approval of any requisition certificate by an Authorized Company Representative and an Authorized City Representative shall constitute, unto the Trustee, an irrevocable determination that all conditions precedent to the payments requested have been completed.

Section 4.5. Establishment of Completion Date. The Completion Date shall be evidenced to the City and the Trustee by the approval or deemed approval of Certificate of Substantial Completion pursuant to **Section 3.7** of the Development Agreement. Pursuant to **Section 3.2** of the Development Agreement, the Project must be substantially completed by December 31, 2027; provided, however, if an Excusable Delay (as defined in the Development Agreement occurs), the date for substantially completing by the Project may be extended by the duration of the Excusable Delay, but in no event shall be extended beyond December 31, 2028. The Company and the City agree to cooperate in causing such Completion Date certificate to be furnished to the Trustee.

Section 4.6. Surplus in Project Fund. Upon receipt of the Certificate of Substantial Completion described in **Section 4.5**, the Trustee shall, as provided in **Section 504** of the Indenture, transfer any remaining moneys then in the Project Fund to the Bond Fund to be applied as directed by the Company solely to (a) the payment of principal and premium, if any, of the Bonds through the payment (including regularly scheduled principal payments, if any) or redemption thereof at the earliest date permissible under the terms of the Indenture, or (b) at the option of the Company, to the purchase of Bonds at such earlier date or dates as the Company may elect. Any amount so deposited in the Bond Fund may be invested as permitted by **Section 702** of the Indenture.

Section 4.7. Project Property of City. The Project Site and the Project Improvements located thereon at the execution hereof that the Company desires to convey to the City, all work and materials related to the Project as such work progresses and all additions or enlargements thereto or thereof, the Project as fully completed, anything under this Lease which becomes, is deemed to be, or constitutes a part of the Project, and the Project as repaired, rebuilt, rearranged, restored or replaced by the Company under the provisions of this Lease, except as otherwise specifically provided herein, shall immediately when erected or installed become the absolute property of the City, subject only to this Lease, the Indenture, Permitted Encumbrances and the Leasehold Mortgage, if any. Upon reasonable request of and at the expense of the Company, the City agrees to cooperate with the Company regarding the enforcement of any claims the Company may have against third parties relating to the construction and equipping of the Project.

Section 4.8. Non-Project Improvements, Machinery and Equipment Property of the Company. Any improvements or items of machinery or equipment which do not constitute part of the Project Improvements and the entire purchase price of which is paid for by the Company with the Company's own funds, and no part of the purchase price of which is paid for from funds deposited pursuant to the terms of this Lease in the Project Fund, shall be the property of the Company and shall not constitute a part of the Project for purposes of **Section 6.4** and therefore are subject to taxation, to the extent otherwise provided by law.

ARTICLE V

RENT PROVISIONS

Section 5.1. Basic Rent. The Company covenants and agrees to pay to the Trustee in same day funds for the account of the City during the Lease Term, on or before 11:00 a.m., Trustee's local time, on each Payment Date, as Basic Rent for the Project, an amount which, when added to any collected funds then on deposit in the Bond Fund and available for the payment of principal of the Bonds and the interest thereon on such Payment Date, shall be equal to the amount payable on such Payment Date as principal of the Bonds and the interest thereon as provided in the Indenture. Except as offset pursuant to the right of the Company set forth below, all payments of Basic Rent provided for in this Section shall be paid directly to the Trustee and shall be deposited in accordance with the provisions of the Indenture into the Bond Fund and shall be used and applied by the Trustee in the manner and for the purposes set forth in this Lease and the Indenture. In furtherance of the foregoing, and notwithstanding any other provision in this Lease, the Indenture, the Bond Purchase Agreement or the Development Agreement to the contrary, and provided that the Company is the sole holder of the Bonds, the Company may set-off the then-current Basic Rent payment against the City's obligation to the Company as bondholder to pay principal of and interest on the Bonds under the Indenture in lieu of delivery of the Basic Rent on any Payment Date, without providing notice of such set-off to the Trustee. The Trustee may conclusively rely on the absence of any written notice from the Company to the contrary as evidence that such set-off has occurred and that pursuant to the set-off, the City is deemed to have paid its obligation to the Company as bondholder to pay principal of and interest on the Bonds under the Indenture. On the final Payment Date, the Company will (a) if the Trustee holds the Bonds, notify the Trustee of the Bonds not previously paid that are to be cancelled or (b) if an entity other than the Trustee holds the Bonds, deliver or cause to be delivered to the Trustee for cancellation Bonds not previously paid. The Company shall receive a credit against the Basic Rent payable by the Company in an amount equal to the principal amount of the Bonds so tendered for cancellation plus accrued interest thereon.

Section 5.2. Additional Rent. The Company shall pay as Additional Rent, within 30 days after receiving an itemized invoice therefor, the following amounts:

- (a) all fees, charges and expenses, including agent and reasonable counsel fees and expenses, of the City, the Trustee and the Paying Agent incurred under or arising from the Indenture, this Lease or the Development Agreement, including but not limited to claims by contractors or subcontractors, as and when the same become due;
- (b) all costs incident to the issuance of the Bonds (which are to be paid on the Closing Date) and the payment of the principal of and interest on the Bonds as the same become due and payable, including all costs and expenses in connection with the call, redemption and payment of all Outstanding Bonds;

(c) all fees, charges and expenses incurred in connection with the enforcement of any rights under this Lease, the Indenture, or the Development Agreement by the City, the Trustee or the Owners, including reasonable counsel fees and expenses; and

(d) all other payments of whatever nature (excluding PILOT Payments, as defined in the Development Agreement) that the Company has agreed in writing to pay or assume under the provisions of this Lease, the Development Agreement or the Indenture.

Section 5.3. Obligations of Company Absolute and Unconditional.

(a) The obligations of the Company under this Lease to make payments of Basic Rent and Additional Rent on or before the date the same become due, and to perform all of its other obligations, covenants and agreements hereunder shall be absolute and unconditional, without notice or demand, and without abatement, deduction, set-off, counterclaim, recoupment or defense or any right of termination or cancellation arising from any circumstance whatsoever, whether now existing or hereafter arising, and irrespective of whether the Project has been started or completed, or whether the City's title thereto or to any part thereof is defective or nonexistent, and notwithstanding any damage to, loss, theft or destruction of, the Project or any part thereof, any failure of consideration or frustration of commercial purpose, the taking by eminent domain of title to or of the right of temporary use of all or any part of the Project, legal curtailment of the Company's use thereof, the eviction or constructive eviction of the Company, any change in the tax or other laws of the United States of America, the State of Missouri or any political subdivision thereof, any change in the City's legal organization or status, or any default of the City hereunder, and regardless of the invalidity of any action of the City; provided, however, that nothing in this **Section 5.3(a)** or **Section 5.3(b)** is intended or shall be deemed to affect or impair in any way the rights of the Company to tender Bonds for redemption in satisfaction of Basic Rent as provided in **Section 5.1** and **Section 5.4**, nor the right of the Company to terminate this Lease and repurchase the Project as provided in **Article XI**.

(b) Nothing in this Lease shall be construed to release the City from the performance of any agreement on its part herein contained or as a waiver by the Company of any rights or claims the Company may have against the City under this Lease or otherwise, but any recovery upon such rights and claims shall be had from the City separately, it being the intent of this Lease that the Company shall be unconditionally and absolutely obligated to perform fully all of its obligations, agreements and covenants under this Lease (including the obligation to pay Basic Rent and Additional Rent) for the benefit of the Owners and the City. The Company may, however, at its own cost and expense and in its own name or in the name of the City, prosecute or defend any action or proceeding or take any other action involving third Persons which the Company deems reasonably necessary in order to secure or protect its right of possession, occupancy and use hereunder, and in such event the City hereby agrees, at the Company's expense, to cooperate fully with the Company and to take all action necessary to effect the substitution of the Company for the City in any such action or proceeding if the Company shall so request.

Section 5.4. Prepayment of Basic Rent.

(a) The Company may at any time and from time to time prepay all or any part of the Basic Rent provided for hereunder (subject to the limitations of **Section 301(a)** of the Indenture relating to the partial redemption of the Bonds). During such times as the amount held by the Trustee in the Bond Fund shall be sufficient to pay, at the time required, the principal of and interest on all the Bonds then remaining unpaid, the Company shall not be obligated to make payments of Basic Rent under the provisions of this Lease.

(b) At its option, the Company may deliver to the Trustee for cancellation Bonds owned by the Company and not previously paid, and the Company shall receive a credit against amounts payable by the Company for the redemption of Bonds in an amount equal to the principal amount of the Bonds so tendered for cancellation, plus accrued interest thereon.

ARTICLE VI

MAINTENANCE, TAXES AND UTILITIES

Section 6.1. Maintenance and Repairs. Throughout the Lease Term the Company shall, at its own expense, keep the Project in reasonably safe operating condition and keep the Project in good repair, reasonable wear, tear, depreciation and obsolescence excepted, making from time to time all repairs thereto and renewals and replacements thereof it determines to be necessary. Without limiting the generality of the foregoing, the Company shall at all times remain in compliance with all provisions of the City's code relating to maintenance and appearance.

Section 6.2. Taxes, Assessments and Other Governmental Charges.

(a) Subject to subsection (b) of this Section, the Company shall promptly pay and discharge, as the same become due, all taxes and assessments, general and special, and other governmental charges of any kind whatsoever that may be lawfully taxed, charged, levied, assessed or imposed upon or against or be payable for or in respect of the Project, or any part thereof or interest therein (including the leasehold estate of the Company therein) or any buildings, improvements, machinery and equipment at any time installed on the Project Site by the Company, or the income therefrom, including any new taxes and assessments not of the kind enumerated above to the extent that the same are lawfully made, levied or assessed in lieu of or in addition to taxes or assessments now customarily levied against real or personal property, and further including all utility charges, assessments and other general governmental charges and impositions whatsoever, foreseen or unforeseen, which if not paid when due would impair the security of the Bonds or encumber the City's title to the Project; provided that with respect to any special assessments or other governmental charges that are lawfully levied and assessed which may be paid in installments, the Company shall be obligated to pay only such installments thereof as become due and payable during the Lease Term.

(b) The Company may, in its own name or in the City's name, contest the validity or amount of any tax, assessment or other governmental charge which the Company is required to bear, pay and discharge pursuant to the terms of this Article by appropriate legal proceedings instituted before the tax, assessment or other governmental charge complained of becomes delinquent if and provided (1) the Company, before instituting any such contest, gives the City and the Trustee written notice of its intention to do so, (2) the Company diligently prosecutes any such contest, at all times effectively stays or prevents any official or judicial sale therefor, under execution or otherwise, and (3) the Company promptly pays any

final judgment enforcing the tax, assessment or other governmental charge so contested and thereafter promptly procures record release or satisfaction thereof. The City agrees to cooperate fully with the Company in connection with any and all administrative or judicial proceedings related to any tax, assessment or other governmental charge. The Company shall save and hold harmless the City and the Trustee from any costs and expenses the City and the Trustee may incur related to any of the above.

(c) Nothing in this Lease shall be construed to require the Company to make duplicate tax payments. The Company shall receive a credit against the PILOT Payments (as defined in the Development Agreement) to be made by the Company under the Development Agreement to the extent of any ad valorem taxes imposed with respect to the Project paid pursuant to this Section.

Section 6.3. Utilities. All utilities and utility services used by the Company in, on or about the Project shall be paid by the Company and shall be contracted by the Company in the Company's own name, and the Company shall, at its sole cost and expense, procure any and all permits, licenses or authorizations necessary in connection therewith with the assistance of the City, if necessary, in order to procure any and all necessary permits, licenses or authorizations.

Section 6.4. Property Tax Exemption. The City and the Company expect that while the Project is owned by the City and is subject to this Lease, the Project will be exempt from all ad valorem property taxes by reason of such ownership, and the City agrees that it will (at the expense of the Company) cooperate with the Company to defend such exemption against all parties. The City and the Company further acknowledge and agree that the City's obligations hereunder are contingent upon the Company making the payments and otherwise complying with the terms of the Development Agreement during the term of this Lease. The terms and conditions of the Development Agreement are incorporated herein as if fully set forth herein.

ARTICLE VII

INSURANCE

Section 7.1. Title Commitment. Concurrently with the execution of this Lease, the Company will provide a report in a form reasonably acceptable to the City showing the ownership of and encumbrances on the Project Site. Copies of such report shall be provided to the City and the Trustee.

Section 7.2. Casualty Insurance.

(a) Prior to commencement of construction of the Project Improvements, the Company shall at its sole cost and expense obtain a policy or policies of insurance (including builder's risk insurance) to keep the Project constantly insured against loss or damage by fire, lightning and all other risks covered by the extended coverage insurance endorsement then in use in the State of Missouri in an amount equal to the Full Insurable Value thereof (subject to reasonable loss deductible provisions). The insurance required pursuant to this Section shall be maintained from commencement of construction throughout the Lease Term with a generally recognized responsible insurance company or companies authorized to do business in the State of Missouri or generally recognized international insurers or reinsurers with an A.M. Best rating of not less than "A-" or the equivalent thereof as may be selected by the Company. The Company shall deliver certificates of insurance for such policies to the City and the Trustee within 30 days after commencement of construction of the Project Improvements and promptly after renewal of each insurance policy. All such policies of insurance pursuant to this Section, and all renewals thereof, shall name the

City, the Trustee and the Company as insureds, as their respective interests may appear, shall name the Trustee as loss payee, subject to the rights of the Lender and any other Financing Party under any Financing Document, and shall contain a provision that such insurance may not be canceled by the issuer thereof without at least 10 days' advance written notice to the City, the Company and the Trustee.

(b) In the event of loss or damage to the Project, the Net Proceeds of casualty insurance carried pursuant to this Section shall be (i) paid over to the Trustee, subject to the rights of the Lender and any other Financing Party under any Financing Document, and shall be applied as provided in **Article IX**, or (ii) applied as directed in writing by, or on behalf of, the Owners of 100% in principal amount of the Bonds Outstanding, subject to the rights of any Financing Party under any Financing Document.

Section 7.3. Public Liability Insurance.

(a) The Company shall at its sole cost and expense maintain or cause to be maintained at all times during the Lease Term commercial general liability insurance (including but not limited to coverage for operations, contingent liability, operations of subcontractors, completed operations and contractual liability), under which the City, the Company and the Trustee shall be named as additional insureds, properly protecting and indemnifying the City and the Trustee, in an amount not less than the limits of liability set by Section 537.610 of the Revised Statutes of Missouri (subject to reasonable loss deductible clauses not to exceed the amounts normally or generally carried by the Company). The policies of said insurance shall contain a provision that such insurance may not be canceled by the issuer thereof without at least 10 days' advance written notice to the City, the Company and the Trustee. Certificates of such policies shall be furnished to the Trustee on the date of execution of this Lease and not less than 30 days before the expiration date of each insurance policy.

(b) In the event of a general liability occurrence, the Net Proceeds of liability insurance carried pursuant to this Section shall be applied toward the extinguishment or satisfaction of the liability with respect to which such proceeds have been paid.

Section 7.4. Blanket Insurance Policies. The Company may satisfy any of the insurance requirements set forth in this Article by using blanket policies of insurance, provided each and all of the requirements and specifications of this Article respecting insurance are complied with.

Section 7.5. Worker's Compensation. The Company agrees throughout the Lease Term to maintain or cause to be maintained the worker's compensation coverage required by the laws of the State of Missouri.

Section 7.6. Sovereign Immunity. Notwithstanding anything to the contrary contained herein, nothing in this Lease shall be construed to broaden the liability of the City beyond the provisions of Sections 537.600 to 537.610 of the Revised Statutes of Missouri or abolish or waive any defense at law that might otherwise be available to the City or its officers, agents and employees.

ARTICLE VIII

ALTERATION OF THE PROJECT

Section 8.1. Additions, Modifications and Improvements to the Project. The Company may make such additions, modifications and improvements in and to any part of the Project as the Company from time to time may deem necessary or desirable for its business purposes. All additions, modifications

and improvements made by the Company pursuant to this Section shall (a) be made in a good and workmanlike manner and in strict compliance with all laws, orders and ordinances applicable thereto and (b) when commenced, be prosecuted to completion with due diligence. If such improvements constitute personal property, any such improvements shall remain the property of the Company, shall not become part of the Project, and shall be subject to applicable taxes.

Section 8.2. Additional Improvements on the Project Site. The Company may, at its sole cost and expense, construct on portions of the Project Site not theretofore occupied by buildings or improvements such additional buildings and improvements as the Company from time to time may deem necessary or desirable for its business purposes. All additional buildings and improvements constructed on the Project Site by the Company, and not paid for with Bond proceeds, pursuant to the authority of this Section shall not be included in the Project and, during the life of this Lease, shall remain the property of the Company and may be added to, altered or razed and removed by the Company at any time. All additional buildings and improvements shall be made in a good and workmanlike manner and in strict compliance with all material laws, orders and ordinances applicable thereto and when commenced shall be prosecuted to completion with due diligence. The Company covenants and agrees (a) to make any repairs and restorations required to be made to the Project because of the construction of, addition to, alteration or removal of said additional buildings or improvements, and (b) to promptly and with due diligence either raze and remove or repair, replace or restore any of said additional buildings and improvements as may from time to time be damaged by fire or other casualty. The Company shall pay all ad valorem taxes and assessments payable with respect to such additional buildings and improvements which remain the property of the Company. If for any reason the County Assessor determines that such additional buildings and improvements are not subject to ad valorem taxes, the Company shall make payments in lieu of taxes in an amount equal to the taxes that would otherwise be due under this Section.

Section 8.3. Permits and Authorizations. The Company shall not do or permit others under its control to do any work on the Project or any repair, rebuilding, restoration, replacement, modification or addition to the Project, or any part thereof, unless all requisite municipal and other governmental permits and authorizations shall have been first procured. The City agrees to act promptly on all requests for such municipal permits and authorizations. All such work shall be done in a good and workmanlike manner and in strict compliance with all applicable material building and zoning laws and governmental regulations and requirements, and in accordance with the requirements, rules and regulations of all insurers under the policies required to be carried under the provisions of **Article VII**.

Section 8.4. Mechanics' Liens.

(a) The Company will not directly or indirectly create, incur, assume or suffer to exist any lien on or with respect to the Project, except Permitted Encumbrances, and the Company shall promptly notify the City of the imposition of such lien of which the Company is aware and shall promptly, at its own expense, take such action as may be necessary to fully discharge or release any such lien. Whenever and as often as any mechanics' or other similar lien is filed against the Project, or any part thereof, purporting to be for or on account of any labor done or materials or services furnished in connection with any work in or about the Project, the Company shall discharge the same of record. Notice is hereby given that the City shall not be liable for any labor or materials furnished the Company or anyone claiming by, through or under the Company upon credit, and that no mechanics' or other similar lien for any such labor, services or materials shall attach to or affect the reversionary or other estate of the City in and to the Project or any part thereof.

(b) Notwithstanding paragraph (a) above, and subject to the terms of any Financing Documents, the Company may contest any such mechanics' or other similar lien if the Company (1) within 60 days after the Company becomes aware of any such lien notifies the City and the Trustee in writing of its intention so to do, (2) diligently prosecutes such contest, (3) at all times effectively stays or prevents any official or judicial sale of the Project, or any part thereof or interest therein, under execution or otherwise, (4) promptly pays or otherwise satisfies any final judgment adjudging or enforcing such contested lien claim and (5) thereafter promptly procures record release or satisfaction thereof. The Company may permit the lien so contested to remain unpaid during the period of such contest and any appeal therefrom unless the Company is notified by the City that, in the opinion of counsel, by nonpayment of any such items, the interest of the City in the Project will be subject to loss or forfeiture. In that event, the Company shall promptly, at its own expense, take such action as may be reasonably necessary to duly discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim if the same shall arise at any time. The Company shall save and hold harmless the City from any loss, costs or expenses the City may incur related to any such contest. The Company shall reimburse the City for any expense incurred by it in connection with the imposition of any such lien or in order to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim. The City shall cooperate fully with the Company in any such contest.

(c) In accordance with Section 513.455 of the Revised Statutes of Missouri, the City hereby consents to the subjection of the Project and the Project Site to the attachment of mechanics' liens filed under Chapter 429 of the Revised Statutes of Missouri.

ARTICLE IX

DAMAGE, DESTRUCTION AND CONDEMNATION

Section 9.1. Damage or Destruction.

(a) If the Project Improvements are damaged or destroyed by fire or any other casualty, whether or not covered by insurance, the Company, as promptly as practicable, shall either (i) make the determination described in subsection (f) below, or (ii) repair, restore, replace or rebuild the same so that upon completion of such repairs, restoration, replacement or rebuilding the Project Improvements are of a value not less than the value thereof immediately before the occurrence of such damage or destruction or, at the Company's option, construct upon the Project Site new buildings and improvements thereafter together with all new machinery, equipment and fixtures which are either to be attached to or are to be used in connection with the operation or maintenance thereof, provided that (i) the value thereof shall not be less than the value of such destroyed or damaged Project Improvements immediately before the occurrence of such damage or destruction and (ii) the nature of such new buildings, improvements, machinery, equipment and fixtures will not impair the character of the Project Improvements as a "project" permitted by the Act.

If the Company elects to construct any such new buildings and improvements, then for all purposes of this Lease, any reference to the words "Project Improvements" shall be deemed to also include any such new buildings and improvements and all additions thereto and all replacements and alterations thereof.

Unless the Company makes the determination described in subsection (f) below, the Net Proceeds of casualty insurance required by **Article VII** received with respect to such damage or loss to the Project shall be used to pay the cost of repairing, restoring, replacing or rebuilding the Project or any part thereof, subject to the rights of the Lender under the Fee Deed of Trust and related Financing Documents. Subject to the provisions of the Fee Deed of Trust and related Financing Documents, insurance monies in an amount less than \$100,000 may be paid to or retained by the Company to be held in trust and used as provided

herein. Insurance monies in any amount of \$100,000 or more shall be (i) paid to the Trustee and deposited in the Project Fund and shall be disbursed as provided in **Section 4.4** to pay the cost of repairing, restoring, replacing or rebuilding the Project or any part thereof, or (ii) if determined by the Owners of 100% in principal amount of the Bonds Outstanding, applied as directed in writing by, or on behalf of, such Owners of 100% in principal amount of the Bonds Outstanding, subject to the rights of any Financing Party. If the Company makes the determination described in subsection (f) below, the Net Proceeds shall be deposited with the Trustee and used to redeem Bonds as provided in subsection (f), subject to the rights of the Lender under the Fee Deed of Trust and related Financing Documents.

(b) If any of the insurance monies paid by the insurance company as hereinabove provided remain after the completion of such repairs, restoration, replacement or rebuilding, and this Lease has not been terminated, the excess shall be deposited in the Bond Fund, subject to the rights of any leasehold mortgagee or Financing Party. Completion of such repairs, restoration, replacement or rebuilding shall be evidenced by a certificate of completion delivered by the Company to the City and the Trustee in accordance with the provisions of **Section 4.5**. If the Net Proceeds are insufficient to pay the entire cost of such repairs, restoration, replacement or rebuilding, the Company shall pay the deficiency.

(c) Except as otherwise provided in this Lease, in the event of any such damage by fire or any other casualty, the provisions of this Lease shall be unaffected and the Company shall remain and continue to be liable for the payment of all Basic Rent and Additional Rent and all other charges required hereunder to be paid by the Company, as though no damage by fire or any other casualty has occurred.

(d) The Company will prosecute or defend any action or proceeding arising out of, or for the collection of any insurance monies that may be due in the event of, any loss or damage.

(e) The Company agrees to give prompt written notice to the City, the Lender and the Trustee with respect to all fires and any other casualties occurring in, on, at or about the Project Site causing (in the Company's opinion) damage of more than \$100,000.

(f) If the Company determines that rebuilding, repairing, restoring or replacing the Project is not practicable or desirable, or if the Company does not have the right under any Leasehold Mortgage to use any Net Proceeds for repair or restoration of the Project, any Net Proceeds of casualty insurance required by **Article VII** received with respect to such damage or loss shall, after payment of all Additional Rent then due and payable, be paid into the Bond Fund and shall be used to redeem Bonds on the earliest practicable redemption date or to pay the principal of any Bonds as the same become due, all subject to rights of any mortgagee under the Leasehold Mortgage (if any) and any Financing Party under the Financing Documents (including Lender under Fee Deed of Trust and related Financing Documents). The Company agrees to be reasonable in exercising its judgment pursuant to this subsection (f). Alternatively, if the Company is the sole owner of the Bonds and it has determined that rebuilding, repairing, restoring or replacing the Project is not practicable or desirable, it may tender Bonds to the Trustee for cancellation in a principal amount equal to the Net Proceeds of the casualty insurance, and retain such proceeds for its own account.

(g) The Company shall not, by reason of its inability to use all or any part of the Project during any period in which the Project is damaged or destroyed or is being repaired, rebuilt, restored or replaced, nor by reason of the payment of the costs of such rebuilding, repairing, restoring or replacing, be entitled to any reimbursement from the City, the Trustee or the Owners or to any abatement or diminution of the rentals payable by the Company under this Lease or of any other obligations of the Company under this Lease except as expressly provided in this Section.

(h) The rights of the City and the Trustee in and to any Net Proceeds are and will at all times

be subject to the rights of the Lender with respect to such Net Proceeds.

(i) Nothing herein shall be deemed to authorize the Company to allow an unsafe, dangerous, unhealthy or injurious condition to exist on the Project Site in violation of any applicable laws, codes and ordinances due to a fire or other casualty.

Section 9.2. Condemnation.

(a) If during the Lease Term, title to, or the temporary use of, all or any part of the Project is condemned by or sold under threat of condemnation to any authority possessing the power of eminent domain, to such extent that the claim or loss resulting from such condemnation is greater than \$100,000, the Company shall, within 90 days after the date of entry of a final order in any eminent domain proceedings granting condemnation or the date of sale under threat of condemnation, notify the City, the Trustee, the mortgagee under the Leasehold Mortgage (if any) and the Financing Party under the Financing Documents (including the Lender) in writing as to the nature and extent of such condemnation or loss of title and whether it is practicable and desirable to acquire or construct substitute improvements.

(b) If the Company determines that such substitution is practicable and desirable, the Company shall proceed promptly with and complete with reasonable dispatch the acquisition or construction of such substitute improvements, so as to place the Project in substantially the same condition as existed before the exercise of the said power of eminent domain, including the acquisition or construction of other improvements suitable for the Company's operations at the Project (which improvements will be deemed a part of the Project and available for use and occupancy by the Company without the payment of any rent other than herein provided, to the same extent as if such other improvements were specifically described herein and demised hereby); provided, that such improvements will be acquired by the City subject to no liens, security interests or encumbrances before the lien and/or security interest afforded by the Indenture and this Lease other than Permitted Encumbrances (including, without limitation, any liens held by the Lender in and to such substitute Project Improvements). In such case, any Net Proceeds received from any award or awards with respect to the Project or any part thereof made in such condemnation or eminent domain proceedings, or of the sale proceeds, shall be applied in the same manner as provided in **Section 9.1** (with respect to the receipt of casualty insurance proceeds).

(c) If the Company determines that it is not practicable or desirable to acquire or construct substitute improvements, any Net Proceeds of condemnation awards received by the Company shall, after payment of all Additional Rent then due and payable, be paid into the Bond Fund and shall be used to redeem Bonds on the earliest practicable redemption date or to pay the principal of any Bonds as the same becomes due and payable, all subject to the rights of the mortgagee under the Leasehold Mortgage (if any) and Financing Party under the Financing Documents (including Lender).

(d) The Company shall not, by reason of its inability to use all or any part of the Project during any such period of restoration or acquisition nor by reason of the payment of the costs of such restoration or acquisition, be entitled to any reimbursement from the City, the Trustee or the Owners or to any abatement or diminution of the rentals payable by the Company under this Lease nor of any other obligations hereunder except as expressly provided in this Section.

(e) The City shall cooperate fully with the Company in the handling and conduct of any prospective or pending condemnation proceedings with respect to the Project or any part thereof, and shall, to the extent it may lawfully do so, permit the Company to litigate in any such proceeding in the name and on behalf of the City. In no event will the City voluntarily settle or consent to the settlement of any

prospective or pending condemnation proceedings with respect to the Project or any part thereof without the prior written consent of the Company and each Financing Party (including Lender).

Section 9.3. Bondowner Approval. Notwithstanding anything to the contrary contained in this **Article IX**, subject to the rights of any applicable Financing Party, the proceeds of any insurance received subsequent to a casualty or of any condemnation proceedings (or threats thereof) shall before the application thereof by the City or the Trustee be applied as directed in writing by the Owners, subject and subordinate to (a) the rights of the City and the Trustee to be paid all their expenses (including attorneys' fees, trustee's fees and any extraordinary expenses of the City and the Trustee) incurred in the collection of such gross proceeds and (b) the rights of the City to any amounts then due and payable under the Development Agreement.

ARTICLE X

SPECIAL COVENANTS

Section 10.1. No Warranty of Condition or Suitability by the City; Exculpation and Indemnification. The City makes no warranty, either express or implied, as to the condition of the Project or that it will be suitable for the Company's purposes or needs. The Company releases the City and the Trustee from, agrees that the City and the Trustee shall not be liable for and agrees to hold the City and the Trustee harmless against, any loss or damage to property or any injury to or death of any Person that may be occasioned by any cause whatsoever pertaining to the Project or the Company's use thereof, unless such loss is the result of the City's or the Trustee's gross negligence or willful misconduct. This provision shall survive termination of this Lease.

Section 10.2. Surrender of Possession. Upon accrual of the City's right of re-entry to the extent provided in **Section 12.2(b)**, the Company shall peacefully surrender possession of the Project to the City in good condition and repair; provided, however, the Company may within 90 days (or such later date as the City may agree to) after the termination of this Lease remove from the Project Site any buildings, improvements, furniture, trade fixtures, machinery and equipment owned by the Company and not constituting part of the Project. All repairs to and restorations of the Project required to be made because of such removal shall be made by and at the sole cost and expense of the Company, and during said 90-day (or extended) period the Company shall bear the sole responsibility for and bear the sole risk of loss for said buildings, improvements, furniture, trade fixtures, machinery and equipment owned by the Company and not constituting part of the Project. All buildings, improvements, furniture, trade fixtures, machinery and equipment owned by the Company and which are not so removed from the Project before the expiration of said period shall be the separate and absolute property of the City.

Section 10.3. Right of Access to the Project. The City may conduct such periodic inspections of the Project as may be generally provided in the City's municipal code. In addition, the Company agrees that the City and the Trustee and their duly authorized agents may, at reasonable times during normal business hours and, except in the event of emergencies, upon not less than two Business Days' prior notice, subject to the Company's usual business proprietary, safety, confidentiality and security requirements, enter upon the Project Site (a) to examine and inspect the Project without interference or prejudice to the Company's operations, (b) to monitor the acquisition, construction and installation provided for in **Section 4.2** as may be reasonably necessary, (c) to examine all files, records, books and other materials in the Company's possession pertaining to the acquisition, installation or maintenance of the Project, (d) upon

either (i) the occurrence and continuance of an Event of Default or (ii) the Company's failure to purchase the Project at the end of the Lease Term, to exhibit the Project to prospective purchasers, lessees or trustees.

Section 10.4. Granting of Easements; Leasehold Mortgages and Financing Arrangements.

(a) Subject to **Sections 10.4(c)** and **(d)**, if no Event of Default under this Lease has happened and is continuing, the City agrees that it will execute and deliver and will cause and direct the Trustee in writing to execute and deliver any instrument necessary or appropriate to confirm and grant, release or terminate any sublease, easement, license, right-of-way or other right or privilege or any such agreement or other arrangement, upon receipt by the City and the Trustee of: (i) a copy of the instrument of grant, release or termination or of the agreement or other arrangement, (ii) a written application signed by an Authorized Company Representative requesting such instrument, and (iii) a certificate executed by an Authorized Company Representative stating that such grant or release is not detrimental to the proper conduct of the business of the Company, will not impair the effective use or interfere with the efficient and economical operation of the Project, will not materially adversely affect the security intended to be given by or under the Indenture or the Development Agreement, and will be a Permitted Encumbrance. The Company will defend, indemnify and save and hold harmless the City and the Trustee from and against all claims, demands, costs, liabilities, damages or expenses, including reasonable attorneys' fees, arising from the execution and delivery of any instrument, agreement or other arrangement pursuant to this Section. If no Event of Default has happened and is continuing beyond any applicable grace period, any payments or other consideration received by the Company for any such grant or with respect to or under any such agreement or other arrangement shall be and remain the property of the Company; but, subject to **Sections 10.4(c)** and **(d)**, upon (i) termination of this Lease for any reason other than the redemption of the Bonds and/or the purchase of the Project by the Company or (ii) the occurrence and continuance of an Event of Default by the Company, all rights then existing of the Company with respect to or under such grant shall inure to the benefit of and be exercisable by the City and the Trustee.

(b) The Company may mortgage or grant a deed of trust against the leasehold estate created by this Lease, with prior notice to but without the consent of the City, provided and upon condition that a duplicate original or certified copy or photostatic copy of each such mortgage, and the note or other obligation secured thereby, is delivered to the City within thirty (30) days after the execution thereof. The sale of the Company's leasehold estate at a foreclosure sale or trustee's sale under the Leasehold Mortgage or any assignment in lieu thereof shall not require the consent of the City, if (i) written notice of the proposed sale or assignment is provided to the City at least fifteen (15) days prior thereto, and (ii) before such sale or assignment, all payments then owing to the City under the Development Agreement are paid.

(c) The City acknowledges and agrees that the Company may finance and refinance its rights and interests in the Project, this Lease and the leasehold estate created hereby and, in connection therewith, the Company may execute Financing Documents with one or more Financing Parties. Notwithstanding anything contained to the contrary in this Lease, the Company may, at any time and from time to time, with prior notice to but without the consent of the City, (i) execute one or more Financing Documents upon the terms contained in this **Section 10.4** and (ii) sublease or assign this Lease, the leasehold estate, any sublease and rights in connection therewith, and/or grant liens or security interests therein, to any Financing Party. Any further sublease or assignment by any Financing Party shall be subject to the provisions of **Section 13.1(c)**.

(d) Upon notice by the Company to the City in writing that the Company has executed one or more Financing Documents under which it has granted rights in this Lease to a Financing Party, which

includes the name and address of such Financing Party, then the following provisions shall apply in respect to the Financing Party:

(i) there shall be no merger of this Lease or of the leasehold estate created hereby with the fee title to the Project, notwithstanding that this Lease or said leasehold estate and said fee title shall be owned by the same Person or Persons, without the prior written consent of such Financing Party;

(ii) the City shall serve upon each Financing Party (at the address, if any, provided to the City) a copy of each notice of the occurrence of an Event of Default and each notice of termination given to the Company under this Lease, at the same time as such notice is served upon the Company. No such notice to the Company shall be effective unless a copy thereof is thus served upon each Financing Party;

(iii) each Financing Party shall have the same period of time which the Company has, after the service of any required notice upon it, within which to remedy or cause to be remedied any payment default under this Lease which is the basis of the notice plus thirty (30) days, and the City shall accept performance by such Financing Party as timely performance by the Company;

(iv) the City may exercise any of its rights or remedies with respect to any other Event of Default by the Company, subject to the rights of the Financing Parties under this **Section 10.4(d)** as to such other events of default. Without limiting the generality of the foregoing, the holder of the Fee Deed of Trust may cause the sale of the fee simple interest of the Company to be sold at foreclosure sale conducted in accordance with applicable law and the terms of the Fee Deed of Trust, to accept assignment of this Lease in lieu of foreclosure and to appoint a receiver for the Project, all without obtaining the prior written consent of the City but subject to the provisions of **Section 10.4(b)**;

(v) upon the occurrence and continuance of an Event of Default by the Company under this Lease, other than a default in the payment of money, the City shall take no action to effect a termination of this Lease by service of a notice or otherwise, without first giving notice thereof to each Financing Party and permitting such Financing Party (or its designee, nominee, assignee or transferee) a reasonable time within which to remedy such default in the case of an Event of Default which is susceptible of being cured (provided that the period to remedy such Event of Default shall continue beyond any period set forth in this Lease to effect said cure so long as the Financing Party (or its designee, nominee, assignee or transferee) is diligently prosecuting such cure); provided that each Financing Party (or its respective designee, nominee, assignee or transferee) shall pay or cause to be paid to the City and the Trustee all expenses, including reasonable counsel fees, court costs and disbursements incurred by the City or the Trustee in connection with any such default;

(vi) each Financing Party (and their respective designees, nominees, assignees or transferees) may enter, possess and use the Project at such reasonable times and manner as are necessary or desirable to effectuate the remedies and enforce their respective rights under the Financing Documents;

(vii) except for terminations of this Lease expressly authorized herein, this Lease may not be modified, amended, canceled or surrendered by agreement between the City and the Company, without prior written consent of each Financing Party; and

(viii) each Financing Party may, on behalf of the Company and without the consent of the Company, exercise the right to purchase the Project pursuant to **Section 11.1**, upon compliance with the provisions of that Section. The Company agrees that the City will have no liability for taking direction from any Financing Party in connection with a conveyance of the Project back to the Company pursuant to **Article XI**.

The City acknowledges that the Lender is a Financing Party and is entitled to the benefits of **Sections 10.4(d)(i)-(viii)** above.

(e) In connection with the execution of one or more Financing Documents, upon the request of the Company, the City agrees to execute such documents as shall be reasonably requested by the Lender or any other Financing Party and which are usual and customary in connection with the closing of the financing or refinancing pursuant to the Financing Documents. The Company agrees to reimburse the City for any and all costs and expenses incurred by the City pursuant to this Section, including reasonable attorneys' fees and expenses, in complying with such request.

(f) Notwithstanding the foregoing, the City may agree to other provisions and documents requested by the Company, the Lender or any other Financing Party not contemplated by this **Section 10.4**, subject to approval by the City Council.

(g) The Company's obligations under any mortgage or Financing Document relating to the Project entered into after the date of execution of this Lease (the execution of which shall be expressly subject to the prior written consent of the Lender in accordance with the Fee Deed of Trust), except for any construction loans or other Financing Documents related to the Project that the Company now or hereafter has in place with the Lender, shall be subordinate to the Company's obligations under this Lease.

(h) All deeds of trust and other security agreements secured by the Project shall recognize that PILOT Payments due and owing under the Development Agreement are to be given the same priority as real property taxes in the event of a foreclosure. To evidence such preference, all such deeds of trust or other security agreements must contain the following language (or similar language approved by the City):

Subordination of [Mortgage] to PILOT Payments. Lender agrees that for so long as the [Property] is subject to abatement of ad valorem real property taxes pursuant to the Development Agreement dated as of [*Date*], 2026 between the City of University, Missouri (the "City"), and WY Hospitality Group LLC, the lien of the [Mortgage] shall be subject and inferior to the lien of the City thereto to the extent of any unpaid PILOT Payments (as defined in the aforementioned Development Agreement). Lender agrees that any proceeds received by Lender as a result of a foreclosure or deed in lieu of foreclosure related to the [Property] shall first be applied to pay any due and owing PILOT Payments.

Section 10.5. Indemnification of City and Trustee. The Company shall indemnify and save and hold harmless the City and the Trustee and their governing body members, officers, agents and employees from and against all claims, demands, costs, liabilities, damages or expenses, including attorneys' fees, by or on behalf of any Person, firm or corporation arising from the issuance of the Bonds and the execution of the Development Agreement, this Lease or the Indenture and from the conduct or management of, or from any work or thing done in or on the Project during the Lease Term, and against and from all claims, demands, costs, liabilities, damages or expenses, including reasonable attorneys' fees, arising during the Lease Term from (a) any condition of the Project, (b) any breach or default on the part of the Company in the performance of any of its obligations under the Development Agreement, this Lease or

any related document, (c) any contract entered into in connection with the acquisition, purchase, construction, extension, installation or improvement of the Project, (d) any act of negligence of the Company or of any of its agents, contractors, servants, employees or licensees, (e) unless the Company has been released from liability pursuant to **Section 13.1(c)**, any act of negligence of any assignee or sublessee of the Company, or of any agents, contractors, servants, employees or licensees of any assignee or sublessee of the Company, (f) obtaining any applicable state and local sales and use tax exemptions for materials or goods that become part of the Project, and (g) any violation of Section 107.170 of the Revised Statutes of Missouri; provided, however, the indemnification contained in this **Section 10.5** shall not extend (A) to the City to the extent that such claims, demands, costs, liabilities, damages or expenses, including reasonable attorneys' fees, are (i) the result of work being performed at the Project by employees of the City, or (ii) except with respect to (f) and (g) above, the result of gross negligence or willful misconduct by the City or (B) to the Trustee to the extent that such claims, demands, costs, liabilities, damages or expenses, including attorneys' fees, are the result of negligence or willful misconduct by the Trustee. Upon written notice from the City or the Trustee of any such claims or demand, the Company shall defend them or either of them in any such action or proceeding; provided, that the City shall cooperate with the Company and provide reasonable assistance in such defense. All costs related to the defense of the City or the Trustee shall be paid by the Company. This **Section 10.5** shall survive any termination of the Development Agreement and this Lease or the satisfaction and discharge of the Indenture.

Section 10.6. Depreciation, Investment Tax Credit and Other Tax Benefits. The City agrees that any depreciation, investment tax credit or any other tax benefits with respect to the Project or any part thereof shall be made available to the Company, and the City will fully cooperate with the Company in any effort by the Company to avail itself of any such depreciation, investment tax credit or other tax benefits.

Section 10.7. Company to Maintain its Existence. The Company agrees that until the Bonds are paid or payment is provided for in accordance with the terms of the Indenture, it will maintain its corporate existence in good standing, and will not dissolve or otherwise dispose of all or substantially all of its assets; provided, however, that the Company may, without violating the agreement contained in this Section, consolidate with or merge into another Person or permit one or more other Persons to consolidate with or merge into it, or may sell or otherwise transfer to another Person all or substantially all of its assets as an entirety and thereafter dissolve or convert into a different type of legal entity, if the surviving, resulting or transferee Person expressly assumes in writing all the obligations of the Company contained in this Lease, and the surviving, resulting or transferee Person either (a) has a long-term-debt rating or is controlled by or under common control with an entity with a long-term debt rating in any of the top three long-term-debt rating categories by any nationally recognized rating service, (b) is controlled by, under common control with or controls the Company, or (c) is otherwise approved by the City Council. This Section does not limit the Company's transfer rights under **Section 13.1**.

Section 10.8. Security Interests. The City and the Company hereby authorize the Trustee to file all appropriate financing and continuation statements as may be required under the Uniform Commercial Code to fully preserve and protect the security of the Owners and the rights of the Trustee under the Indenture. Upon the written instructions of the Owners, the Trustee shall, pursuant to the terms of the Indenture, file all continuation instruments the Owners deem necessary to be filed for so long as the Bonds are Outstanding. Notwithstanding the foregoing, the Trustee shall not be obligated to file any original instrument, and the Trustee shall not be responsible for the accuracy or sufficiency of any such original instrument. The City and the Company shall cooperate with the Trustee in this regard by providing such information as the Trustee may require to file or to renew such statements. The Trustee may

conclusively rely upon any initial filing in filing any continuation statement or modification thereto pursuant to this Section.

Section 10.9. Environmental Matters, Warranties, Covenants and Indemnities Regarding Environmental Matters.

(a) As used in this Section, the following terms have the following meanings:

“Environmental Laws” means any now-existing or hereafter enacted or promulgated federal, state, local, or other law, statute, ordinance, order, rule, regulation or court order pertaining to (i) environmental protection, regulation, contamination or clean-up, (ii) toxic waste, (iii) underground storage tanks, (iv) asbestos or asbestos-containing materials, or (v) the handling, treatment, storage, use or disposal of Hazardous Substances, including without limitation the Comprehensive Environmental Response, Compensation and Liability Act and the Resource Conservation and Recovery Act, all as amended from time to time.

“Hazardous Substances” means all (i) “hazardous substances” (as defined in 42 U.S.C. §9601(14)), (ii) “chemicals” subject to regulation under Title III of the Superfund Amendments and Reauthorization Act of 1986, as amended from time to time (iii) natural gas liquids, liquefied natural gas or synthetic gas, (iv) any petroleum, petroleum-based products or crude oil, or (v) any other hazardous or toxic substances, wastes or materials, pollutants, contaminants or any other substances or materials which are included under or regulated by any Environmental Law.

(b) With the exception of any condition disclosed to the City pursuant to any previously provided environmental assessment, study or report, the Company warrants and represents to the City and the Trustee that to the knowledge of the Company there are no conditions on the Project Site which materially violate any applicable Environmental Laws and no claims or demands have been asserted or made in writing by any third parties arising out of, relating to or in connection with any Hazardous Substances on, or allegedly on, the Project Site for any injuries suffered or incurred, or allegedly suffered or incurred, by reason of the foregoing.

(c) The Company will provide the City and the Trustee with copies of any notifications of releases of Hazardous Substances or of any environmental hazards or potential hazards in material violation of Environmental Laws which are given by or on behalf of the Company to any federal, state or local or other agencies or authorities or which are received by the Company from any federal, state or local or other agencies or authorities with respect to the Project Site. Such copies shall be sent to the City and the Trustee concurrently with their being mailed or delivered to the governmental agencies or authorities or within ten days after they are made or received by the Company. The Company will provide to the City for review only, any environmental assessment (“Assessments”) and reports regarding the correction or remediation of material environmental issues required by Environmental Laws to be addressed in the Assessment (“Reports”) concerning the Project; upon the completion of the City’s review of the Assessments and the Reports, the City shall immediately return to the Company all originals and copies of the Assessments and Reports.

(d) The Company warrants and represents that the Company has provided the City and the Trustee with copies of all emergency and hazardous chemical inventory forms (hereinafter “Environmental Notices”) showing Hazardous Substances on the Project Site given within two years preceding the date hereof, as of the date hereof, by the Company to any federal, state or local governmental authority or agency as required pursuant to the Emergency Planning and Community Right-to-Know Act of 1986, 42 U.S.C.A. §11001 *et seq.*, or any other applicable Environmental Laws. The Company will provide the City and the

Trustee with copies of all Environmental Notices concerning Hazardous Substances on the Project Site subsequently sent to any such governmental authority or agency as required pursuant to the Emergency Planning and Community Right-to-Know Act of 1986 or any other applicable Environmental Laws. Such copies of subsequent Environmental Notices shall be sent to the City and the Trustee concurrently with their being mailed to any such governmental authority or agency.

(e) The Company will use its reasonable best efforts to comply with and operate and at all times use, keep and maintain the Project and every part thereof (whether or not such property constitutes a facility, as defined in 42 U.S.C. § 9601 *et. seq.*) in material conformance with all applicable Environmental Laws. Without limiting the generality of the foregoing, the Company will not use, generate, treat, store, dispose of or otherwise introduce any Hazardous Substance into or on the Project or any part thereof nor cause, suffer, allow or permit anyone else to do so except in the ordinary course of the operation of the Company's business and in material compliance with all applicable Environmental Laws.

(f) The Company agrees to indemnify, protect and hold harmless the City and the Trustee and their directors, officers, shareholders, officials or employees from and against any and all claims, demands, costs, liabilities, damages or expenses, including reasonable attorneys' fees and expenses, arising from (i) any release (as defined in 42 U.S.C. § 9601 (22)), actual or alleged, of any Hazardous Substances, upon the Project or respecting any products or materials previously, now or thereafter located upon the Project, regardless of whether such release or alleged release has occurred before the date hereof or hereafter occurs and regardless of whether such release or alleged release occurs as a result of any act, omission, negligence or misconduct of the Company or any third party or otherwise (except, with respect to the City, to the extent such release occurs as a result of any gross negligence or willful misconduct of the City), (ii) (A) any violation now existing or hereafter arising (actual or alleged) of, or any other liability under or in connection with, any applicable Environmental Laws relating to or affecting the Project, or (B) any violation now existing or hereafter arising, or any other liability, under or in connection with, any applicable Environmental Laws relating to any products or materials previously, now or hereafter located upon the Project, regardless of whether such violation or alleged violation or other liability is asserted or has occurred or arisen before the date hereof or hereafter is asserted or occurs or arises and regardless of whether such violation or alleged violation or other liability occurs or arises, as the result of any act, omission, negligence or misconduct of the Company or any third party or otherwise (except, with respect to the City, to the extent such release occurs as a result of any act, gross negligence or willful misconduct of the City), (iii) any assertion by any third party of any claims or demands for any loss or injury arising out of, relating to or in connection with any Hazardous Substances on or allegedly on the Project Site, or (iv) any material breach, falsity or failure of any of the representations, warranties, covenants and agreements contained in this Section; provided, however, that the Company's obligations under this **Section 10.9(f)** shall not apply to the City to the extent such claims, demands, costs, liabilities, damages or expenses, including attorneys' fees, are the result of (i) work being performed at the Project by employees of the City or (ii) gross negligence or willful misconduct by the City. The City shall cooperate with the Company in the defense of any matters included within the foregoing indemnity without any obligation to expend money. This subsection (f) shall survive any termination of this Lease.

ARTICLE XI

OPTION AND OBLIGATION TO PURCHASE THE PROJECT

Section 11.1. Option to Purchase the Project. The Company shall have, and is hereby granted, the option to purchase all or any portion of the City's interest in the Project at any time, upon payment in

full or redemption of the Outstanding Bonds to be redeemed or provision for their payment or redemption having been made pursuant to **Article XIII** of the Indenture. To exercise such option, the Company shall give written notice to the City and to the Trustee, and shall specify therein the date of closing of such purchase, which date shall be not less than 15 nor more than 90 days from the date such notice is mailed, and, in case of a redemption of the Bonds in accordance with the provisions of the Indenture, the Company shall make arrangements satisfactory to the Trustee for the giving of the required notice of redemption. Notwithstanding the foregoing, if the City or the Trustee provides notice of its intent to exercise its remedies hereunder upon an Event of Default (a “Remedies Notice”), the Company shall be deemed to have exercised its repurchase option under this Section on the 29th day following the issuance of the Remedies Notice without any further action by the Company; provided said Remedies Notice has not been rescinded by such date (such option to take place on the 29th day following the issuance of the Remedies Notice). The Company may rescind such exercise by providing written notice to the City and the Trustee on or before the 29th day and by taking such action as may be required to cure the default that led to the giving of the Remedies Notice. The purchase price payable by the Company in the event of its exercise of the option granted in this Section shall be the sum of the following:

- (a) an amount of money which, when added to the amount then on deposit in the Bond Fund, will be sufficient to redeem all or a portion of the then-Outstanding Bonds on the earliest redemption date next succeeding the closing date, including, without limitation, principal and interest to accrue to said redemption date and redemption expense; plus
- (b) an amount of money equal to the Trustee’s and the Paying Agent’s agreed to and reasonable fees, charges and expenses under the Indenture accrued and to accrue until such redemption of the Bonds; plus
- (c) an amount of money equal to the City’s reasonable charges and expenses incurred in connection with the Company exercising its option to purchase all or a portion of the Project; plus
- (d) an amount of money equal to all payments due and payable pursuant to the Development Agreement through the end of the calendar year in which the date of purchase occurs; plus
- (e) the sum of \$10.00.

At its option, to be exercised at least five days before the date of closing such purchase, the Company may deliver to the Trustee for cancellation Bonds not previously paid, and the Company shall receive a credit against the purchase price payable by the Company in an amount equal to 100% of the principal amount of the Bonds so delivered for cancellation, plus the accrued interest thereon.

Section 11.2. Conveyance of the Project. At the closing of the purchase of the Project pursuant to this Article, the City will upon receipt of the purchase price deliver to the Company the following:

- (a) a release from the Trustee of the Project from the lien and/or security interest of the Indenture and this Lease and appropriate termination of financing statements as required under the Uniform Commercial Code; and
- (b) documents, including without limitation a special warranty deed as to the Project Site, in substantially the form attached as **Exhibit C** and incorporated herein by reference, conveying to the Company legal title to the Project, as it then exists, in recordable form, subject to

the following: (i) those liens and encumbrances, if any, to which title to the Project was subject when conveyed to the City; (ii) those liens and encumbrances created by the Company or to the creation or suffering of which the Company consented; (iii) those liens and encumbrances resulting from the failure of the Company to perform or observe any of the agreement on its part contained in this Lease; (iv) Permitted Encumbrances other than the Indenture and this Lease; and (v) if the Project or any part thereof is being condemned, the rights and title of any condemning authority.

Section 11.3. Relative Position of Option and Indenture. The option to purchase the Project granted to the Company in this Article shall be and remain prior and superior to the Indenture; provided that such option will not result in nonfulfillment of any condition to the exercise of any such option (including the payment of all amounts specified in **Section 11.1**) and further provided that all options herein granted shall terminate upon the termination of this Lease.

Section 11.4. Obligation to Purchase the Project. The Company hereby agrees to purchase, and the City hereby agrees to sell, the Project upon the occurrence of (a) the expiration of the Lease Term following full payment of the Bonds or provision for payment thereof having been made in accordance with the provisions of the Indenture, and (b) the final payment due under the Development Agreement. The amount of the purchase price under this Section shall be an amount sufficient to redeem all the then Outstanding Bonds, plus accrued interest and the reasonable fees and expenses of the City and the Trustee.

Section 11.5. Tax Ownership. The Company alone shall be entitled to all of the federal income tax attributes of ownership of the Project, including without limitation the right to claim depreciation or cost recovery deductions. This Lease is intended to convey to the Company all of the benefits and burdens of ownership and to cause the Company to be treated as the owner of the Project for federal income tax purposes. The Trustee, the Company and the City agree to treat this Lease in a manner consistent with such treatment.

Section 11.6. Right to Set-Off. At its option, to be exercised at least five days before the date of closing on any purchase of the Project, the Company may deliver to the Trustee for cancellation Bonds not previously paid, and the Company shall receive a credit against the purchase price payable by the Company in an amount equal to 100% of the principal amount of the Bonds so delivered for cancellation, plus the accrued interest thereon. The Company may set-off any payment obligation under **Section 11.1(a)** by tendering, or causing the tender of, a corresponding amount of the Bonds to the Trustee for cancellation.

ARTICLE XII

DEFAULTS AND REMEDIES

Section 12.1. Events of Default. If any one or more of the following events occurs and is continuing, it is hereby defined as and declared to be and to constitute an “Event of Default” under this Lease:

- (a) default in the due and punctual payment of Basic Rent or Additional Rent within 10 days after written notice thereof from the City to the Company and the Lender; or
- (b) default in the due observance or performance of any other covenant, agreement, obligation or provision of this Lease on the Company’s part to be observed or performed, and such default continues for 60 days after the City or the Trustee has given the Company and the Lender written notice specifying such default (or such longer period as is reasonably required to cure such

default, provided that (i) the Company or the Lender, as applicable, has commenced such cure within said 60-day period, and (ii) the Company or the Lender, as applicable, diligently prosecutes such cure to completion); or

(c) the Company: (i) admits in writing its inability to pay its debts as they become due; or (ii) files a petition in bankruptcy or for reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the Bankruptcy Code as now or in the future amended or any other similar present or future federal or state statute or regulation, or files a pleading asking for such relief; or (iii) makes an assignment for the benefit of creditors; or (iv) consents to the appointment of a trustee, receiver or liquidator for all or a major portion of its property or fails to have the appointment of any trustee, receiver or liquidator made without the Company's consent or acquiescence, vacated or set aside; or (v) is finally adjudicated as bankrupt or insolvent under any federal or state law; or (vi) is subject to any proceeding, or suffers the entry of a final and non-appealable court order, under any federal or state law appointing a trustee, receiver or liquidator for all or a major part of its property or ordering the winding-up or liquidation of its affairs, or approving a petition filed against it under the Bankruptcy Code, as now or in the future amended, which order or proceeding, if not consented to by it, is not dismissed, vacated, denied, set aside or stayed within 90 days after the day of entry or commencement; or (vii) suffers a writ or warrant of attachment or any similar process to be issued by any court against all or any substantial portion of its property, and such writ or warrant of attachment or any similar process is not contested, stayed, or is not released within 60 days after the final entry, or levy or after any contest is finally adjudicated or any stay is vacated or set aside; or

(d) an Event of Default under the Development Agreement, as defined in **Section 6.1** thereof.

Section 12.2. Remedies on Default. If any Event of Default referred to in **Section 12.1** has occurred and continues beyond the period provided to cure, then the City may at the City's election (subject, however, to any restrictions against acceleration of the maturity of the Bonds or termination of this Lease in the Indenture), then or at any time thereafter, and while such default continues, take any one or more of the following actions, in addition to the remedies provided in **Section 12.5**:

(a) cause all amounts payable with respect to the Bonds for the remainder of the term of this Lease to become due and payable, as provided in the Indenture; or

(b) give the Company written notice of intention to terminate this Lease on a date specified therein, which date shall not be earlier than 60 days after such notice is given, and if all defaults have not then been cured, on the date so specified, the Owners shall tender or be deemed to have tendered the Outstanding principal amount of the Bonds for cancellation with instruction that such tender is in lieu of payment in accordance with **Section 11.1**, the Company's rights to possession of the Project shall cease and this Lease shall thereupon be terminated, and the City may re-enter and take possession of the Project; provided, however, if the Company has paid all obligations due and owing under the Indenture, this Lease and the Development Agreement, the City shall convey the Project in accordance with **Section 11.2**.

Section 12.3. Survival of Obligations. The Company covenants and agrees with the City and Owners that its obligations under this Lease shall survive the cancellation and termination of this Lease, for any cause, and that the Company shall continue to pay the Basic Rent and Additional Rent (to the extent the Bonds remain Outstanding) and perform all other obligations provided for in this Lease, all at the time

or times provided in this Lease; provided, however, that except for the indemnification contained in **Section 10.5**, upon the payment of all Basic Rent and Additional Rent required under **Article V**, and upon the satisfaction and discharge of the Indenture under **Section 1301** thereof, and upon the Company's exercise of the purchase option contained in **Article XI** hereof, the Company's obligation under this Lease shall thereupon cease and terminate in full, except that obligations with respect to compensation and indemnification of the City and the Trustee shall not so terminate.

Section 12.4. Performance of the Company's Obligations by the City. Upon an Event of Default, the City, or the Trustee in the City's name, may (but shall not be obligated so to do) upon the continuance of such failure on the Company's part for 60 days after written notice of such failure is given the Company by the City or the Trustee, and without waiving or releasing the Company from any obligation hereunder, as an additional but not exclusive remedy, make any such payment or perform any such obligation, and all reasonable sums so paid by the City or the Trustee and all necessary incidental reasonable costs and expenses incurred by the City or the Trustee (including, without limitation, reasonable attorneys' fees and expenses) in performing such obligations shall be deemed Additional Rent and shall be paid to the City or the Trustee on demand, and if not so paid by the Company, the City or the Trustee shall have the same rights and remedies provided for in **Section 12.2** in the case of default by the Company in the payment of Basic Rent.

Section 12.5. Rights and Remedies Cumulative. The rights and remedies reserved by the City and the Company hereunder are in addition to those otherwise provided by law and shall be construed as cumulative and continuing rights. No one of them shall be exhausted by the exercise thereof on one or more occasions. The City and the Company shall each be entitled to specific performance and injunctive or other equitable relief for any breach or threatened breach of any of the provisions of this Lease, notwithstanding the availability of an adequate remedy at law, and each party hereby waives the right to raise such defense in any proceeding in equity. Notwithstanding anything in this **Section 12.5** or elsewhere in this Lease to the contrary, however, the Company's option to re-purchase the Project as provided in **Article XI** above shall not be terminated upon an Event of Default unless and until this Lease is terminated to the extent permitted pursuant to **Section 12.2(b)** above.

Section 12.6. Waiver of Breach. No waiver of any breach of any covenant or agreement herein contained shall operate as a waiver of any subsequent breach of the same covenant or agreement or as a waiver of any breach of any other covenant or agreement, and in case of a breach by the Company of any covenant, agreement or undertaking by the Company, the City may nevertheless accept from the Company any payment or payments hereunder without in any way waiving the City's right to exercise any of its rights and remedies provided for herein with respect to any such default or defaults of the Company which were in existence at the time such payment or payments were accepted by the City.

Section 12.7. Trustee's Exercise of the City's Remedies. Whenever any Event of Default has occurred and is continuing, the Trustee may, but except as otherwise provided in the Indenture shall not be obligated to, exercise any or all of the rights of the City under this Article, upon notice as required of the City unless the City has already given the required notice. In addition, the Trustee shall have available to it all of the remedies prescribed by the Indenture.

(d) Notwithstanding the foregoing, the Company may, in its ordinary course of business, sublease all or portions of the Project to tenants without the prior consent of or notice to the City so long as the Company remains obligated to perform all of its obligations under the Lease and the Development Agreement.

Section 13.2. Assignment of Revenues by City. The City shall assign and pledge any rents, revenues and receipts receivable under this Lease, to the Trustee pursuant to the Indenture as security for payment of the principal of, interest and premium, if any, on the Bonds, and the Company hereby consents to such pledge and assignment.

Section 15.4. Limitation on Liability of City. Honorable Mayor and City Council

On the basis of the representations and covenants and upon the terms and conditions contained in this Bond Purchase Agreement, WY Hospitality Group LLC, a Missouri limited liability company (the “Purchaser”), offers to purchase from the City of University City, Missouri (the “City”), the above-referenced bonds (the “Bonds”), to be issued by the City under and pursuant to Ordinance No. ____ adopted by the City Council of the City on _____, 2026 (the “Ordinance”) and a Trust Indenture dated as of [*Date*], 2026 (the “Indenture”) by and between the City and UMB Bank, N.A., as trustee (the “Trustee”). *Capitalized terms not otherwise defined herein shall have the meanings set forth in the Indenture.*

SECTION 1. REPRESENTATIONS AND AGREEMENTS

(a) By the City’s acceptance hereof, the City hereby represents to the Purchaser that:

(1) The City is a home-rule charter city duly organized and validly existing under the laws of the State of Missouri and its charter. The City is authorized pursuant to the Constitution, the laws of the State of Missouri, and the ordinances, orders and resolutions of the City, and all necessary action has been taken to authorize, issue and deliver the Bonds and to consummate all transactions contemplated by the Ordinance, this Bond Purchase Agreement, the Indenture, the Lease Agreement dated as of [*Date*], 2026 (the “Lease”) by and between the City and the Purchaser, the Development Agreement dated as of [*Date*], 2026 (the “Development Agreement”) by and between the City and the Purchaser, and any and all other agreements relating thereto. The proceeds of the Bonds shall be used for the purpose of acquiring the Project Site, constructing the Project Improvements and paying the costs incurred in connection with the issuance of the Bonds.

(2) There is no controversy, suit or other proceeding of any kind pending or, to the City’s knowledge, threatened wherein or whereby any question is raised or may be raised, questioning, disputing or affecting in any way the legal organization of the City or its boundaries, or the right or title of any of its officers to their respective offices, or the legality of any official act leading up to the issuance of the Bonds or the constitutionality or validity of the obligations represented by the Bonds or the validity of the Bonds, the Ordinance, the Lease, the Indenture, the Development Agreement or this Bond Purchase Agreement.

(b) The Purchaser represents as follows:

(1) *Organization.* The Purchaser is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Missouri.

(2) *No Conflict or Breach.* The execution, delivery and performance of this Bond Purchase Agreement by the Purchaser have been duly authorized by all necessary action of the Purchaser and do not and will not conflict with or result in the breach of any of the terms, conditions or provisions of, or constitute a default under, its organizational documents, any law, court or administrative regulation, decree or order applicable to or binding upon the Purchaser, or, to the best of its knowledge, any agreement, indenture, mortgage, lease or instrument to which the Purchaser is a party or by which it is bound.

(3) *Document Legal, Valid and Binding.* When executed and delivered by the Purchaser, this Bond Purchase Agreement will be, and is, a legal, valid and binding obligation, enforceable in accordance with its terms, subject, as to enforcement, to any applicable bankruptcy, reorganization, insolvency, moratorium or other laws affecting the enforcement of creditors' rights generally and further subject to the availability of equitable remedies. The party executing this Bond Purchase Agreement on behalf of the Purchaser has been duly authorized to execute this Bond Purchase Agreement by action of the governing body of the Purchaser.

(4) *Purchaser's Certificates.* Any certificate signed by an authorized officer or agent of the Purchaser and delivered to the City shall be deemed a representation and warranty by the Purchaser to the City as to the statements made therein.

SECTION 2. PURCHASE, SALE AND DELIVERY OF THE BONDS

On the basis of the representations and covenants contained herein and in the other agreements referred to herein, and subject to the terms and conditions set forth herein and in the Indenture, the Purchaser agrees to purchase from the City and the City agrees to sell to the Purchaser the Bonds on the terms and conditions set forth herein.

The Bonds shall be sold to the Purchaser by the City on the Closing Date (hereinafter defined) upon payment of an amount equal to the Closing Price (hereinafter defined), which amount shall be applied as provided in the Indenture and the Lease. From time to time after the Closing Date, the Purchaser shall make additional payments with respect to the Bonds ("Additional Payments") to the Trustee under the Indenture, which Additional Payments shall be applied to the payment or reimbursement of Project Costs or as provided in the Indenture and the Lease; provided that the sum of the Closing Price and all such Additional Payments shall not, in the aggregate, exceed \$8,000,000 plus the costs of issuance of the Bonds (if such costs of issuance are not paid with Bond proceeds).

As used herein, the term "Closing Date" shall mean _____, 2026, or such other date as shall be mutually agreed upon by the City and the Purchaser; the term "Closing Price" shall mean the amount specified in writing by the Purchaser and agreed to by the City as the amount required to pay for the initial issuance of the Bonds on the Closing Date, which amount shall be equal to any Project Costs spent by the Purchaser from its own funds on or before the Closing Date, and, at the Purchaser's option, the costs of issuance of the Bonds if such costs are not paid for from Bond proceeds.

The Bonds shall be issued under and secured as provided in the Ordinance, the Indenture and the Lease authorized thereby, and the Bonds shall mature, accrue interest and be subject to redemption as set forth therein. The delivery of the Bonds shall be made in definitive form as a fully-registered bond in the maximum aggregate principal denomination of \$8,000,000; provided, that the principal amount of the Bonds outstanding at any time shall be that amount recorded in the records of the Trustee, absent manifest error, and further provided that interest shall be payable on the Bonds only on the outstanding principal amount of the Bonds, as more fully provided in the Indenture.

SECTION 3. CONDITIONS TO THE OBLIGATIONS

(b) The City shall confirm on the Closing Date by a certificate that at and as of the Closing Date the City has taken all action necessary to issue the Bonds and that there is no controversy, suit or other proceeding of any kind pending or, to its knowledge, threatened against the City wherein any question is raised affecting in any way the legal organization of the City or the legality of any official act shown to have been done in the transcript of proceedings leading up to the issuance of the Bonds, or the constitutionality or validity of the obligations represented by the Bonds or the validity of the Bonds or any proceedings in relation to the issuance or sale thereof.

(c) The Purchaser shall execute a certificate, dated the Closing Date, to the effect that (1) no litigation, proceeding or investigation is pending against the Purchaser or its affiliates or, to the knowledge of the Purchaser, threatened which would (A) contest, affect, restrain or enjoin the issuance, validity, execution, delivery or performance of the Bonds, or (B) in any way contest the corporate existence or powers of the Purchaser, (2) no litigation, proceeding or investigation is pending or, to the knowledge of the Purchaser, threatened against the Purchaser that could reasonably be expected to adversely affect its ability to perform its obligations hereunder or under the Lease or the Development Agreement, (3) the representations and warranties of the Purchaser herein were and are true and correct in all material respects and not misleading as of the date made and as of the Closing Date, and (4) such other matters as are reasonably requested by the other parties in connection with the issuance of the Bonds.

ARTICLE III

OWNERSHIP OF THE PROJECT SITE; SCHEDULE; CONSTRUCTION OF THE PROJECT; CITY APPROVALS

Section 3.1. Ownership of the Project Site. The Company represents that it owns or has a contractual right to acquire all of the real property included in the Project Site and required for construction of the Project.

Section 3.2. Project Construction.

(a) The Company will substantially complete the Project Improvements by December 31, 2027, subject to **Section 3.8**. Substantial completion shall be determined by the City's acceptance or deemed acceptance of the Certificate of Substantial Completion pursuant to **Section 3.7**.

(b) Upon reasonable advance notice from the City, the Company and its project team shall meet with the Mayor, the City Manager and such other City staff and consultants as designated by the Mayor or the City Manager to review and discuss the design and construction of the Work, to enable the City to monitor the status of construction and the aesthetics of the Work, and to determine that the Work is being performed and completed in accordance with this Agreement and the Municipal Code.

(c) Construction of the Work shall be pursued in a good and workmanlike manner in accordance with the terms of this Agreement.

(d) In accordance with **Section 4.2** of the Lease, the Company may revise its plans for the Project as it deems necessary to carry out the Project, but revisions that affect the status of the Project as a "project" under the Act or that would materially alter the accuracy of the description of the Project in the

Plan (including, but not limited to, any change in use of the Project as a food commissary) may be made only with the prior written approval of the City.

(e) Notwithstanding any other provision herein or in the Lease to the contrary, the Project Improvements shall be designed, constructed and completed in accordance with the “Olive Boulevard Design Guidelines” currently in effect for the Project Site (available at www.ucitymo.org/468/Olive-Blvd-Design-Guidelines), unless otherwise specified or waived by the City in writing, at the City’s sole discretion. The Company hereby represents that (i) it will expend at least \$86,778 to complete streetscape work, which expenses may include excavation, concrete walkways, tree grates, trees, streetlights, irrigation, and an allocated contractor’s fee; and (ii) the streetscape work will comply with the Olive Boulevard Design Guidelines.

Section 3.3. Construction Contracts; Insurance. All construction contracts for the Work entered into by or on behalf of the Company shall state that the contractor has no recourse against the City in connection with the contractor’s construction of the applicable portion of the Work. The Company shall obtain or shall require any contractor to obtain workers’ compensation, commercial public liability and builder’s risk insurance coverage in the amounts required by the Bond Documents and shall deliver evidence of such insurance to the City in accordance with the provisions of the Bond Documents. The Company shall require that such insurance be maintained by the contractors for the duration of the construction of the applicable portion of the Work.

Section 3.4. Competitive Bids; Prevailing Wage; Federal Work Authorization.

(a) The Company shall comply with all federal, State and local laws relating to the construction of the Project, including, but not limited to, Section 107.170 of the Revised Statutes of Missouri and laws relating to the payment of prevailing wages and competitive bidding, to the extent such laws are applicable to the Project or portions thereof.

(b) The Company will comply with and satisfy the requirements of Section 285.530.2 of the Revised Statutes of Missouri, which requires (1) any business entity receiving tax abatement to, by sworn affidavit and provision of documentation, annually affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the business entity receiving tax abatement, and (2) every such business entity to annually sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the entity receiving tax abatement. The Company shall provide such affidavit, in substantially the form attached as **Exhibit C**, and documentation to the City Manager or his designee on or before July 30 of each year during the term of this Agreement, beginning July 30, 2027.

Section 3.5. Governmental Approvals. The Company shall obtain or cause to be obtained all necessary Governmental Approvals and shall be subject to all lawful inspections and perform such necessary acts as are required under the ordinances of the City. The City agrees to cooperate with the Company and to process and timely consider all complete applications for the Governmental Approvals as received, all in accordance with the Municipal Code and laws of the State; provided, however, that nothing herein contained shall be construed as the City’s current approval of, or acquiescence to, any Governmental Approvals, the parties acknowledging that such matters can only be approved by the City in the proper exercise of its municipal functions through appropriate governmental procedures.

Section 3.6. Approved Site Plan; Zoning. The Approved Site Plan has been approved by the City Council on January 27, 2025 (SPR-25-02). Notwithstanding the foregoing, the Company may make changes from time to time to the Approved Site Plan as permitted by the Municipal Code and request amendments to the Approved Site Plan by following the procedures required by the Municipal Code. The

City makes no representation that it will approve any requested amendment. The City and the Company agree that the Approved Site Plan, as may be amended from time to time, shall govern the ultimate design and construction of the Project. In accordance with **Section 3.2(d)** above, no amendment to the Approved Site Plan which reflects a change in use of the Project away from its use as a food commissary may be approved without the prior written consent of the City.

Section 3.7. Certificate of Substantial Completion.

(a) The Company shall furnish a Certificate of Substantial Completion, in substantially the form of **Exhibit D**, which is hereby incorporated by reference, to the City.

(b) The appropriate City official shall diligently process the submitted Certificate of Substantial Completion, including making such inspections as may be reasonably necessary to verify the accuracy of the project architect's certifications accompanying the Certificate of Substantial Completion. The appropriate City official shall accept or reject the Certificate of Substantial Completion in writing within 45 days following delivery to the City. If the City has not accepted or rejected the Certificate of Substantial Completion within such 45-day period, the Certificate of Substantial Completion shall be deemed accepted by the City as of the expiration of such 45-day period. If the appropriate City official rejects the Certificate of Substantial Completion, such rejection shall specify in reasonable detail in what respects the Company has failed to complete the Work in reasonable accordance with the provisions of this Agreement, or in what respects the Company is otherwise in default, and what measures or acts the Company must take or perform, in the good faith opinion of such City official, to obtain such acceptance.

(c) The City may issue any and all appropriate certificates of occupancy in accordance with the Municipal Code, even if the City has not yet accepted the Certificate of Substantial Completion.

Section 3.8 Excusable Delay. Notwithstanding anything to the contrary contained herein or in the Lease, the schedule for completion of the Project Improvements described in **Section 3.2** and any other obligations herein shall be automatically extended by the number of days of delay caused by actions or events beyond the control of the Company, including, without limitation, damage or destruction by fire or casualty, strike, lockout, civil disorder, war, restrictive government regulations, lack of issuance of any permits and/or legal authorization by the governmental entity necessary for the construction and occupation of the Project (provided that reasonable efforts have been made to obtain said permits/authorizations and all conditions precedent to the issuance of said permits and/or authorizations have been met), shortage or delay in shipment of material or fuel, acts of God, public health emergencies, unusually adverse weather or wet soil conditions, or other like causes beyond the Company's reasonable control, including without limitation any litigation, court order or judgment resulting from any litigation affecting the validity of this Agreement or the Bond Documents (collectively, an "Excusable Delay"). The parties agree that as of the date of this Agreement, no known condition or event exists that would justify an Excusable Delay. Notwithstanding the foregoing, no Excusable Delay will be deemed to exist unless the Company notifies the City in writing of such Excusable Delay within 30 days after the commencement of the event causing such Excusable Delay (or within 30 days after the date that the Company should reasonably have determined that such event will cause such Excusable Delay). An Excusable Delay shall not include any condition or circumstance caused or extended by the Company or a Related Party or attributable to the action or inaction of the Company or a Related Party, with the exception of any excusable delay under a construction contract with a Related Party. If unforeseen site conditions on the Project Site, such as unknown environmental contamination or geotechnical conditions not identified prior to the inception of the Project, cause significant delay in completing the Work, the deadlines provided in **Section 3.2** shall be extended for that period of time which the Company can demonstrate to the reasonable satisfaction of the City Council to be necessary to remediate such conditions, but in no event shall the date for substantial completion in **Section 3.2** be extended beyond December 31, 2028.

ARTICLE IV

TAX ABATEMENT & OTHER INCENTIVES

Section 4.1. Sales and Use Tax Exemption. The City will issue the Bonds and the City and the Company will enter into the Bond Documents to facilitate a sales and use tax exemption on qualified building materials used to construct the Project Improvements. Simultaneously with the closing of the Bonds, the City will provide a project exemption certificate to the Company.

Section 4.2. Partial Real Property Tax Abatement.

(a) In accordance with the provisions of the Act, the Plan and the Bond Documents, the City will issue the Bonds in connection with the development of the Project. Pursuant to the Bond Documents, fee title to the Project will be deeded to the City upon the issuance of the Bonds. The City expects the Project will be exempt from ad valorem real property taxes so long as the City owns title thereto.

(b) The Assessor will, until this Agreement is terminated, determine an assessed valuation with respect to the applicable portion of the Project in accordance with Article X, Section 4(b) of the Missouri Constitution and Section 137.115 of the Revised Statutes of Missouri, as if title to the Project were in the name of the Company and not the City. Such assessment shall be performed as of January 1 of each year. To facilitate the assessment, the Company agrees to provide to the Assessor such information as the Assessor may reasonably require to complete the assessment of the Project.

(c) The Assessor shall notify the Company of the assessed valuation in writing. The Company shall notify the City, the Assessor and the Abatement Compliance Manager if the Company has not received such notice by July 1.

(d) On or about the same date on which the Collector notifies taxpayers of taxes due under Missouri law, the Collector shall notify the Company of the amount of PILOT Payments due hereunder. The amount of PILOT Payments due for each year shall be as follows:

(1) In each year before the Abatement Initiation Date occurs, an amount equal to 100% of the real property taxes that would otherwise be due to all of the affected taxing jurisdictions, but for the City's ownership thereof.

(2) In the first five years of the Partial Tax Relief Period, 100% of the ad valorem real property taxes that would otherwise be due, but for the City's ownership of the Project, based on the Base Value;

(3) In the last ten years of the Partial Tax Relief Period, the amount described in subsection (2) above, plus 50% of the ad valorem real property taxes that would otherwise be due, but for the City's ownership of the Project, based on the Incremental Value.

(e) Each PILOT Payment shall be payable to the Collector. The Company covenants and agrees to make such PILOT Payments on or before December 31 of each year during the term of this Agreement. The Company's failure to receive notices under (c) or (d) of this Section does not relieve the Company of its obligation to make the applicable PILOT Payments by December 31 as provided herein.

(f) Within 30 days after receipt of each PILOT Payment, the Collector shall, after deducting its customary fee for collection thereof, divide each PILOT Payment among the taxing jurisdictions in proportion to the amount of the then-current ad valorem tax levy of each taxing jurisdiction.

(g) The Company shall purchase the Project pursuant to **Section 11.4** of the Lease no later than December 31 of the 14th year following the year that the Abatement Initiation Date occurs in.

(h) If title to the Project or the applicable portion thereof is not conveyed by the City to the Company before January 1 following the earlier of (1) the expiration of the term of this Agreement or (2) the date determined in accordance with paragraph (g) above, then on December 31 of such year and each year thereafter until title to the Project is transferred to the Company, the Company shall pay to the Collector a PILOT Payment equal to 100% of the real property taxes that would otherwise be due, but for the City's ownership of the Project.

(i) The property tax exemption provided by the City's ownership of the Project is expected to apply to all interests in the Project during the period it is owned by the City. If any ad valorem real property taxes are levied by or on behalf of any taxing jurisdiction against any interest in the Project while the City owns the Project (including, without limitation, any ad valorem taxes levied against the Company's rights in the Lease), the amount of the PILOT Payments the Company is obligated to pay pursuant to this Agreement shall be reduced by the amount of ad valorem tax payments paid by the Company and received by the Collector with respect to the Project. The Company shall be responsible for any taxes related to any interest in the Project that the Company owns in its own name or granted to the Company other than pursuant to the Lease. Notwithstanding the foregoing, there shall be no reduction in PILOT Payments for any sales taxes imposed by any governmental authority, including the Missouri Department of Revenue, in connection with the Company's acquisition of construction materials for real property improvements or equipment at the Project Site.

(j) If the Company exercises its option to purchase the Project pursuant to **Section 11.1** of the Lease before the Collector notifies the Company of the annual PILOT Payment due under this Agreement, the Company shall pay to the City an amount equal to 100% of the ad valorem real property taxes that would have been payable to each taxing jurisdiction, but for the City's ownership of the Project, for the preceding calendar year (the "Escrowed Amount"). Once the Collector notifies the Company of the PILOT Payment due under this Section for the calendar year in which the Company purchases the Project, the Company will forward the Collector's notification to the City, and the City will use the Escrowed Amount to pay the PILOT Payment to the Collector and refund the remaining amount, if any, to the Company.

(k) If the Company exercises its option to purchase the Project pursuant to **Section 11.1** of the Lease after receiving notification of the PILOT Payment due under this Agreement for the calendar year in which the Company purchases the Project, the Company shall pay that amount to the Collector (to be distributed as provided herein) prior to closing on the purchase of the Project.

Section 4.3. No Abatement on Special Assessments, Personal Property Taxes, Licenses or Fees. The City and the Company hereby agree that the property tax exemptions described in this Agreement shall not apply to special assessments or ad valorem personal property taxes and shall not serve to reduce or eliminate any other licenses or fees owing to the City or any other taxing jurisdiction with respect to the Project. The Company (and subsequent owners of the Project or portions thereof) will make payments with respect to all special assessments, personal property taxes, licenses and fees that would otherwise be due with respect to the Project or portions thereof if such Project or portions thereof were not owned by the City.

Section 4.4. Economic Development Sales Tax Grant. For the purposes of offsetting a portion of the Company’s costs of installing certain streetscape improvements that comply with the Olive Boulevard Design Guidelines, the City will provide a grant of not to exceed \$86,778 to the Company, payable in three installments of not to exceed \$28,926 (each, an “Installment”), subject to the following terms:

(a) The Company shall submit an Annual Report to the City for each of calendar years 2028, 2029 and 2030 no later than July 1 of the year following the applicable Annual Report year (for example, the Company shall submit the Annual Report for 2028 to the City no later than July 1, 2029). The City shall have 45 days to review and provide any written objections to the Annual Report. If no written objections are provided to the Company during the 45-day period, the Annual Report shall be deemed accepted by the City. If the City does provide written objections to the Company, the Company will have 30 days to submit a revised Annual Report and the City will have 30 days to provide any written objections to the revised Annual Report (and if no written objections are provided by the City within such 30-day period, the revised Annual Report shall be deemed accepted by the City). The procedures in the foregoing sentence may be repeated until an Annual Report is accepted or deemed accepted by the City; provided, however, if no Annual Report is submitted within the timeframes permitted by this subsection, the Company shall be deemed to have waived payment of an Installment for the applicable year.

(b) The amount of each Installment will be based on the Actual Taxable Sales at the Project for the applicable year, as reported on the applicable Annual Report approved or deemed approved by the City, pursuant to the following formulas:

(1) If the Actual Taxable Sales for the applicable year listed below equals or exceeds the corresponding “Benchmark” for such year, the Installment for the applicable year shall equal \$28,926.

Year	Benchmark
2028	\$6,365,604
2029	6,556,572
2030	6,753,269

(2) If the Actual Taxable Sales for the applicable year is less than the corresponding Benchmark stated above, the Installment amount shall be calculated as follows:

2028: $(1 - ((\$6,365,604 - 2028 \text{ Actual Taxable Sales}) / \$1,993,557)) * \$28,926$
= 2028 Installment amount

2029: $(1 - ((\$6,556,572 - 2029 \text{ Actual Taxable Sales}) / \$2,053,385)) * \$28,926$
= 2029 Installment amount

2030: $(1 - (\$6,753,269 - \text{Actual 2030 Taxable Sales}) / \$2,114,986) * \$28,926 =$
2030 Installment amount

*For example, if 2028 Actual Taxable Sales are \$6,000,000, the 2028 Installment amount will equal $(1 - ((\$6,365,604 - \$6,000,000) / \$1,993,557)) * \$28,926 = \$23,621.18$.*

(c) Notwithstanding anything to the contrary contained herein, an Installment shall be deemed waived by the Company if the Installment amount, as calculated pursuant to (b)(2) above, is less than \$5,000.

(d) The City shall pay any Installment due under this Section to or at the direction of the Company within 15 days following the approval or deemed approval of an Annual Report.

(e) Notwithstanding anything to the contrary contained herein or otherwise in this Agreement, the Company's inability to obtain any of the Installments described in this **Section 4.4** (Economic Development Sales Tax Grant) shall have no effect on the incentives granted under **Section 4.1** (Sales and Use Tax Exemption) or **Section 4.2** (Partial Real Property Tax Abatement).

ARTICLE V

Section 5.1. Events of Default. If any one or more of the following events occurs and is continuing, it is hereby defined as and declared to be and to constitute an Event of Default hereunder:

(a) any Party fails to perform any of its material obligations hereunder for a period of 30 days (or such longer period as the City and the Company may agree in writing) following written notice to the defaulting party of such failure, or if such failure is not subject to cure within such 30 days after such notice, the defaulting party fails to initiate action to cure the default within such 30 days after such notice is given and fails to pursue such action diligently; or

(b) any representation of any Party contained herein proves to be materially false or erroneous and is not corrected or brought into compliance within 30 days (or such longer period as the City and the Company may agree in writing) following written notice to the defaulting party specifying the false or erroneous representation and requiring it to be remedied, or if such matter is not subject to cure within such 30 days after such notice, the defaulting party fails to initiate action to cure the default within such 30 days after such notice is given and fails to pursue such action diligently.

Section 5.2. Remedies on Default. Any Event of Default referred to in **Section 5.1** caused by the action or inaction of the Company shall also constitute an Event of Default under the Bond Documents, affording the City the remedies specified therein, to the extent permitted by State law.

Section 5.3. Remedies. Upon the occurrence of an Event of Default, the aggrieved party may institute such proceedings as may be necessary or desirable in its opinion to cure and remedy such default, including, but not limited to proceedings to compel specific performance by the defaulting party or to terminate this Agreement.

ARTICLE VI

Section 6.4. Contractual Liability Insurance Requirements. The Company shall maintain contractual liability insurance covering the Company's indemnification obligations under **Section 6.5** below. The contractual liability insurance shall be placed with an insurance company or companies authorized to do business in the State of Missouri or generally recognized international insurers or reinsurers with an A.M. Best rating of not less than "A-" or the equivalent thereof as may be selected by the Company, provided, the City Attorney must be reasonably satisfied that this Agreement is an "insured contract" (or equivalent terminology) under the policy or policies obtained by the Company. The Company shall provide the City with copies of such insurance policy and a current certificate of insurance to evidence the current effectiveness of such insurance coverage upon the execution of this Agreement and from time to time thereafter upon written request of the City. If requested by the City Attorney, the Company shall cause the City to be named as an additional insured under the contractual liability insurance coverage required by this subsection.

Section 6.5. Release and Indemnification.

(a) The indemnification and covenants contained in this Section shall survive expiration or earlier termination of this Agreement.

(b) The Company hereby agrees that, anything to the contrary herein notwithstanding, it will defend, indemnify and hold harmless the City and its governing body members, employees, attorneys and agents against any and all claims, demands, actions, causes of action, loss, damage, injury, liability and/or expense (including reasonable attorneys' fees and court costs) from third party claims resulting from, arising out of, or in any way connected with (1) the Company's breach (beyond any applicable notice and opportunity to cure) of this Agreement or the Bond Documents, (2) the negligence or intentional misconduct of the Company or an affiliate thereof or its respective employees and agents, (3) the presence of hazardous wastes, hazardous materials or other environmental contaminants on the Project Site, except to the extent the same are released or introduced by the City, (4) any loss or damage to property or any injury to or death of any person occurring in or about the Project Site in connection with any activities, acts or omissions of the Company or a Related Party or any of its respective contractors, agents or employees, or (5) otherwise arising out of the adoption or administration of this Agreement, the Bond Documents or the construction of the Project. In the event that the validity or construction of the Act and/or any other ordinance of the City adopted in connection with this Agreement or the Bond Documents or affecting the Project are contested

in court, the City shall be defended, held harmless and indemnified by the Company from and against all claims, demands and/or liabilities of any kind whatsoever including, without limitation, any claim for reasonable attorneys' fees and court costs, and the Company shall pay any monetary judgment and all court costs rendered against the City, if any.

(c) Notwithstanding anything herein to the contrary, the City and its governing body, employees, attorneys and agents shall not be liable to the Company for damages or otherwise in the event that all or any part of the Act and/or any other ordinance of the City adopted in connection with this Agreement, the Bond Documents or the Project is declared invalid or unconstitutional in whole or in part by the final (as to which all rights of appeal have expired or have been exhausted) judgment of any court of competent jurisdiction.

(d) Notwithstanding the foregoing terms of this Section, the Company shall have no obligation to defend, hold harmless or indemnify the City with respect to any matter or expense resulting from or arising out of the negligence or willful misconduct of the City.

(e) All covenants, stipulations, promises, agreements and obligations of the City contained herein shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the City and not of any of the City's governing body members, employees, attorneys or agents in their individual capacities.

Section 6.6. Property Maintenance. The Company shall maintain the Project in good repair and in compliance with the City's generally applicable property maintenance codes, standards and ordinances.

Section 6.7 Choice of Law. This Agreement shall be taken and deemed to have been fully executed, made by the parties in, and governed by the laws of State for all purposes and intents. Any action arising out of, or concerning, this Agreement shall be brought only in the Circuit Court of St. Louis County, Missouri. All parties to this Agreement consent to the jurisdiction and venue of such court.

Section 6.8. Counterparts. This Agreement is executed in multiple counterparts, each of which shall constitute one and the same instrument.

Section 6.9. Severability. If any term or provision of this Agreement is held to be unenforceable by a court of competent jurisdiction, the remainder shall continue in full force and effect, to the extent the remainder can be given effect without the invalid provision.

Section 6.10. No Waiver of Sovereign Immunity. Nothing in this Agreement shall be construed or deemed to constitute a waiver of the City's sovereign immunity.

Section 6.11. No Third Party Beneficiaries. This Agreement constitutes a contract solely between the City and the Company. No third party has any beneficial interest in or derived from this Agreement.

Section 6.12. City Consent. Pursuant to the Ordinance, the City Manager is authorized to execute all documents on behalf of the City (including, without limitation, documents relating to the financing or refinancing of the Project by the Company) as may be required to carry out and comply with the intent of this Agreement and the Bond Documents. The City Manager is also authorized, unless expressly prohibited herein, to grant on behalf of the City such consents, estoppels and waivers relating to this Agreement, the Bonds, and the Bond Documents as may be requested during the term hereof; provided, such consents, estoppels and/or waivers shall not increase the principal amount of the Bonds, increase the

term of any leasehold interests set forth in the Bond Documents, alter the sales and use tax exemption described in **Section 4.1**, or waive an Event of Default or materially change the nature of the transactions contemplated by this Agreement and the Bond Documents unless otherwise approved by the City Council.

Applicant Request

The subject property is 38,235 square feet and contains an existing single-family home and detached garage. The applicant has submitted a Minor Subdivision Plat application to request to subdivide the lot into four (4) lots. The application is subject to Chapter 400, Zoning Code, and Chapter 405, Subdivision and Land Development Regulations of the University City Municipal Code. The application is being reviewed as a Minor Subdivision because the proposal does not meet any of the characteristics of a Major Subdivision as described in §405.165(A) and is therefore only required to go through the Final Plat process.

Surrounding Land Use and Zoning

The subject property is located on the east side of Purdue Avenue between Wellington Avenue and Hazelwood Lane. The property is zoned Single Family Residential (SR). The surrounding properties are also primarily zoned SR and contain single-family homes. The exception is the property to the northeast, which is zoned Public Activity (PA).

Analysis

The subject property is zoned Single Family Residential District (SR) and is located within the W.L. Musick subdivision (this is not a private subdivision). Section 400.1020 of the Zoning Code, "Lot Area and Width Exceptions," establishes the minimum lot areas and minimum lot widths for subdivisions platted prior to the City's first Zoning Code in 1926. Per this section, properties in the W.L. Musick subdivision shall have a minimum lot area of 5,600 square feet and a minimum lot width of 50 feet.

The minimum lot area created by the proposed plat is 7,948 square feet with a minimum width of 50.10

feet on Lot A. This complies with Section 400.1020.

In addition, the existing detached accessory structure is non-conforming with regard to the rear yard setback. The non-conforming status is not affected by the changes proposed with this plat. Therefore, the requirements outlined in Article XIII Non-Conforming Situations would apply.

Staff Recommendation

The proposal meets all other Zoning Code and Subdivision Regulation requirements for a Final Plat. Prior to any improvements to any of the proposed lots, the property owners will be required to obtain all applicable permits.

Staff recommends the Plan Commission forward a recommendation of approval of the Final Plat for the proposed Minor Subdivision subject to the following condition:

1. The applicant shall provide a legal description for the proposed lots.

Plan Commission

The Plan Commission forwarded a recommendation of approval of the Minor Subdivision Plat with the above condition by a vote of 4 ayes, 0 nays, and 1 abstention.
